cardboard cut out of you i got
from a cinema once

AMBER
You are mad

FREDDY

You give me a tool i can kick
reality in the ass with.

FREDDY
Not a lot of people get me

Amber smiles and puts her head back on Freddy's chest

FREDDY
So come on whats wrong with the
most amazing girl in the world

AMBER

I just I cant go on like this
Freddy I cant have any sort of
life thats my own

FREDDY

You have your own life though ,
great job great friends

AMBER

I know but everything I do
everything is watched or written
about sometimes if i lay low
which is hard they just write
what they want complete lies.Its
not about my talent anymore
Freddy my face is the story my
free time is always the story my
identity is what sells and im
sick of it

FREDDY

Your talent has made you Amber
never forget that

AMBER

I know but there is an obsession
with me they have watched me grow
up from when i was like twelve
Freddy. They follow me everywhere
i dont know why .I dont know what
they expect whatever I do is a
story and if there is no story
then they lie and that becomes a
story.

I just want to live Freddy I just
want to live and do the things I
should be doing and have some
privacy in my life.I can never
just free my mind. I always have
to be on guard if that makes
sense sometimes when i close my
eyes on a night I just see
flashes I cant sleep Im sorry

FREDDY

Hey its ok you get this off your
mind you need to do something
about it

AMBER

I cant do anything though can I
over than get loaded so i dont
care and just hope it all goes
away

FREDDY

Yeah but you cant do that forever
Amber it will catch up with you

AMBER

Oh well maybe ill just go into
rehab and have some peace

I cant even stop to fill up my
car ,get a coffee the simplest
things i cannot do its like a
swarm that just appears then
flashes going off in my face
questions questions questions.

And then if i start to relax and
have some fun or if i make some
sort of joke of it all play up to
it then according to them im
wanting the limelight im craving
it.I feel like a toy you know a
toy thats used for everybodys
enjoyment that is played with
thrown around and when it becomes
old and a new model comes out it
will just be thrown to one side
battered and worthless

FREDDY

I didnt realise how much
intrusion you had to deal with

AMBER

Its going to kill me Freddy

FREDDY

Do you know when i won this
competition to be with you I had
no idea what or how you would
be.I was a fan because you make
me dream and generally look
gorgeous and sexy especially in
bikinis

FREDDY

You sure you want to do this

AMBER

Yes I have had a lot of time to think and i want to be myself

Amber walks up to box as fans/ press gather shows shot of her perspective as cameras point Cuts back to her.

AMBER

Ladies and gentleman , as you know up until this evening I have been out of the spotlight. This has been mainly due to me recovering from my injuries and from my addictions.

I think its time tonight that I have to speak out and not defend myself but put things into perspective. Not long ago I would have turned up here tonight in a expensive dress comparing it with what my rivals wore id be made up to the hills and smiling falsely.

As you know I have always tried to please people and do whatever has been asked of me and for my fans I really dont mind I will continue to do it The medias obsession though with me nearly took my life six months ago.

The gutter press who follow me everywhere and create their rumours accusing me of doing things i havent done should take a step back and think now more about how our society should be educated for the better. For the better of our country and the better of the world because in our line of work what we do is impacted on our younger generations.... and sometimes our older ones too

FREDDY

Cheeky

Sorry Freddy all i can say to you people is it is my life and having nearly lost it i want to live it now more than ever
