In the foreground there is an explosion of colors, music is in the air, birds flying around and chirping, flowers pedals blowing in the breeze and tree's swaying in the wind. The great Nuremberg Castle in the background as its keeps and towers rise in all of its glory.

It is a beautiful Autumn afternoon and celebration is in the air. The Order of the Dragon, Hungarian, German and Papal flags all fly in the wind off the keeps and towers and posted on the castles battlement walls. We slowly go inside through massive gates where people are walking around as festivities of the day go on. The foods are cooking, goods being sold, people drinking and speaking in a joyous tone as loud as they can be.
For a moment the HOLY ROMAN EMPEROR SIGISMUND with POPE EUGENE IV inducting a vassal into the Order of the Dragon. Telling him to stand and be recognized.

(O.S then on)
I will not bow to pressure from the Sultan or to the will of the our new Pope.

CUT TO:

HUNYADI
King Sigismund is dead. His son is to young to rule the kingdom. The Boyars will not support you if the Sultan attacks.

VLAD II
(interrupts)
But I know this.

HUNYADI
(annoyed at his interruption)
Bogdan is at war with Bathory over territorial rights on the border and the both of them can not come to support you. The new Pope can't send any reinforcements or supplies to help you. As your friend, I tell you this, make the deal with the Sultan. The Kingdoms can not afford this war.

VLAD II
What you are asking me to do is mad!

HUNYADI
Sire, we must keep the Sultans armies at your border.

VLAD II
Why?

HUNYADI
(calming)
Because if they over run Wallachian territory, the kingdom of Hungary is next and the doorway into Europe is opened. The spread of Islam will be severe. They can not rule the whole of Europe or Christendom will falter.
VLAD II
But it's not your sons he wants!

HUNYADI
The Sultan assures us that the Princes will be well taken cared of and educated.

VLAD II
(nearly in tears)
He wants them as prisoners. To torture and to parade them around as trophies.

HUNYADI
(reassuring)
NO! It is only for reassurance that you will not attack the Ottoman Empire. In secret his goal is to gain control of Constantinople. He thinks that by controlling it he will be able to crush Europe, but it will take him a long time for him to conquer it and by that time we will be ready for him. My goal is to bring peace to Moldavia and Transylvania and take over Serbia so we have a better grip in the region.

VLAD II
(hardened)
We can do it now!!! I will talk to Bogdan and Stephan. I will not let my sons go!

HUNYADI
We need more time to build our armies, If you had only supported us during the Varna Campaign we would not be talking about this. It is the only hope for your people. Your sons will understand. It's for your people, And the people of Eastern Europe. I promise you, your sons will not be Martyrs.

Hunyadi is left dumbfounded in the throne room as he throws his crown across the room and storms out.

VLAD II
Son what I must do. I do for you and the good of our people.

VLAD THE IMPALER
What must you do???

VLAD II
My son you must go away for a while.

VLAD THE IMPALER
NO! I promise, I won't do it again. (almost crying) I promise!

VLAD II
It is not that my son, I have no choice, I must do this to save you and our kingdom.

Hunyadi walks out of the gate and sees this scene.

VLAD THE IMPALER

Send the old one to the Jannissaris to be educated!

TURKISH GUARD
What of the young one.
SULTAN MURAD
Put him in the care of the Harem.
He is respectful and capable of
learning much from MEHMED.

TURKISH GUARD
Right away lord.

Realizing where the smell is coming from.

VLAD THE IMPALER
You smell.

SULTAN MURAD
What did you say!

VLAD THE IMPALER
I said you smell.

SULTAN MURAD
You my boy are an animal and will
be treated as such! -- If only your
father would be a man and face me
on the battlefield he too, would be
treated as an animal!

Little Vlad gets brash and insults the Sultan.

VLAD THE IMPALER
But you are fat, you would never be
able to kill my father.

SULTAN MURAD
Guards! Twenty lashes for his
insolence! Lets see if that will
fasten that serpentine tongue of
yours.

Vlad has a hardened look. He knows he is in big trouble.

TURKISH GUARD
Yes my lord! Right away!

The children are taken away and split up.

Radu is taken to an opulent part of the palace where
beautiful women await him. After a few turns he walks into
the room where Mehmed is playing with swords. He is about 12
years old, and is happy to see him.

VLAD THE IMPALER
(stops)

I am free.

RADU
You have always been free my brother. What you will be doing is attacking it! And taking Wallachia by force.

Angered at such a suggestion that he jumps off his wood and gets into Radu's face

VLAD THE IMPALER
The Sultan wants me to attack our father! Why do you still listen to him? He has betrays us and now father, but you still obey him as thou you are his little lap dog!

RADU
You must learn to embrace Islam. It shall set you anger free.

VLAD THE IMPALER

We just found out that the Regent of Hungary has overrun and reinforced the country. And has installed Vladistav II of the Danesti clan, as King.

VLAD THE IMPALER
(saddened and shaken)
Father is dead...

RADU
Vlad! The Sultan will attack Wallachia and install you as King because you are the elder brother, you must embrace the Sultan so Wallachia can be free from those treacherous Boyars.

VLAD THE IMPALER
Father is dead...

RADU
Vlad did you hear me!

VLAD THE IMPALER
 RETURNS TO HIS WOOD, WHISPERING
Father is dead.

RADU
(grabs him in concern) Vlad!!! Are you OK.

CROSS FADE:

EXT. CASTLE BUDAI VAR, HUNGARY - DUSK

SUPER: CASTLE BUDAI VAR, 1456

MATTHIAS CORVINUS is speaking to Hunyadi the Regent of Hungary about Vlad and his ousting into exile in Moldavia.

MATTHIAS CORVINUS (O.S.)
He is a madman. Why would we turn to him?
HUNYADI
Why shouldn’t we. He may be a mad man, but we can use him to keep the Ottoman Empire at bay.

MATTHIAS CORVINUS
How? The Ottoman’s overran the country in weeks.

HUNYADI
Vlad held them off with a small contingent of men. With the support of Hungary we have a chance.

MATTHIAS CORVINUS
(very disgusted)
He forced women to eat their newborns. He impaled men by the thousands, but you would bring him here and forge an alliance. You must admit, this is insanity.

HUNYADI
We can debate this endlessly Sire, we know of his reputation, But one thing remains, he is the man that can unite the province and help us push back the Turks.

MATTHIAS CORVINUS
He is the son of an old rival. I’m sure he hasn’t forgotten.

HUNYADI
He is a man without a country, no sense of purpose, and if we can convince him, he will join us.

MATTHIAS CORVINUS
What about Prince Bogdan?

HUNYADI
What about him?

MATTHIAS CORVINUS
He had escaped assassination. How do we know, he didn't orchestrate it.

HUNYADI
You will soon be King and you must trust your instincts.

(MORE)
That would gain him nothing, his ambitions is to regain Wallachia, nothing more, nothing less. Those damned Boyars on the other hand, are treacherous, deceiving each other for power and wealth. My belief is Vlad had nothing to do with the attempt on his uncle, but his knowledge of the inner workings of the Ottoman court and the Empire’s military tactics is incalculable, he knows he is an asset against the Sultan and He will help us, I know it.

MATTHIAS CORVINUS
I hope you are right.

HUNYADI (CONT’D)
That would gain him nothing, his ambitions is to regain Wallachia, nothing more, nothing less. Those damned Boyars on the other hand, are treacherous, deceiving each other for power and wealth. My belief is Vlad had nothing to do with the attempt on his uncle, but his knowledge of the inner workings of the Ottoman court and the Empire’s military tactics is incalculable, he knows he is an asset against the Sultan and He will help us, I know it.

MATTHIAS CORVINUS
I hope you are right.

FADE OUT:

EXT. CASTLE BUDAI VAR - WINTERY DAY

FADE IN:

Vlad and his Generals arrive on their horses. He gets off and takes a look at his surrounding, not trusting a thing he sees. He is greeted by Matthias as he is walking out of the castle.

He also notices a young woman in the keep of the castle. A beautiful woman, tall, blonde, late 20’s early 30’s, She is also looking down at him.

MATTHIAS CORVINUS
(jovial)
Welcome Prince Vlad... My name is...
(interrupted)

VLAD THE IMPALER
(annoyed)
I know who you are. Why have you summoned me here. It was said that it was urgent and vital to Wallachia that I come.

MATTHIAS CORVINUS
It is Vlad, and I must ask that we speak alone.
VLAD THE IMPALER
This is Generals Slav and Daniel, they will accompany me. They are Wallachian nobles and if this is important to Wallachia it will be important to them.

MATTHIAS CORVINUS
As you wish. I have prepared accommodations for you.

VLAD THE IMPALER
(a abrupt)
No need your highness. I will not be staying long.

MATTHIAS CORVINUS
(surprised at his brash rudeness)
Follow me.

INT. THE GRAND DINNING ROOM - SAME
They begin to walk into the castle as Matthias tries to small talk him, but no emotion or answer comes from Vlad he looks around. He is astounded at the beauty of the Budai Var.

They walk through 2 big wooden doors and arrive at the grand dinning room.

There is a long table and chairs, a fire is crackling in the fire place, the drapes are drawn shutting out all the light and strange shadow is in the background that Vlad notices but he disregards it for now. But with one look he nods to Slav as to keep watch on the shadowy figure.

VLAD THE IMPALER
(sarcasm)
So what does the future King of Hungary want with a madman like me.

MATTHIAS CORVINUS
(taken back)
Prince. If I though you where madman I would have never called on you.

VLAD THE IMPALER
Yes! Yes! I know you need me for something and if remember correctly the last time a Hungarian needed something from Wallachia I was made a prisoner.
MATTHIAS CORVINUS
(shocked and speechless)
I... I... Didn’t
(interrupted)

VLAD THE IMPALER
The Regent has never told you. I wonder what else he never told you, for instance, like how he had my father killed.

HUNYADI (O.S.)
I never ordered your father killed.

The mysterious shadow reveals himself and it’s the Regent, and Slav moves between the Regent and Vlad as Daniel hurries to Vlad’s side.

He moves from the darkness into the light of the fireplace.

HUNYADI (CONT’D)
We may have been rivals, but I would have never made that order. I had no choice but to accept the Danesti rule. -- I had to keep the territory under Christian rule.

The Generals and Vlad begins to walk toward the Regent.

VLAD THE IMPALER
You! The great White Knight, Your still alive. I will kill you with my bare hands.

Matthias moves in a hurry and calls the guards.

MATTHIAS CORVINUS
Guards!!!

The guards come rushing in, Vlad pulls his sword and the Generals gets in between them.

VLAD THE IMPALER
I knew it. This was a trap.

But Hunyadi stops them from coming in.

HUNYADI
My dear Vlad this is not a trap.
(Turns to the guards)
Leave us!
MATTHIAS CORVINUS
(nervous)
That wouldn’t be wise, Regent.

HUNYADI
My death will only bring about his.
He has no choice but to trust me.
(Turns to Vlad)
Now if you would just listen to
reason then we can accomplish
something here today.

VLAD THE IMPALER
(slow to listen)
Trust, you have done nothing but
lied and cheat your way to power
and I am surprised you haven’t take
the crown for yourself, and you
want me to trust you.

HUNYADI
Yes Vlad. Matthias is the true
King, I can only guide him, just as
I want to guide you.

VLAD THE IMPALER
Matthias may be the future King but
if your still alive the rule will
be through you.

MATTHIAS CORVINUS
(angry as thou he is
invisible)
I will rule Hungary, alone!!

VLAD THE IMPALER
(turns on Matthias)
Then be rid of this traitor so we
can get to the business at hand.

HUNYADI
Vlad! What you have here is an
opportunity to regain control of
Wallachia with the support of
Eastern Europe.

VLAD THE IMPALER
How is this? You deposed me when I
took control a few years ago. What
has changed?
HUNYADI
You are not in league with the Sultan anymore. I will pledge...
(interrupted)

MATTHIAS CORVINUS
(angered)
I... as in you mean Hungary.

HUNYADI
(annoyed)
My apologies your highness. I did mean Hungary will pledge its full support to the recapturing of the lower part of Eastern Europe and the new pope is pledging to sending supplies, men and money to the cause. Since the Ottoman’s took control of Constantinople the spread of Islam is gaining.

VLAD THE IMPALER
First, I was never in league with him! And it seems you have everything under your control. Why do you need me?

HUNYADI
You are the rightful leader of Wallachia. I did very much support your father as its leader and I wish I could have done more, but I had no choice in the matter. As far as Hungary was concerned it was an internal power struggle for Wallachia.

A woman enters the room but stays out of site from everyone but Vlad. He sees her, but does not say anything about her.

VLAD THE IMPALER
But you ended up supporting the Danesti clan for power.

HUNYADI
I had no choice. You where still under the Sultan's command, what was I to do. I could not publicly condemn the Danesti clan.

VLAD THE IMPALER
You could have condemned my fathers murderers.
HUNYADI
This would have showed that Hungary was weak and could not control it’s territories. But this is all in the past my Prince. It is time for you to join us, with Your knowledge of the Ottoman armies and their battle tactic we can put them on the defensive and drive them out. I will attack through Serbia and you and Bogdan through Moldavia, Bathory will support us and attack out of Transylvania and there we will conquer back what was ours to begin with.

VLAD THE IMPALER
(curious at the proposal)
And when will you begin this attack.

HUNYADI
At first spring. But we can't go without you.

VLAD THE IMPALER
And what of Wallachia after the Sultan's expulsion.

HUNYADI
Yours to rule freely and unfettered with the support and friendship of Hungary.

Vlad looks at his Generals and smirks at him, but just with a look they both agree at his terms.

HUNYADI (CONT’D)
What say you, son of Dracul, fullfil your oath to the Order and join us, bring back the sprint your father once held over Wallachia.

Vlad was inspired by that final line by the Regent and nods his head in agreement. He looks over to his Generals again. And again he notices the woman in the doorway as she leaves.

VLAD THE IMPALER
(smirks)
We are going back my friends.

The Generals smiles and is pleased at the out come of this meeting.
VLAD THE IMPALER (CONT’D)
(turns to Matthias)
Matthias, I pledge my support to you as King.
(then turns to the Regent)
But as for the Regent I still do not trust you.

Walks closer to Hunyadi and almost into his face.

VLAD THE IMPALER (CONT’D)
(threatening)
If you so much as sneeze wrong! If there is a wind that comes down on me that feels menacing, I will come here and kill you in the most painful way possible. You know this of me, so do not tempt me.

He turns back to Matthias and goes down to one knee.

VLAD THE IMPALER (CONT’D)
(humbled and serious)
I pledge my men and my armies to Hungary and to you My King.

MATTHIAS CORVINUS
I am not King yet.

VLAD THE IMPALER
But you will be.

C G I:
The camera zooms in to one eye of Corvinus and it begins to spin and turn white like the moon.

MATCH CUT TO:

EXT. OUTSIDE TIRGOVASTRI CASTLE – DUSK

ZOOM OUT: THE MOON

SUPER: SPRING, 1456

Vlad arrives with his regiment of mercenaries loyal to him and sees his armies camped out everywhere along the countryside.
After he crosses the Ialomita River he continues on towards the castle in Tirgovastri as he looks at all the despair of what is left of Wallachia.

Smoked out homes, farms destroyed, people starving along the route to Tirgovastri and Vlad is angered at the decrepit state his country is in.

VLAD THE IMPALER

Look at my country. After so many years of war, What am I to do to help bring this country back from ruin.

As he says that to Slav, A person walks up to his horse. He looks at him as thou he knows him.

STEPHAN

I remember you.

STEPHAN (CONT'D)

You are the son of Dracul.

Vlad looks at him with familiarity.

STEPHAN (CONT'D)

(convincing him)

I was a knight in your fathers court, I help raise you. It is me Stephan, your cousin

Vlad realizes who he is. He jumps off his horse and embraces him. But Stephan pushes him off.

STEPHAN (CONT'D)

(in disgrace)

Please Sire, no! I'm not worthy of your embrace.

VLAD THE IMPALER

You are family and you are a nobleman. Uncle thought you were dead.

STEPHAN

I might as well be. I am a disgrace to our family.
VLAD THE IMPALER
Enough! Join me, serve the Draculesti clan once again within the Castle walls, you and I will restore Wallachia to its former glory. Then I will help restore yours.

STEPHAN
Much has happened Sire. Glory is far from reach, the people need leadership. They can’t go through another war.

VLAD THE IMPALER
We shall lead them together as brothers of Wallachia, and prepare them for when war comes.

STEPHAN
(nods)

Vlad excited gets back on his horse and continues on to the castle.

DISSOLVE TO:

INT. THE THRONE ROOM - MOMENTS LATER

Vlad walks into the throne room, ornamental drapes hang destroyed and burned. He sees the chair that his father once sat on, broken and laying in decay. He begins to walk towards it. Stands and recalls.

From the corner of his eye he sees the Crown his father once wore in the corner of the room. He rushes towards it, picks it up and stares at it profoundly. He is a little shaken.

CUT TO:

Stephan walks in and sees Vlad. He stands there looking at him, then breaks the silence.

STEPHAN
You miss your father?

VLAD THE IMPALER
(shaken)
Yes Stephan. -- What happened here?
Stephan begins to tell him the story.

MONTAGE:

Death of Vlad Dracul, Micea. The installment of Vladistav and the battle of Wallachia.

    STEPHAN
    (VO of the montage)
    Your father fought with honor against his enemies, but it wasn’t enough, he was assassinated in the marshes near Balteni, and your brother Micea, was buried alive not far from these walls. It was believed that Hunyadi was in league with the Boyars when he installed Vladistav II as king.

CUT TO:

Some mercenaries and General DANIEL walk in.

    VLAD THE IMPALER
    The Danesti clan! Father never trusted them. (angry)
    Where are they now!

    STEPHAN
    It has been revealed that the Danesti clan was behind the assassination attempt of our uncle Bogdan, and are now in control of Northern Moldavia.

The General Slav enters the room with information.

    GENERAL SLAV
    News from the front My Lord.

    VLAD THE IMPALER
    What is it!

    GENERAL SLAV
    The Regent has won the Serbian territories from the Turks. But... (pauses) 

    VLAD THE IMPALER
    What!
Hunyadi has died.

How?

It is said the plague has taken him.

Vlad upset at the news screams out in rage and throws the crown he was holding across the room.

He turns to his generals and issues orders.

General set up court in the courtyard and along the hills of the castle. Stephan get the towns people assembled in front of the castle gates.

With every ordered barked out each person leaves after the order is given.

Daniel take our best men and hunt down the Danesti clan and bring then to me alive and send word to the Boyars to come for our Easter feast tomorrow.

What if they ask who calls upon them?

Tell them the King of Wallachia has returned and it is time to celebrate.

What if they...

They will come.
The General amazed at the final command smiles at that remark and then leaves.

CUT TO:

In the courtyard, the mercenaries and Daniel take off in different directions on their horses to go about their mission.

DISSOLVE TO:

EXT. TIRGOVASTRI CASTLE COURTYARD - (LATER)

Vlad walking though his camp around mid-day watching the courtyard coming alive. Live stock being gathered and slaughtered, fires are being stoked, the grand hall tables are being set up in the middle of the courtyard and in the corner a group of men are de barking a few trees oiling them down and cutting them to a point.

A runner arrives and whispers something in Vlad’s ear.

General Slav is walking towards Vlad with a slaughtered pig strapped across his back as Vlad stops him to speak with him.

    VLAD THE IMPALER
    General. Please prepare for some more of our distinguished guests.

    GENERAL SLAV
    (nods and laughs)
    Yes my lord!

The General heads off in a different direction and barks order to set up 3 more holding cells on the East lawn of the Castle.

Vlad continues along the path toward the front gates with his hands behind his back. He sees the town folk assembling in front of the gates.

Stephan is there directing them.

Vlad arrives to the gates, Stephan turns to him.

    STEPHAN
    Sire, the town’s people are assembled.

    VLAD THE IMPALER
    Good. Very good Stephan.
He looks around at the people and sees nothing but despair and fear in their faces, hungry and beaten, wearing tattered clothes and awaiting Vlad to speak.

TRACKING SHOT:

He beings to walk towards the people and stops at a young boy. He goes down to one knee and rubs off some dirt from the boy's face and is almost brought to tears.

VLAD THE IMPALER (CONT’D)
(with emotion)
Are you afraid?

YOUNG BOY
(nods yes)

VLAD THE IMPALER
Well boy, you will never be afraid again.

He stands and walk back towards the front gates and turns back to the crowd.

VLAD THE IMPALER (CONT’D)
My people! You have gone hungry for far to long! You have seen nothing but war! You have seen nothing but treachery and anguish from the holy royal Boyars that you so pleasantly served. What is it that I can do for you to ease your pain, your suffering, your loyalty and your love.

SOME TOWN FOLKS
FEED US!!! CLEAN WATER!!! STOP THE THIEVES!!!

VLAD THE IMPALER
Thieves!!! Who here steals from the poor hard working people of my land!

STEPHAN
Sir they is a holding cell to the west of the castle walls. Where a few men are being held prisoner and are awaiting judgment. A man this morning tried to make off with the towns supply of salt, That these people have been mining from the salt mines for the Boyars.
VLAD THE IMPALER
What! These people have been mining? They can barely stand let alone mine salt. And I guess the profits of the salt trade has gone to the Boyars.

STEPHAN
Yes my lord. Every drachma. The people have been dispossessed for the Boyars pleasure.

Angry and very upset he takes off his knights helmet and throws it across the castle walls and turns to Stephan.

VLAD THE IMPALER
(angry)
Lead the way to these criminals Stephan! General bring me a goat and a golden caldron! People of Wallachia follow me and I will show you what justice really is!

EXT. THE WEST WALL - SAME

They all walk towards the west wall where there is a well, but right across from there is a cell holding 2 men.

VLAD THE IMPALER
Release them!

Stephan opens the cells, 2 men come out.

VLAD THE IMPALER (CONT’D)
You men have been charged of a crime!

Walks up and down, looking at each man to see which one is the thief.

VLAD THE IMPALER (CONT’D)
(to the first man)
What is your crime?

PRISONER 1
(stands in attention)
I stole from the provinces Boyar and murdered one of his guards, Sire.

VLAD THE IMPALER
And what did you steal?
PRISONER 1
I stole a small pig --
(nearly cries)
So that I could feed my family. But
the guard stopped me and I had to
kill him.

VLAD THE IMPALER
(shakes his head)
Stealing from a Boyar is a crime.
But a crime which I would have let
pass for the Boyars have done
nothing to deserve your obedience
or loyalty. But murder is a
different matter.

PRISONER 1
Sire it was one of Vladstav's men.
They had done much worst when they
tortured and raped my wife and
daughter for not bringing the Royal
guards the monthly tribute.

VLAD THE IMPALER
(turns to Stephan)
These people had to pay tribute?

STEPHAN
Yes my Lord.

VLAD THE IMPALER
What I will do, is be fair. Because
I am a fair man. I will release you
on one condition.

PRISONER 1
Name it my Prince.

VLAD THE IMPALER
You are to get me a bucket of salt
from within the courtyard and
return it to me immediately.

The prisoner bows and runs to the courtyard to get the salt.

The crowd is in shock that he has released a man from such a
crime and begins to whisper at each other things.

They can't believe what they are witnessing a prince being
merciful.

Vlad then turns to the second man.
VLAD THE IMPALER (CONT’D)
(get very serious)
And then we have you.

PRISONER 2
(With a smile)
Yes my lord.

VLAD THE IMPALER
You are a scourge to be put down.

His mood changes dramatically.

PRISONER 2
But sire my crime was not as bad as his.

VLAD THE IMPALER
(gets into his face)
One man's crimes is to be able to feed his family, the other I forgive for the simple fact that he killed a member of the Boyars guard and avenge a wrong that was done to his family. But you, you stole from the people of my village for profit.

PRISONER 2
(sarcastic)
It was a bucket of salt.

The other prisoner comes running back with the salt Vlad requested.

The General knowing what is about to happen barks orders to a couple of towns men to grab the prisoner.

VLAD THE IMPALER
A bucket of salt is worth your weight in gold in Hungary. You are a thief and stealing from my people will not be tolerated!!!

A couple of towns men grab him and bring him to a waiting seat.

TRACKING SHOT:

Vlad begins to walk over to the well and takes off the wooden bucket that fetches the water down below and hook on the golden cauldron that the General has brought to him.
VLAD THE IMPALER (CONT’D)
(turn to his people)
I decreed from this day forward,
that any man, women or child may
drink from this well from this
golden cauldron. But if this
cauldron goes missing your fate
will be that of this man.

He walks over to the prisoner that is being held by 5 men on
a seat.

Stops by Stephan first.

STEPHAN
(concerned)
Sire, is this appropriate. The
children.

VLAD THE IMPALER
(with a clam demeanor)
In my lands Stephan, any and all is
appropriate and the children
especially must know that they are
now safe and that the law of this
land is absolute!

EXT. THE PRISONER TORTURE – SAME

Vlad arrives to the man and slips out his knife and begins,
graphically cutting the skin off the bottom of the mans feet.
He screams so loud that the children watching are terrified,
covering their ears. The people watching this display are
grossly intimidated and will not leave for fear of
repercussions.

Vlad looks over at the General with a smile on his face and
nods to bring the salt over. The General nods and pours the
salt in a pile in front of the prisoner that is in misery and
pain begging to stop. Crying and still being held by the town
folk, Vlad issues an order.

VLAD THE IMPALER
Stand this man on the pile of salt
that he wanted so badly.

The men holding the prisoner look at each other and almost
stop there actions.

Vlad halts there thoughts.
VLAD THE IMPALER (CONT’D)
(with and angry growl)
If you don't stand him up, your fates will be far worst.

They could not even imagine what he meant by that remark so they stand the prisoner up on the salt.

The screech that came out of the man startled the horses near by. The people could not believe that they are witnessing this massacre.

VLAD THE IMPALER (CONT’D)
(calmingly to the prisoner)
So did you have enough....

PRISONER 2
I beg you sire... please no more!!!

VLAD THE IMPALER
(laughs and sadistic)
No more pain! You have betrayed my people and you want forgiveness.
(looks at his people then turns back)
You will get your forgiveness, when this goat has had its fill.

The prisoner begin to scream to Vlad begging to forgive him and asking the people to help him.

But the people are terrified, shocked, motionless, in fear that Vlad may do that to them if someone spoke.

Vlad commanded the prisoner to be seated and the legs are lifted by the men holding him and turn in disgust at the site of the goat licking off the salt from the feet of the man’s open wounds. After a few seconds the man passes out from the excruciating pain.

TRACKING SHOT:

Vlad walks away emotionless and towards the crowd and continues his speech.

VLAD THE IMPALER (CONT’D)
(as though nothing happened)
My people! I will not tolerate any disobedience or disorder in my lands. It will be dealt with, severely.

(MORE)
VLAD THE IMPALER (CONT’D)
All I ask for is your loyalty, I live to serve you, and to protect you. My people of Tîrgovastri, I decree to you 10 mountains and 10 prairie field so you may start over and rebuild this great country of ours. And in celebration for the return to the old rule, I have prepare a great feast for all of us. Fear me not for I am your true lord and fear should be reserved for God and Christ.

The towns people rejoice at the great news from there new Prince and cheer and clap, as though what they have just witnessed did not happen.

Vlad holding his hands in the air as though preaching to a congregation.

VLAD THE IMPALER (CONT’D)
(speaking above the cheers)
People of Wallachia! People of Wallachia! The great Danesti clan, and our mighty Boyars will arrive tomorrow and justice will finally be restored. WALLACHIA IS FREE!

DISSOLVE TO:

There is a women walking towards them with buckets on a pole across her back.

A big hole being plowed out to build a moat that will protect the castle and in the background we see many farmers planting their fields.

We see Vlad yelping the oxen ahead next to the big hole already there, he is shirtless and sweating profusely.

After a moment a young woman walks towards Vlad with a bucket strapped to her shoulder with a ladle cup.

YOUNG WOMAN
(humble and sensual)
My Lord... water???

Vlad stops his oxen and turns and walks towards her. He is a little struck by her as she is a beautiful young long haired blond woman around early 20's rare blue green eyes.

She is still bowed to him as he walks up to her. He put his fingers under her chin and lifts her head and is blown away at her beauty.

VLAD THE IMPALER
You need never to bow to me...

He looks into her eyes and is reminded of his mother as they had the same eyes.

A couple of flash shots of Princess Cneajna.

Vlad's face distressed and at the point of tears.

VLAD THE IMPALER (CONT’D)
(shaken)
Never bow...

He drops to his knees.

The maiden panics and does not know what to do looks around her in a frantic motion and drops down to his side.
YOUNG WOMAN
(frighten)
My lord if my presence disturbs...
(interrupted)

VLAD THE IMPALER
(wipes his tears)
NO!!! Please do not leave!!! I do not want anyone to see me this way.

YOUNG WOMAN
(humbled again)
Yes of course my Lord...

VLAD THE IMPALER
Please. No need to be shy.

YOUNG WOMAN
(smiles and looks into his eyes)
But you my Lord are a Prince. I am not but a mere peasant girl.

VLAD THE IMPALER
And that will change.

They both smile as they are both on the ground.

He begins to drink from the ladle.

CUT TO:

At the camp fire the women look at them and begin to smile as thou they know that something is going on between them.

EXT. FIELD OUTSIDE OF TIRGOVASTRI

CUT TO:

Vlad is finishing his drink he looks at the young woman known as IVA and talks with her.

IVA
Would you like more water. My Lord...

VLAD THE IMPALER
(smiles and dribbles)
No!!! That was good.

He pauses for a moment and tries to figure out what to say to her, and then in a flash he thinks.
VLAD THE IMPALER (CONT’D)
(like he had an idea)
By the way what is your name.

IVA
My name is Iva... my Lord

VLAD THE IMPALER
(disturbed)
Please my dear call me Vlad.

IVA
But you are a....
(interrupted)

VLAD THE IMPALER
Enough! I may be a Prince. But I am still a man.

IVA
But a man to be feared.

VLAD THE IMPALER
Why do you say such things.

IVA
I was there with my family when you hurt that man.

VLAD THE IMPALER
That man hurt my people. I will never hurt you or my people as long as they do what I ask.

IVA
So we still must do your bidding.

VLAD THE IMPALER
I will always protect my people first. But they must make our country better. Stronger! If not our enemies will conquer us again and I do not want that to happen.

She stands up abruptly and is a little upset but trying to be humble at the same time.

IVA
And If not you will torture them too...

CUT TO:
The camp site women see the abrupt movement of Iva and is now a little fearful about what might transpire.

CUT TO:

Iva begins to walk away as Vlad stands and grabs her.

**VLAD THE IMPALER**

(distressed)

Iva wait. -- I will never torture the people nor will I torture an innocent man.

**IVA**

(smiles)

Good. That was my fear all along.

**VLAD THE IMPALER**

(smiles)

Will you dine with me tonight.

**IVA**

(as she responds she is interrupted)

Yes...

Both Vlad and Iva turn to the two Horseman approaching the fields, it is Slav and Stephan racing down the castle mount.

Vlad grabs the shirt of his oxen and turns to Iva.

**VLAD THE IMPALER**

Princely duty calls my dear... will I see you tonight?

As thou he was reconfirming the date.

**IVA**

Yes... tonight My Lord

(smiles)

**VLAD THE IMPALER**

(smiles back at her very smitten)

The General arrives at his position, as Iva walks towards the campfire.

**GENERAL SLAV**

(with authority)

My Lord. The first Boyars have arrived.

(MORE)
And Daniels Runner has arrived with news that Vladistav has been captured, but most of the Danesti Clan has fled.

VLAD THE IMPALER
Are all the preparation made.

STEPHAN
Yes they have, and all is ready.

VLAD THE IMPALER
When will Daniel be back with Vladistav.

GENERAL SLAV
The runner said he should be at Poenari in a few hours. Your Uncle and your Cousin are here too.

VLAD THE IMPALER
Good. Send all the workers home. Have the Guards ready the feast and I will retire to my tent to get ready.

STEPHAN
What should I tell the Boyars?

VLAD THE IMPALER
It's Easter. Tell them to enjoy themselves and that I will arrive soon.

Vlad walks towards his tent as the two begin to ride off, and he realizes something and turns. They both stop as Vlad says something.

VLAD THE IMPALER (CONT'D)
Stephan! Wait!

STEPHAN
Yes!

VLAD THE IMPALER
I need you to do something.

STEPHAN
Yes, My Lord.

VLAD THE IMPALER
I need you to find and take Iva.
STEPHAN
And go where?

VLAD THE IMPALER
Go to Poenari, and wait for me there, give her what she wishes.

STEPHAN
Yes sir, right away sir.

VLAD THE IMPALER
Speak to the Boyars first.

STEPHAN
I will see you in Poenari.

He nods and joins with Slav.

They both nod, they yelp the horse into motion back up the hill. Vlad looks up at the sky and takes a deep breath.

Opens his eyes and begins to walk towards a royal tent that was placed near the east wall of the castle.

FADE TO BLACK:

VLAD THE IMPALER
Very well I will join you shortly.

Slav leaves as Vlad looks at himself in the mirror.

Then Vlad steps out of the tent and looks up at the sky again and takes a deep breath.

VLAD THE IMPALER (CONT’D)
(eyes closed)
My Time is here. Give me strength to avenge you, Father.

Opens his eyes and begins to walk towards the castle courtyard.

EXT. THE COURTYARD FEAST

All the Boyars and their families all eating and boosting. They are talking about the political times and the way they are stealing from their people.

Stephan Bathory and Bogdan, Vlad’s uncle is there talking to each other trying to forget about the old fights they got into and then the General walks up behind them.

BOGDAN
Where’s Vlad?

GENERAL SLAV
He will be here soon enough, My Prince.

STEPHAN BATHORY
I fear there is something a miss.

BOGDAN
Your fears are always unwarranted Duke.

GENERAL SLAV
I think the Duke may be correct. Fear is what Vlad strives for and today is no different.

BASARAB (O.S.)

The three snap their heads behind them as Vlad arrives at the festivities with a jovial smile and ready to enjoy himself walks towards Basarab and grabs his drink and chugs it down.
But his face changes from jovial to serious very quickly as he looks towards General Slav and then to Basarab.

VLAD THE IMPALER
(sarcastic)
Duke Basarab of Brasov, are you enjoying thee festivities.

BASARAB
(laughing and joyful)
Yes my Prince.

VLAD THE IMPALER
I have a question for my honored guests.

Everyone slows to listens.

GENERAL SLAV
(amazed and whispers)
He didn’t even wait till sundown.

Stephan and Bogdan though they heard something from Slav, but dismiss it.

BASARAB
Yes, my Prince.

VLAD THE IMPALER
Who here remembers how many princes have ruled Wallachia since you have been alive?

Many answers out loud with numbers like: 20, 15, 7 and then to Basarab.

BASARAB
I have seen 13 in my life time,
(Wanting to change subject)
Come and drink with us.

VLAD THE IMPALER
How do you explain the fact that we have had so many rulers in our land?

Everyone looks at each other thinking for the answer.
VLAD THE IMPALER (CONT’D)
That is the reason why the guilt is entirely within your royal hands with your shameful acts of loyalty.

Basarab is a bit upset.

BASARAB
What is the point to these questions.

VLAD THE IMPALER
(serious and wide eyed)
Did my father see you coming, Duke!!!

Basarab stops cold and gets serious and almost chokes on his drink.

CUT TO:

The three friends of Vlad look at each other in shock.

STEPHAN BATHORY
I told you something was wrong here.

Bogdan began to nod in agreement.

CUT TO:

BASARAB
(serious)
Why do you...
(interrupted)

VLAD THE IMPALER
Now, Now, Duke we all know here you betrayed my father to the Danesti clan for personal gain and...
(interrupted)

BASARAB
(serious and loud)
You are surly mistaken Prince Vlad!!
VLAD THE IMPALER

(laughs)
Did you really convince yourself
into believing that, are you trying
to beg for your life.

BASARAB
Are you threatening me!

VLAD THE IMPALER
(walks to him)
Did my father beg for his life when
you killed him or did one of your
men do it.

Everyone looks to Basarab as he knows he’s exposed.

VLAD THE IMPALER (CONT’D)
You didn’t even have guts to do it
yourself...

Vlad looks towards Rogdan.

VLAD THE IMPALER (CONT’D)
(turns in fierce anger
towards Rogdan)
No! I fear it was someone else here
that helped you. -- Is that how you
got your title, Baron? All you had
to do was kill the King?

ROGDAN
(very upset)
Why are you accusing us of this?
Did did you dream this up all by
your self.

BASARAB
(angry)
You are out of your....
(interrupted)

VLAD THE IMPALER
(slaps him down and speaks
in a sadistic whisper)
SILENCE!!! You are going to die for
your treason My dear Duke.
General NOW!!!
Soldiers come running in and take the court yard prisoner. General Slav walks over and takes Rogdan and Basarab and walks them to a big, black boiling cauldron in the middle of the court yard.

Bogdan and Bathory walk towards Vlad.

**BOGDAN**
Vlad my boy. -- Are you sure this is the course you want to take?

**VLAD THE IMPALER**
This is vengeance uncle. This is the only course. The people must know that they have deceived them long enough, And that I mean to rule with an evened hand.

**STEPHAN BATHORY**
Yes we know that but public humiliation is another thing entirely, we are better than that.

**VLAD THE IMPALER**
Humiliation?? That is to good of a punishment for these traitors, death is what awaits them and a painful one at that.

Bathory and Bogdan look at each other in fear to what is about to happen.

CUT TO:

Basarab is dragged to the middle of the court yard where the cauldron is boiling, screaming that he is being judge inappropriately.

The General gets him there with Rogdan and are thrown to the ground. Vlad walks slowly to the middle of the courtyard while Bogdan and Bathory stay behind by the gates as to stop anyone from leaving.

**VLAD THE IMPALER (CONT’D)**
(addressing the crowd)
For betraying the people and the King of Wallachia, I here by sentence you -- to pain!

Vlad grabs Basarab with some help from the General and gets him close to the cauldron.

Basarab begging for his life is in tears for what is going to happen.
BASARAB
Please sire! Please you are mistaken! Please spare me, My Lord.

VLAD THE IMPALER
Our lord Christ may forgive you, but you will never have my mercy.

He grabs him by the head and shoves him into the boiling cauldron.

Vlad face is in a pleasurable pain, he is getting seared by the hot water and then releases him.

Basarab pulls out instantly and we see a boiled, blistered, wounded face as he falls to the ground in agony.

The General walks to Vlad and gives him a rag to cover his wounds.

VLAD THE IMPALER (CONT’D)
(to Basarab)
Now I will have a wound to remember this day of vengeance!

BASARAB
(in agony)
My Prince please spare me...

VLAD THE IMPALER
(burst in sadistic laugh)
Spare me... I have only just begun...

CUT TO:

Soldiers begin to bring in long wooden stakes into the compound.

VLAD THE IMPALER (CONT’D)
Do you see those wooden stakes.

Rogdan and Basarab are looking at the unfolding seen where the soldiers are grabbing the old and the pre-determined people Vlad had chosen.

Some soldiers are escorting about 10 horses into the courtyard.

Stephan Bathory and Bogdan are witnessing this but are now in fear to speak up.
VLAD THE IMPALER (CONT’D)

(sadistic tone, pointing and nearly kneeling)
Those stakes will be your funeral pyre, those horses over there will drag you worthless body as it moves from within your bowels till it comes out of your mouth. You will live out your last days in agony! You will sit upon it in continuous torment, waiting for death to come, - wishing it to come, - but it will elude you, and in the end, just when you thought you saw a glimmer of light, and death is knocking at your door, the vulture’s, and scavengers will come and begin to eat your flesh, and only then you will realize that you still may linger for another day.

During that rendition of pain to Basarab, The horses are being tied to the legs of a man as they pull the body through the stake.

Young men, women and children being stripped to there underclothing.

They are being lined up and getting ready to march.

BOGDAN
(concerned)
Where are these people going?

VLAD THE IMPALER
They will be sent to Poenari Castle and rebuild what was once lost, Uncle. My fathers legacy will be restored.

STEPHAN BATHORY
Walk nearly naked to Poenari. Some may not make the trip.

VLAD THE IMPALER
Good. Then my revenge on the Boyars will be complete.

EXT. THE MARCH TO POENARI - DAY

About 60 people are walking in the forest towards Poenari. Vlad and his Generals are on horseback mushing them to the castle up ahead.
General Daniel greets them and welcomes everyone to the castle.

GENERAL DANIEL

(turns to the musicians)

STEPHAN BATHORY
(concerned)

STEPHAN BATHORY
(concerned)
Are we to expect a 2nd Easter feast here Prince.

BOGDAN
Yes. Vlad I can not go through this again.

VLAD THE IMPALER
(still shaking hands and greeting people)
Not quite my old friends... But there is a surprise coming.

STEPHAN BATHORY
(more concerned)
Surprise!

VLAD THE IMPALER
(turns to)
No need to be concerned it will be short.

STEPHAN BATHORY
(laughs back but still concerned)

As the three walk towards the center they both get a mug of the days drink and chugs one down.

A moment later a rumbling of horses comes in from the west gate and its Daniel with the 4 of the Danesti clan members including Vladistav II.

GENERAL DANIEL
Sire, I present the would be King Vladistav of the Danesti clan and his minions.
VLAD THE IMPALER
(humorous and curtsy)
So our great King Vladistav welcome
to my humble castle, the one you so
turned to rubble and to my humble
country you so tried to rule.

VLADISTAV II
(angered)
You don't scare me. Humiliate me
all you will but one day I will
have my vengeance.

The crowd grows fearful of the consequence of being here now
as the princes guards blocks all the exits.

VLAD THE IMPALER
(gets serious)
Vengeance ... Do you really not
understand why you are here.

VLADISTAV II
(pompous and obnoxious)
Please you will not hold the thrown
for long my dear Prince the
Danesti's are above all this
theatrics.

Vlad looks over a Stephan Bathory and Bogdan as Stephan
lowers his head as thou he knows what is about to happen.

Vlad bursts out in laughter.

VLAD THE IMPALER
(puts his hand on his
sword)
The Danesti's are above all this...
(with one swing
decapitates Vladistav, as
his head hits the ground)
Now you will know how it feels to
be beneath all this.

A silence through out the courtyard.

VLAD THE IMPALER (CONT’D)
(load voice)
I will not tolerate disobedience
from anyone no matter your status
in this world. Stephan!

STEPHAN
Yes my Lord.
VLAD THE IMPALER
Take these insolent bastard to the dungeons to live out their lives.

STEPHAN
Right away...

VLAD THE IMPALER
(joyous again)
Please. My Guests this is Easter. Please enjoy the rest of these festivities uninterrupted.

Vlad points to the musician as they begin to play again and the people and loyal Boyars slowly begin to go back to normal.

Vlad walks back towards Bathory and Bogdan. As Vlad get to him he stands next to him as people are still trying to say hello to him.

VLAD THE IMPALER (CONT’D)
(whispers to Bathory)
See nothing to be worried about.

STEPHAN BATHORY
(starts to laugh)
I say that was rather warmhearted.

BOGDAN
(nearly laughing)

The taxation of the salt export, Sire. That was not part of the agreement with the Sultan.

VLAD THE IMPALER
(smiles at him)
Well. I am changing that agreement.

GENERAL DANIEL
My Prince, If you do this, it will bring the Turk’s against us.

VLAD THE IMPALER
No it won't. The Sultan is dead. Mehmed is weak and knows that our agreement was foolish. It is time to change that.
