INT. NINA'S CONDO - DAY

Clothes are thrown all over the floor. Both NINA and BOSS is doing a lot of moaning and heavy breathing as he pounds her on this queen size bed.

NINA
Ooh shit, Boss. Make this pussy
feel good baby...

Boss is giving Nina the business, as her toes curls and she screams with delight.

Boss is moaning as well as he grips the head board.

NINA
I'm about to cum, yes Boss yes, I'm
about to cum baby.

They climax almost simultaneously; Boss rolls over on his back and she smiles with delight.

Nina pants then attempts to cuddle with a reluctant Boss.

BOSS
Ain't no sense in none of that.

NINA
What? I like to cuddle.

They both throw on their underwear.

BOSS
I do to but we don't have time for
that, your husband will be home
soon right?

The time reads "5:45" AM, from the clock on her night stand.

NINA
Here I'll set the alarm...

She grabs the clock to set the alarm.

NINA
I'm setting it for seven fifteen.

BOSS
Make it seven thirty.

NINA
Okay seven thirty it is, we cutting
it kind of close seeing as he gets
home at eight o'clock everyday.

BOSS

I just want to soak up all the time
I can with you baby, is that so
wrong?

NINA

Awww ain't nothing wrong with that
boo...

She gets comfortable next to Boss and buries her head in his chest. He wraps his arms around her then rolls his eyes in the back of his head with irritation.

NINA

You better wake up when you hear
that alarm, because I can sleep
through anything.

BOSS

Don't trip. I got us babe.

She smiles with satisfaction.

INT. NINA'S CONDO, TWO HOURS LATER - DAY

Nina is sound asleep in the same position as before, while Boss stares at the clock that now reads "7:29."

His finger hovers over the stop button.

The alarm sounds but only for a half a second before Boss taps the button.

Nina shifts a little from the noise but not enough to wake up.

Boss smirks with his eyes wide awake.

LOOKING AT THE CLOCK MOMENTS LATER IT READS "8:05 AM."

A car door shuts and the car alarm sounds, Boss is still wide awake.

He shakes Nina out of her sleep and attempts to act distressed.

BOSS

I think your husband here girl.

She frighteningly turns over to look at the time. The clock reads 8:05 AM.

NINA

Oh shit, what the hell happened to the alarm?

She rushes to throw on her night gown.

NINA

He is going to kill us...

Boss looks unbothered and puts on his clothes with less urgency than Nina.

NINA

Do you want us to get caught? My goodness why are you moving like a turtle?

She yanks him by the arm and heads down the steps.

Her husband TIM is now walking inside and closing the door as they rush back up the steps just narrowly being seen.

IN THE BEDROOM

Nina is panic stricken as her husband makes his way up the steps.

She stuffs Boss in the closet. Boss is able to view Nina's nervousness through the crack in the closet door.

She meets her husband at their bedroom door and instantly hugs him like she has never seen him before.

TIM

Whoa, hey what's up with you babe?

NINA

Nothing I just miss my hubby that's all.

TIM

Well I miss you to babe--

NINA

You want me to run your bath water?

TIM

(taking off his shoes)
No I'm fine, I'm going to take a shower.

NINA

Well come on I'll make us something
to eat downstairs real fast.

TIM

I'm okay but are you?

NINA

What do you mean?

TIM

I mean what are you up to?

NINA

Why I got to be up to something
when I want to cater to my man?

TIM

Because I know my wife, in a minute
your going to be asking me can you
have the credit card to go
shopping...

Boss is making sure not to make a sound as he pulls out his
9mm and attaches a silencer at the end of it.

He then slowly puts one in the chamber and Tim notices the
sound and he puts up his finger and orders Nina to be quiet.

There are small sounds coming from the closet and Tim eyes
Nina angrily.

He tip toes toward the closet.

Nina stands there with her hands in prayer form almost about
to break out in tears.

Tim grabs the door handle, then yanks open the closet door.

Tim is now backing away slowly as he stares down in the eye
of the silencer.

BOSS

What's up Tim? Go sit yo ass on the
bed.

NINA

What are you doing Boss?

TIM

Wow babe really, so he's with you?

Tim takes a seat on the bed and lets out a deep sigh.

TIM
I can't believe you bitch.

NINA
No baby it's not what you think--

BOSS
Yes the fuck it is what he think.
It's not what you think tho, now
sit yo ass down right next to
him...

She does as she is told. And Boss has a seat on a chair
across from them.

BOSS
This is what happens when a fucking
rat, marries a whore.

TIM
That's what this is about?

BOSS
What else would this be about? You
couldn't of thought I gave a fuck
about fucking your bitch nigga.

Boss pulls out a small pocket phone and takes a picture of
Tim.

Nina is crying uncontrollably.

BOSS
Any final words before I blow your
fucking head off?

TIM
The guy I'm taking the stand on
beat my sisters ass then shot me.

BOSS
They always try to justify telling.
The guy you're telling on is a
somebody and that somebody wants
you dead.

TIM
Man come on man. I swear I want
take the stand I'll move across the
country--

The shots instantly silences Tim.

Nina cries and tries to cover her mouth to keep from throwing up.

NINA

How could you do this to me? I thought you really cared for me.

BOSS

That was the plan, for you to think I cared for you. How else was I suppose to get in this house and kill this nigga?

NINA

Why would you do this? What have we done to you?

BOSS

It's not about what you did to me, but more like what you'll do for me. His life is worth twenty grand, and by you being a witness yours is worth a extra five...

Nina stares at Tim as he lays on the bed with his eyes open and a bullet in his head. She cries and shuts his eye lids.

BOSS

This nigga sent some good people to prison. You are just a casualty of war...

Boss aims the gun at the back of Nina's head.

BOSS

It's rules to this game and the main one is Nobody Ever Tell.

He shoots Nina and she lands on Tim.

THE END
