FADE IN:

INT. LIVING ROOM - DAY

Dino (3) cries loudly, he takes a breath once in a while and then starts louder than before.

Tammy (5) appears in the doorway.

TAMMY
Stop crying you stupid.

Dino doesn't stop.

TAMMY (CONT'D)
You hear me? Stop crying.

Tammy stares at Dino's pants. Their wet.

TAMMY (CONT'D)
Will you stop?!

She gives a slap to Dino.

OS rumors and LINDA (30's) enters the room, she's elegant and very pretty. Her blonde hair makes her look even sexier than she is.

LINDA
Oh my Gosh. Dino, what's wrong with you?! I can't fucking change you every minute. Look at your pants...

Dino stops a little, but breaths heavily. He looks snotty.

LINDA (CONT'D)
And you? Why don't you help your brother once in a while?

TAMMY
But I can't prevent him to pee mommy.

LINDA
I don't mean that, but you can stop him next time. And this is up to you, it's your job. If I find Dino wet again, it's going to be your fault only. You hear me young lady?

Linda storms off the room. She opens her cellphone and dials a number. Tammy and Dino watch her through the half open door.

LINDA (CONT'D)

Yes Tom, its fucking me, who the fuck you think it is. I haven't changed my fucking number yet. Calm down?! Fuck no. You know what? This week you'll take care of the kids, i don't give a fuck...

Tammy stares at Dino angry. She's almost crying.

TAMMY

You see... you made mommy nervous again. She's cursing... it's all your fault...

Dino looks at her sister blankly. Linda closes the door still talking in her cellphone.

LATER - NIGHT

Linda walks inside, closes the door and turns the light on. The living room is empty, Linda goes around holding the shopping bag.

LINDA

Tammy, Dino? I'm home. Where are you?

INT. KITCHEN

Linda opens the kitchen door, turns the light--

LINDA

Tammy, Dinoo.... OH MY GOD.

Linda screams terrified.

Tammy looks at her smiling, with a pair of scissors covered in blood. Some feet away from her, Dino lies with his pants down -- he's covered in blood.

TAMMY

Now he won't pee anymore mommy and you won't need to be nervous ever again.

She's still smiling.

FADE OUT.
