FADE IN:

EXT.NEPAL MOUNTAIN RANGE-DAY

It's a clear and cloudless sky at the summit of a snow capped mountain over looking the smaller peaks of the mountain range. Hikers DAVID SOUTHGATE 37 and OLIVER COOK 35 'High Five' each other and turn to take in the view.

DAVID SOUTHGATE

What did I tell ya?

OLIVER COOK

Yeah, you're right. It was well worth the 2 days hike and a mild case of frost bite in my toes.

DAVID SOUTHGATE

Just don't know what it is about this place that keeps me coming back. I just get such a sense of belonging here.

OLIVER COOK

Belonging? It's certainly impressive but I think I belong on a sunny beach with some pretty girls and drinking ice cold cocktails.

Suddenly there's a small earth tremor. Oliver feels the snow collapsing beneath his feet and he jumps to one side and grabs a hold of a large rock.

OLIVER COOK

What the hell.

David stands rooted to the spot as more snow in front of him collapses inward exposing a passageway leading down into the mountain.

DAVID SOUTHGATE

Jesus Christ!

Silence as the men take stock of what has just happened. Oliver shimmies off the rock and stands next to David.

OLIVER COOK

Christ. I almost ended up down there. What the hell is it?

(CONTINUED)

The sun is in perfect alignment allowing the explorers to look directly down the passageway without any shadows being cast.

DAVID SOUTHGATE

The start of an adventure. Lets go.

OLIVER COOK

I'm not to sure about this. I was quite liking the view from out here.

Oliver follows David down the stairway that has been carved into the mountain rock. As they reach the bottom of the stairway they are suddenly standing at the entrance to a huge opening. It's dark. They can't make anything out.

OLIVER COOK

What the hell is this place?

DAVID SOUTHGATE

I don't know. Let me grab my torch.

David reaches into his bag and produces a battery powered torch. He shines it into the vast opening. The opening is so big and dark that the torch barely illuminates anything. David leads the way inside.

DAVID SOUTHGATE

You OK?

OLIVER COOK

Not really. I'm spooked man.

David shines his torch onto the walls. There are painted images on the walls. Images of the Earth, the Sun, the Moon, raging seas, erupting volcanoes and mystical human like images.

DAVID SOUTHGATE

Look at these paintings. The richness of color and detail. It looks like they were only painted yesterday.

Oliver now losing his fear moves closer to the painting and runs his index finger over the surface of the paintings.

OLIVER COOK

Yeah but dry to the touch. I wonder how long they have been here.

David walks along the length of the painting looking in closer detail also running his finger over the cave wall.

(CONTINUED)

DAVID SOUTHGATE

I have no idea but we will need to take some samples and get them dated when we return home.

Oliver reaches into his satchel from which he produces a small hammer and chisel. He begins to chisel out a sample of the rock.

OLIVER COOK

The rock. Its not only painted on the surface but appears as if it stains right through it!

DAVID SOUTHGATE

Chip away a bit more and see how deep it actually penetrates.

Oliver continues to chisel at the rock.

OLIVER COOK

It makes no difference how deep i go the color only gets deeper and richer.

DAVID SOUTHGATE

What type of paint could penetrate that deeply into the rock?

OLIVER COOK

I have no idea. Even more curiously what sort of ancient civilization could possess such knowledge.

Oliver stops chiseling and puts his tools back into his satchel. David collects the chiseled fragments of rock and wraps them in a cloth which he places in his backpack.

DAVID SOUTHGATE

Get out the camera and lets get some pictures

Both men move back from the cave wall where they can get a more panoramic view of the images. Oliver gets out his camera and starts taking some photos.

OLIVER COOK

This could be the discovery of a lifetime, like the pyramids or the Inca's. Hell old man we might even get our face on the cover of Adventurers Weekly. Ha ha.

(CONTINUED)

The natural light in the cave starts to fade as if a shadow is being cast over it. Both men look at each other.

DAVID SOUTHGATE  
What the Hell!

Both men rush towards the last piece of light at the foot of the stairs. Oliver falls over. Snap. He breaks his leg.

OLIVER COOK  
Ahhhh. My Leg. I think it's broken.

David helps Oliver to his one good leg and supports him up the rest of the stairs till they are back on the surface. They look across the mountain range. The moon has just maneuvered it's self in front of the Sun providing the men with a view of a full solar eclipse.

INT.AL GORES OFFICE-NIGHT

Vice President and presidential candidate of USA AL GORE, his wife TIPPER GORE and his campaign manager TONY COELHO along with some campaign supporters dressed in suits stand around the TV screen watching the polling results coming through.

NEWS READER CNN (VO)  
And by our calculations that will make Vice President Al Gore the next president of the USA.

TONY COELHO  
Congratulations Al. Looks like we can drop the Vice and just start calling you Mr President.

AL GORE  
Well thanks Tony, you've done a great job. Lets not jump the gun so don't you go calling me that until after inauguration day.

TONY COELHO  
Yes sir. What ever you say Mr President.

TIPPER GORE  
Congratulations honey. I guess that makes me the First Lady in waiting.

They all laugh. Al suddenly becomes serious again and very focused.

(CONTINUED)

AL GORE

This is my opportunity to make a real difference. It's what I've been waiting for. Now i can really show people see what Ive been seeing for the last 25 years. Were going to stop destroying this planet once and for all, and that destruction stops tonight.

TONY COELHO

Well not till inauguration day Mr Vice President.

They all laugh.

INT.BUSH RANCH TEXAS-NIGHT

Governor of Texas and presidential candidate GEORGE W BUSH, his wife BARBARA BUSH, his campaign manager JOE ALLBAUGH along with some supporters stand around the TV watching the results polling results coming through.

JOE ALLBAUGH

Its not over yet George. That's only from their exit polls. It's way to close to call. Christ some of the polling booths haven't even closed. People are still voting.

GEORGE W BUSH

Damn it Joe, I know that. It's just not looking that good. If the major TV news stations are calling it...

JOE ALLBAUGH

Lets just hang in there. It ain't over till it's over.

One of the group turns over to another station.

NEWS READER CNN

(VO)

Wait this is just coming through...our original call of Florida going to Gore looks a little premature.

JOE ALLBAUGH

What I tell you. This ain't over. Not by a long shot.

## INT.AL GORES OFFICE-NIGHT

The men now stand around the TV with shirts loosened at the neck and no ties.

TONY COELHO

This is madness. I've never seen any major network call a result and then take it back.

AL GORE

Way to close to call now. It's going to be a long night.

TONY COELHO

Yeah, we might have to put those plans of yours for a leaner greener world on hold for a while.

The men stayed glued to the screen. Al shakes his head in disbelief expectantly resigned to what he was going to hear next.

NEWS READER CNN

(VO)

Yet another dramatic turn of events folks. We are now going to call Florida to Republicans making Bush the next president of the USA.

Tipper Gore gives her husband a hug.

TIPPER GORE

Lets hang in there baby.

## INT.BUSH RANCH TEXAS-NIGHT

The group of men are now quite happy and upbeat.

JOE ALLBAUGH

What I tell ya George. Were coming right back into this. Christ they are even calling it for you now.

GEORGE W BUSH

Times like these i could use a drink!

LAURA BUSH

Now George, lets not hear any of that nonsense. Its been 15 years since your last drop and that's the way its going to stay.

(CONTINUED)

GEORGE W BUSH  
Yeah i know honey.

JOE ALLBAUGH  
Well that's not going to stop me.  
Where do you keep the hard liquor.

INT.OBAMA HOUSE CHICAGO-NIGHT

Barack OBAMA an African American Senator from Chicago is watching the polling results come through on the TV.

NEWS READER CNN  
(VO)  
Yet another swing folks. This is just so close i feel we are going to have a recount of all the votes.

BARACK OBAMA  
(shouting)  
Hey Honey. Come here.

MICHELLE OBAMA, Barack's wife enters the room nursing her daughter MALIA. She puts her finger up to her puckered lips.

MICHELLE OBAMA  
(quietly)  
Shh. Will you keep your voice down. I'm trying to get Malia off to sleep.

BARACK OBAMA  
I'm sorry baby. Florida's now to close to call and there's going to be a recount.

MICHELLE OBAMA  
Really. What did i tell you. Gore could never win Florida, the Bush's own Florida. How could Bush possibility lose that state when his own brother is the Governor.

BARACK OBAMA  
What a farce. We are supposedly the most advanced country on Earth that others aspire to and we can't even conduct a simple vote to choose a president.

Michelle still nursing her baby to sleep turns smiles at her husband and turns back towards the bedroom.

(CONTINUED)

MICHELLE OBAMA

Well honey, that's nothing you need  
ever worry about.

Barack too smiles back at her.

BARACK OBAMA

Oh really! And just what you  
saying? Lil ole me couldn't  
organize an election or Lil ole me  
has no chance of becoming  
president?

MICHELLE OBAMA

Did i say you didn't stand a chance  
of becoming president?

BARACK OBAMA

Well, no you didn't. But you may  
have implied it. Seems to me  
you are starting to sound like a  
politician.

MICHELLE OBAMA

Yeah, well seems to me that maybe  
Ive been hanging around you too  
long and its been rubbing off on  
me!

EXT. WASHINGTON MONUMENT-DAY

George Bush gets sworn in with Al in background.

GEORGE W BUSH

I George Walker Bush do solemnly  
swear to execute the office of the  
President of the United States.

INT. FBI FORENSICS LAB-DAY

Oliver on crutches and David stand next to CRAIG MONTGOMERY  
54 Geologist who is wearing a white lab jacket looking into  
a microscope.

An array of photographs are getting studied under a micro  
scope. One slide to the next. All they show is a plain rock  
wall.

OLIVER COOK

Nothing at all?

(CONTINUED)

CRAIG MONTGOMERY

Sorry Oliver. No images what so ever.

OLIVER COOK

Impossible. There has to be something. I took them myself.

Craig moves away from the micro scope and gestures for Oliver to have a look.

CRAIG MONTGOMERY

Well have a look for yourself. It only shows the bare rock of the wall.

Oliver moves over and looks into the microscope. He shakes his head. AMANDA WRIGHT 28 also wearing a white lab jacket.

AMANDA WRIGHT

We've even digitally enhanced and used the latest in color calibration software, and still nothing.

David picks up the rock samples and tosses one into the air.

DAVID SOUTHGATE

And what can you tell us about these?

AMANDA WRIGHT

More bad news I'm afraid. Those samples are quite unusual. Were still trying to identify the type of rock. It appears to be a compilation of various types of rock.

David Shakes his head in disbelief.

DAVID SOUTHGATE

And the type of paint used?

CRAIG MONTGOMERY

That's another thing. There wasn't a trace of any paint or pigment of any kind. Are you guys sure about what you saw? You know, no paint on the rocks and no paintings in the photo's.

David and Oliver glance at each other.

DAVID SOUTHGATE

We know what we saw. We can't have both imagined it.

OLIVER COOK

Yeah, I'm starting to have some doubt.

CRAIG MONTGOMERY

Why's that?

OLIVER COOK

Because once we had finished watching the eclipse, we turned around and the passageway was gone!

DAVID SOUTHGATE

Yeah, just like vanished. It must have filled over with snow again.

Craig looks at both men skeptically.

INT.GORE LOUNGE ROOM-EARLY MORNING

Al is in his lounge room standing in front of a large full length mirror putting on his tie.

AL GORE

(calling out)

Christ I got the carbon tax passed in 92 when i was still in the US Senate. The then President, Bush senior, called me The Ozone Man.

Tipper is in another room

TIPPER GORE

(voice over)

I know Al.

AL GORE

Ive even wrote a book, given hundreds of slide shows. I was really starting to get the message out there.

Tipper walks into the lounge room

TIPPER GORE

And you still are.

(CONTINUED)

AL GORE

And if i were President i would have really sunk my teeth into the Kyoto treaty and started putting something back into the planet.

Tipper walks over to her husband and holds his hand.

TIPPER GORE

I know. So, where to now Al?

Al takes Tippers other hand and looks into her eyes.

AL GORE

I believe i was put on this planet for a reason Tip. And if it wasn't to be president then maybe this is my calling.

TIPPER GORE

So you are carrying on with the awareness campaign and Kyoto.

AL GORE

You Betcha. I'm actually catching up with our new president tomorrow to see if he will ramp up commitments on his pledge on the Kyoto treaty.

TIPPER GORE

Well good luck with that. I think your going to need it with him.

AL GORE

We'll see. I can be very persuasive when I want to be.

TIPPER GORE

Yeah I know. Your persuasive charms worked well on me.

Tipper playfully kisses Al on the cheek.

INT.OVAL OFFICE LOBBY-DAY

Al Gore confidently enters the Oval Office Waiting Area. A place he's very familiar with.

WHITE HOUSE SECRETARY

I'm sorry Mr Gore, his meeting with the Chinese president is running a little late. Do you mind waiting.

(CONTINUED)

AL GORE

Sure, i know what the Chinese are like when they get into things. One hour suddenly becomes two, then three then four.

Al walks over to AGENT CANE, a secret service agent standing guard at a lobby window.

AL GORE

Agent Cane. How are you.

AGENT CANE

Well. And you sir.

AL GORE

Great. They kept you on as Chief of protection.

AGENT CANE

Yes Sir. Just like my Daddy and his before him. It Kinna runs in the family.

AL GORE

I'm not surprised, you do a great job. Any president would feel safe with you around. I know I did when i was Vice President and would have continued to do so if i won the election.

AGENT CANE

Why, thank you Sir.

Al nods towards CHINESE AGENT LEE and CHINESE AGENT SONG posted outside the office doors.

AL GORE

I wonder if they have been following in their fathers foot steps.

AGENT CANE

By the size of them guys, they must have been big shoes.

Al Laughs. Agent Lee give a sharp glance back at them and then returns his gaze to a forward position.

AL GORE

Y eh, that they would.

(CONTINUED)

President HU JINTAO of China walks out of the oval office with an aide and is followed by his body guards. Al nods farewell to Agent Cane and moves towards Hu Jintao. They both stop give a little Chinese bow and then shake hands.

HU JINTAO  
Hello Mr Gore. Good to see you again.

AL GORE  
And you too Mr President.

HU JINTAO  
Sorry about the election result. It was a very close run thing.

AL GORE  
Thank you. Are you enjoying your trip to Washington?

HU JINTAO  
Yes. But as always i never allow enough time and again i am running late for my next appointment.

AL GORE  
Well in that case i wont keep you. I'm over in China next month and was hoping to spend some time with you to discuss environmental issues and Kyoto.

HU JINTAO  
Yes, Al. Sounds like a good idea. Why don't you organize it with my secretary. Goodbye.

AL GORE  
OK, I will do that. Goodbye Mr President.

The Chinese do a little bow and continue on their way. Agent Cane catches Chinese Agent Lee's intense eyes as he moves towards the lobby doors. Agent Cane intensifies his stare back at Lee as the Chinese delegation exit.

HU JINTAO  
(in Chinese with subtitles)  
I think he may have a few problems getting in touch with my secretary. She doesn't speak very good English. Aha.

HU JINTAO AIDE 1  
(in Chinese with subtitles)  
Yes, that could be a problem for  
him Mr President.

Al makes his way to the oval office.

INT.OVAL OFFICE-DAY

GEORGE W BUSH  
Hey Al. Good to see you.

AL GORE  
You to Sir.

GEORGE W BUSH  
Now what can i do for you.

AL GORE  
We've got a great new idea on  
reducing pollution by offsetting  
our carbon foot print. In short, we  
put back into the environment what  
we take out of it.

GEORGE W BUSH  
Well i....

AL GORE  
I want to see if we, the USA can up  
the ante with our Kyoto  
commitments. Show the rest of the  
World and lead by example that we  
are serious about reducing our  
green house gasses.

GEORGE W BUSH  
Look Al, we still cant be sure  
whether the climate crisis is man  
made or just natural fluctuations  
in temperature. We still need more  
proof.

AL GORE  
Oh come on George that's nonsense  
and you know it. Ive been working  
on this for the last 20 years and a  
blind man can see its man made.

GEORGE W BUSH  
Well Al, not everyone shares your  
opinion.

(CONTINUED)

AL GORE

You being one of them.

GEORGE W BUSH

That's right and best you hear it here first. We're pulling out of negotiations and will not be ratifying our commitments on the Kyoto protocol.

AL GORE

Your What? But Why? It was part of your campaign pledge to get...

GEORGE W BUSH

Well now its not, things change. Is there anything else? If not, I'm busy.

AL GORE

No. Nothing else. But your right about one thing. Things change and when they do, they change quickly.

Al storms out of the oval office.

INT.OBAMA CHICAGO OFFICE-EARLY MORNING

Barack Obama is sitting in his chair with his feet up on the desk with David Plouffe.

BARACK OBAMA

The whole thing was just a disaster.

DAVID PLOUFFE

Absolutely. From start to finish. I still can't get my head around the fact that he actually lost it.

BARACK OBAMA

To have the popular vote of the people and still lose out, that's gotta be tough.

DAVID PLOUFFE

I must say Al was very gracious at the swearing in but he must have been..

There's a scream from the lobby area. Both men jump from their seats and run out the door to investigate.

INT.CHICAGO OFFICE LOBBY-EARLY MORNING

BARACK OBAMA

Whats going on. What's all the yelling about.

BARACK OBAMA SECRETARY

Oh my god! Oh my god. There's another plane gone into the second tower.

BARACK OBAMA

What are you talking about.

The secretary points at the TV screen.

BARACK OBAMA SECRETARY

I was going to tell you when the first plane hit but you told me you wanted to be left alone.

The men watch the news report on the TV.

DAVID PLOUFFE

Two planes into the world trade center. This is bullshit. We've got to be under a terrorist attack.

BARACK OBAMA

No shit. Get a call through to the mayor and tell him to evacuate the Sears Tower if he hasn't already done so.

DAVID PLOUFFE

You think that might be a target too?

BARACK OBAMA

Why not? It's the tallest building in America and something tells me there may be more than 2 planes heading our way.

DAVID PLOUFFE

Right away senator

INT.AIRFORCE1-EARLY MORNING

George Bush rushes up the stairs of Air Force 1 and enters the front door.

GEORGE W BUSH  
OK Tillman, let's get this bird in  
the air.

MARK TILLMAN, Air force Pilot is sitting at the controls of the plane

MARK TILLMAN  
Yes Sir Mr President. Get strapped  
in, were rolling.

Tillman keys his microphone and speaks.

MARK TILLMAN  
Tower this is Air force 1  
requesting and demanding immediate  
runway clearance.

The mobile entry stairs to Air Force 1 get pushed away from the doors as the plane starts to roll down the runway.

George Bush enters the conference room full of advisers.

GEORGE W BUSH  
Christ. Two planes into the WTC.  
What are we going to do? Wheres the  
Vice President?

BUSH AIDE 1  
He's safe sir. He's been taken to  
the White House Bunker along with  
your family.

GEORGE W BUSH  
What about the Secretary of  
Defense?

The plane picks up speed as the men buckle up their seat belts.

BUSH AIDE 1  
He was scheduled for a meeting at  
the Pentagon this morning sir.

GEORGE W BUSH  
Good. Get him on the phone. The  
cowardly bastards might attack  
civilian buildings but wouldn't  
have the balls to hit DC.

(CONTINUED)

There's a knock at the door and another aide rushes in.

BUSH AIDE 2

Sir. The pentagons on fire. Another planes hit it and there are reports of more planes possibility hijacked and heading towards DC.

The plane starts its steep take off. Bush Aide 2 gets thrown to the back of the conference room wall.

GEORGE W BUSH

What the Hell. This is turning into another Pearl Harbor. By the end of this day we will be at war with someone and I don't give a fuck who it's with.

INT.BARKSDALE AIR FORCE BASE-AFTERNOON

Air force 1 lands at Barksdale military Air Base. Joe Allbaugh hands Bush a sheet of paper.

JOE ALLBAUGH

It's blunt and straight to the point sir. We need to get you to address the people ASAP.

GEORGE W BUSH

Your damned right about that Joe. Are we ready to go live on air.

Joe looks towards a couple of TV directors who are in the process of hastily erecting a curtain with the presidential seal in front of it. The director lifts 1 finger and mouths a word.

JOE ALLBAUGH

One minute Sir.

George stands in front of a camera and delivers his speech live on the air to the American people.

GEORGE W BUSH

Freedom itself was attacked this morning by a faceless coward, and freedom will be defended.

Make no mistake, the United States will hunt down and punish the people responsible for these cowardly acts.

INT.AL GORES OFFICE-AFTERNOON

Al and aides watch Bush live broad cast.

GEORGE W BUSH (VO)

Our military at home and around the world is on high alert status and we have taken the necessarily security precautions to continue the functions of your government.

The resolve of our great nation is being tested and make no mistake, we will show the world that we will pass this test.

God Bless America.

AL GORE

This will truly test the presidents strength and resolve.

TONY COELHO

Do you think he's capable of handling something like this?

AL GORE

Honestly, I don't. I just hope for once that I have misjudged the man.

EXT.NEPAL MOUNTAIN RANGE-DAY

Oliver and David are on a grassy mountain peak following a GPS device. They stop walking with puzzled looks on their faces turn to each other

DAVID SOUTHGATE

It should be right here.

OLIVER COOK

It's hard to tell now the snow has melted.

Oliver starts kicking bushes away from the rocky face.

DAVID SOUTHGATE

We must be mistaken. How accurate is that.

OLIVER COOK

Its good to 5 feet, we are defiantly in the right spot.

(CONTINUED)

DAVID SOUTHGATE

Yeah, i recognize the view across  
the valley when we saw the eclipse.

Oliver jumps up onto a familiar looking rock.

OLIVER COOK

This is defiantly the right spot.  
I'd recognize this rock anywhere.

DAVID SOUTHGATE

I can't understand it.

David reaches into his bag and brings out some hand held  
monitoring devices.

DAVID SOUTHGATE

If there is anything beneath here  
then these will defiantly pick it  
up.

David turns on the devices. Beep. Beep. Beep.

INT.AL GORES OFFICE-LATE EVENING

Al Gore Christmas Party for his Global Warming staff. 19th  
Dec 2004. (7 days before tsunami)

AL GORE

It's been useless trying to get any  
of his time now. Hes caught up  
fighting two wars on terror and  
trying to restore chaos. I'm not  
going to waste my time with him.

TONY COELHO

What a mess he's got us into. There  
would be none of this shit if it  
was your call Al.

AL GORE

Come on Tony, stop digging that up.  
It's taken me a while to get over  
it, i think its about time you did  
too. Remember it was my  
presidency...not yours.

The two me laugh.

TONY COELHO

Yeah, you're right i should loosen  
up a bit. Besides, with your

starting to turn heads and make a  
real difference.

AL GORE  
Yeah, I'm trying to get a meeting  
with China soon to see what they  
can do to reduce their carbon foot  
print but they don't appear to keen  
on making time for me.

Weather Man SHEPARD STEVENS puts down a drink on the tray  
and picks up another. He walks up to the two men, shakes  
their hands.

SHEPARD STEVENS  
Merry Christmas Fellas, you sure  
know how to put on a good party Al.

AL GORE  
Hey Shep, how are you? The staff  
have worked long and hard over the  
last few months, its the least I  
could do. Hows things down at the  
weather station.

SHEPARD STEVENS  
Same old tornado, hurricanes and  
storms. I'm starting to understand  
why my wife calls me boring.

AL GORE  
Boring? Not at all. It's a high  
pressure job you are in.

SHEPARD STEVENS  
Ha Ha. Yeah, high pressure one day  
and low pressure the next. Are you  
sure you don't want to become a  
comedian Al?

A smiling Shepard Stevens looks up to the large glass  
chandelier and nods his head in its direction.

SHEPARD STEVENS  
You sure you need to be burning  
that many lights up there.

AL GORE  
Don't you worry about that Shep. We  
are working on a new type of solar  
panel. Let me explain it to you.

(CONTINUED)

The men walk towards the balcony as the bustling party carries on around them. They pass Tipper who is talking with their local clergyman FATHER O'MALLY. Al stops for a second.

AL GORE

Good evening Father O'Mally. Good to see you could make it.

FATHER O'MALLY

I wouldn't dream of missing one of your parties Al. I haven't seen you in church for a while. I hope this lovely wife of yours is looking after you.

AL GORE

She sure is Father.

TIPPER GORE

Well I don't need to remind you what there is behind every good man.

FATHER O'MALLY

That you don't Mrs Gore, that you don't.

AL GORE

Ha, she's the best.

Al kisses Tipper on the cheek and picks up another glass of champagne. He and Shep move out onto the balcony.

INT.GORE LOUNGE ROOM-MID MORNING

Slouched on the couch with a half empty beer on the floor AL GORE 53 snaps to conciseness from his drunken stupor. He sits up and inquisitively looks around the room.

AL GORE

Tipper....is that you sweetheart.

He gets up of the couch and accidentally kicks over the beer bottle spilling beer onto the carpet. He looks down shaking his head and lets of a big sigh. He bends over and picks up the beer bottle and moves towards the kitchen.

AL GORE

Is that you Honey, i wasn't expecting you back till later on tonight. Tipper....

ELEMENT WATER

(VO)

Albert Arnold Gore who hails from  
the Aries constellation?

Al catches a glimpse of someone in the full length mirror. He swings around to face the direction he has just come from. A look of shock and bewilderment shoots across his face. A glowing transparent figure of a person dressed in a long flowing white gown beckons him.

AL GORE

What are you? What do you want?

ELEMENT WATER

You are the being Albert Arnold  
Gore, You hail from the Aries  
constellation and have inhabited  
this Earth for 51 revolutions of  
the sun.

Again Element Water beckons him to come closer but Al Gore is rooted to the spot. Element Water moves towards him in a forward floating motion.

AL GORE

Yes, I'm Albert Gore. What are you  
and how did you get in here?

ELEMENT WATER

I am a friend to the planet Earth.  
Your species has evolved to  
dominate this planet and with that  
domination you bring destruction.  
This destruction is unsustainable  
and will no longer be tolerated.

Element Water is now close enough to Al Gore that she could touch him. Frightened and still afraid Al Gore retreats a couple of steps backwards.

AL GORE

I don't understand. What can i do?  
What do you want from me?

ELEMENT WATER

You are the chosen leader amongst  
your people. You have the power and  
influence to stop this  
destruction.

(CONTINUED)

AL GORE

No. That's wrong. Your information is incorrect.

ELEMENT WATER

No, you are the one. It is written. You have 7 days to begin the process of change. If the seeds of change have not been sown you will see a demonstration of our destructive power that we will bring to bear on your people.

AL GORE

No, really you have made a mistake. I am not the chosen leader, I was only the elected leader. You will need to take this task to our Commander and Chief

ELEMENT WATER

No. You are the mistaken one. You have 7 days.

The transparent figure evaporates into a fine mist and gently falls to the ground leaving a puddle of water on the floor.

EXT.RIO-DAY

An eclipse blocks out the sunlight over Rio.

INT.FBI FORENSICS LAB-DAY

The wall paintings the guys were describing in the cave.

(CONTINUED)

He hands her the top photo with the cave images clearly visible and continues to flip through the rest.

AMANDA WRIGHT

Impossible. These been fully developed for weeks.

CRAIG MONTGOMERY

I know. But look, it's the same in all of them.

AMANDA WRIGHT

Look at the paintings. It's like they are emitting some kinda light.

CRAIG MONTGOMERY

Yeah, there's the Earth, the Sun and the moon just like they described.

Amanda looks through some of her photo's.

AMANDA WRIGHT

Y eh, and here's the transparent ghostly type of figures. We had better get them over here.

INT.GORE LOUNGE ROOM-EARLY MORNING

Al talking to Tipper.

TIPPER GORE

It sounds to me like you were just having a bad dream.

AL GORE

Oh, come on. Ive had a hundred bad dreams. But never like this. I know what i saw.

TIPPER GORE

But listen to what you are saying Al. There has to be some Kinna explanation for what you saw.

AL GORE

Well unless you can convince me otherwise, I know what i saw.

TIPPER GORE

What ever it is it's really freaked you out.

(CONTINUED)

AL GORE

I know the difference between dream time and real time no matter how blurry the lines might get sometime.

TIPPER GORE

So what do you intend to do about it?

AL GORE

I'm going to see the President.

TIPPER GORE

Oh are you sure that's a good idea. And what exactly would you expect him to do?

AL GORE

I don't know. But there's only one way to find out.

INT.FBI FORENSICS LAB-DAY

David and Oliver.

CRAIG MONTGOMERY

I'm telling you. We could see them as plain as day.

AMANDA WRIGHT

It's true. And as soon as we seen em, they were gone again.

CRAIG MONTGOMERY

Yeah, the rock too. You could clearly see the paint lines.

OLIVER COOK

And now nothing! This just can't be explained in any logical sense at all.

DAVID SOUTHGATE

So we are back to square one.

OLIVER COOK

What exactly did you see?

CRAIG MONTGOMERY

Well we were trying to make some sense of it. But there was images of the Planets, the sun and floods.

(CONTINUED)

OLIVER COOK

Yeah, well that's exactly what we seen. But what could possibly be causing it to appear at on certain times.

DAVID SOUTHGATE

Maybe it was the same with the cave. We couldn't find it again because it wasn't there. Perhaps that only appears at certain times.

CRAIG MONTGOMERY

What? You have been back to the jungle and cant find the cave?

DAVID SOUTHGATE

Yeah we have.

Craig looks at them in bewilderment.

INT.OVAL OFFICE-DAY

Al Gore walks into the oval office. George Bush gets up from behind his desk and meets him half way and they shake hands.

AL GORE

Afternoon Mr President. Thanks for taking the time to see me, i know you've got a lot on your plate with the military and being so close to Christmas..

GEORGE W BUSH

Hey Al, good to see you. Whats on your mind.

AL GORE

I will cut straight to the chase here Mr President. Its this whole global warming situation, its just gotten all out of control.

GEORGE W BUSH

Now hang on a second Al, slow down a minute here. What's happened?

AL GORE

Nothings happened. That's the whole point. Nothing is happening.

(CONTINUED)

GEORGE W BUSH

Now look here Al. Nothings changed since our last discussion.

AL GORE

Actually, something has happened. Something on a level we could never possibility imagine. There are supernatural forces coming into play here.

GEORGE W BUSH

Enough. What has gotten into you man. You're not being rational. Come over here and sit down and let me get you a drink.

Both men walk over to the lounge. Al takes a handkerchief from his pocket and wipes the sweat of his brow. He places it back into his pocket, sits down and tries to compose himself. George Bush pours a couple of glasses of water from the jug and hands one to Al whist he sits himself down.

GEORGE W BUSH

Here, take a drink of this, you look like you need to calm down. This isn't like you Al. Now tell me whats happened to get you so hot and bothered under the collar.

Al takes the drink and gulps it down in one swig. He places the empty glass on the table and leans forward. The two men unflinching eyes meet in an intense stare.

AL GORE

OK Mr President, i understand i may not be acting in the most rational manner but something truly unbelievable has happened to me. I know its sounds crazy but i have been given a message from some Kinna unknown entity.

George Bush eyes squint and a look of bemusement comes across his face.

AL GORE

I know how it sounds but you have to believe me i didn't imagine this. I was at home yesterday when out of nowhere a ghostly type of figure appears and starts talking to me.

(CONTINUED)

GEORGE W BUSH

Just appears from nowhere? Al...

AL GORE

I know, i know how it sounds. But it was as real as you are sitting next to me right now. It claimed to be a friend of the Earth. Said that the Earth had had enough of mankind's destruction. It said we had 7 days to implement change or..

GEORGE W BUSH

Or What?

AL GORE

I don't know. But what ever it is, it's coming in 7 days and it isn't going to be good. Not very good at all.

GEORGE W BUSH

Al, you've been working to hard. You are pushing yourself too much. You need to take a holiday and wind down. Come on, its Christmas. Relax. Who else have you told about this?

AL GORE

Tipper and you.

GEORGE W BUSH

Good, lets just keep it that way.

INT.BUSH RANCH TEXAS-DAY

Boxing day. George Bush on his front porch having a chat with a secret service agent Cane. He hears a call from Laura.

LAURA BUSH

George honey, come have a look at this.

George Bush moves into the lounge room where Laura is watching the TV.

GEORGE W BUSH

Yeah whats up?

(CONTINUED)

LAURA BUSH

Looks like there's been a Tsunami  
some where in Asia.

GEORGE W BUSH

A tsunami? Whats that? Some Kinna  
sandwich?

LAURA BUSH

You know, like a big tidal wave.  
Looks like its wiped out whole  
villages, maybe even countries from  
these reports.

George Bush watched the TV and ponders for a moment in deep  
thought.

GEORGE W BUSH

Well I'll be damned. I wonder.....

BARBARA BUSH

Whats that honey? You wonder what?

GEORGE W BUSH

Oh nothing. Just something Al said  
to me a couple of days ago. I need  
to get in touch with the White  
house and find out what going on.

George Bush leaves the room and makes way to his study.

INT.TV STUDIO-DAY

News casters reading out the Story of the Asian tsunami.

INT.AL GORES OFFICE-AFTERNOON

Al Gore Hears news of Tsunami.

AL GORE

Well Tipper what do you think about  
that?

TIPPER GORE

It could be a coincidence Al.

AL GORE

A coincidence? Well it's a mighty  
big one if you ask me. I'm going to  
get back to the president and see  
what he thinks about it.

(CONTINUED)

TIPPER GORE

Oh Al. Are you so sure that's a good idea.

AL GORE

Tipper, I know this is real. Believe me, I'm not going crazy.

INT.OVAL OFFICE-DAY

Bush is on a telephone conversation with Gore.

AL GORE

Well Mr President. What do you think?

GEORGE W BUSH

Think about what Al?

AL GORE

The Asian tsunami and what i was talking about last week.

GEORGE W BUSH

It's just a coincidence. I told you last week Al, you need to take a break. Are you sure you don't want to see a doctor?

Al slams down the phone

AL GORE

(shouting)

Idiot.

INT.GORE LOUNGE ROOM-MID MORNING

A security tech is installing a hidden camera into a clock face on the wall.

AL GORE

How are we getting on there?

SECURITY INSTALLER

Yep, almost done. That's the last camera hooked up now so let me show you how it all works.

The men move over to the laptop on the table.

(CONTINUED)

SECURITY INSTALLER

Nobody can get in or out without you knowing it. These are dual Therm o and Infra red high res cameras which pick up both movement and heat and record automatically.

AL GORE

Great.

SECURITY INSTALLER

If anything happens the cameras will automatically upload to your computer and you can show it to whoever you need to show it to.

Tipper Gore walks into the room.

TIPPER GORE

Are you sure we need all this security Al.

AL GORE

Better to be safe than sorry honey. I get worried about you when I'm away from home.

TIPPER GORE

Yeah, i know. This isn't anything to do with what happened before is it?

AL GORE

No. I'm off to China in the morning for 3 days. Eventually got them tied down to a time to see me.

INT.CHINESE PARLIAMENT-MORNING

Al Gore enters the Chinese parliament and enters through the door to see Hu Jintao with Agent Lee in the background on protection duty.

AL GORE

Thanks for seeing me again Hu.

HU JINTAO

Welcome. Now what have you got in mind Al.

(CONTINUED)

AL GORE

We need to look at reducing our carbon foot prints.

HU JINTAO

Firstly Al, i think you need to convince your own President. We need your country to take the lead on emissions before we do. It will reflect badly and greatly disadvantage our country if I slow our economy down without other competing countries doing the same.

AL GORE

I understand what you are saying, but someone needs to take the first step. Someone needs to stand up and show some leadership for the others to follow. China are one of the biggest polluters on the planet.

HU JINTAO

I know, but as your saying goes, you need to look in your own backyard first.

A uneasy silence falls over the two men. Hu's eyes fall down to some papers on his desk and he picks one up.

HU JINTAO

This tsunami causality list just keeps growing.

AL GORE

Terrible I know, but i cant help thinking that we could be doing more to avoid these kind of disasters.

HU JINTAO

Do More? What more can you possibly do to avoid such natural disasters. Unless of course you are telling me that you can predict or control the weather?

AL GORE

No I don't mean that at all.

HU JINTAO

Well what do you mean? Do more?

(CONTINUED)

AL GORE

Oh nothing. Forget i mentioned it.  
Sometimes i guess i get so consumed  
in my work that my imagination  
starts to run a little wild.

HU JINTAO

Look Al, when you can convince your  
own country to reduce emissions, we  
will look at it too.

INT.OVAL OFFICE-DAY

Bush busy with Wars.

INT.GORE LOUNGE ROOM-MID MORNING

Aug 2005. Al is sitting in front of his computer studying  
data relating to pollution emissions. The doors and windows  
are closed but there is a gust of wind. Al turns away from  
the screen and is startled.

ELEMENT WIND

Albert Arnold Gore who hails from  
the Aries constellation?

AL GORE

Jesus. So I'm not going crazy.

Al gets up to face the Element. His demeanor is now  
curiosity and not fear.

ELEMENT WIND

No. I am real.

AL GORE

What sort of being are you. What is  
your purpose?

ELEMENT WIND

I am Earth's friend. I am here to  
protect it.

AL GORE

If you are such a great friend,  
then why did all those people have  
to die in your little  
demonstration?

(CONTINUED)

ELEMENT WIND

I am Earths friend. Your species however is not.

AL GORE

What are you saying? We are your enemy?

ELEMENT WIND

Your species have lived on the Earth for countless revolutions of the Sun. The Earth has enjoyed your inhabitation. But in recent times you have become a threat to the Earth due to your endless thirst for its natural resources. This is unsustainable and will no longer be tolerated.

AL GORE

I know that, believe me. I'm doing all I can to make people aware, but they aren't listening to me. You need to tell them yourself.

ELEMENT WIND

No. You are the chosen leader amongst your people. It is written.

You need to make others change. If no measures of change have been initiated within 7 days you will see another demonstration of our power. Only this time it will fall upon your own shores.

AL GORE

No. You are wrong. You need to see the president and convince him. He doesn't believe me.

Blowy figure vanishes in a gust of wind blowing papers off the desk.

EXT. JAKARTA-DAY

An eclipse blocks out the sunlight over Jakarta.

INT.FBI FORENSICS LAB-DAY

Images appear again.

AMANDA WRIGHT

Look quickly.

CRAIG MONTGOMERY

What the hell can be doing this?

AMANDA WRIGHT

Good question. I'm all out of ideas.

CRAIG MONTGOMERY

They ain't going to like it. We need to get the guys back here and work out exactly what is going on.

Craig makes a telephone call.

CRAIG MONTGOMERY

Again they appeared and just as quickly dissipated.

DAVID SOUTHGATE

And how long did they stay visible for this time?

CRAIG MONTGOMERY

Only about 10 minutes.

DAVID SOUTHGATE

OK. I will pick up Oliver and come right over.

David and Oliver arrive at the Lab.

DAVID SOUTHGATE

There's something going on here that scientifically i just cant explain. There must be something linking these events. But what on Earth could it be?

CRAIG MONTGOMERY

What if it's not on earth. Lets Google the times when they appeared and see if it brings anything up.

They all move over to the computer.

(CONTINUED)

OLIVER COOK  
OK, we discovered the cave on 7th  
October last year.

David enters the date into the computer.

OLIVER COOK  
And when did you first see the  
images?

CRAIG MONTGOMERY  
December 19th this year.

DAVID SOUTHGATE  
Got it. And again last night. OK,  
got those 3 dates in. Are we  
feeling lucky? I think we are.

David clicks on the Google 'I'm Feeling Lucky' icon. They  
get directed to a solar eclipse calendar. David leaps up  
from the chair.

DAVID SOUTHGATE  
(shouting)  
Of course. The dates coincide with  
the solar eclipse calendar. We  
should have realized that before.

OLIVER COOK  
That's incredible! We know the  
paintings were visible at the first  
eclipse on the mountain, but what  
about the timing of the others.

AMANDA WRIGHT  
What do you mean timing?

David looking at the Google results and starts writing on a  
pad.

DAVID SOUTHGATE  
OK, Dec 19th was the eclipse over  
Rio at 2.24pm local time  
corresponding to 6.24pm GMT.

AMANDA WRIGHT  
We first noticed the images about  
12.24pm local time.

DAVID SOUTHGATE  
And 12.24 pm local time here  
equates to BINGO 6.24pm GMT.

OLIVER COOK

So that's a perfect match. What about the Jarkata eclipse.

DAVID SOUTHGATE

OK, yesterday when they last appeared at 9.02pm local time making it 1.02am GMT. The Jakarta eclipse was at 12.02pm local time making it 1.02am GMT. Bingo. Another match.

CRAIG MONTGOMERY

Unbelievable. But what does it all mean?

INT.AL GORES OFFICE-EARLY MORNING.

Al is sitting in the lounge room, unshaven and only in his PJ bottoms. Tipper walks in from the bedroom.

TIPPER GORE

Morning Al.

AL GORE

It's happened again.

TIPPER GORE

What's happened again?

AL GORE

I've had another encounter with my mysterious friends.

TIPPER GORE

Really! And what happened.

AL GORE

Seven days. We have seven days to the next one.

TIPPER GORE

Seven days to the next what exactly.

AL GORE

That, I'm not to sure about. But it's going to happen and it's going hit us.

(CONTINUED)

TIPPER GORE

What do you mean us? Did it threaten you?

AL GORE

Well, not us personally, but it's going to hit the States. I'm sure of it.

Al shows Tipper the CCTV images on his laptop. The images are unclear but do show a light blurb hovering in the area

AL GORE

Can you see the hazy figure.

TIPPER GORE

I can kinda make something out Al. But its far from conclusive, it looks like a light reflection.

Al becomes annoyed.

AL GORE

A reflection of what? I'm telling you what i saw.

And look here. As the figure leaves the papers on the table blow away. All the doors and windows were closed. This time I'm convinced. We are seven days away from a Tsunami type of event.

TIPPER GORE

OK, we can only wait and see. But for our sake I hope you are wrong.

AL GORE

I wish i was too. But just waiting isn't an option. I know that I'm right on this one. The first time i let it go. But not this time.

TIPPER GORE

What are you going to do?

AL GORE

Something. This time I'm going to do something.

Tipper walks to another room and dials a number.

(CONTINUED)

TIPPER GORE  
Father, It's Tipper Gore.

FATHER O'MALLY  
Yes, what can i do for you?

INT.OVAL OFFICE-DAY

Al Barges into the White house

GEORGE W BUSH  
Hey, Al whats up.

AL GORE  
Mr president, no bullshit this time  
round. It's happened again. First  
time was no mirage, trickery or  
figment of my imagination.

GEORGE W BUSH  
Are we going to go through this  
again Al. You know my view hasn't  
changed.

AL GORE  
Well you might wanna start thinking  
about that.

Al opens up his laptop and shows the CCTV images and the  
blowing papers.

AL GORE  
I have it on video.

Al shows the somewhat inconclusive video.

GEORGE W BUSH  
What am i supposed to be looking  
at?

AL GORE  
You see the hazy figure that I'm  
talking to?

GEORGE W BUSH  
No, not really!

AL GORE  
And look, when it disappears, the  
papers on the table blow away.

(CONTINUED)

GEORGE W BUSH

Your going to have to do better  
than that to convince me.

AL GORE

Somethings going to happen in 6  
days time, and its going to happen  
on our doorstep.

GEORGE W BUSH

I'm still not convinced.

AL GORE

Well this time I'm not going to  
stand by and do nothing.

GEORGE W BUSH

Al, I think you really need to get  
some professional help.

INT.CHURCH-DAY

Father O'Mally is saying a couple of prayers in church.  
Tipper walks down the main aisle towards him.

FATHER O'MALLY

Ah Hello Mrs Gore. How are you. Now  
whats on your mind. You appeared a  
little flustered on the phone.

TIPPER GORE

It's Al. I'm worried about him.  
He's been having these visions.

FATHER O'MALLY

Visions? What kind of visions?

TIPPER GORE

Well more like premonitions. He's  
been seeing these transparent  
entities who speak to him and warn  
him of imminent disasters.

FATHER O'MALLY

I see.

TIPPER GORE

What? You think they may be real?

FATHER O'MALLY

Your husband is a calm and educated  
man Mrs Gore. Unless he is

(MORE)

(CONTINUED)

FATHER O'MALLY (cont'd)

suffering an illness he's not one to jump to such notions without a great deal of thought. Do you think he's ill?

TIPPER GORE

No I don't. And it worries me even more that he might be right.

The first one was just over a year ago, and he's convinced it came true.

It was a week before the Boxing Day Tsunami. Al said a ghostly like figure appeared and said to him that he was some kind of leader of mankind.

Said that our species had been destroying the planet and we had to change our ways before it was too late. Then as an example of its power we would see a demonstration of the earth's power in seven days time.

Seven days later the Tsunami washed away all those people in the Asian Ocean.

FATHER O'MALLY

I see. And the second?

TIPPER GORE

The second was a couple of nights ago. Slightly different figure but still with the same ghostly transparent like appearance.

Based upon this he believes this country is going to get hit by some kind of catastrophic event in 7 days time.

FATHER O'MALLY

Hm mm. I guess we will find out soon enough.

Has he seen a Doctor or is he on any medication?

(CONTINUED)

TIPPER GORE

No. I was thinking of calling one out to him.

FATHER O'MALLY

No, don't do that. Lets just keep it to ourselves for now.

INT.WEATHER STATION-DAY

Group of guys looking at the data coming in on a big screen.

SHEPARD STEVENS

Looks like something developing down in the tropics.

WEATHER MAN 2

Yeah, we had better keep an eye on that.

Telephone call for Shepard Stevens.

SHEPARD STEVENS

Yeah, it is.

AL GORE

Hey its Al here.

SHEPARD STEVENS

Hey Al, what can i do for you.

AL GORE

I was wanting to hold a press conference down at the station.

SHEPARD STEVENS

Sure Al, just let me know when and i will arrange it.

AL GORE

OK, how about now?

SHEPARD STEVENS

Are you serious? You usually give us a bit of time to prepare.

AL GORE

I'm serious Shep. I'm deadly serious.

(CONTINUED)

SHEPARD STEVENS

OK Al. Whatever you need. Leave it with me.

INT.TV STUDIO-DAY

Gore TV appearance on all major stations.

AL GORE

We all need to take a long hard look at ourselves and how we, as individuals are treating this planet.

What is it going to take for us to realize that we need to change our habits? Is it going to take a Tsunami on our own shores? And if we do, are we going to put it down to nature and say 'well these things just happen'.

Because let me tell you. It will happen sometime. I believe it will happen a lot sooner than any of us can imagine. And when it does happen, it will be for a reason. These things don't just happen.

INT.WEATHER STATION-DAY

Al makes his way out of the station.

SHEPARD STEVENS

Al. Are you feeling OK.

AL GORE

You know what Shep, I'm not too sure. But for the first time in my life i hope I'm wrong about something.

SHEPARD STEVENS

Wrong about what?

Al looks beyond Shepard at the latest satellite charts.

AL GORE

Whats that?

(CONTINUED)

SHEPARD STEVENS

Still trying to give it a name. WM2 wants to call it Katrina after the latest addition to his family.

AL GORE

So its a hurricane? Coming this way?

SHEPARD STEVENS

Possibility. You know how these things dart around. It's only a tropical storm at the moment but its got every chance of gaining in strength.

AL GORE

I need you to do me a favor.

SHEPARD STEVENS

Sure Al. What is it.

AL GORE

You need to trust me on this one. If Katrina gets big, and Katrina gets nasty and she starts coming our way, I need you to get the warning out to evacuate. And do it quick. Quicker than you would normally would issue it.

INT.VATICAN CITY-DAY

Father O'Mally enters the Vatican City.

PRIEST CHIEF 1

Father O'Mally. What is the urgency of your visit?

FATHER O'MALLY

The days of reckoning have begun.

PRIEST CHIEF 1

What! How can you be sure. We have heard nothing from our insiders.

FATHER O'MALLY

Of this I can be sure. I know of at least two visits from the special beings.

(CONTINUED)

PRIEST CHIEF 1

Two? And to whom have they appeared?

FATHER O'MALLY

Albert Gore.

PRIEST CHIEF 1

Really? He wasn't on our list of potential leaders. And who else?

FATHER O'MALLY

They have appeared to him on both occasions.

PRIEST CHIEF 1

This is unexpected. And how did this become your knowledge?

FATHER O'MALLY

It was his wife who came to see me as she was concerned about his state of mind. She thought he was having hallucinations.

PRIEST CHIEF 1

If only that were the case. And what did you tell her?

FATHER O'MALLY

Nothing.

PRIEST CHIEF 1

Good. We don't want to alarm them. And the location of the Sanctuary Caves?

FATHER O'MALLY

No. She never mentioned anything about that.

PRIEST CHIEF 1

You need to spend more time with the Gores and find out exactly what they know. We must find the location.

FATHER O'MALLY

Yes. Leave it to me.

INT.OLIVER COOK OFFICE-EVENING

The explorers see Gore's rambling incoherent address on TV.

DAVID SOUTHGATE

His TV appearance was bizarre to say the least.

OLIVER COOK

You think he might be able to shed any light on our discovery?

DAVID SOUTHGATE

Yeah, maybe. Wheres he doing his next slide show?

OLIVER COOK

Good idea. I think its time we had a chat with Mr Gore.

INT.CHINESE PARLIAMENT-MORNING

Hu Jinato sees Gores TV appearance.

HU JINTAO

That man Gore has lost his mind since losing the election.

HU JINTAO AIDE 1

Maybe he would have ended up being a bigger problem than Bush is now.

HU JINTAO

Bigger problem than bush? I don't think that is possible. At least Gore had a mind in the beginning to lose.

INT.TV STUDIO-DAY

Shep and WM2 looking at the increasing size of Katrina and tracking its direction.

SHEPARD STEVENS

This is has all the potential to turn into a monster. Whats the latest course prediction?

WEATHER MAN 2

Just coming through now.

WM2 reaches for the printout and reads it.

(CONTINUED)

WEATHER MAN 2

Shit. It's changed. The eye of the storm is now predicted to hit new Orleans.

SHEPARD STEVENS

Get the governor of Louisiana. I think we need to advise an evacuation.

WEATHER MAN 2

An evacuation? Don't you think that's a little premature? We need a bit more time and information?

SHEPARD STEVENS

I think i have all the information i need.

EXT.NEW ORLEANS-DAY

Hurricane Katrina. Floods and winds cause havoc.

INT.AIRFORCE1-DAY

George Bush looks out the window at New Orleans whilst Al Gore is on CNN on the TV monitor. He ponders whats happening as he recounts his meeting with Gore only days before.

GEORGE W BUSH

Man. It looks devastated.

BUSH AIDE 1

Yes Sir. We can put down at an air strip just 30 miles away and get a chopper in if you want a closer look sir and to meet some survivors.

GEORGE W BUSH

Are you serious? No Thanks. I've seen enough. Tell the pilot to get us back to DC. I will make a statement from the White house.

BUSH AIDE 1

Yes sir.

INT.OBAMA CHICAGO OFFICE-EARLY MORNING.

BARACK OBAMA

That's strange how Al almost foretold the hurricane. He must have some good buddies down at the station who has figured out the hurricane cycle.

DAVID PLOUFFE

Either that or he's losing his mind.

INT.CHINESE PARLIAMENT-EVENING

Agent Lee and Chong are on protective duty.

HU JINTAO

The only logical explanation for this is that the Americans have developed a weapon for controlling the weather.

HU JINTAO AIDE 1

Yes, how else could Al Gore almost predict such an event. This can only further his cause for emission reductions.

HU JINTAO

I don't know, but we need to find out.

INT.OVAL OFFICE -DAY

AL GORE

What about now Mr President.

GEORGE W BUSH

I tell you Al, it's got me spooked.

AL GORE

Got you spooked?

GEORGE W BUSH

But I'm not totally convinced that it's not just a coincidence.

AL GORE

Oh come on. That's twice now.

(CONTINUED)

GEORGE W BUSH

You got to look at it from my position.

AL GORE

And what exactly is that.

GEORGE W BUSH

A rational one. If you had told me that an tsunami, specifically a tsunami was going hit Indonesia I would be more convinced. And a hurricane was going to hit New Orleans, specifically New Orleans, i would be more convinced.

AL GORE

Well, that's all the information i was given.

GEORGE W BUSH

Do you know what the skeptics would say Al.

AL GORE

I don't care what they would say!

GEORGE W BUSH

Well, I'm going to tell you. Because in the arena of popular opinion its important. They would say that its well known you are all Buddy Buddy with the guys down at the weather station. They would then say that the guys down there have developed something that can accurately predict the path of a hurricane or a tsunami. And then they would say you used that prediction to promote your cause.

AL GORE

Is that what you think.

GEORGE W BUSH

No Al, of course its not. But that sounds like a rational explanation does it not.

AL GORE

Well i guess it does.

(CONTINUED)

GEORGE W BUSH

And I've got another problem. Our intelligence sources tell us because of your TV appearance the Chinese not only think we can predict the weather but actually control it and use it as a weapon.

INT.CONVENTION HALL-LATE EVENING

Gore is wrapping up a slide show presentation on global warming.

AL GORE

Hey. How did you find the show.

DAVID SOUTHGATE

Y eh good. We would like to ask you about your comments from the station just before Katrina.

AL GORE

Are you another bunch of guys who think there's a new weather predicting machine.

OLIVER COOK

No. Far from it. We just wanted to know how you seemed so convinced that something was going to happen.

AL GORE

Just a coincidence fellas. That's all. Now if you would excuse me I have to get going.

Al turns around and starts to walk away from the men.

OLIVER COOK

Just one more question please Mr Gore.

Al turns 180o but continues walking backwards so the question will not be a long one.

OLIVER COOK

Does the date Dec 19 at exactly 12.24pm and the date Aug 16 at exactly 9.02pm mean anything to you?

Al stops dead in his tracks and the color drains from his face.

(CONTINUED)

AL GORE

Yes, it does. Where did you gentlemen say you were from again.

DAVID SOUTHGATE

We never actually said. Would you care to find out?

AL GORE

Yes. I think i would.

The men move to a private room.

DAVID SOUTHGATE

We have had some freaky happenings going on lately that can't be explained and we're trying to put the pieces together.

AL GORE

A int that the truth.

David opened his book of notes and point at a page for Al to have a look at.

DAVID SOUTHGATE

What relevance does these dates have with you.

Al reads the page.

AL GORE

You guys first. I want to see if your story is as crazy as mine.

OLIVER COOK

About 4 years ago we stumbled upon this cave in the mountains of Nepal. By coincidence it just happened to be at the time of a solar eclipse.

David opens a photograph album and hands it to Al.

DAVID SOUTHGATE

Inside were the most amazing wall paintings. So we took these photographs.

AL GORE

What? All i see here are some bare walls.

(CONTINUED)

DAVID SOUTHGATE

Exactly. That's what had us baffled. Since then we have discovered the images in these photos only appear for about 10 minutes and at the exact time of a full lunar eclipse.

AL GORE

And these were the dates of the eclipses?

DAVID SOUTHGATE

Yes, to the minute.

AL GORE

And what were the images on the walls?

OLIVER COOK

They were cosmic images of planets, the moon and some kind of human transparent ghost like figure appearing to forebode of wild storms and floods.

DAVID SOUTHGATE

I know it sounds crazy. But we were wondering if you could shed any light on it and what these dates mean to you.

AL GORE

That's interesting. Very very interesting.

INT.OVAL OFFICE-DAY

George Bush is on the phone with Agent Cane in Background.

GEORGE W BUSH

I can assure you Mr President we have no such thing.

Hu Jintao is on the phone with Agent Lee in background.

HU JINTAO

How can you explain Al Gores speech on TV. When he visited me and we were discussing the Asian Tsunami and he was rambling on about controlling weather and how we

as well.

HU JINTAO  
Mention what to me?

GEORGE W BUSH  
About mysterious transparent  
figures that appear and disappear  
and predict natural disasters.

HU JINTAO  
(laughing)  
What, are you serious? Transparent  
fortune tellers?

GEORGE W BUSH  
I'm telling you. I think the man is  
going crazy. He' delusional.

HU JINTAO  
I was almost thinking the same  
thing myself.

INT.AL GORES OFFICE-DAY

The explorers set out their original photos and rock samples  
on the study floor next to a TV monitor showing Al's Lounge  
room.

DAVID SOUTHGATE  
OK guys. Were all set. We have five  
minutes left until the Egyptian  
eclipse.

AL GORE  
Christ I have never been so nervous  
in my life.

DAVID SOUTHGATE  
You have your questions worked out.

AL GORE  
Yep. Where and when the next one  
will be so at least i can get the  
word out and save lives.

(CONTINUED)

OLIVER COOK

Great. If you can get that specific information then people and their governments will have to listen.

The door bell rings. Al looks at the monitor. It's Father O'Mally.

FATHER O'MALLY

Hello Al. Do you have some time to talk about a few things?

AL GORE

Sorry Father O'Mally, now is not a good time.

FATHER O'MALLY

I think now would be the best time. Are you expecting company?

AL GORE

You could say that?

FATHER O'MALLY

If it is a special type of company you are expecting you should let me in. I can shed some light on the matter.

Al's face looks confused.

AL GORE

Well in that case you had better come in.

Al buzzes O'Mally in and he enters the room.

AL GORE

What do you know about what going on Father O'Mally.

FATHER O'MALLY

For centuries we at the church....

David Southgate interjects.

DAVID SOUTHGATE

It's going to have to wait. It's time.

AL GORE

OK, take up positions. Good luck.

Al moves into the next room and leaves the three men together.

EXT.PYRAMIDS EGYPT-DAY

An eclipse blocks out the sunlight over the pyramids.

INT.AL GORES OFFICE-DAY

Images start to appear on the photos and rock samples.

DAVID SOUTHGATE

I don't believe it. Just like they were in the cave. Get sketching while i take some photos of the photos.

FATHER O'MALLY

No need for that. I have a copy of these held in the churches vaults.

DAVID SOUTHGATE

You do? What's going on. What the hell is this all about.

FATHER O'MALLY

Where exactly did you take these photo's?

DAVID SOUTHGATE

Not until you tell us what you know. I want some answers first.

The images start to fade away as the eclipse ends and the boys rush next door to see how Al's doing.

OLIVER COOK

Anything?

AL GORE

Nothing. Not even a breath of wind. How about you?

OLIVER COOK

Yeah, they momentarily appeared again. Just like we remembered. Your friend the priest seems to know all about whats going on here.

(CONTINUED)

AL GORE

Is that so? Well lets find out exactly what he knows.

INT.CHINESE PARLIAMENT-EVENING

Hu Jintao has just got out of the bath. He has on his bath robe and is drying his hair. In the steamy mirror he catches the reflection of something unusual. He turns around.

ELEMENT EARTH

Hu Jintao who hails from the Aries constellation?

HU JINTAO

Wahhabi Wharf Dana Forsook!

ELEMENT EARTH

I am a friend to the planet Earth. Your species has evolved to dominate this planet and with that domination you bring destruction. This destruction is unsustainable and will no longer be tolerated.

HU JINTAO

Ahhhhh.

ELEMENT EARTH

Listen to me.

Hu Jinto runs for the bathroom door. He pushes hard to open it. Nothing. He pushes even harder shoulder barging it. Still nothing. He pulls it. It opens. He runs out.

INT.AL GORES OFFICE-DAY

AL GORE

I thought for sure it would appear again. What do you know about all this?

FATHER O'MALLY

We have reached the crossroads in the history and potential future of mankind. Depending on which road we choose will determine our future. We call this the days of reckoning.

(CONTINUED)

AL GORE

How long have you known this.

FATHER O'MALLY

We have known about this for thousands of centuries. The manuscripts in our vaults with the same impressions as those in the photographs go back to the birth of mankind.

DAVID SOUTHGATE

If you know so much, how come you don't even know the location of the cave we found?

FATHER O'MALLY

The location of what we call Sanctuary Caves has been hidden for all off time. It will only appear during the days of reckoning and specifically at the time of a solar eclipse.

DAVID SOUTHGATE

Sanctuary Caves? Sanctuary for whom and from what exactly.

FATHER O'MALLY

Sanctuary for humans. Sanctuary from the Earth.

OLIVER COOK

Let him continue.

FATHER O'MALLY

The Earth itself has a soul. And we are selling its soul by our total disregard for the earth and its natural resources.

There will be a total of 4 warning delivered to whom the Earth feels has the most influence to change things. We always thought these warning would be delivered to a president or a prime minister of a large country as they control large numbers of people and who can initiate change.

(CONTINUED)

AL GORE

But why me?

FATHER O'MALLY

I don't know Al. Perhaps because you won the popular vote of the people. Just didn't win enough states.

AL GORE

And the transparent figures? What were they? And why only viable at the time of eclipse?

FATHER O'MALLY

They are the Earths natural resources. They are the elements. They only appear when there is an eclipse as the Earth works in unison with the moon and sun.

Each visit the element has the potential to unleash more destruction than the one before it. The first to visit would have been water.

AL GORE

That explains the tsunami and the pool of water it left behind.

FATHER O'MALLY

Correct. The second would have been the wind.

AL GORE

Which explains Katrina and the papers blowing of the desk. And the third?

FATHER O'MALLY

The Third will be element Earth followed by element Fire. If after these 4 warnings we have not been convinced to change then our days on earth are limited.

DAVID SOUTHGATE

Well if Element Earth hasn't dropped in to say hello to Al, who do you think it visited?

(CONTINUED)

FATHER O'MALLY

I don't know. But whoever it is will be in a very confused state of mind.

INT.GORE LOUNGE ROOM-EARLY MORNING

AL GORE

Hey Tipper, I want to speak to you about these visions I've been having.

TIPPER GORE

Oh Al. Please not any more.

AL GORE

No, it's OK. Father O'Mally came over today and explained everything about whats been going on lately.

TIPPER GORE

He has? And what exactly was his explanation?

AL GORE

Basically everything I've seen and believed to date has been true and not a vision.

TIPPER GORE

What? You can't be serious?

AL GORE

The Earth is fighting back against the people. The church has known this was going to happen one day. They have been waiting about this since the start of time.

TIPPER GORE

Oh Al, why you?

AL GORE

I don't know, but maybe this was my calling. There's going to be another event within 7 days. But this time the message was delivered to someone else.

TIPPER GORE

Who?

natural disasters you once told me  
we could do more to avoid.

AL GORE  
Sure. Are you expecting something  
to happen?

HU JINTAO  
Maybe? I had an encounter with a  
spiritual force last night and its  
got me scared.

AL GORE  
Shh, say no more. We need to meet.

HU JINTAO  
Yes, soon please.

AL GORE  
I will be on the first available

INT.CHINESE PARLIAMENT-EVENING

AL GORE

connected in these strange events.  
Now exactly what did you see.

HU JINTAO

this thing just appeared and  
started talking to me.

AL GORE  
Like a transparent ghostly white

HU JINTAO  
Yes, but not white more like a  
dirty brown color.

FATHER O'MALLY  
Yes, that will be the Earth  
element.

HU JINTAO  
Earth element. What is this all  
about?

FATHER O'MALLY  
Where is the bathroom?

HU JINTAO  
It's over there. But i haven't been  
back into it since.

Father O'Mally walks into the bathroom. He honkers down and  
runs his hands through the pile of dust on the floor.

FATHER O'MALLY  
Yes, defiantly the earth element.

EXT.CHINA.YIN YANG PROVINCE-DAY

INT.OVAL OFFICE-DAY

AL GORE  
Come on George, its real now. Hu

president. I will be out of office  
in 4 months time.

INT.OVAL OFFICE-DAY

Bush meets with Obama under the guise of the financial crisis and tells him of a bigger problem they face without going into too much detail.

GEORGE W BUSH

You need to know there may be a bigger problem than this financial crisis.

BARACK OBAMA

Yeah, what could be a bigger problem? Is the world going to implode?

AL GORE

You may have just nailed it on the head there Senator.

BARACK OBAMA

Oh, come on guys....are you serious.

AL GORE

This is going to sound crazy but we have been fore warned about the last three world wide disasters before they happened.

BARACK OBAMA

By whom, some Kinna nut bag physic?

AL GORE

No, by the Earth it's self in a spiritual form. The boxing day tsunami was the first followed by Katrina and then the last one was the earthquake in the Xinjaing province of China.

BARACK OBAMA

And where is the next one?

AL GORE

That we don't know yet. We are still waiting for the next solar eclipse.

AL GORE

TIPPER GORE

Shouldn't we warn people?

AL GORE

Even if they believed us it would only create mass panic. Besides we couldn't advise them on what to do as we don't even know ourselves what consequences it will bring.

TIPPER GORE

What about you Al? What about us? What are we going to do?

Al, Hu Jintao and the explorers stand around waiting for the eclipse.

INT.OVAL OFFICE-TODAY

Obama gets visit from Element Fire. The last warning with an imminent consequence.(Today)

ELEMENT FIRE

Barack Obama who hails from the Aries constellation?

BARACK OBAMA

I don't believe it. They were right.

ELEMENT FIRE

A monumental moment has arrived in the history of all mankind. A choice on which path to tread. The certain path of inevitable destruction or the uncertain path of the unknown?

BARACK OBAMA

I understand that. Your previous warnings have been passed onto me. Just tell me exactly what it is you want me to do.

ELEMENT FIRE

This is your final warning. You have 1 week to convince the people of earth to cease all activity that causes damage to the earth.

BARACK OBAMA

One week? I will try my best but i will need more than a week.

ELEMENT FIRE

One week.

Element fire vanishes in a puff of smoke. The carpet in where it stood still smolders. A small flame appears. Obama stamps it out with his foot.

BARACK OBAMA

Damn.

necessary.

They produce their weapons and start forcing selected leaders away at gunpoint.

AGENT CANE  
Mr president. We gotta start  
moving.

BARACK OBAMA  
What the hell are you doing Cane.  
I'm not going anywhere.

Agent Cane raises his Sub machine gun and points it at the President.

AGENT CANE  
I'm saving your life Sir. Now move  
it.

BARACK OBAMA  
Where are we going?

AGENT CANE  
To a place of safety.

INT.UNITED NATIONS-NEW YORK

HU JINTAO  
What are you doing Lee.

CHINESE AGENT LEE  
Getting you to a safe location Mr

MICHELLE OBAMA

Why? What's happening. And what about my husband.

AGENT 1

He's safe. We will explain all that on route.

MICHELLE OBAMA

OK kids. Come with Mum. Where are we going?

INT.UNITED NATIONS ELEVATOR-NEW YORK

Cane and another 2 agents pushes Obama into a elevator.

BARACK OBAMA

What the hell's going on here Cane.

AGENT CANE

We are evacuating you to a safe location.

BARACK OBAMA

Back to the White House?

AGENT CANE

No Sir, Nepal.

BARACK OBAMA

What! Have you lost your mind? What about my family.

AGENT CANE

Already taken care off. They are also on route. I will explain when we are out of the building and in the chopper.

BARACK OBAMA

This had better be good.

Al Gore, Hu Jinato, the priest and agent Lee are bundled into the other elevator.

FATHER O'MALLY

CHINESE AGENT LEE  
They had priority. We had agents on

Agent Lee talks into his wrist microphone.

CHINESE AGENT LEE  
This is Lee. Whats the status of  
Southgate and Cook?

CHINESE AGENT CHONG  
We have them. In the stair well  
making our way to the roof.

Cook and Southgate are running up the stairs with Agents.

caves where you discovered the wall  
paintings.

DAVID SOUTHGATE  
Why. What have they got to do with  
all this?

FATHER O'MALLY  
It's the only place that will  
provide sanctuary during the  
upcoming cleansing. Everything else  
will be destroyed.

Helicopters take off as more come into land.

EXT.ANDREWS AIR FORCE BASE-DAY

Helicopters are taking off and landing. Air Force 1 and military C-12 transporter planes are all lined up on the runway. Two helicopters from opposite directions land simulations. Agent Cane, Al Gore and Barrack emerge from one whilst tipper Gore, Michell Obama and her kids land in the other. They run and embrace on the runway.

MICHELLE OBAMA

Oh honey, your safe. I was so worried. Whats happening?

BARACK OBAMA

I'm not sure, but the agents seem to have it all under control.

Agent Cane runs over and ushers them onto the plane. Lightening cracks down and hits a communications tower.

AGENT CANE

Come On. Let's go. On the Plane. There's not much time.

Al looks around at all the activity in bewilderment.

AL GORE

Who's running this show.

AGENT CANE

I am. Now lets get on the planes.

AL GORE

But how did you manage to mobilize all this in such a short period of time?

AGENT CANE

Short time? Generations of my family have been expecting this day. Nothing has been over looked.

They run to the plane leaving Cane on the tarmac. The helicopter containing Southgate, Cook and O'Mally land.

FATHER O'MALLY

How are we going?

AGENT CANE

Everything on time and as per schedule. Get in Air force 1 and lead the way.

INT.AIRFORCE1-DAY

Cane, Southgate and Cook follow O'Mally up the stairs of Air force 1. At the top of the stairs Tillman is having a discussion with Barrack.

MARK TILLMAN

Yes Mr President. Were all fueled up and ready to go. But go where?

BARACK OBAMA

I'm not calling the shots here, but I think we will be heading to Nepal.

MARK TILLMAN

Nepal?

Oliver Cook throws Tillman his Gps device. He catches it.

OLIVER COOK

That's where we are going.

AGENT 1

There's a runway at the Base of the mountain range. Choppers will be waiting to take you to the exact spot. I will follow in the last plane. Good luck.

The doors close on AF1 and Cane runs down the stairs.

EXT.ANDREWS AIR FORCE BASE-DAY

Another helicopter lands. George and Laura Bush exit.

AGENT CANE

Mr Bush. Make your way to the C-12.

GEORGE W BUSH

What the hells all this about agent Cane.

AGENT CANE

I once took an oath to protect you Sir. I just don't have the time right now to explain. Let's go.

INT.AIRFORCE1-DAY

Al Gore is looking out the window as the stairs are about to be pulled away from the aircraft. He spots Agent Cane gesturing for Bush to get into a C12.

AL GORE  
Hey wait. Wait a second.

BARACK OBAMA  
What is it.

AL GORE  
President 43 is on the runway. I think he should ride up front with us.

BARACK OBAMA  
Tillman. Hang on a minute.

The doors to AF1 open. Al Gore is at the top. He shouts down to Bush.

AL GORE

GEORGE W BUSH

If i knew then what i know now then we may not be in this mess. Why dint these elements come and see me?

AL GORE

I tried to tell you. I don't know what more I could have done.

BARACK OBAMA

Something? Do you have any way of contacting these forces?

FATHER O'MALLY

No, I'm afraid I do not. Once the element fire begins there is no turning back. It will awaken the lunar cycle.

EXT.MOON SURFACE-

WEATHER MAN 2

There's a tsunami alert in the

Hawaii.

SHEPARD STEVENS

Are you sure. How big is it?

WEATHER MAN 2

Initial reports are its small. Only  
3ft.

SHEPARD STEVENS

OK. Keep an eye on it.

Shepard goes back to his own computer monitor.

WEATHER MAN 2

This can't be right.

SHEPARD STEVENS

What is it?

WEATHER MAN 2

These a tsunami alert in the North  
Sea 200 mile north of Scotland? But  
it's too big. It's over 10 meters.

SHEPARD STEVENS

Something must be wrong with the  
system. Those readings can't be  
accurate readings.

INT.NASA HQ FLORIDA-DAY

NASA 1

Something must be wrong with the  
data. The moon has lost orbit of  
the Earth and is moving towards us.

NASA 2

That's ridiculous. Reboot

sanity here.

## EXT.NEPAL MOUNTAIN BASE RUNWAY-DAY

Air Force 1 lands at a makeshift runway at the base of the mountain range where they exit the plane and rush to the awaiting helicopters. Cook, Southgate, Al, Tipper, O'Mally, and the Obama board the lead helicopter. The Dali Lama is already on board.

DALI LAMA

President Obama? Whats going on.  
These men have just grabbed me and  
brought me here and won't tell me  
anything.

BARACK OBAMA

I'm not really too sure.

AL GORE

I think we are all about to find  
out.

## EXT.NEPAL MOUNTAIN BASE RUNWAY-DAY

The helicopter begins to land at the spot next to the big rock. There is no passage way inside the mountain.

OLIVER COOK

This is the exact spot. But I don't  
see anything.

The helicopter lands and the gust from it's blade move away some snow to reveal the beginning of a passageway. They begin to move some snow away and it suddenly collapses.

FATHER O'MALLY

At last. The passageway to  
Sanctuary.

They walk down the stairs into the cave. The cave is now completely lit up but there is no viable light source. The cave is huge and appears to have no ceiling. Stretches as far as the eye can see.

DAVID SOUTHGATE

Unbelievable. Look at this place.

OLIVER COOK

Where is the light coming from?

EXT.NEPAL MOUNTAIN BASE RUNWAY-DAY

More C-12s come into land. More helicopters are talking off.

CHINESE AGENT LEE  
Do we have all our assigned  
targets.

CHINESE AGENT SONG  
Yes, the last plane is just about  
to take off. ETA 12 hours.

CHINESE AGENT LEE  
Good. You get up to the mountain. I  
will take care of things down here.

CHINESE AGENT SONG  
OK. See you up there.

EXT.ANDREWS AIR FORCE BASE-DAY

Agent Cane boards the last C-12. The rear cargo door closes.  
The priest chief and his entourage sit.

PRIEST CHIEF 1  
You have served us well Agent Cane.

AGENT CANE  
Thank you. But we still have a long  
way to go.

The plane speeds down the runway. The shaking earth suddenly  
splits the runway apart in front of the plane.

PILOT 1  
Full thrust. We need more speed.

CO PILOT 1  
We are at max thrust. You are just  
going to have to nose up early.

PILOT 1  
OK, here goes.

The plane takes off just in time with it's back wheels  
clipping the far end of the crevice.

CO PILOT 1  
That was close.

## INT.NAPAL CAVE-DAY

The men move further into the cave. On the wall the original paintings are visible. Further down there is an oasis with crystal blue water and green grass. Birds fly. In the sky are 3 visible planets.

AL GORE
