INT. MOUNTAIN RISE OF A DESERT 3030 IN THE FUTURE

A light skin soldier stands on top of a small hill over slaves working as he looks down upon them.

Looking powerful and full of authority Seneca Aurora watches over the slave boys as man names solomon a Mage's wondering talks to children wrapped in chains

SOLOMON

As there in which was made was created in beauty And then said I shall replant the crops and remake them new and form our ever perfect Elysium. Why isn't that perfect our own heaven.. Actually possible to your very grasp thank to - Solomon

Slave boy

Don't say god - slave boy and kids he preaching too)

SOLOMON

Oh well okay but I don't say this to inspire you... to be spiritual but to have intellect on what truly good and hopefully even if I die in the process

Soldier

Haha...

SLAVE BOY 1

...

SLAVE BOY 2

...

SLAVE BOY 3

...

SOLOMON

Hmm well then suppose we all have
out hope then what a truce is to
yours - Solomon

SLAVE BOY 1

...

SOLOMON

To be free

SLAVE BOY

Mmm...

SOLOMON

Not to be a slave
Will that not happen any loner you
saying we can be free but were not
Yes by the cost of other man who
are over you but your stronger

SLAVE BOY

(look at him with disblief)

OLDERBOY

older boy I believe you when this
chain is off my hand and neck...

SOLOMON

It will be off. It will be off come
now let me tell you something else
that good

Is it not interesting to you
children that people from thousands
of years have been the ones who
have made our decision today and
all for the aspects of not only
just survive but most of the as
crestpe(perfect) of hope... the
growlly fro growth good hope in the
intention to move forward and make
prospers contribution to world and
all life around us that is
something we all should be like
Well then you have great mind son
as you are destined to do great
things and save lives for a cost
for many ahead here

(watching from affar Seneca)

SENECA

What can I save for the slave and
how the arkyen's treat them...You
cant save a world full of wolves if
the world rewards them

SOLOMON

I understand

SENECA

You do.

SOLOMON

No no I cant understand.

SENECA

And how can you.

SOLOMON

Its the reality and to function as
we inhabit in.. Its wrong but yet
it happens yet that is up to our
command god gave us free will not
to do that.

SENECA

Ugh(angry)

(arkeyn laughing Unfairly at the slave boy life)

SOLOMON

I see you know we have free will
not to do that sort of evil but as
well that the ascension of effort
we are confined by our own worries
and misery that we inhabit
That disbarment is law that will
work both ways..

(MORE)

We are responsible not other all of
 humanity must help these people...
 all of humanity like them me and
 you are both the same as
 responsible as well gully for that
 atrocity they make effort... like for
 this world does inhabit to create
 great power out of the weakness of
 other lesser means as well work as
 parasites as insanity.. but we
 still are commanded not to do evil
 for it does nothing for us, that on
 both terms with there is a good or
 not -Solomon

SENECA

It policy I cant do anything...

SOLOMON

they aren't just morally unlucky

SENECA

...what if they are.

SOLOMON

they moral defined as something
 that unfairly judged..that we cans
 till change

(Arkyen laughing)

SOLOMON (CONT'D)

Just like we still are.. We are
prisoners like then on the effort
to keep change in staying strong
and of good courage till that
happen...sleep

SENECA

I can see

(both sit down next to fire)

SOLOMON

Those kid don't even have time for
thoses dream they need to focus on
living

SENECA

I don't feel bad for them it there
families fault in the first place

SOLOMON

What being Sulan

SENECA

Doesn't hell here you reckoning
that meaning being sulan in world
that wont establish you as one pro
love is only found in the
individual who insights it...
impossible some days to notice this
when the world only rewards wolves
who may devour you in your name

SOLOMON

Sulan means freedom from darkness

SENECA

They keep the term prisoner all
 this time... In the war and he fought
 on the side that help put them here
 god I bet he feels like an idiot
 how could he not feel responsible...
 it so simple that the efforts of
 danger is what awakens us this is
 only clear poetry to what I see
 only in such as a vision. The pain
 serenity is only of the effort of
 this of which represent to give me
 of my scars only this is what I am
 I am. I am who I say I am and who I
 aim to be is that not such a thing
 not capable for slave to know...

SOLOMON

That enough eh that is life seneca
 that is scars and life... the most of
 of it its ts to weep for things to
 work in the efforts of there growth
 not to have hope. Hope is another
 mistake...

SENECA

I just don't know how you can live
 with that be stupid enough to fight
 for cause that rally doesn't even
 serve you. That's like being blind
 ... only it wips you tryng to save
 the world actually die in the
 process of accomplishing nothing... -
 seneca

SOLOMON
Hey that's enough.
As telling show the world and the
when fish

(both looking at the fire)

SOLOMON
Im sorry

SENECA
Oh about this.. This the Sulan who
fought in the war
I had no idea that they still
didn't relieve the prisoners... they
didn't bother to burry them.. Or
with there kids.. They just put the
in pill and they just burned them..

(burning bodies of flesh from on them)

SOLOMON
Oh im sorry

SENECA
No it.. I've seen this before its
only the start

SOLOMON

Really yeah.. Like bad memory and choices made.

SENECA

Well um this is just horbale the doing

SOLOMON

Hmmm...

SENECA

I cant even say that my.. wow this is awful... that child body...

SOLOMON

ive spent my whole life doing this..trying to stop it. Thinking ive just won.. But he was right if there are state of peace somewhere there is state of horror somewhere else and know im looking at it...

SENECA

...ah

SOLOMON
and all I can feel is

SENECA
What? Bring out the peace

SOLOMON
It more of rage...

SENECA
Just a rage back I me... that
familiar. But different

SOLOMON
Ah...This I just wrong.. Making a man
see his own kin burned before him

SENECA
It really my fault
I decided to do this...and the worse
part is.. I think it finally
starting to get to me...no that not
the worse part...that the worst is
that... that's someone child in
there...along with them and there
father-

(seeing bodies being burned in fire)

(later at another fire)'

SENECA (CONT'D)

This just awful. How could someone
do this

SOLOMON

Your asking them

SENECA

I did this.. I let this happen

SOLOMON

Go forth my child and know of many
in which it shall be of that
enchantment in garnish of a
departure rest in peace young souls
No I did. ..everything that Ive
done has lead me up to this point
and to what I'm seeing, believe,
thinking, feeling and
acknowledging, its the truth of all
things that ive made to make myself
.. It just an onslaught and
continuing...to where it goes.

SENECA

... and so it goes

(walking and thinking)

SENECA (CONT'D)

(Thinking)The night dark and present to the creature that dwell with in. as simple four legs creature of a white tale with two other little ones who follow it. The mother of its kind who bare the knew braces of a baby. It walks slight thright(love) the trees to the dark forest as it feeds off of other living things the planet which do not say to how why they are eaten to those creature who have been hunted and and have no say on to so on exactly why? They decompose as they make the new essence of divine giving life. As the predator comes along crouching In the benevolent darkness as it approach it premise it jumps it pounces then mangolds around with it prey. The children left in distraught to the openness of his conflict not ready as they feel from there mother she breaks free as she runs and panthers off(seeing s cheetah hunting a elk and then the elk abandoning its children as one is eaten) as the solution fight or fly into the deeper darkness down the woods. As they monster chase her down attempting to eat her. She runs and runs until the dawn of simpler light emerges in hopes it intrigues her vision that there is some hope. Until grappled and thrown down to the ground that he like of other predator two now three of them that feed off of her. As her child lay waste to be barrenly lost one in the forest(the cheetahs children eat the elks child) this is the circle of life this is survival just as the same is for the slaves in the chains... They wonder around looking for her as they do not find the alternate motive of why.

(MORE)

SENECA (CONT'D)

They just carry on as they walk along soie of the road where what passes is a more advanced creature that walks up on two legs it walks as he mimic his counter part who them(description the men as the cheetah who catch weaker animals) ride on top of other dominated creature they own setting up the order they establishes is right. There is just noise just noise from the sounds of pressure awaiting for what coming an tempest on the horizon of what is seen to be look at as the birth of a new issue for these walking up right creatures. They walk along as they have their chains barren along side them nexts of primitive and weaker others they make prefect off of there power by taking the power from those who are weaker as they establish them by identity and color. An alternative solution they find as a form of order. They walk aside them as they lay them self e higher as a civilization they all inhabit by as deep break through into a land broke by the briars of light that reach in the mist of that in which can float across from it. As the vision goes to a male who sits on a hill. With those of same similar color in chains like him. He who holds the chains give only of his ideal. He sits as he watches the other remainder of his kind work in form of what his ancestor. Where as they also entangle for there venture for freedom.

(MORE)

SENECA (CONT'D)

(Narration)The sunrise comes up
 there the clear vision of an
 obstruction of a imperialism
 impeded within the society before
 him and his situation of what he's
 trying to solve he sit in from as
 the red dawn rise over the slave
 who abrupt from the shadows a
 glance off of there black skin
 working and building a structure as
 the soldier the peace knight watch
 them from up the auroras of lights
 that constantly move throw the sky.
 Watching the slave work from his
 state as also a black soldier other
 than aslave of his kind...

(man walks up to him from brown faction and enemy faction
 agaisnt the Blue faction seneca is from where they both are
 at war with)...

SENECA (CONT'D)

The tempest is on the horizon...
 (sits next to him) look at that
 given to all of us... another day
 but man, would you look at that
 aurora. That rebirth of a new day
 in the captivity of ones own
 confinement. Its as beauty as a new
 day. It kind if odd almost like
 looking into the nothingness of the
 future were not aware I mean we may
 not be aware of it or now what it
 is but there something beautiful
 about that void. Nothingness
 Something like that I believe
 awaits us all I think , Just like
 when your looking into nothingness.
 It also most no fear based from it
 when seeing that sunrise it's just
 all the same to it... beauty... like a
 gift of nothing. And when you see
 that beauty of nothing that await
 you I don't know... its just
 something your not afraid... but you
 are that's pushin you forward.

(MORE)

SENECA (CONT'D)

after you have that and know that
of that nothingness, what is there
to be afraid of?
Without think of time as an
assumption or taking time to notice
the need of of how limited it is.
Id say death..
But from natural point of view I
would say its better live fearless
like you said and be inspired by it
to live

SOLOMON

Yes. Sir the beauty of living now
that we are not in vain of our
making

SENECA

That was really poetic what you
said, I believe in XiJihen there
poem named after what your talking
about.

SOLOMON

Really.

SENECA

Yes its called the akatsuki red
dawn or new dawn
Hmm That sun rise thing I said im
sorry it part of our belief to call
it the auroraism - seneca

SOLOMON

Oh... you mean the birth of the
planet out of nothingness I know it

SENECA

Oh good you understand then but
just like that beauty there can be
a darkness to behind it, beyond is
a right beside it creation a
another form in as it opposite or
within itself it there that other
figure that equal to that beauty it
amazes me why we can see what's
behind those lights.. you know they
say the old civilization

SOLOMON

Oh I don't believe in that

SENECA

No believe this the old
civilization who could have been
here before us I could see other
worlds there was no one blocking
that path up there, there more than
this.

SOLOMON

Ones been in the sky and no can
jump that high to see what beyond
there.

SENECA

Fine... keep to saying it until your
 proven wrong.... Its just. those
 light are just switching on and off
 up there.. its like the last one
 that came only matter for it second
 and then never on... unless it come
 back though maybe as a different
 color... but oh well every time that
 sun rises its like a brand new day
 though... its like beautiful gift...
 Arent we so lucky enough to see one
 of those every time we wake up...
 look at it with all its beauty.
 (looking at slaves) it seems fair
 actually isnt it

SOLOMON

Fair free beauty

SENECA

Yes its whats apart for us we Iah
 I see and what different for them
 the only difference is we just have
 opportunities... and just more them
 and you right it is far because it
 is bound to the state of things.
 Although we of course would saying
 it differently in we wee in there
 state of things.

SOLOMON

I know I would...

SENECA

Is it odd being right here
 Just being a free slave - seneca

SOLOMON

True.

SENECA

Im still a slave even when I believe I'm free. A slave to my own belief and a slave on how think of fate.. I used have apparition to hope... long ago.. But once grow or breath enough to notice the air can be stall... life just seems to be lesser appreciated even though it shouldn't be in my state of thing... even though it feels it should

SOLOMON

I just like to think of that every time I see the sun rise, and option for a future. What do you think someone or somethings that's got to be giving it to us(holding relic) you know gift

SENECA

You things that can produce merits?

SOLOMON

No. things like gifts just ones that make us admirably different than others.. Even like flaws they are boundless gift as well as teachers no matter what it might be.

(MORE)

There just those who excel forward
 beyond of others or sop we think it
 is just us being bountifully of the
 arbitrary fiction we all believe.
 But in the way shape us as we shape
 our own identity and that's the
 beauty of gifts and how they can
 give us merits and good attributes
 its just. Feel never get to take
 recognition in oh the merit of
 enjoying another clear sight like
 the sunrise. That merit alone I
 feel is deep inspirational love of
 its own. - solomon

SENECA

Im not in to those types of
 religions

SOLOMON

Heh they all come from the same
 place... even those who don't believe
 know, saw the world by something
 that they did perceive it by. In
 thus they did believe in something
 so once. What are you then -
 solomon

SENECA

Im aodist(Status of religion) What
 of you

SOLOMON

Im gookuin(holds out hand) -
 solomon

(Seneca shakes it)

SENECA

Nice to meet you seneca

SOLOMON

Kumbha!(lets go) So You weren't
asleep at all last night. Nothing
to watch or post huh, protecting us

SENECA

No just looking at my kind(leans in
closer to look at slaves) trying to
capture that feeling of gift like
you said. Trying to understand it
all on why Im right here and there
down there. the ones they call the
savages .. Still in slavery

SOLOMON

you where watching those slave down
there

SENECA

I couldn't sleep, so long as they
cant

SOLOMON

That strange to see them in that
passion than you in yours

SENECA

It amaze me that when one seeks out
to make there opportunities greater
for themselves, they open up a
whole new world and system for it.
And sometimes open opportunity for
those to cling there faith to it
for hope.

SOLOMON

Oh that's what you meant hope.. I
don't believe in hope know

SENECA

Those are just who say that are
always in state of mere confusion

SOLOMON

Please don't try to covert
me(smiles)

SENECA

Hey Im just here for the sun light.
But like said I understand that
cant be ignored... why other are not
capable of somethings. But do ever
think and notice this not true

SOLOMON

Why is that

SENECA

Well it all realise on a simple point of view. Just think of an omnipotent power greatest an everything and all and that think what if there is a power greater than that and so on and so fourth there are greater ones imagined? Now imagine you situation and your ability you have in on the capability of begging to creature who has sufficient powers to save you but yet there is able is that who is capable more power you could worship to save you

SOLOMON

I said not convert me not tell me a bed time story- solomon

SENECA

No it true... what amazes me is that people will go out of there way to desperately to suffer for something because they what to be reluctant on something that can save them. And yet they don't take to acknowledge there own capable and the true existing state of things. that maybe something greater can save them from force they fell is omnipotent enough to give them power

SOLOMON

Well whats this for

SENECA

First we have to acknowledge all things order with power and yet all things seem to get greater than others who have more privileges than other next we have to analyze ourselves along the differences of them. And then take to notice what capable powers we have a that are separate(drinks)...

SOLOMON

A third verse please... seneca the aodist a new religion your making...
 Acknowledge that there are the greater powers and levels than others than the one that can save us and take to understand that in some situation you may be saved from others but on true grit to save ones self that power that person has is much stronger than what a god can lift than what person is able to lift with themselves. And see their own capability. You an example

SENECA

I am?

SOLOMON

Tell how is it that there is a black knight and yet there country rule over your people, as slaves I know who you are you are the grand master flash... you are greater soldier and retrieve as am I the pilgrim from arcen the archologist - solomon

SENECA

You think its interest that im
knight - seneca

SOLOMON

You don't see many of them these
days... and you very rare I a life
time to speak to ones who think so
elegantly - solomon

...(both lookin ng at sunrise)

(laughing)

Ahah

Hmm(seneca and solomon talking)

SOLOMON (CONT'D)

its amazing to see a black knight
they didn't even allow my people to
come into the army until they made
yours join first.. It people like
you I can respect because you make
a meaning out of deliverance
perception on others you shape and
embody the figure what change is

SENECA

They don't think that down there -
seneca

SOLOMON

They see you as an opportunity for
other like them..

SENECA

They see you as a true force of
action.. A system that needs to be
changed and that is evolving and
leaving other behind. It
incredible. But most of all it a
movement of change. And appreciate
it

SOLOMON

Me because im black(smile)

SENECA

No..(smiles) Because your trying to
remain and be... even when they
change your identity as there
soldier And also the power you
have form it.

SOLOMON

I think they see you as a symbol

SENECA

No they hate me

SOLOMON

Well like it or not I don't believe
 soldier can bring peace to them
 since there the ones who put them
 there that stuff you where
 preaching was genius
 It could be the other way around..
 Even for them and even for that
 situation and soldier can be for
 violence in a form of action that
 is beat on the motions of hatred..
 but that that's peace they speak of
 and teach us that is right it can
 also mean for certain things, be
 bent on the status to fight for
 hatred and love.. The status of it
 which embodies us. That our true
 identities... as peace knight..
 Keepers of peace but still soldier
 who fight on what we believe... like
 hatred its something boundful on
 the aspect on which we fight for
 and the love we embodies to embrace
 to with.

SENECA

I see, those who fight for
 something they love deeply may also
 fight for forces they do not know
 as equal to the amounts of hatred
 it might also stand for.
 Peace knight... just blind
 soldiers...

SOLOMON

something we choose to believe or
 deem is sacred always has double
 meaning to it. Our philosophies are
 scared to use not be known but to,
 I believe in this opinion just to
 be shown to be reflected as use as
 we embodies the aspect of which
 they represent.

SENECA
To use...(holds up glass for him)

SOLOMON
(grabs glass) to us...

SENECA
Aye- seneca(cheers)

SOLOMON
Tell me of something son on those
scars on your face is it from an
old training accident?

SENECA
No they come a curse one im not
found of dealing with

SOLOMON
What of it.

SENECA
I would rather not say.

SOLOMON

I would say of that they come from
an old tale of a old punished
prince by the name of ash of oman.

SENECA

... true...I am son of oman

SOLOMON

I see of that son they come from
being banished

SENECA

Yes I was the brother to a son of a
old pirate king in that of which he
was man of many fortitude and power
be of his valor ruled the land of
sula, but of that I was sent to
assassinate him in the request of
his own kingdoms new reign being
taken over by Arcete - seneca

SOLOMON

The end of sula I see and remember
those days you're the assassin who
carried out the mission

SENECA

yes ash of oman.. What was left
after my mission only laid to
destroyed sula later.

(MORE)

I survived as he laid me out with the scar on my eye... this scar was given by my father he gave it to me as reminder of my betray before I killed him... and as well my brother the son survived and was only able to rule for a short time until I was sent out to assassinate him and failed... Valiss Afrircoius...scared me with a gash on my face connecting the two representing a melee for fighter a but also banishment and traitor. I can never return home knowing that what they had installed for me to be a murderer of my own family. So I remain with Arcete hidden as well for my old past of who I was I was only a young prince losing it all... But at the end everything is metaphysical as we make it out to be, it all possible for things to be switched and turned around and have different arbitrary meaning that could be discerned eve our identities are arbitrary and even for the state of the soldier.. Its also in same sense isnt it no matter on what you are

SOLOMON

A philosophical racialists...

SENECA

Haha(drinks)

SOLOMON

(drinks) to bring an end to hatred..

SENECA

Haha... it was worth ending all the suffering he had made it was worth it so many people dying and suffering so much pain

SOLOMON

I see

SENECA

I had to do it just to end the pain for others

SOLOMON

Good joke.. You cant bring an end to hatred as being exist and to think of it if there wasn't any form of hatred there wouldn't

SENECA

Don't say it...

SOLOMON

Hmmm love

SENECA

Ugh... that topic is awful...

SOLOMON

just as hatred to those who are
repealed by it.and also do it
without violence like your action
on choosing to be a greater power...
I understand that most Africusas
are rebel sand choose not to
embarked on the army or empire
because of past history, but those
who are willing to work with the
system and this I believe are
aware...even if it denounces them
have more pride than others who
cant see they can use it for there
advantages.. And I saying you are
smart and intelligent... you not born
into the army... you choose it-
solomon

SENECA

It was my only option... I was slave
before and then in corporate into
the army ,if I left I would have
been beheaded. There people out
there by what I see.. That we don't
have the same status each of us,
or rate of opportunities as me.
There are times where I feel it
unfair, but in the way I see life
by how I grew to this point I ive
found to understand it is fair

SOLOMON

Excatly...

SENECA

It is fair like this

SOLOMON

And only because you made the best
out of the opportunities you had
out of I instict, of fear from the
world and

SENECA

That's what runs the world and
keeps it in order real fear, with
out the lack of it, thats what made
these and them and there
grandparents and soon there
children and still today...

SOLOMON

They just cant see it all the true
scarce freedom we do have...

SENECA

... but that was my only option

SOLOMON

No that you option you were meant
to take...just by fate from it

...

SENECA

Its was meant to happen they are
 born slave but they capable to be
 free from them we they choose to
 know it(drinks) and that's were you
 come in.. There are just people who
 are aware of there options.. Ones
 who are just scared and not aware
 of how much they are able of
 being.. Don't get me wrong I don't
 believe in slavery but I believe
 are capable of showing themselves
 things they haven't been known to
 know until they see an example

SOLOMON

I suppose it must be hard the hmm
 hard for all to understand..
 Understand one anotters pain.. To
 resent agony.. But for all of us
 its not common to stand up against
 you fears for all of is its only
 some who show us how-

SENECA

(looking at slave looking at
 sunrise as the slave looks back at
 him) -seneca

SOLOMON

it not to dangerous... they want to
 be like you they just never new
 how... looking at someone on another
 leave that found a way to make it
 capable all when others told them
 it wasn't possible... there it
 actually is a black knight in front
 me,,I suppose we never believe
 that peace. were to afraid of it.
 to be that way... I guess it to hard
 and were all to scared..

(MORE)

To think it may never happen, maybe maybe im wrong, because as far as I know it they thought would be impossible until it happened... until someone shows them how easy it is to stand. They just don't know how to get off their knees... sometime it just.. Sometime other just gotta to show them how. But that's only until they get off theres.

SENECA

Im no symbol.. Or a motivator

SOLOMON

to them you are...that power, to motivate.. That is greater than the one holding the god in ther belief's.. That is reality... from thinking they don't have it. To seeing it possible... They do have it ,they just need time and patience to find it and now what they could really be much as they can be...

(walking up form behind)Seneca...

SENECA

(nods)

SOLOMON

They renamed you seneca?

SENECA

Yes my given name, I was born Roux Africnaus by my mother name but they named me after a leader Seneca Aurora

SENECA (CONT'D)
(walks up from behind) Seneca Aurora
sir where here to escort you to
your central investigation

SENECA (CONT'D)
Thank you... It been an interesting
conversation

SOLOMON
Sad you have to go I still believe
you can be convcied even further

SENECA
And your name?

SOLOMON
Leo.. Leo Solomon

SENECA
It was good talking to you...(shake
his hand)

SOLOMON
Her we are sir

(follows him then looks at sun rise)
ah...A new day, a and hopefully a
soon to come tomorrow.. If given..
(MORE)

(walkng by children who are caring
 brick on there heads one falls as
 he pick up his stuff and the other
 helps him both black) ...(vision him
 and his brother in his youth
 walking in a meadow as he looks at
 he blade and then goes back to them
 making hand sides of heart and
 laughing)-

ARKYEN SOLDIER
 Sir where almost there-solider

SENECA
 Ugh.. Yes we are...(walks on)

(reaches door that lead to sellar)

ARKYEN SOLDIER
 (getting ready to show him
 slaves)Its been a while since ive
 been down here these things seem to
 start to smell after a while they
 don't bother to bath and there also
 pick pocketers and thieves(open
 door and lead them down stairs)

(Seneca follows him)

SOLIDER 1 ON THE OUT SIDE
 Here... I don't wanna be in their
 it to depressing soldier 1 on the
 out side

SOLDIER 2 ON THE OUT SIDE

He wants to see it it for himself
let him

(takes torch from the side and wall as he walk down the empty cells of caged individuals left and right that are hollow with blood stands on them.in one he turn to see a body and notice is the head is missing and the path that lead forward smells worse he covers his mouth and walks on forward. As he comes across a door and then opens it to a room full of more cage where it is dark then illuminates by his fire as it blown our from the wind he ignite his had on fire with his power and the eyes in the cages soon glance on to him as if they are appalled or frighten silently they look as they hide in there shadow together and not distance apart he looks around immensely as he sees a hand out in front of him and in the back room cage he walk up to it as the palm open slowly from the small baby child like hands as the child's face appear in it youth and abrupt youngness. With a frown on his face and silent express waiting for a reaction from Seneca they are from the same world and same tribe and yet they stand on two different standing points the child opens his hand finally to reveal a diamond. Seneca is shock to wonder how they have gotten it. As touches the boys hand and roll his finger back as the other hands of the other children in the cage come to the bars with there faces planted and there hands out revealing there diamond and some being in there mouths also being hidden. Seneca looks around him is a disturb expression of confusion and anxiety on how this could have happened. He goes back up to the cellar door bot freeing any of the boy from captive slavery the guard then closes it and speaks)

ARKYEN SOLDIER

They get those diamonds from the coalmine, they steal I take it from them . That why we never let them out they try to bribe people in opening the door.(close it and locks it)just do the right thing...says with his eyes closed)-solider

(at a camp fire)

SENECA

What can I save for the slave and
how the arkyen treat them..You cant
save world full of wolves if the
world rewards them

SOLOMON

I understand

SENECA

You do

SOLOMON

No no I cant understand

SENECA

And how can you

SOLOMON

Its the reality and to function as
we inhabit in.. Its wrong but yet
it happens yet that is up to our
command god gave us free will not
to do that

SENECA

Ugh(angry)

(arkeyn laughing)

SOLOMON

I see you know we have free will
not to do that sort of evil but as
well that the ascension of effort
we are confined by our own worries
and misery that we inhabit
That disbarment is law that will
work both ways.. We are responsible
not other all of humanity must help
these people... all of humanity like
them me and you are both the same
as responsible as well gully for
that atrocity they make for this
world does inhabit to create power
out of the weakness of of other
lesser men as well work as
parasites as insanity.. but we
still are commanded not to do evil
for it does nothing for us, that on
both terms with there is a god or
not

SENECA

It policy I cant do anything...

SOLOMON

they aren't just morally unlucky
seneca... they moral defined as
something that unfairly
judged..that we cans till
change(solomon)

(Arkyen laughing)

SOLOMON (CONT'D)

Just like we still are.. We are all
a prison like then on the effort to
keep change stay strong and of good
courage till that happen...sleep..
Even though we are rational we a
natural to the laws more, natural
than our emotion to over through
them.. Your right it take policy
but we are still instinct to do
good do what you can in time not
with emotion-solomon

SENECA

(remembers Seeing child with diamond in his mouth)Hm..

ARKYEN SOLDIER

Don't be mad at me, come on Let me
have a job to do - solider with
keys walks off)

(arkyen laughin)

SOLOMON
Not yet...

SENECA
..(eyes closed breathing hard angry upset about the children)

(arkyen talking here)

SOLDIER
I know you still believe in some
higher power...Come on we have job to
do..(Walk over to camp fire)-
solider

Ahah ugh(stop laughing)

SOLDIER ARKYEN
Hmm..

AR KYEN SOLIDER 2
Ugh

AR KYEN SOLDIER 3
Savage...

SOLOMON
...report

AR KYEN SOLIDER 2
Yes sir Solomon Will be ready
tomorrow

AR KYEN SOLDIERS
(sniff in anger as threat) - Sulan... (sitting and waiting
for them as hunters)

SOLOMON
Mmm

AR KYEN SOLDIER 2
I still cant believe it they expect
us to know what to do with these
people after it all over the empire
rise and the then the builders fall

SENECA

...

ARKYEN SOLDIER 4

Yeah yeah...

ARKYEN SOLDIER 1

How do they think they know they have the answer to everyone's problems... some issues are just infinite this realities endless issues being one.

ARKYEN SOLDIER 2

First world problems and a mans life on the edge of the earth, until they then take him straight to the grave yard.

ARKYEN SOLDIER 3

First world problem to be solved so diligently and not see how insane that sounds

ARKYEN SOLDIER 2

I mean they say its possible to save the world from the comfort of their home but there really here -

ARKYEN SOLDIER 3

(sniffs) it how different would and problem

ARKYEN SOLDIER 1

They sound obscene towards us first
you get the problem and then you
find that no one wants to help
unless you pay them... no idiot in
his entire life has save the world
with the love and peace without
some pain and misery the sacrifice
for it and hes a dame fool if he if
he tries...

ARKYEN SOLDIER 4

Wheres the food at

ARKYEN SOLDIER 3

Wheres my sword get it now!

(young slave boy running)

ARKYEN SOLDIER 2

These people are going to be left
and abandon with no one to help
them access there going to suffer
along die and the truth we all bury
them on the side of the road like
there nobodies and a infact that
just the way some people die in
this world.

ARKYEN SOLDIER 4

I suppose it is far though they
are born slaves... I the wrong place
at the wrong time

ARKYEN SOLDIER 3

What about him

ARKYEN SOLDIER 1

Yeah hes a colored peace knight

ARKYEN SOLDIER 2

ive always wanted to be one of them
when I was as a boy, why the hell
they let him in?

ARKYEN SOLDIER 1

Who cares don't mock him or hell
cut your tongue out you know those
guys are elites soldiers

ARKYEN SOLDIER 2

Back to my point some of these
people wont ever experience
happiness in there lifes before
they die and that just he way it
and so it goes and that how it
continues to happen

SOLOMON

Try seeing the bright side of
things

SENECA

There alright nothing bright about
it

SOLOMON

Your soft and clingy to say
something like that

SENECA

Weird actually and moronic or blind
even that they allow this

SOLOMON

Hmm I see this disturbs you

SENECA

I hate it.. how can you not focus
on the dark reality

SOLOMON

Maybe because there is a beauty
behind it even in the states of
adversity theres always progress
And your one of those people
telling me everyone's equally to
the same opportunity tell that to
those kids in there and one ya...
don't forget the feed them they
smell awful when there down there

SOLOMON

Maybe because even beyond that fear
we have against it there something
meaning leading us to something
better, there has to be.. Just like
they say in the Book of gooku there
has to be a heaven after all of
this

SENECA

Well im an aodist and what I
believe there is no heaven

SOLOMON

Well in order to be in the inferior
we have to exhibit madness

ARKYEN SOLDIER 1

Hey! What did you say and mean by
that?

ARKYEN SOLDIER

Haha (listening in on there
conversation)

SENECA

Oh nothing

ARKYEN SOLDIER 2

Talking in your clergy slang will
get your thumbs cut off all angelic
like..

SOLOMON

im just saying all that evil it has
to balance out to the good
attributes of life it has to that
might seem polarizing to you but to
me behind all the psychological
horror it has to be a heaven
waiting for us a vast beauty(as
they ignoring the brutish soldier
hackling them)

ARKYEN SOLDIER 1

(signs) enough of those fairy tales
we tell kids to believe in

ARKYEN SOLDIER 2

To offer behind it

ARKYEN SOLDIER 3

And also the other way around..
What if we had a wonder life before
and know there just criminals that
being punished

ARKYEN SOLDIER 3 (CONT'D)

Well that just sounds cynical. It
obvious why they're down there.

ARKYEN SOLDIER 2
men who make profit of there
strength get it from the weakness
of smaller men and take control of
their families it how it been and
how its always meant to be no
matter how someone see it

ARKEYN SOLDIER 4
Ah your all pessimist you make
someone wanna hang themselves just
shut up and get drunk

ARYKEN SOLDIER 1
Ah you be quite! No ones talking to
you!-

ARYKEN SOLDIER 4
Why talk about to no want to here
it it dark to understand

ARYKEN SOLDIER 2
Well hey doesn't that a make it
worse? Not talking about what if
that was your kid down there
wouldn't

ARYKEN SOLDIER 1
you want someone worrying about
them?!

ARYKEN SOLDIER 3
No I don't wanna think about it

ARYKEN SOLDIERS 2
Why on earth is it that you like to
think about things like this

ARYKEN SOLDIER 4
Well hell I might be a pessimist

ARYKEN SOLDIER 1
What is the point in saving the
world when were mostly to fail at
it?

ARKYEN SOLDIER 2
Huh

ARYKEN SOLDIER 1
I don't get it... the universe is
more bound to punish us than give a
silent glance of hope by accident
if everything is out to get you why
even move forward

ARKYEN SOLDIER 2
Talk to that guy about it hes the
one fighting for civilization.

SENECA

Its jts the simple things... Any
progress is good progress - seneca

SOLOMON

What does that mean

SENECA

Any progress is good progress

SOLOMON

True then say that and be grateful

ARKYEN SOLDIER 1

That not an answer to the question
that not even a solution what wrong
with you!

(chuckles)'

ARYKEN SOLIDER 3

Yeah according to find their
happiness down there they'll
definitely agree with you... any
progress is good progress come pull
on the chain around my neck! I mean
that in a sacred manner you Theist
are a such bigots

ARKYEN SOLDIER 1

You gotta imagine...

SENECA

Thinking other are better than you
and not equal hypocrites

ARYKEN SOLDIER 1

And imagine what are we doing,
crazy right... join us?

SOLDIER 3

(laughter)

no im just saying look at the
brighter side of things just
imagine how happy they'd be

ARYKEN SOLDIER 2

Cant imagine then being happy if
their families are still slaves

ARYKEN SOLDIERS 3

Well maybe someday they wont be
look at him hes a peace knight

ARKYEN SOLDIER 4

Give me that (grab it from slave
boy)Hey shut up you idiot! Hell
kill us

ARYKEN SOLDIER 2

He hasn't said a word I think he
can hear us- soldiers 2

ARYKEN SOLDIER 4

Well good I like my head on my
shoulders- soldiers 4

ARKYEN SOLDIERS 2

Hey

ARYKEN SOLDIER 3

No you idiot!

ARYKEN SOLIDER 4

What do you think about this
statement that they all be free
from slavery someday!

ARKYEN SOLDIER 2
You Idiot that offenses what wrong
with you two

SENECA

...

ARYKEN SOLDIER 3
He not answering

ARYKEN SOLDIER 4
Hell leave him alone that was
stupid you ask him that he just
here to take some notice the consul
we don't want him reporting that
weve been harassing him..

ARYKEN SOLDIER 2
Yeah.. But I wonder what he think
about the empire enslaving his
people... I don't know what I would
do in his shoes

ARYKEN SOLDIER 4
Probably something

SENECA
...(looking at sunrise) -

(The arkyens are sleeping as they get woken up by there leader)

...you forgot to lite the single go get it now! (whispers) - soldiers leader

(Akryen walk over with their knives drawn as they go up next to seneca and solomon's beds as they find a ball with a toy face on it them solomon with his sniper rifle a distance away fires as he shoots

(Explosion)

(They fall back dead as the leader duck as looks from where the lazer came from)

ARKYEN LEADER

Over there! Get them get the hounds!

(they walk over to some hounds they have)

make sure you put in earlier that you forgot to feed theses hounds(and then they release them as they put up there sent to find them as these hounds start to hunt really fast and chase down seneca and solomon as they start to ride faster until solomon gets caught and pulled down while his horse gets mauled and solomon is maul down with his horse)

SOLOMON

Seneca!

SENECA

Hey! (yells as he sees the horse man following to catch up as senece rides back to his friend in need of help he killed one of the dogs as one jumps up and bits his arm on top of him as he breaks it neck and then he get up as his friend is in danger when he sees the arcens have arrived as seneca speed jumps an deflects the blade fight tbem one boy one where solomon get up and hides behind the rocks of mountains in the area and trues to burry the box as Seneca is fighting off the arkyen and there crab staff as solomon fights off another one who comes to try and kill him with a knight as seneca fight off both killing them one by one he slays them both at the same time as more come down from the mountain firing and shooting senece deflects there shots as they hit other arkyen)

The gunners pull out there blades as the as they charge him as seneca fights up the mountain hitting them with the back of his blade knocking them out with his two blades as they fall down them and throwing them down until he get to the gunner who keeps shooting until Seneca get to close and tries to run until Seneca speed jump to stab him in his back as he takes his gun on the top of the mountain seeing the other side with some more solders coming as he shoots them off by turning it on stun hitting and the knocking three (seneca) Keeps firing until he sees a barrage of solder come down a kill like an large army of arkyen soldier ridding with there fires in the night riding and running down the ridge up ahead they seem unaware of see him as he is aware of them he get scared looks and freezes as run to solomon and as they don't see him there. But they continue to pace after him)

SENECA

Oh... Solomon solomon!

(Solomon jumps on the man stabbing him in his blade)

ARYKEN SOLDIER

Ah

SENECA

Aah! - (killing him)

(While also being stabbed in the chest as he get off him
laying on the ground as he sees lots of blood as he gets up
trying to dig the box up then runs to their arkyen horses as
seneca gets on one)

SENECA (CONT'D)

We need to ride now

SOLOMON

Ah!

(Both ride out in the open)

ARYKEN LEADER

This way!

(As they both races against the sunset until solomon
coughing up blood falls over Seneca stop riding to check on
him)

SENECA

Aah...

(Sees blood coming out of his mouth (solomon))

SOLOMON

Im only slowing you down

SENECA

Don't worry im a healer(healing
solomon)

SOLOMON

I was stabbed multiple times im not
that much as fighter than you

(Flames arise from the distances of horse arriving)

(get him up then arrive later to a settle camp of a moving
exodus (herd of people))

SOLOMON (CONT'D)

Ah thank you

SENECA

We ran them off trying to kill you
they aught to know better attacking
a centurion guard and plotting to
assassinate one

SOLOMON
True where are we

(With and exodus of people moving)

(Show the same boy with the globe as he riles it over to Seneca to get his attention)

SOLOMON

(riding)
So what do you do? I've seen some
days (cleaning himself with the
blood) - Solomon

SENECA
Oh im ugh Im an investigator. night
I go on protective mission to
protect a convo of soldiers. Even
though I did plan n them to attack
me I was confident enough to leave
them a lesson with bullet in there
heads before they got to my neck... I
has had to watch them also transfer
over some slaves

SOLOMON
An elite solder with no blades?

SENECA

Ugh not you

SOLOMON

Ah the box come know be a man and
just be open seneca were friends

SENECA

Yes a box. There said to be many of
them and more coming which Im glad
I never to protect but not look at
when they meet up.

SOLOMON

But you have havent you

SENECA

...hmm-

SOLOMON

Its okay to not resist but by all
means know the back of what your
transporting and who wants it...

SENECA

What do you mean

SOLOMON

I am the man your transposing haha -
solomon

SENECA

I see so you have object they
request im on the out looking for
you

SOLOMON

Yes hidden all this time

(looks behind him as they stare)

SOLOMON

Who are you really ugh your
wearing a red shash I think I know

SENECA

Ah... I have a name. one that stuck with to common...

SOLOMON

Hmm(pulls out blade and tries t stab him in his side while
hidden as seneca pulls out his blade faster without even
thinking stopping his and also with his blade at the angle to
solomon neck for how long it is)

...

SENECA
your the grand master flash... the
speed devil

SOLOMON
Hey- solomon(smiles)

(puts his blade away as he give off the sign everything is
okay with his hand half way in the air)

SENECA
Don't do that again or you might
blow my cover- seneca

SOLOMON
What is someone like you do g these
missions?- solomon

SEMECA
Im very found of them but they are
what im assigned to.

SOLOMON

Well them thats luck for me
then...Are they aware you a soldier

SENECA

They think im a level one soldier
not an elite

SENECA (CONT'D)

That good to your advantage but who
are you?

SENECA (CONT'D)

Im known as the faster and elite
solder in all the army

SOLOMON

What level are your

SENECA

Fire emblem

SOLOMON

Oh! That's the highest!
Mmhmm so if any of those fools want
It they have to catch us
(MORE)

Well that's interesting to know
that but ugh here
something(whisper) I need you to
know about me.. Im also an
infiltrator of the regime against
the black faction they are not the
workers. I know you can to see the
land but there was something off
about them form the begging.. The
must be works who betrayed to blue
faction in order to sell the
artifact your hold.

SENECA

And how can I trust you

SOLOMON

(pull out same box)

because I have the same
issue(smiles) they only think one
of us has the artifact holder and
the other is an investigator this I
found out when I spoke to them last
night.

We both need to get out of here or
and at least one of us breaks for
it with the artifact your the
better soldier I trust you. Also I
know because you fight for a good
cause

SENECA

Hmm solomon

SOLOMON

Seneca ! (shakes his hand) No worries beside if we sleep with them one more knight who knows if they might be even scarier if they slit our throat in our sleep

SENECA

Hey what are talking about?

SOLOMON

Oh nothing

SENECA

No (whispering)...

SOLOMON

Okay sir you not entitled to make the rules(Smiles) hah When do you think we should make a break for it.

SENECA

As soon as possible

SOLOMON

Oh of them I think is probably an advance arcan he army have the ability to levitate things...

SENECA

Those power are bed deeply with the
culture

SOLOMON

I know because im one of
them(smiles) I be alive to take him
the rest have probably different
fighting styles you can take on but
if they all come us at once we know
whos going to have to take the
artifact from them. Just so they
wont sell them to the black
faction.

SENECA

We should probably leave when they
cant see us.. You think when they
go asleep tonight?

SOLOMON

No that probably when there going
to strike there already suspicious
of us

SENECA

Then we could attack them head on
if they try to kill us

SOLOMON

And feel in time before there
reinforcements can arrive

ARYKEN SOLDIER 1

That why we should attack them
tonight

ARYKEN SOLDIER 2

Your right! They might be them

ARYKEN SOLDIER 3

Trying to wait for more
reinforcement to come handle us

SENECA

(hears them) they matched up with
us

SOLOMON

Let stop here then on this mountain

SENECA

Were taking a break

ARYKEN SOLDIERS

Fine with us... - (hidden soldiers in
the moving within tribes stalking
them)

SOLOMON

Go ahead and set up camp

(a little while later)

(drunk Arkyn comes to offer them drink as they pretend to act
like they dont recognize them)

BOTH SENECA AND SOLOMON

No thank you

ARYKEN SOLDIER 2

Bless your soul but no

ARYKEN SOLDIER 3

(Walks off stumbling and wobbling))
fah!

SOLOMON

It been a while since I could get
to know another knight... the one I
knew new me and my family very well
when he died trying to give this
mission over to me ... he denied
along with protecting my family.. I
hope to see them again
The war has done too much damage I
feel it brought a sense of anger
within the people.. And that it
suddenly turn us apart but in some
way brought us close.

SOLOMON

Are you? You believe things have
change?

SOLOMON

Havent they?

SENECA

Not really but really from my
perspective

SOLOMON

We then maybe you should lead to
look to another

Arkyen soldiers - Yeah yah(parting)

SENECA

- Top off the ends but my
perspective is not truthfully the
greatest...

SOLOMON

It doesn't have to be great the way
I see it the ones we did agree with
have valuable and wise points to
them.

(they fall down paritng drunk the aryken soldiers)

SOLOMON (CONT'D)

They just taking a balance. Trust me even your enemies
perception can help you better understand yours but also
teach about other views aswell.. The one who defeated me in
battle they definably teach me something new every time. And
when I can agree with them I learn how to see where they come
form to find the solution and that what I mean I believe this
issue in the world the ones were starting to notice there
bring us together

SENECA

They seem make us matter

SOLOMON

And threat the point if you hide
the secrets and problems away they
never eventually become resolved.
That's why its important that we
need these artifact have you even
seen you

SENECA

Im very displaced

SOLOMON

You might understand better on who
you serve but im telling you at the
end of all this.. It will soon
bring us all together wither others
like it or not or seek our to
prevent it. We will all be unified
together

(looks at drunk arykenist)

Drunk soldiers(dancing)

(playing music)

SOLOMON (CONT'D)

We are we going to move

SENECA

Soon when they go to sleep I
actually was the one who brought eh
beer I new they would drink it all
it for them anyway them and there
requisition of happiness

(MORE)

SENECA (CONT'D)

Choose a choice in living the one
we all have to acceptable- seneca

SOLOMON

I don't believe that...

SENECA

Not everyone capable of being on
the same level as one another's,
and some might never soon to
accomplished anything some never
live to see the sun set or rise. I
guess tat what what you meant of
being appreciative .. But in some
way I just cant feel that.

SOLOMON

But at the end dont we all end the
same.

SENECA

I don't think so.. I think we end
when it over.. Just like it would
seen form them.

SOLOMON

I say not to look on the blight
side of things

SENECA

Blight side

SOLOMON

The questionable parts of reality we seem to get to deep into.. We try to over simplify it down to the bottom by the littles of detail otherwise its always explainable by every other different way. Someone can always say it better. But the real point in life(pours milk in his cup and in his cup and hands it to seneca) is to notice than just enjoying the milk in honey its knowing the reason why it there.. We cant just simplify that... when we are going to realize the only reason were here on this earth is to love.. .. You make things better.. You make things better with appropriate action that enforced action you make things better. Things like peace instead of anger and violence- solomon

SENECA

I think there something in this milk

SOLOMON

Naw im just high off of life but listen to what I say. You make things better when you dont cause violent conflict but you make things better with an action of peace. Agree to disagree(wobbly) love... love is the key, you you understand right?- solomon

SENECA

Well like you said someone can
always say it or something better.

SOLOMON

Ah now your listening(smiles)

BOTH

hmmm(Smiles)(clink drinks)

ARYKEN SOLDIERS

Aaah hahah(drunks dancing and
falling down playing music badly)

(later)

ARYKEN SOLDIERS (CONT'D)

(walking as he nods to his friend
and allies and the allies does the
same with the rest they surround
their sleeping bags as they
approach them)(they open them and s
the see duds and decoys)- soldiers

SENECA

(seneca has his sniper rifle as he shoot and fires and it hits the bag when it explode)) got them

SOLOMON

Okay lets go!

SENECA

(As he hand him the rifle)

SOLOMON

Use this rifle I stole it from them

SENECA

Yes okay move get the horse

SOLOMON

(grabs them as the move along as solsomn turn around and see the elite arkyen with his shield as he sees him)

SENECA

Oh! Move move(running to seneca with the horses)(get on)

(the elite arykens get up and help his allies up with around him)

Ugh ah- seneca

(Soldiers see them moving)

Right there!- soldiers

(they both start riding as they come across a earthquake that the earth is then split in half as the ground caves in and makes a gap as the end in front of them then the area in front of them ahead rises high as some of the ground starts to float in the air)(Seneca riding faster and harder takes out his blade from the side as one of the
(Arykens come out of the ground and heads towards him in a shaped spear pillar aim directly to tackle Seneca head on as it goes forward spearing him Seneca makes a flame with his blade as he cut it and makes the man flip as he get up chasing him then making another spear attack. Another comes out of the ground springing out going for solomon as he shoots it with his sniper and fire head on hitting it as it come further a man with who rushes in balde as it hit and stop him head on. As Seneca s see the other one the three arcen coming at him with boulders and one made as a rock rhino charging)(seneca get off his horse and speed jump in distance over and over again until he reach the right side on it barring his sword in the rhino barring it down as a ways it to the ground letting it land hard than take out his blade and strike it on it s side the a first Arkyen sends down the large rocks as the arkyen is levitating form the ground a seen them to soloman as he uses his arkyen ability and grabs them as he stop shooting but can mange as he makes a shield)

(Solomon makes shield)

(Seneca get under rhino as he heat up his skin and explodes underneath the rock rihno as he then tackles to the bolder coming at solomon as he hits it and destroy it Seneca jumps on the other boulders and cut them with flame blades s he cuts them in half with three strike to each one swift and destroying them as they come down. Then jump on each one he destroys and gets on to the top of the high ground where the first Arkyen is)

SOLOMON

Ah dame... but Wow he is good

(looking in front of him as he send the second on as he come in contact with Solomon as Solomon put his arms out and stop the spear rock the arkyen is in and fight him on the ground using rocks as they launch them at each other. Fighting as solomon sends one The arkyen doges as solomon doges until solomon send in two from both directions as the arkyen stopping the two boulders with both with his arms and stops them solomon send in one in the middle hitting the arkyen launching him back)

ARYKEN SOLDIER

Ah ugh!

(seneca start fighting with the arkyen on top of the hill as he strike shim with his blades and as the arkyen pulls pillars out of the ground with his powers infront of seneca as he strike them and hits them with his blades and until seneca jump kick his in the air and hits through with a fire blast and kick the aryken to the ground)

ARYKEN SOLIDER 2
(falls down)

(The third arkyen get up and straight attacks Solomon assisting the other arkyen and his comrade as they both battle him with rock and shields. Solomn using using all of his ability to survive and sling rock to running them into the attacks of the other arkyen get to notice its out of hand and le use his shields to defend himself as he use his power to make a hole and burry the box into the ground deeply as the two arkyen throw there spear rock striking simultaneously into Solomns chest

(as Seneca stabs and executes the arkyenhe he was fighting by stabbing him in his chest finishing him off as he looks to see solomns die)(solomn fall to his kness ands falls backwards)

(Seneca jumps down fighting the two arkyen as they launch rocks at seneca as he send in his flames down to them ridding down the curved hill made as turn around and start seeing rock running into to him and then tries to grab him riding on one as he falls down)

(as seneca spin to the cuts the bolder coming at him with his blade. Seneca keep jumping on new boulders running into him in the air as he dodges the boulders coming at him and get hit by them as they continues to launch boulders at him)

ARYKEN SOLDIER 1

Ah!(hit again) uh
