EPISODE 01: The 2 boys

1 INT. HOUSE OF ARTHUR AND MELOG - DAY

Overlay: Earth - House of Arthur Tchaikovsky and Melog
- January 17, 2050

ARTHUR is a 16-year-old blond boy.

MELOG is a 16-year-old alien. He has a human appearance except for the red skin as if it were a sunburn, for the huge belly that reaches under the neck and the lack of hair and hair.

Both are orphans.

ARTHUR and MELOG are asleep on the floor, dirty and sweaty, with a hangover, after spending the night celebrating their 16th birthday (started at midnight). The floor is covered with: 2 almost finished cakes, half empty bottles of various spirits, smoked joints, bottles and droppers of synthetic drugs.
The alarm rings.

ARTHUR

(with cotton mouth)

Melog... the alarm clock ... is ringing.
My head hurts

MELOG, without opening his eyes too much, turns off the alarm clock and touches the floor with his hand to look for a bottle of a synthetic drug.

As soon as he finds it he takes a drop with the dropper and drops it on his tongue.

Then MELOG drops a drop on ARTHUR's tongue.

ARTHUR stands up, fully awake and sober

ARTHUR

Melog?

MELOG

Yes, Arthur?

ARTHUR

(looking around)

Should we fix this mess before we leave?

MELOG

We'll never come back here again

2 INT. SCHOOL PRINCIPAL'S OFFICE - DAY

ARTHUR and MELOG, wearing their school uniform, are standing in front of the desk.
PRINCIPAL is sitting behind the desk looking at them perplexed.

PRINCIPAL

(reproachfully)

I know what others think, that ours are modern armed forces, that we are not at war with anyone, preventive peacekeeping missions and similar bullshit.

PRINCIPAL

(calm and quiet, paternalistic)

Let's talk clearly guys: do you really think it's a brilliant idea to put on a uniform, point the gun and kill someone who has another uniform?

MELOG

(know-it-all)

Yes. Especially if the one in the other uniform is going to kill you.
Plus, if they send you to shoot him it means that whoever ordered it had his good reasons. Maybe I kill someone now that tomorrow would have made a massacre

PRINCIPAL

You believe in nonsense. You turned 16 today. You will also be of legal age but to me you are two children. You don't know the world, don't think you know everything. Arthur, are you enlisting because you can't say no to Melog? Melog, do you want to enlist to return to Vrokja? Do you do it to go home to your family?

MELOG

Principal, are you kidding me? I was born and raised on Earth, I am an Earthling just like

anyone else in this school. My only family is Arthur, that's just here

ARTHUR

I confirm. And Melog is my family.

ARTHUR and MELOG give each other an high five

PRINCIPAL

Yes, of course. I meant that even if legally you are a Earthling, you are a Homo Sphaericus and maybe you would like to go to discover your origins. Maybe you could go to planet Vrokja as a tourist and ...

MELOG

(pissed off)

Principal, from adult to adult: what the fuck are you saying?

PRINCIPAL stands up placing his hands firmly on the table. He stares at MELOG defiantly

MELOG

After all these years in your school this is how you see me: as a Homo Sphaericus. A calm and good Homo Sphaericus: a meek little lamb who wants to go home.

My mother may have been the most boring Sphaericus scientist ever heard, but the man who raped her, my father, was a Homo Sapiens. He enjoyed drinking, taking drugs, punching, stealing and killing. In short, a smart guy. But he got himself killed before my mother died in childbirth, I could have learned a lot from him.

Nobody knows me besides Arthur, but you think you know me. Tell me Principal, am I a Sphaericus? Or am I a Sapiens in here?

MELOG points to his head.

PRINCIPAL does some computer operations off camera

PRINCIPAL

Good. From this moment you are no longer my students. Now you can go

3 EXT. RECRUITING CENTER/OUT OF THE DOOR - DAY

ARTHUR

So now we go inside and say "We enlist", no even better, we go inside, we stare into his eyes and then we say "Hey, we enlist", no, no, no, no, we go inside, we go slowly towards him and say "We are here to do our duty"

MELOG

Maybe the part on duty is a bit excessive but I like the style. Come on, let's do it

4 INT. RECRUITING CENTER/RECRUITING DESK - CONTINUOUS

ARTHUR and MELOG enter with bold attitude

ARTHUR and MELOG

(heroic tone of voice)

We are here to do our duty

RECRUITMENT OFFICER

(absently)

I didn't understand

ARTHUR

Hi, we would like to enlist

RECRUITMENT OFFICER

Which armed force?

MELOG

Space Marines, sir

RECRUITMENT OFFICER

Ok, one at a time, finger on the fingerprint reader, look at the camera and, speaking slowly and clearly, say "I enlist in the Space Marines spontaneously and without being forced"

ARTHUR

(serious voice, looking at a camera)
I enlist in the Space Marines spontaneously
and without being forced

MELOG

(smiling, looking at camera)
I enlist in the Space Marines spontaneously
and without being forced

RECRUITMENT OFFICER

Perfect. From now on, you are both Marines.
Your first order is to reach the Lampedusa
spaceport by 09:00 UTC tomorrow. If you don't
arrive on time, you are deserters, I think.

5 EXT. RECRUITING CENTER/OUT OF THE DOOR - CONTINUOUS

ARTHUR and MELOG exit the Recruiting Center.
MELOG takes 2 joints out of a breast pocket and hands
one to ARTHUR.
ARTHUR and MELOG light up them at the same time.

ARTHUR

Do you think we will miss the Earth?

MELOG

As long as we can also get high on Vrokja, I
don't see what on Earth we should be missing

6 EXT. SPACEPORT/TRAIN STOP - DAY

Overlay: Earth - SpacePort of Lampedusa - January 18,
2050

ARTHUR and MELOG get off a train.
Train stop is full with thousands of YOUNG SOLDIERS IN
CIVILIAN CLOTHES (more boys than girls).
Many are excited, some are worried.
Some are accompanied by their families, others alone.
Tens of soldiers of the S.ARMY-SAPIENS-ROCKET-R1-P1-*
manage the sorting.
The route forks into 4 roads for the 4 armed forces:
Space Army, Space Navy, Space Air Force, Space Marines.

Each of the streets is full of people, except the one for the Marines where the only ones that day are ARTHUR and MELOG

Each of the 4 streets has a huge 50m wide screen on which a short video is projected.

In the Space Army video, a black muscle soldier in a desert uniform drives a DPTAV (Desert Platoon Transport Armored Vehicle) on the sand watching the Vrokja Sun shine in the sky.

The motto is "We bring peace".

In the Space Navy video, a young red-haired sailor on the bridge of a submarine observes the sonar as she navigates the depths of Vrokja.

The motto is "We protect friends".

In the Space Air Force video, a pilot with oriental features escorts a civil aircraft with his fighter.

The motto is "We defend the skies".

In the Space Marines video, a short, black-haired man in a jungle uniform stained with mud, sweat and blood, has a laser rifle in one hand and a hunting knife in the other.

The motto is "Ready to kill".

ARTHUR and MELOG go towards the Marines path and arrive at a small building, the Marines Dressing Room

7 INT. SPACEPORT/MARINES DRESSING ROOM - DAY

ARTHUR and MELOG enter

MARINE AT DRESSING ROOM

Well, you've arrived. Look at the camera, put your finger on the sensor and say that you are enlisting spontaneously.

ARTHUR

We already did it yesterday.

MARINE AT DRESSING ROOM

Did they inform you that the Space Marines have a death rate 100 times that one of the other 3 armed forces combined? Ever since a certain politician, I won't tell you who, has raised a certain scandal in the Senate, you know what I mean, we have an obligation to

make you swear it twice before you leave
forever for Vrokja

ARTHUR

Forever?

MARINE AT DRESSING ROOM

(laughing)

Maybe you two will be back alive

MELOG

I enlist voluntarily and without being forced
in the Space Marines and I am aware of the
high mortality rate

ARTHUR

I enlist voluntarily and without being forced
in the Space Marines and I am aware of the
high mortality rate

MARINE AT DRESSING ROOM

Perfect. Now take a uniform from that pile
and a knife from that box.

MARINE AT DRESSING ROOM points to a pile of uniforms
and a box of knives.
Uniforms are stained with dried blood and have gunshot
holes in their chests.
Knives are even dirtier.

ARTHUR

What about the laser rifle? What about
neutron grenades?

MARINE AT DRESSING ROOM

They will give you those on Vrokja, you do
not need them for the trip

ARTHUR and MELOG choose the uniform after having
discarded some visibly too tattered or dirty.
Then they choose the knife in the same way and put it
in the buckle.

MARINE AT DRESSING ROOM

Well, continue down the road to the Space

Army rocket, they'll give you a ride in the outer capsule. Being made of glass, you will be the only ones, of all those leaving today, to see the space. A privilege that belongs only to us Marines

8 EXT. SPACEPORT/LAUNCH PAD - DAY

30 rockets are ready for take-off: 20 of the Space Army, 5 of the Space Navy and 5 of the Space Air Force. Each rocket is different (in shape and color) according to the armed force.

Some Space Army rockets are only troop transport vehicles, so some have seats as in a normal airliner, others load compartments for tanks, others carry containers with supplies.

Those of the Space Navy are composed of 8 submarines attached to each other that will separate as soon as the rocket has entered the waters of Vrokja.

Those of the Space AirForce are flying motherships each containing a swarm of mini fighters.

On a Space Army rocket, tens of meters high, there is an outer glass capsule, which interrupts the smooth profile of the rocket, 4 meters by 4 meters, with 16 seats and related safety belts. 2 of those seats are occupied by ARTHUR and MELOG who stare into the ground in front of them (the seats are perpendicular to the rocket and pointing down)

All the rockets lift off at the same time with a roar.

9 INT. SPACEPORT/SPACE ARMY ROCKET'S INTERIOR - DAY

The take-off is not perceived by YOUNG SOLDIERS IN ARMY UNIFORM inside the rocket due to a technology that allows the acceleration not to be felt.

A few light objects barely move, the soldiers are calm and quiet.

10 INT. SPACEPORT/SPACE ARMY ROCKET'S GLASS CAPSULE - DAY

ARTHUR and MELOG are squeezed by acceleration, not towards the seats, but towards the seat belts as the glass capsule does not have anti-acceleration technology.

ARTHUR and MELOG hear the deafening roar of departing rockets
ARTHUR and MELOG scream excited but happy

11 EXT. SPACE AROUND EARTH

The rockets begin to spin each on itself.
ARTHUR and MELOG feel the stomach upset.
After a few seconds the motion of the rockets opens a blue Worm Hole so large that it allows the passage of all 30 rockets.
Rockets enter and disappear

12 EXT. SPACE AROUND VROKJA

Overlay: Vrokja - Space - January 18, 2050

A Worm Hole appears in space.
Spaceships pop out and stop spinning. They separate because each lands (or ditches) in a different place on the planet.
ARTHUR and MELOG watch the planet Vrokja with admiration. ARTHUR and MELOG see a Jungle, a Red desert and some oceans but not the whole planet.

ARTHUR
(in a low voice, to the planet)
There you are at last.

The capsule is released and begins to plummet towards the planet.
ARTHUR and MELOG scream again

13 EXT. JUNGLE/CORROSIVE RIVER - DAY

A parachute opens at an altitude of 1000 meters.
ARTHUR and MELOG see a clearing and it looks like the capsule is about to land there.
A strong wind blows on the parachute causing the capsule to land many kilometers away.
While landing, the parachute tears off with the trees and the capsule bounces several times on the ground, breaking with each hit.
Finally, the semi-destroyed capsule lands in a river of a purple, dense and corrosive liquid.

ARTHUR and MELOG are strangely unharmed.

MELOG

Huuu huuuuuu! Safe and sound after crashing on Vrokja, in potentially hostile territory. Armed with hunting knives. Is this the best day of your life?

ARTHUR

Yes it is my roommate, or as I should say, my comrade. We are not sufficiently armed for a clash with hostile forces, so the tactically most valid solution is to wait for the current to take us to the shore and go down to the beach. From there try to orient ourselves.

MELOG

Dear "tactically most valid solution", I'm sorry to ruin your plans but you may not have seen that the capsule is melting in this purple river. I believe it is highly corrosive. If we don't jump to the river bank, we'll be dead in a few minutes.

ARTHUR

It's about a couple of meters far, I might try to jump there but you can't: we need something to move this kind of glass raft we're on.

ARTHUR and MELOG look under the seats.

ARTHUR finds a first aid kit.

ARTHUR opens it. Among other items, there is a bandage gauze.

ARTHUR knots it to create a lasso with which to grab a log on the shore.

ARTHUR in the first 3 attempts fails, on fourth he manages to hook it.

Then ARTHUR and MELOG place both feet on the capsule and forcefully pull the rope bringing the capsule closer to the shore.

They jump away just before the capsule is completely destroyed.

ARTHUR

Melog, you let the first aid kit sink. Maybe we needed it

MELOG.

You didn't tell me I had to get it. And then we have the hunting knives and the jungle seems uninhabited. Did you see in which direction the base is?

ARTHUR

No

MELOG

(pointing)

Excellent. We march in a random direction. Over there!

14 EXT. JUNGLE/LAIR OF THE PYTHON - DAY

ARTHUR and MELOG have been walking uphill for some time, they are tired and sweaty.

Suddenly ARTHUR steps on a huge python, 5 meters long and 30 centimeters wide.

The python wraps them both, back to back and begins to crush them.

From a series of cracks along the body, the heads of his puppies emerge. These puppies pythons begin to bite shreds of meat off ARTHUR and MELOG.

ARTHUR and MELOG try to scream in pain but are out of breath because the python is crushing them.

ARTHUR struggles to move his right arm and pull the knife out of the buckle.

When he succeeds, he sticks the python, first in the body (to make him loosen his grip) and then gives the final blow to the head.

MELOG

Nice shot!

MELOG takes his knife

MELOG

I really want to see how you are made inside
ugly beast

MELOG opens the python with a long longitudinal cut.
There are thousands of puppies inside the python, which
run away frightened.

MELOG grabs some, decapitates them and hangs them on
his belt as a souvenir.

15 EXT. JUNGLE/HUT VILLAGE - DAY

ARTHUR and MELOG continue walking until they reach a
village full of PILOSUS (MEN, WOMEN, CHILDREN).
Their huts are made of wood and straw.
Homo Pilosus are 1 meter tall but incredibly muscular.
They are covered in red hair like an orangutan.
They wear rudimentary leather clothes.
They are armed with spears.
They see the snakes in MELOG's belt

PILOSUS MAN 1

(screams in an incomprehensible
language)

Overlay: "He killed the sacred snake!"

PILOSUS MAN 1 throws the spear through MELOG's belly.
Fat gushes from MELOG's belly.
ARTHUR leaps against PILOSUS MAN 1 and cuts his throat.
The other PILOSUS MEN point their spears at ARTHUR

SOUND OF LASER RIFLE

One by one the PILOSUS (MEN, WOMEN, CHILDREN) fall to
the ground dead with a hole in their head or chest.
Behind them, part of the Marine Squad is shown:
FRANCESCO, JONNE, HANS, PABLO

FRANCESCO

(speaking on the radio)
Aleksandra, we have recovered the 2 idiots,
you can land. Alert command that we have a
wounded Sphaericus.

The Multicopter lands quietly and quickly vertically.

ARTHUR

Wow!

The multicopter side door opens
HANS and PABLO take a stretcher and use it to load
MELOG

JONNE

Corporal, I request authorization to carry
out secondary mission and return on foot

FRANCESCO

Granted

EVERYONE (except JONNE) go in the Multicopter.
ALEKSANDRA makes the Multicopter take off.

EPISODE 02: Boots on the ground

16 INT. OUTPOST 42/INFIRMARY - DAY

Overlay: Vrokja - Space Marine Outpost 42 - January
19, 2050

(this scene mirrors the other one in the infirmary)

MELOG is lying on his bed still asleep after a surgery
he received.

MELOG has a drip in the vein from which he's receiving
lipids.

MELOG opens his eyes and sees ARTHUR

ARTHUR

Good morning. Doctors said you need to
recover all the fats you lost, you should get
at least 5kg today. They don't have any seal
fat, but you can choose between butter and
peanut oil.

MELOG

I'm happy to see you alive too, Arthur. Give
me the butter

ARTHUR hands a bar of butter to MELOG.

MELOG unwraps it and eats it in large bites.

FRANCESCO enters the room

FRANCESCO

Breakfast postponed. Sergeant James Smith
wants to see you now

MELOG gets up with difficulty and pain due to the
operation on his stomach

ARTHUR

Wait, I'll help you

MELOG

I'll do it myself

ARTHUR, MELOG and FRANCESCO exit

17 INT. OUTPOST 42/BRIEFING ROOM - CONTINUOUS

JAMES

(drunk)

You killed a snake that was sacred for the Pilosus.
Then you killed a Homo Pilosus.
Finally, you forced the rest of the Squad to kill all the Homo Pilosus. They can be considered extinct since yesterday.
Well done! These are the kind of men I want.
How much do you know about politics?

ARTHUR

Nothing, Sir

JAMES

Well, I'll tell you what you need to know.
The Republic of the Earth is allied with the Homo Sphaericus, like you, stitched Marine

MELOG

I am half Homo Sapiens, and I was born on Earth, Sir.

JAMES

You have the guts to interrupt your Sergeant: I like you. I was saying: all our armed forces are allied with the red balls but the red balls are not at war with anyone.
And one should ask: So what are the Marines doing here?

JAMES checks out ARTHUR and MELOG

JAMES

It's not like on Earth, on this planet. It is not even what the Earth was like 20 years ago, before unification. There are no exact boundaries. Here it is everyone against everyone. There are minor conflicts between tribes of the same species, but the real conflicts are between different species. Everyone thinks to be the lord of Vrokja. Everyone wants to fuck the next one.

JAMES switches on a screen showing alliances that he is going to explain

JAMES

The Space Navy is trying to avoid the war against the Homo Maris. They live in the sea, if you didn't understand by the name. The Space Navy has nuclear submarines. The Homo Maris swim naked and unarmed. And the Space Navy is losing the conflict. Beggars!

The Space Air Force preferred to have an Intelligence role. According to the Ministry of Defense, bombing enemies may not be appreciated by the public opinion. The Space Army has decided to be a coward of the situation: they are conducting negotiations with the Homo Similis to enlist them in a special division. But Homo Similis hate Homo Sphaericus. Everyone on this planet hates Sphaericus. Red ball, why does everyone hate you?

MELOG

Because Homo Sphaericus are so boring that they have given up on war in their evolutionary history. Rather they freeze to death at the North Pole

JAMES

You look different. You are one who loves war, I see it. In any case, I have not yet said what the Marines are doing here.

JAMES shows on the screen a video of a group of TERRIBILIS tearing up some prey

JAMES

Since the other armed forces will pretend to be at war, the Space Marines have the funniest task: we must exterminate all Homo Terribilis, until the last. Blondie, do you know what rules of engagement mean?

ARTHUR

Yes sir. It means what we can and cannot do with the enemy.

JAMES

That's right, recruit. My rules are simple. If you come across a Homo Terribilis, kill him. 5 of them, ask for backups. 10, well, in that case you're dead. Corporal, you have 6 days to teach these kids how to survive out there, after which their first field mission starts.

FRANCESCO

I only need 5 days

18 EXT. OUTPOST 42/FIRING RANGE - DAY

ARTHUR and MELOG shoot laser rifle shots with bad aim, always missing the target (sometimes a little, sometimes a lot).

ARTHUR shoots in single shot mode and gets nervous every time he makes a mistake.

MELOG shoots in burst mode not caring what he is hitting and leaving holes even on the walls behind the targets.

The laser beam is red.

19 EXT. OUTPOST 42/FIRING RANGE - NIGHT

ARTHUR is left alone to shoot late into the night, after several wrong shots he hits the bull's-eye perfectly and smiles

ARTHUR
(in a low voice, to himself)
Yes!

ARTHUR leaves

20 EXT. OUTPOST 42/FIRING RANGE - DAY

ARTHUR and MELOG practice throwing neutron grenades that explode releasing blue light in every direction. ARTHUR never manages to get his grenades to the target, MELOG instead throws them far

21 EXT. OUTPOST 42/FIRING RANGE - NIGHT

ARTHUR is left alone to throw grenades but continues to be bad.

ARTHUR
(in a low voice, to himself)
Fuck!

ARTHUR goes away

22 EXT. OUTPOST 42/OBSTACLE MUD FIELD - DAY

ARTHUR is fast and crosses the path smoothly. MELOG collapses exhausted after less than 50 meters

MELOG
(out of breath)
Can someone explain to me why we should learn to run if we have a multicopter?

23 EXT. OUTPOST 42/HILL - NIGHT

ARTHUR, with his last strength, arrives on the highest point of the hill. He stops to look back at the outpost.
He smokes a joint before coming back

24 EXT. OUTPOST 42/OBSTACLE MUD FIELD - DAY

ARTHUR trains to fight in the mud against HANS.
MELOG trains to fight in the mud against PABLO.
They are both defeated several times, but ARTHUR always
gets up

25 EXT. OUTPOST 42/OBSTACLE MUD FIELD - NIGHT

ARTHUR is on the ground wounded

HANS

My fists hurt, that's enough, I can't beat
you anymore

26 INT. OUTPOST 42/BRIEFING ROOM - DAY

FRANCESCO

Do you know what is the strong point of our
Commando? We are silent. Invisible. We land
on the enemy without them even suspecting our
existence. And when we get there we are very
quick to eliminate it. But I don't think this
tactic works well with you. I've created a
new role specifically based on your ...
aptitudes.

You will be our bait. Today you will learn
how to attract Homo TERRIBILIS to you.

I will teach you what noises to make and
where to make so they hear you even
kilometers away. How to leave fresh tracks on
the ground for being chased. To piss in favor
of the wind to make them smell you from every
nook where the TERRIBILIS live.

Tomorrow I will teach you to hide, to be
silent and not to be sniffed.

Let's say that one lesson is preparatory to
the other, so I urge you to pay attention.

27 INT. NEWSCAST - DAY

The screen behind the ANCHORMAN shows a video of TERRIBILIS who ambush and eat SIMILIS PEOPLE still alive

ANCHORMAN

Yet another brutal and senseless attack by the Homo Terribilis on Vrokja. The murderous fury of these monsters had no mercy even towards women and children. Our anger can no longer be held in check. The report of our sexy correspondent

28 EXT. MINISTRY OF DEFENSE/SQUARE AHEAD - DAY

SEXY JOURNALIST, dressed in an excessively provocative way, interviews the MINISTER OF DEFENSE, very embarrassed but also excited

SEXY JOURNALIST

Mr. Minister, another ugly ugly ugly Homo Terribilis attack. But when will they all finally be killed?

MINISTER OF DEFENSE

Very soon. You know, by law I couldn't tell you, but the attack is scheduled for next Monday.

SEXY JOURNALIST

And will all all all of them die?

MINISTER OF DEFENSE

Everyone. I guarantee it

29 INT. MULTICOPTER - DAY

ALEKSANDRA is piloting.
FRANCESCO, PABLO, JONNE, ARTHUR and MELOG are in the back of the plane.
ARTHUR and MELOG are worried

JONNE

You need some honey. I got it near the purple river when we saved your life. You will appreciate it

ARTHUR and MELOG eat a spoonful of honey each.

ARTHUR

My fear is gone

JONNE

I told you.

It is curious that on Earth drugs are always from plants, such as cannabis, opium, cocaine, or from fungi and molds, such as alcohol, peyote and LSD.

But on Vrokja, bees produce drugs too!

30 EXT. JUNGLE - DAY

Overlay: Vrokja - Terribilis hunting area - January 24, 2050

Jungle is full of perfectly circular and equidistant craters

31 INT. MULTICOPTER - DAY

ARTHUR looks out from the wide open side door.

JONNE

Have you ever seen such precise holes?

ARTHUR

No, what are they?

JONNE

We have divided the whole jungle into quadrants and in the center of each of them we have thrown a lot of grenades. Landing in a crater is easier than landing on trees. The problem is that when it rains they become artificial lakes, but today we expect good weather

32 EXT. JUNGLE/LANDING CRATER - DAY

The Multicopter lands in a shallow crater.
FRANCESCO, PABLO, JONNE, ARTHUR and MELOG exit

FRANCESCO

(pointing)

Jonne, take that path, get to the top of that ridge and from there provide cover with the sniper rifle.

JONNE

Received

FRANCESCO

Hans, put the booby traps in the points I marked on this map

FRANCESCO gives a map to HANS

HANS

Received

FRANCESCO

ARTHUR, MELOG. You know the mission, you will act as a bait following the path of this map, always follow the line I drew and you will have some chance of not dying today

FRANCESCO gives a map to ARTHUR

FRANCESCO

Pablo, come with me

PABLO

Received

FRANCESCO

(screaming)

Ready?

ARTHUR, MELOG, HANS, PABLO and
JONNE

(screaming)
Ready to kill!

FRANCESCO
See you in 6 hours

33 EXT. JUNGLE - DAY

ARTHUR and MELOG walk among the trees.
Every now and then they sprinkle a few drops of urine,
which they have in a bag, on the trees.
ARTHUR nervously checks an electronic device (similar
to a radar but for the smell of the TERRIBILIS) on his
wrist.
MELOG also has the same device.

ARTHUR
It always says "0 Tracks"

MELOG
Let's hope you're wrong. It'll be so boring
if we piss all over the jungle and we don't
kill any TERRIBILIS

SOUND: BEEP

ARTHUR and MELOG both look at the display of the
device.
The display shows 1 point on which is written "9km"

ARTHUR
(speaking on the radio)
Corporal, we smelled 1 enemy at 9km of
distance.

FRANCESCO
(voice coming out of the radio)
How far are you from Rendez Vous?

ARTHUR
(speaking on the radio)
4 km

FRANCESCO

(voice coming out of the radio)

Perfect. Everything is going according to the plan. As soon as he reaches you, kill him and continue

ARTHUR and MELOG proceed at a normal pace for a while

SOUND: BEEP BEEP

ARTHUR and MELOG look at the display.
The display shows 3 dots (the old one plus 2 new ones, each dot shows the distance)

ARTHUR

(speaking on the radio)

Corporal, 3 enemies approaching. The closest is now at 6km. We are still 3 km away

FRANCESCO

(voice coming out from the radio)

If I were you I would hurry up then, I don't think you would be able to face 3 Terribilis if they reach you

SOUND: BEEP BEEP BEEP

ARTHUR and MELOG look at the display.
The display shows 6 dots (the old 3 plus new 3)

ARTHUR

(speaking on the radio)

Corporal, now there are 6

FRANCESCO

(voice coming out of the radio)

Shit! Run the fuck! Run!

ARTHUR and MELOG begin to run with difficulty through the trees.

Throughout the ride they hear many beeps.

ARTHUR continuously checks the screen to see the distance

The display always shows more and closer dots

34 EXT. JUNGLE/MAIN CRATER - DAY

ARTHUR and MELOG arrive on the top of the crater, being very large, they stop on the edge so as not to fall inside.

SOUND: BEEP BEEP BEEP BEEP BEEP BEEP BEEP BEEP BEEP

ARTHUR and MELOG look at the display.

The display shows many dots: the closest says 30 meters.

ARTHUR and MELOG throw themselves off the embankment rolling and hurting themselves very badly.

ARTHUR and MELOG come up to the center.

ARTHUR and MELOG look up.

1 TERRIBILIS, a few meters from them, jumps high at ARTHUR

EPISODE 03: Action & Reaction

35 EXT. JUNGLE/MAIN CRATER - CONTINUOUS - SNIPER RIFLE VIEW

The rifle's optics frame the whole crater.
ARTHUR and MELOG are in the center.
Zoom in.
Many TERRIBILIS are coming down the crater escarpment.
A TERRIBILIS is about to hit ARTHUR and MELOG.
The viewfinder centers on the TERRIBILIS's head.

36 EXT. JUNGLE/MAIN CRATER - DAY

SOUND OF LASER RIFLE

ARTHUR and MELOG see the TERRIBILIS fall in front of them with a hole from the nape to the forehead

ARTHUR
(speaking on the radio)
Thank you, Jonne

37 EXT. JUNGLE/FOLIAGE - DAY

JONNE is lying on the ground, camouflaged in the foliage.
He is holding the laser rifle with his eye on the optics

JONNE
(speaking on the radio)
You're welcome, ARTHUR

38 EXT. JUNGLE/MAIN CRATER - DAY

ARTHUR and MELOG get back to back.
ARTHUR shoots the TERRIBILIS coming from a north direction.
MELOG throws the grenades south.
Some TERRIBILIS are shot from a distance by Jonne.
The Homo TERRIBILIS try to escape.
FRANCESCO and PABLO arrive from the east side of the crater.

HANS comes from the west side.
The TERRIBILIS no longer have any escape routes

FRANCESCO
(speaking on the radio)
Aleksandra: now!

The multicopter descends quickly and remains suspended a few tens of meters above the ground.
ALEKSANDRA shoots lots of TERRIBILIS with accuracy and speed.

Only a few TERRIBILIS manage to escape without being seen.

When the fighting is over, there are hundreds of bodies in the crater.

The Multicopter lands.

ARTHUR, MELOG, HANS, FRANCESCO, PABLO come aboard.

39 INT. MULTICOPTER - DAY

ALEKSANDRA
How did it go guys?

ARTHUR
The best day of my life

40 INT. OUTPOST 42/DORMITORY - NIGHT

JONNE
Strangely, no one died today. We must party

JONNE opens a cupboard full of synthetic drugs in dropper vials

JONNE
Gentlemen, what drug do you want? We have a vast and valuable collection of amazing products from the unique and inimitable Xulu industries. We have greens, reds, grays, whites, purples, pinks, fuchsia, yellows, browns and oranges.

MELOG

On Earth they only sell the greens, reds and grays. I'll take six drops of purple xulu

ARTHUR

And I'll take four of yellow xulu. I have no idea what effect it has but it inspires me.

ARTHUR, MELOG, JONNE, HANS and PABLO take drugs.

41 INT. OUTPOST 42/DORMITORY - CONTINUOUS

The scene is from the point of view of ARTHUR's eyes. The image has a filter that adds yellow color due to the drug effect.

MELOG, JONNE, HANS and PABLO chat

42 INT. OUTPOST 42/DORMITORY - CONTINUOUS

ARTHUR is in a semi-confused state and with lost eyes. His eyes turned yellow.

ARTHUR undresses completely and rubs his penis on various surfaces or objects.

MELOG, JONNE, HANS and PABLO laugh at him.

ARTHUR exits

43 EXT. OUTPOST 42/MULTICOPTER PARKING - NIGHT

The Multicopter is parked (helicopter head in front). ALEKSANDRA is inside the multicopter on the pilot seat

ALEKSANDRA

(groans with pleasure)

ARTHUR approaches the multicopter.

ARTHUR rests his forehead against the front glass.

44 INT. MULTICOPTER - CONTINUOUS

ALEKSANDRA is completely naked and has her eyes closed. ALEKSANDRA is masturbating her vagina with the cloche handle.

ALEKSANDRA opens her eyes

ALEKSANDRA

If you want to jerk off, go ahead, I'm not
offended

ALEKSANDRA drops a few drops of pink Xulu on her
clitoris.

ALEKSANDRA closes her eyes.

ALEKSANDRA continues to masturbate with the cloche
handle.

45 EXT. OUTPOST 42/MULTICOPTER PARKING - CONTINUOUS

ARTHUR masturbates and ejaculates on the glass of the
multicopter.

ARTHUR heads for Firing Range

46 EXT. OUTPOST 42/FIRING RANGE - NIGHT

ARTHUR lazily picks up some grenades and throws these
almost well.

Then ARTHUR throws one grenade too close.

The explosion threw him several meters away.

ARTHUR

(screams in pain)

EPISODE 04: A long journey

47 INT. MINISTRY OF DEFENSE/GENERIC OFFICE - DAY

Overlay: Earth - Ministry of Defense - January 25, 2050

EMPLOYEE 1 and EMPLOYEE 2 watch ARTHUR and MELOG shoot the TERRIBILIS on a monitor, filmed by the multicopter camera.

EMPLOYEE 1 indicates MELOG

EMPLOYEE 1

I like his smile

EMPLOYEE 2

The smile?

EMPLOYEE 1

Yes, in this frame, look how he smiles at the camera, it's so natural, so happy.

EMPLOYEE 2

It looks like an idiot to me.

EMPLOYEE 1

It doesn't matter. This image communicates triumph, communicates victory, communicates cooperation. A Sapiens and a Sphaericus on a mountain of corpses smiling with the gun in hand.

EMPLOYEE 2

But the Sphaericus looks down, in this frame

EMPLOYEE 1

We can always do a montage with two different frames in which both are smiling upwards. And if you don't like the torn-in-the-mud uniform we can always clean it up.

EMPLOYEE 2

Maybe you're right. What if we edit the image by putting on them officer uniforms?

EMPLOYEE 1

Not very credible. Too young... well... we can always age them a little. Let's put some beard here, some muscle there and turn them into two unblemished and fearless veteran heroes

EMPLOYEE 2

And if somebody accuses us of killing innocent people or something? Two against thousands feels more like genocide than battle

EMPLOYEE 1

After the report of a few days ago with people being mauled alive? No one will have anything to say.

EMPLOYEE 2

Yes, it can go. The minister will like it

48 INT. OUTPOST 42/INFIRMARY - DAY

Overlay: Vrokja - Outpost 42 - January 25, 2050

(this scene mirrors the other one in the infirmary)

ARTHUR is lying on his bed still asleep after a surgery he received.

ARTHUR has a drip in the vein from which he's receiving nourishment.

ARTHUR opens his eyes and sees MELOG

MELOG

Not even a week and we've both been under the knife, huh?

ARTHUR

What? Where?

MELOG

Don't you remember? Yesterday you were very stoned and you went to play with the grenades

ARTHUR

What have I done?

MELOG

You made a big bang, you scared us a lot, and you forced the Space Marines doctors to come here. They've been up all night to mend you.

ARTHUR

Am I serious?

MELOG

Come on, don't be a sissy. You just said goodbye to your feet. But the new ones they implanted seem identical to the previous ones. Maybe the color changes a bit. But you should also run faster, useful if we find in a situation like yesterday

ARTHUR looks at his new synthetic feet

ARTHUR

MELOG, they are completely white. Looks like they got them from a statue

MELOG.

Well yes, they take on your natural skin color in a few weeks. Come on, stand up and show all marines in the barracks you're okay. By the way, it seems that the High Command gave you a gold medal for losing your feet in battle

ARTHUR

But MELOG, I didn't lose them in battle

MELOG

Who cares! Just say thank you, ok?

49 EXT. JUNGLE - DAY

Overlay: Vrokja - Terribilis hunting area - February 14, 2050

3 wounded TERRIBILIS, escape and leave the scene, while

loosing blood.

ARTHUR comes next, while is following the tracks of blood and footprints, as well as looking at the distance on the display

50 EXT. CAVERN OF TERRIBILIS/ENTRANCE - DAY

The 3 TERRIBILIS arrive at the cavern entrance. They turn and see ARTHUR staring at them. They're scared.

ARTHUR

You just realized you took me to your nest, right? You are thinking that now I will exterminate all your fellows, right? Do you feel guilty? You should

ARTHUR fires 3 shots and kills them.
ARTHUR enters the cavern

51 INT. CAVERN OF TERRIBILIS/INTERIOR - DARK

ARTHUR enters the cavern.
Tens of TERRIBILIS MALES are injured. Thousands of TERRIBILIS FEMALES (they have a human aspect) take care of the males.
Thousands of TERRIBILIS children (they too have a human aspect) play with each other.
ARTHUR kills all adult males but spares women and children.

ARTHUR

(speaking on the radio)
Corporal, I absolutely have to show you something. I send you the coordinates

FRANCESCO

(voice from the radio)
All right, we arrive

52 INT. CAVERN OF TERRIBILIS/INTERIOR - DARK

MELOG, HANS, FRANCESCO and PABLO enter the cavern. ARTHUR is playing with some TERRIBILIS CHILDREN. The TERRIBILIS WOMEN look at him worried.

ARTHUR

I think I have discovered a clear example of sexual dimorphism. Adult males become the beasts we have killed in recent weeks, while females and children are indistinguishable from us Sapiens, indeed, they seem even more peaceful. I would say that this tribe is still in prehistoric times. They also have a rudimentary form of cave art

ARTHUR indicates graffiti depicting hunting scenes

FRANCESCO

ARTHUR?

ARTHUR

Yes?

FRANCESCO

The children will grow up. Half of them will become a blood-starved beast like the corpses you are deliberately ignoring. The other half will become an adult female and will give birth to others. Many of the females here are pregnant. You know what needs to be done, right?

ARTHUR

(sad voice)

Yes, Sir

FRANCESCO

Tell me Marine, did they tell you that civilians are not killed in war, right?

ARTHUR

Yes, Sir

FRANCESCO

Did you believe it?

ARTHUR

No, Sir

FRANCESCO

We have to exterminate them all. Orders from Sergeant Smith. Which takes them directly from the Space Marine High Command. Which takes them from the Ministry of Defense. Which takes them from Parliament. Which takes them from the voters. It's clear?

ARTHUR

Yes, Sir.

ARTHUR, MELOG, HANS, FRANCESCO and PABLO kills all the TERRIBILIS present with rifles and grenades.

53 INT. OUTPOST 42/DORMITORY - NIGHT

ARTHUR

Give me a bottle of black Xulu

JONNE

The black Xulu is strong. You risk having foggy memories of the whole day of today

ARTHUR holds out his hand with an open palm

JONNE

I understand what you don't want to remember

54 INT. MINISTRY OF DEFENSE/WAR ROOM - DAY

Overlay: Earth - Ministry of Defense - February 14, 2050

A round table with 6 seats. Each has a qualification tag in front of it for:

MINISTER OF DEFENSE
SPACE ARMY GENERAL
SPACE AIR FORCE GENERAL
SPACE NAVY ADMIRAL
SPACE MARINES GENERAL
SPD DIRECTOR

The 3 GENERALS, SPACE NAVY ADMIRAL and the SPD DIRECTOR are waiting MINISTER OF DEFENSE

A satellite photo of Vrokja is on a big screen: to the east the jungle, in the center a mountain range that goes from north to south, to the west a red desert. The mountain range is interspersed with some valleys.

MINISTER OF DEFENSE enters and sits at his place

MINISTER OF DEFENSE

Why was I called?

SPD DIRECTOR

We have taken an article from the servers of a newspaper, it will be published in a few hours. He is very critical of the work of the Space Marines in the mission against the Homo Terribilis that took place from January to today. They claim that beside the killing of a few thousand Terribilis, an undefined number of these escaped from the jungle through a valley in the mountains. From there they would have reached the west side and then the Great Red

MINISTER OF DEFENSE

What?

SPD DIRECTOR

The Great Red, the desert disputed between various populations of Homo Similis and almost all of the Homo Mutantis. There, given the lack of Marines on that side, the Terribilis would have carried out some carnage.

MINISTER OF DEFENSE

Were there many civilian casualties?

SPD DIRECTOR

Very few actually, but some of those have been filmed and spread on the web

SPACE NAVY ADMIRAL

Mr. Minister, give us the coordinates of those monsters and we will eliminate them all

SPD DIRECTOR

Admiral, you are having difficulty keeping the Homo Maris at bay, in your own environment: the ocean. And do you want to solve a problem in the desert?

S.ARMY-GENERAL (FIRST)

The Great Red is entirely under the control of the Space Army. We are training the Similis we have enlisted in the Similis Corps. While solving the problem of Homo Mutantis they can also deal with Homo Terribilis

MINISTER OF DEFENSE

How many tribes have we convinced to enlist?

S.ARMY-GENERAL (FIRST)

3

MINISTER OF DEFENSE

How many have we contacted?

S.ARMY-GENERAL (FIRST)

(ashamed)

87

SPACE AIR FORCE GENERAL

Mr. Minister, the Space Air Force is the only one who has the means to

MINISTER OF DEFENSE

To what? To drop a thermobaric missile against a single enemy from a fighter jet at a height of 20km killing all civilians within kilometers?

SPACE MARINES GENERAL

It was my men who made those beasts flee. And my men will hunt them down. If they have to trespass into Homo Mutantis territory they will do so without fuss. If they see us as saviors so much the better, if they attack our troops we will also have the casus belli to label them as enemies and at that point no one will care more about what the Terribilis have done. Can I give you some advice, Mr. Minister?

MINISTER OF DEFENSE

I'm all ears

SPACE MARINES GENERAL

We demonstrated our speed last month when a few days after the Terribilis attack we put the boots on the ground and gave them a good lesson. Judging by how many times they have shown the photo of the two Marines on the pile of corpses on television, I would say that there has been a return of image for the government. Tomorrow morning, announce this new war campaign in defense of the Mutantis. Tell the press that the Terribilis attacked them because they are few and have no allies. Say they need us. Beat that article

55 INT. OUTPOST 42/DORMITORY - DAY

Overlay: Vrokja - Outpost 42 - February 15, 2050

ARTHUR wakes up and notices that he is alone. He grabs his head because of the severe headache. He takes a drop of gray Xulu and exits

56 EXT. OUTPOST 42/MULTICOPTER PARKING - CONTINUOUS

ARTHUR comes out of the barracks and sees all the other Marines (even the superiors). HANS is cooking the meat on the barbecue. MELOG is kneading and frying. JONNE is mixing various bottles of Xulu together. FRANCESCO is making 2 sauces.

JAMES is drunk and is making cocktails.
ALEKSANDRA is sitting with her legs dangling out of the
door side of the multicopter.
PABLO is doing fitness

HANS

Sleeping beauty has woken up. Veal, pork,
soogooll or bortuf?

ARTHUR

I want both the bortuf burger and the
soogooll hot dog

FRANCESCO

Sweet or spicy sauce?

ARTHUR

Sweet please

ARTHUR receives a plate with what he asked for.
ARTHUR goes to sit next to ALEKSANDRA

ARTHUR

You let me sleep late

ALEKSANDRA

MELOG tried to wake you up but with what you
took last night it was impossible.
But you woke up in time for the farewell
party at the base

ARTHUR

Farewell party?

ALEKSANDRA

Yes, tomorrow morning we are moving to
Outpost 84, in the middle of the desert

ARTHUR

For you it should change little: you never
get off the multicopter. By the way, why
don't you ever get off?

ALEKSANDRA

(angry)

The pilot must never abandon her vehicle

ARTHUR

Well, sometimes she can, say..

ALEKSANDRA glares at ARTHUR

ARTHUR

... ok, she can't. But do you know that the corporal's sauce is really good?

ALEKSANDRA

And you haven't tried the spicy one yet!

JAMES passes out drunk.

ARTHUR, MELOG, HANS, ALEKSANDRA, FRANCESCO, JAMES, JONNE and PABLO laugh

57 INT. TOROT'S VILLA/LIVING ROOM - DAY

Overlay: Vrokja - Torot's Villa - February 21, 2050

ROBERT is seated.

TOROT'S BODYGUARD 1 is standing

TOROT arrives and sits down.

TOROT

Here he is my favorite fish out of water,
Captain Robert Dick!

ROBERT

Witty

TOROT

I knew you got another mutiny. Are you
getting used to it?

ROBERT

There's really no right to privacy on this
planet, huh?

TOROT

No. When it comes to my business, no. I always know everything that happens on Vrokja. Even what happens underwater

ROBERT

Then you will also know that I have requested and obtained a new submarine and a new crew, they will arrive in a few weeks.

TOROT

Don't rush Captain, enjoy the beauty of Vrokja. I'll find another sea dog for my business

ROBERT

No need. Our agreement is still valid for me. You will have your Homo Maris, as agreed.

TOROT

Alive

ROBERT

Alive and in excellent health

TOROT

What are you going to do this time?

ROBERT

I will not make the mistake of the last time. We will not attack them directly but I will make them flee to the surface. Out of the water they are more vulnerable. I will let you have the coordinates of the point where they will emerge in advance. Your men will only have to find themselves with boats and nets on the high seas, at the given point. It will be a pleasant morning of fishing for your poachers

TOROT

So let's toast to the fishing of Homo Maris

58 EXT. DESERT - DAY

HANS drives the quad.

ARTHUR sits in the back.

They are following the footprints of Homo TERRIBILIS in the sand

59 EXT. CAVERN OF TISHA AND RISHA/ENTRANCE - DAY

ARTHUR

Jonne, do you hear me?

JONNE

(from the radio, croaking)

A little, you have gone too far

ARTHUR

The footprints of the Terribilis have led us to the entrance of a cavern. We enter

JONNE

(from the radio, croaking)

Received

60 INT. CAVERN OF TISHA AND RISHA/INTERIOR - DARK

ARTHUR and HANS enter and discover various corpses of naked women.

They go deeper and deeper (and find more and more corpses), until the end of the cavern.

2 TERRIBILIS are going to kill TISHA and RISHA (both naked and terrified women)

ARTHUR and HANS kill the TERRIBILIS.

ARTHUR

(to Hans)

Why are they all naked?

HANS

Maybe they wanted to persuade the Terribilis not to kill them with a striptease.

ARTHUR
(to the girls, speaking slowly)
We come in peace

TISHA and RISHA approach ARTHUR and HANS

TISHA (woman)
Hello handsome warrior. My name is Tisha

RISHA (woman)
And I am Risha

ARTHUR
I am ARTHUR and this is Hans

TISHA kisses ARTHUR while RISHA kisses HANS.
TISHA undresses ARTHUR while RISHA undresses HANS.
TISHA and ARTHUR have sex while RISHA and HANS have sex.
Then they switch girls and go back to having sex.
While ARTHUR, HANS, RISHA and TISHA are still having sex, FRANCESCO, PABLO AND MELOG enter

FRANCESCO
Jonne thought you were dead, as you stopped answering after telling him you were entering a cavern full of TERRIBILIS. You have abandoned your mission, you had sex with civilians, you have left the guns and grenades on the ground unattended, moreover with your back towards the entrance. If it hadn't been us to come here, you would now be the 2 stupidest corpses in the universe.

TISHA goes towards FRANCESCO while RISHA goes towards PABLO.
Nobody looks at MELOG.
TISHA undresses FRANCESCO while RISHA undresses PABLO.

FRANCESCO
MELOG, would you mind going back up and reporting to Aleksandra that everything is under control here? The radio is screened and Jonne and Aleksandra are so worried

MELOG

Very happy, Corporal

FRANCESCO

Then if you want to come back for sex too...

MELOG

I would avoid, Corporal

MELOG goes away lighting a joint.

The orgy goes on for at least 1 hour, TISHA and RISHA have sex with the ARTHUR, HANS, FRANCESCO, PABLO.

When everyone is exhausted, TISHA and RISHA slowly turn into very muscular men

ARTHUR

Why are their pussies closing up? Why is the clitoris swelling? Where did those muscles come from? Why are boobs disappearing? Why are they completely changing their whole body?

TISHA (man)

Because are we Mutantis

RISHA (man)

Didn't you know?

FRANCESCO

(to the Marines)

We all agree not to report what happened today, okay?

ARTHUR, HANS and PABLO nod

61 EXT. RASALIA, SQUARE - NIGHT

Overlay: Vrokja - Rasalia - March 1, 2050

TISHA and RISHA are speaking to the assembly of RASAIAL'ELDERS

TISHA (man)

(to Risha, in a low voice)

Let me speak , it is better if I explain what happened so that they can understand

RISHA (man)

(to Tisha, in a low voice)

Ok, but don't overdo it as you usually do

TISHA (man)

Wise and venerable elders, this morning you have assigned a sacred mission to me, to my friend Risha and to other valiant fighters who have fallen today. I am here to tell you what happened. The story I will tell you is all true, but I will understand if it seems impossible to you. We left this morning at dawn, when the sun still wasn't burning, to look for who had killed and torn to shreds the families of our friends. We thought we would find brutal killers, or ravenous animals. But we were wrong. Our friends have been killed by the monsters

RASALIA'S ELDER 1

Do not try to fool us Tisha, monsters do not exist, they are just stupid legends that are told to children to scare them

TISHA (man)

Maybe the monsters of the stories do not exist. But these do. And they are much worse. When you look at them you don't understand if you are facing a man or a beast. They run on all fours, but they also stand up, they have sharp claws and sharp teeth like a desert puma and ...

RASALIA'S ELDER 2

Maybe it was a desert puma. Once the cousin of the aunt of ...

TISHA (man)

He wasn't a fucking puma! The pumas are not covered in fur ...

RASALIA'S ELDER 2

Of course the pumas have fur. When I was young I used to go hunting for

TISHA (man)

No! It wasn't a puma! He had hair like a monkey but with longer hair.

RASALIA'S ELDER 3

Maybe it was a chimpanzee?

TISHA (man)

No, he was much bigger than a chimpanzee.

RASALIA'S ELDER 4

Maybe a gorilla?

TISHA (man)

No, bigger

RASALIA'S ELDER 3

A giant gorilla?

TISHA (man)

No, smaller but ...

RASALIA'S ELDER 4

Ahhhhh, a baby giant gorilla

TISHA (man)

No, you don't understand anything about this animal. Gorillas eat plants, they don't gut people

RASALIA'S ELDER 3

As a kid, I once saw gorillas eating insects, maybe ...

RISHA (man)

Tisha and I haven't seen any animals, Tisha is lying to try not to worry you . We have seen the demons of the desert

TISHA looks at RISHA questioningly

RISHA (man)

It is nice to think that the stories we tell around the fire are invented, but the demons of the desert exist and are coming here to Rasalia, to eat us all. They are not animals: they are the spirits of the ancient assassins returned to life with a monstrous body to finish the job. Animals can be killed, captured, eaten and sold. But not those creatures. We tried with fists and sticks. We also tried with sharp stones but it was useless. When we thought we couldn't make it, strange beings appeared with magical weapons.

TISHA (man)

(softly)

Risha, what the fuck are you saying?

RISHA (man)

Only the magical weapons of these beings can kill monsters

KARROK

(loudly, from a distance)

How do these magical weapons work?

TISHA (man)

They are like sticks from which a red fire comes out

RASALIA'S ELDER 2

Torches?

RISHA (man)

Magic torches that burn you even if you are far from the torch, and whoever holds it does not even feel the heat

KARROK

(loudly, from a distance)

What happened after these beings killed the monsters ?

RISHA (man)

The beings have put away their magical weapons. Tisha and I tackled them with our bare hands. They were 10. Actually 20. We defeated them all, they became beautiful girls with huge boobs and we fucked them all. Am I right Tisha?

TISHA (man)

Yes, that's exactly how it went

KARROK

(loudly, from a distance)

Why didn't you bring back one of those magical weapons?

RISHA (man)

Well, of course. I mean, it wouldn't have been fair, would it?

RASALIA'S ELDER 1

Risha, Tisha, I can see in your face that you have been fucked good.

RASALIA'S ELDER 5

Are you calling my son a liar?

RASALIA'S ELDER 1

I'm not calling anyone a liar. Sometimes young people don't want to admit they've lost a fight, that's all.

RASALIA'S ELDER 5

But if he says it wasn't like that, then you're calling him a liar

RISHA (man)

And no one can call my best friend a liar. If he says it went like this, it went like this

RASALIA'S ELDER 2

Actually it was you who said it went like
this, not him

RASALIA'S YOUNG MAN 1 approaches from the bottom

RASALIA'S YOUNG MAN 1

You made up everything for me. Maybe you are
the killers who killed the other

TISHA punches RASALIA'S YOUNG MAN 1.

A fight begins and in a few minutes almost all the
young people are fighting each other.

KARROK walks away without hitting anyone as he thinks
to himself

EPISODE 05: Innocent

62 INT. SPACE ARMY GENERAL'S OFFICE - DAY

Overlay: Earth - Space Army Headquarters - March 2,
2050

SPULLAGOF

General, we will never accept such a proposal. The only reason why we Sphaericus have agreed to share our technology with you Sapiens is so that you, in return, bring peace to Vrokja.

You were able to bring Peace to Earth and we calculated that you would have a good chance of bringing it to all continents of Vrokja as well.

We would not even have contacted you if we didn't have this Shared Will.

And now you are proposing the exact opposite.

S.ARMY-GENERAL (FIRST)

Ambassador, let me explain

SPULLAGOF

Please General

S.ARMY-GENERAL (FIRST)

Why didn't you think about bringing peace by yourself? Why did you ask for help from us earthlings? Why didn't you ask for help from the Similis or the Mutantis?

SPULLAGOF

I have never appreciated rhetorical questions, but I will answer you anyway. The first reason is that we are frowned upon all over the planet Vrokja, if we had not migrated to the Vrokjan North Pole 500,000 years ago it is highly probable that other vrokjan humans would have made us extinct, similar to how in the past Sapiens on Earth, and Similis on Vrokja, have made other human species go extinct. Many of them even reject the idea that we are human beings, even after the evidence provided by your anthropologists about our evolution since Homo Heidelbergensis.

Evidently they don't care about the motto "We are cousins". The second reason is that no Sphaericus would put his life in danger to go against certain death. Our diplomatic missions on Earth are already a high risk that people like me take every day

S.ARMY-GENERAL (FIRST)

You forgot the third reason. It's not just you dislike war, you can't do it because you can't understand it

SPULLAGOF

I agree with you. We have enormous difficulties in understanding such an irrational phenomenon. No one should play a negative sum game, yet you do.

S.ARMY-GENERAL (FIRST)

Because in 500,000 years the part of your brain that included the exaltation of War has atrophied and died. But this part is very active in all the other Homo. Chimpanzees also wage war, even if on a smaller scale. When it comes to waging war, or even just to understand the motives of a people, no one is better suited than us earthlings. Am I right?

SPULLAGOF

This is partly true. We have studied some fragments of your history, the wars that you have had on Earth, especially in the last centuries, have no comparison with the Vrokjan conflicts. But we contacted you because you were no longer at war, you had laid down your arms all over the planet Earth, you were already on the verge of merging your nations into a single nation. We contacted you thinking you were on the same path we took 500,000 years ago. Now you come here to propose to arm the Homo Similis and you hope it makes sense to us. You say that you are a war expert, you certainly are of the Sapiens way of waging war, but I am beginning to doubt your ability to value other humans. Do you know what are the reasons that push a Homo Similis? Or a Homo Mutantis? Or a Homo Maris? Or a Homo Montis?

S.ARMY-GENERAL (FIRST)

I'll be honest: About Mutantis, Maris and Montis, I have no idea what they want. But I understand the Similis very well.

SPULLAGOF

Your DNA has minimal changes, we know. But they have many cultures, even in blatant contradiction to each other, they cannot all want the same thing.

S.ARMY-GENERAL (FIRST)

But there is one thing that all humans always want and to have it they would do any madness: the uniform

SPULLAGOF

The uniform? Can't they sew them themselves?

S.ARMY-GENERAL (FIRST)

The uniform is not just a piece of cloth sewn for a soldier. The uniform is the symbol of being part of something bigger. The uniform represents the idea that it is right to die

for a cause. The uniform makes the unknown become brothers. Wearing and honoring your uniform is what all soldiers want

SPULLAGOF

I'm not convinced

S.ARMY-GENERAL (FIRST)

Let's put it this way: when we wear a uniform we feel something similar to what you call Social Will. Seen? I can also understand your culture despite half a million years of distance

SPULLAGOF

Ah, I understand. In any case it is called Shared Will, not Social Will. Let's take the idea for granted and go further. If they turn into rebels and wage war against you instead of wage war for you, what would you do?

S.ARMY-GENERAL (FIRST)

Don't worry: they will only have individual weapons, such as rifles and grenades, and DPTAV, I mean the Desert Platoon Transport Armored Vehicle. If they turn into rebels, a single carpet bombing would be enough to eliminate them all.

SPULLAGOF

And your public opinion would appreciate it?

S.ARMY-GENERAL (FIRST)

No. It's just the contingency plan. The main plan always remains to use the barbarians to wage war on the barbarians.

SPULLAGOF

What?

S.ARMY-GENERAL (FIRST)

That is to use the Similis to first stabilize the disputed areas with strong fragmentation, then go a little at a time to reunify the

smaller states, then the larger empires, and finally create a single Vrokjan Republic.

SPULLAGOF

(worried)
Single?

S.ARMY-GENERAL (FIRST)

Single, but without the North Pole. The North Pole will remain autonomous

SPULLAGOF

Okay. On the basis of the information in our possession and on the mandate of the Shared Will, I authorize you to give weapons and light vehicles to the Similis.

S.ARMY-GENERAL (FIRST)

I was sure you would have understand. Before I wrap up, I'd like to ask you for a little, let's say, personal favor.

SPULLAGOF

Please tell me

S.ARMY-GENERAL (FIRST)

I would like to take my family on vacation to Vrokja, and, among the various continents, I would also like to show them the Vrokjan North Pole, the land of the Sphaericus

SPULLAGOF

I'm sorry, it's not possible.

S.ARMY-GENERAL (FIRST)

May I ask why?

SPULLAGOF

It goes against our Shared Will

S.ARMY-GENERAL (FIRST)

I understand. I wish you a good day

SPULLAGOF

And I wish you a good day

SPULLAGOF walks away while grabbing his phone. He writes and send this message

SPULLAGOF'S PHONE MESSAGE

Message to be delivered quickly on Vrokja.

Request 1: Assessing probability Space Army invades Vrokjan North Pole.

Request 2: Assessing Probability Space Army sends spies to the Vrokjan North Pole.

Request 3: Provide notification of receipt of this message

Request 4: Provide response to Spullagof of requests 1 and 2

63 INT. MULTICOPTER - DAY

ARTHUR, HANS, FRANCESCO and PABLO are wearing merchant clothes instead of uniforms. The guns are hidden in the suit

FRANCESCO

Ok guys, let's review the briefing. What we know is that a fight broke out in Rasalia 20 days ago, we do not know the reason and especially if it can be connected in some way to the hostilities between Mutantis and Similis, to the sightings of Terribilis or some other reason. We are here to investigate and not for war purposes. I know it's something we don't know how to do, but we'll make it right. Hans and Arthur enter through the North entrance.

ARTHUR and HANS nod

FRANCESCO

After that Pablo and I will enter through the South entrance.

PABLO nods

FRANCESCO
(speaking on the radio)
Jonne, are you already in position?

JONNE
(voice from the radio)
Yes, from this morning at dawn

FRANCESCO
Aleksandra and Melog will fly over the city
without being seen. They will be the eyes, we
will be the ears.

MELOG nods

64 EXT. RASALIA/OUT OF THE CITY - DAY

Overlay: Vrokja - Rasalia - March 21, 2050

The Multicopter lands.
ARTHUR and HANS get out.
The Multicopter takes off.
ARTHUR and HANS stare to admire Rasalia from afar.
ARTHUR and HANS go to the Rasalia

HANS
You know ARTHUR, I really want to fuck a
couple of Mutantis girls

ARTHUR
All you have to do is make them give up Hans.
But if they make you give up, then you have
to grow your vagina

65 EXT. RASALIA/STREET - CONTINUOUS

Dozens of RASALIA BRAWLERS (men) fight each other.
Everyone, when defeated and hit in the balls, turns
into a woman and is fucked by the one who defeated her.

ARTHUR

(speaking on the radio)

Sir, we went through the hall. It seems to be on the set of a porn or a boxing match

FRANCESCO

(voice from the radio)

Also here at the South entrance is the same situation, guys. Melog, are there any areas of the city without fighting?

MELOG

(voice from the radio)

Negative, sir

FRANCESCO

(voice from the radio)

Ok, let's try to pass for locals and not get noticed. Don't do anything they wouldn't do.

ARTHUR

(speaking on the radio)

Received

HANS throws a smoke grenade into a building and lurks next to the door.

All the RASALIA BRAWLERS (men), who were inside fighting, come out intoxicated.

As soon as each of them comes out, HANS hits him in the face and in the balls with the butt of his rifle.

Every RASALIA BRAWLERS (men) turns into a woman.

HANS

I love this job

ARTHUR takes off his pants and underpants

ARTHUR

Me too

HANS is undressing too.

ARTHUR and HANS have sex with all the RASALIA BRAWLERS (women)

66 EXT. RASALIA/STREET - CONTINUOUS

ARTHUR, HANS, many RASALIA BRAWLERS (men) and some RASALIA BRAWLERS (women) are asleep naked in the street.
Occasionally some men wake up, get dressed and leave.
A woman wakes up, looks at her body and screams in terror.
ARTHUR wakes up with a headache expression

ARTHUR
Hans, there is a woman screaming

HANS answers without opening his eyes

HANS
Fuck her

ARTHUR
I don't have the strength

HANS
So kill her

ARTHUR
It seems excessive to me

The woman walks away

FRANCESCO
(voice from the radio)
Arthur, Hans, are you awake?

ARTHUR and HANS
(speaking on the radio)
Yes sir

FRANCESCO
(voice from the radio)
Have you learned anything from the local culture?

ARTHUR
(speaking on the radio)
A lot sir

FRANCESCO

(voice from the radio)

I mean aside from how they fuck, have you learned anything else?

ARTHUR

(on the radio)

No sir

FRANCESCO

(voice from the radio)

I appreciate honesty. Pablo and I, on the other hand, have established relationships with the locals. It seems that the novelty of the city are two foreign warriors, both blond, who defeat any warrior who tries to face them and who have gigantic orgies while taking drugs with droppers. In your complete idiocy, you have done a great job. The fighting between the Rasalians is almost completely over since you have been here. They worship you as if you were gods. You have induced such a sense of inferiority that even the bravest fighters want to be defeated by you. You also seem to have left quite a few pregnant.

ARTHUR

(speaking on the radio)

Pregnant? It's impossible

FRANCESCO

(voice from the radio)

Did you use a condom?

ARTHUR

(on the radio)

No Sir

FRANCESCO

(voice from the radio)

Have you seen any girls not transform themselves back into men, even after many hours?

ARTHUR
(speaking on the radio)
Some. The last one just a moment ago

FRANCESCO
(voice from the radio)
Congratulations to both of you. You will be a
dad in 9 months

HANS
(laughing)
The first Sapiens-Mutantis crossing in
history. Maybe someone will experiment with
it

67 INT. MULTICOPTER - DAY

MELOG straddles the side door and looks down with
binoculars

MELOG
This is Melog interrupting the
congratulations to inform you that there is a
column of DPTAV approaching. There are at
least a hundred. Expected arrival at the
North entrance in 5 minutes.

FRANCESCO
(voice from the radio)
Can you read what's written on the DPTAV?

MELOG
Space Army ... Similis Corps ... Desert
Division ... 1st Regiment. So they're ours,
right? Nothing to worry about?

68 EXT. RASALIA/STREET - DAY

FRANCESCO
(voice from the radio)
No, something is not right. Arthur, Hans,
leave the position and hide

ARTHUR and HANS climb onto the roof of a house to hide.

The DPTAV (Desert Platoon Transport Armored Vehicle) enter the city.
Every DPTAV brings a SQUAD (composed by 1 CORPORAL and up to 7 PRIVATES) of the S.ARMY-SIMILIS-DESERT-R1-*. All soldiers of the S.ARMY-SIMILIS-DESERT-R1 come out They, with the laser rifle and grenades, kill every RASALIA BRAWLERS (men) in Rasalia.
RASALIA BRAWLERS (men) die without having time to surrender.
ARTHUR has a look of dismay.
HANS has a look of joy.
ARTHUR notices it

69 INT. SUBMARINE/BRIEFING ROOM

Overlay: Vrokja - Rasalia - March 21, 2050

ROBERT enters.
All the SAILORS stand at attention, side by side.
EVERYONE (except MAYA) is wearing a navy uniform and a navy hat.
MAYA is completely naked but she wears the navy hat

ROBERT

Sailors, rest

The SAILORS lower their right hand but all stand rigid.
ROBERT begins pacing up and down watching the sailors.

ROBERT

I welcome you to Deep Fighter 21. I want you to know that each of you will be like a child to me. And I want you to see a father in me, not a superior. We'll be one big happy family

ROBERT stops in front of MAYA

ROBERT

Someone finally realized we like women in the Space Navy. In the last submarine I commanded, the on-board escort was a man, and moreover an ugly one. Nobody ever wanted to fuck him

Giggles among the SAILORS

ROBERT

I'm serious. He was constantly begging to be fucked in his hairy, smelly ass. And then when you least expected it, you get his balls a centimeter off your face.

Laughing laughter among the SAILORS

ROBERT

The on-board escort is essential for the morale of the crew. And your beauty makes me hope well

MAYA

(shouting)

Sir, thank you Sir

ROBERT

These formalisms are useless. I don't demand them from other sailors, could I expect them from you? Tell me: what is your sexual experience?

MAYA relaxes

MAYA

Well, I lost my virginity at 12 fingering myself. A few weeks later I had sex with my neighbor. And since then I don't remember ever having a day without sex

MAYA runs a finger across ROBERT's chest

MAYA

When it comes to sex, I like everything, everything, everything. Men, women, old, young, alone, in a group. Would you like to test me, my captain? But be careful: I give addiction

ROBERT

Lead me to your room, little slut

70 INT. SUBMARINE/MAYA'S ROOM

Sex between ROBERT and MAYA

71 INT. SUBMARINE/ROBERT'S ROOM

SOUND: knock at the door

ROBERT
Come in

SUBMARINE ENGINEER enters

SUBMARINE ENGINEER
Here I am

ROBERT
Close the door

SUBMARINE ENGINEER closes the door.

ROBERT opens a box and takes out a cubic electronic device with a 40cm side.

SUBMARINE ENGINEER
Is this what I think it is?

ROBERT
Yes. But we'll just call it "Device".
Obviously you don't have to remember that the
Device ...

SUBMARINE ENGINEER
It's covered by military secret. But not so
secret: I have heard about it since I was at
the academy.

ROBERT
Because it is not for us that it must be
secret.

SUBMARINE ENGINEER
But for the Sphaericus

ROBERT

Precisely. But before having the divers install it, I have to ask you to make a modification. An even more secret one than the object itself.

SUBMARINE ENGINEER

Which modification?

ROBERT

This object is incredibly quiet to the human ear. Less than a slight buzz and so it must stay. But you have to make it deafening to the ears of Homo Maris. For them it will have to be like the engine of a rocket at take off

SUBMARINE ENGINEER

What do the Homo Maris have to do with this mission?

ROBERT

Nothing for the Space Navy. But our ocean roommates tend to be a bit of a noser. And I don't want their curiosity to make our mission fail. I don't even want to kill them. I just need that to make them run away

SUBMARINE ENGINEER

I understand. On the other hand, the ocean here is so deep that it is not clear why they should be right on the bottom. I'm going to make it so loud for them they'll all migrate to the surface

ROBERT smiles

ROBERT

Perfect engineer. Perfect

72 INT. SUBMARINE/DIVING ROOM

Overlay: Vrokja - Deep Fighter 21 - April 11, 2050
DYLAN, CARL and BORIS are putting on their mechanized diving suit.

ROBERT looks at them

ROBERT

Is everything 100% clear? Have you established the roles? The mission cannot fail for any reason

DYLAN

(showing Device, drill and screws)
Yes, I will install the Device on the seabed. I will fix it with this drill and these 4 screws. Then I will turn it on by pressing this button

CARL

I will his escort on the right side

BORIS

Me on the left side

ROBERT

(shouting the motto)
We protect friends!

DYLAN, CARL, BORIS

(shouting the motto)
We protect friends!

ROBERT exits.

DYLAN, CARL and BORIS end up getting dressed.

CARL opens a hatch in the bottom and dives.

DYLAN dives.

BORIS dives

73 EXT. DEEP OCEAN

DYLAN, CARL and BORIS are swimming.

DYLAN holds the Device in his hand and has a drill and screws in his belt.

CARL and BORIS are armed with harpoons and look around

74 EXT. SEAFLOOR

DYLAN, CARL and BORIS are standing on the bottom. They communicate via the radio microphone that is installed in the helmet.

2 Homo Maris arrive: MARIS ALOOF and MARIS INTRIGUED
MARIS INTRIGUED approaches DYLAN, CARL and BORIS.
CARL and BORIS point their harpoons at MARIS INTRIGUED

DYLAN

Don't worry guys, I don't think he has any
bad intentions. He's just intrigued. I doubt
a lot of people come down here often

CARL

I'm not comfortable with mermaids eating men
around

DYLAN

I think they eat whale carcasses and similar
stuff

CARL

We'll tell your mother when she asks why you
were eaten alive

MARIS INTRIGUED swim around DYLAN, CARL and BORIS.
DYLAN leans the Device against the seafloor.
DYLAN inserts 4 screws into the Device and turns on the
drill.
The drill is very noisy even if underwater.
MARIS INTRIGUED is clearly annoyed by the noise of the
drill and moves away a few meters.
DYLAN turns on the device.
MARIS INTRIGUED puts his hands to his ears and makes a
grimace of pain

DYLAN

Damn, for them it's louder than the drill.
Maybe it's best if we shut it down and report
to Captain

BORIS.

Are you crazy Dylan? The Captain was very
clear on the importance of the mission.

DYLAN

Evidently the Captain does not know that the Device is annoying for them. In these oceans we are their guests. Let me see if I understand how to turn off

BORIS

Leave the Device there, you risk to break it and they make us refund it

MARIS INTRIGUED hits the Device in an attempt to break it

DYLAN

No, stop, wait, don't do this!

BORIS

He can't hear you, he has no radio

DYLAN makes the gesture to stop with his hands at MARIS INTRIGUED

MARIS INTRIGUED continues to hit.

CARL shoots and kills MARIS INTRIGUED.

MARIS ALOOF runs away

CARL shoots at MARIS ALOOF too but misses the shot

DYLAN

What the fuck have you done?

CARL

A "Thank you" is enough. Don't worry I won't tell the Captain that you were going to make the mission fail.

BORIS

Let's go before other arrive

75 INT. SUBMARINE/DIVING ROOM

DYLAN, CARL and BORIS have stripped off their diving suit.

DYLAN and CARL are still verbally fighting

DYLAN
(screaming)
You're just a killer, that's what you are!

ROBERT enters

ROBERT
Outcome of the mission?

BORIS
Complete success. Dylan installed the Device perfectly

ROBERT
And why am I feeling the bad mood between Dylan and Carl?

BORIS
Carl had to choose between Dylan's life and that of a civilian.

ROBERT
I see he made the right choice. It's bad to have to kill a civilian. I know, because it happened to me. Many times. Take this advice: all 3 go fuck Maya and forget about this

CARL
I wanted nothing more

DYLAN, CARL, BORIS, DIVER 1, DIVER 2, DIVER 3 put on their diving suit

ROBERT

Sonar detection saw many traces of Homo Maris and after what happened there last time I thought it was safer to send you in 6 rather than 3. You choose the roles

ROBERT exits

CARL

"The friend of the fish" will bring the Device

DYLAN

Carl, stop calling me "the friend of the fish", you are really getting on my nerves. Why do I always have to be the one who puts the Device on the seafloor and you are the ones who escort?

CARL

Because I have no intention of diving unarmed

BORIS

Me neither. And I doubt the 3 newbies. So it's up to you. You have 5 personal security escorts and you complain

DYLAN

It's the device you are escorting, not me

CARL

True, but as long as you have it in your hand, you are the one who must not die

DYLAN, CARL, BORIS, DIVER 1, DIVER 2, DIVER 3 dive

78 EXT. SEAFLOOR

DYLAN, CARL, BORIS, DIVER 1, DIVER 2, DIVER 3 reach the seafloor.

Hundreds of MARIS emerge from behind some rocks surrounding them

CARL

(screaming)

We are under attack!

CARL shoots and kills a MARIS

BORIS shoots and kills a MARIS

All MARIS attack the 6 divers with bare hands.

DYLAN drops the Device. He is scared and unarmed.

DIVER 1, DIVER 2, DIVER 3 also begin to shoot with harpoons to defend themselves.

The fight lasts several minutes in which all the MARIS attack trying to break the suits of the divers to drown them.

DIVER 1, DIVER 2, DIVER 3 die (one at a time) but also many MARIS die

BORIS

(screaming)

Retreat!

DYLAN, CARL, BORIS flee

The MARIS do not chase them

79 INT. SUBMARINE/DYLAN'S ROOM

DYLAN is sitting on his cot. He's got symptoms of PTSD and stares into emptiness

DYLAN'S FRIEND

Hey man, all right?

DYLAN

(without looking at his friend)

Yes, sure

DYLAN'S FRIEND

Look, you're not the first I see with this look and you won't be the last. Take advice from someone older than you. Go to Maya when these things happen

DYLAN has a fit of anger and grabs DYLAN'S FRIEND by the collar

DYLAN

Kill and fuck, kill and fuck, is that what you're telling me to do? Should I go get a good fuck to celebrate that 3 of ours and hundreds of them are dead? Who did you take me for? For Carl? For Boris?

DYLAN'S FRIEND

No. Quite the opposite. Go to her, and, well, cry

DYLAN releases DYLAN'S FRIEND

DYLAN'S FRIEND

I, when I think everything is shit, I go to her, she hugs me, she cuddles me. I burst into tears. It makes me feel loved. And then in the end, we make love, if we feel it

DYLAN

Let's try

80 INT. SUBMARINE/MAYA'S ROOM

DYLAN is curled up in a fetal position and cries as MAYA cuddles him

MAYA

It's okay little sailor, it's okay . You are now safe with your Maya. No one can harm you as long as you are in my arms

81 INT. CAVERN OF THE EXILES - DARK

Overlay: Vrokja - Cavern of the exiles - May 1, 2050

There are thousands of MUTANTIS EXILES, mostly elderly and children.
The few adults are almost all injured.
People are all crowded into a small space.
They have lost everything.
They are hungry.
The cavern stinks.

KARROK

We are pretending to be saved, but we are only choosing our grave.

PALLOK

Come on Karrok, don't say that. We can handle it

KARROK

Be realistic Pallok. Thousands of people in the same cavern. 0 food. 0 blankets. The only water is a stream that barely gushes. New people arrive every day fleeing the massacres of the Space Army. And most of those who could fight are dead.

PALLOK

The elders are proposing to march along the Great Red and look for a city that will welcome us

KARROK

The cities of the Great Red are falling one by one. And even if there was one that still resists, we won't even reach it. A crossing Space Army patrol would see and exterminate us

PALLOK

I'm afraid you're right

KARROK

If we had their weapons it would have been different.
We would have slaughtered them. We are stronger than them. We know how to fight better.

We need those weapons, Pallok. We need laser rifles. And neutron grenades

PALLOK

We really need them

KARROK.

Let's go get them Pallok!

PALLOK

Where would you like to go get them, Karrok?

KARROK

From the invaders. Let's go secretly tonight, take them and kill them. Easy, right?

PALLOK You

You mean ... you and me?

KARROK

Yes, Pallok. You and me. Tonight. If we start at sunset and run we can reach Rasalia in a few hours. Without the injured and the old to slow us down. Here we go. We rob them. We kill them. We can do it.

PALLOK

What if they kill us?

KARROK

Do you prefer to die of thirst in the desert? Or that they find us and slaughter us one at a time? Do you want to see your people succumb overwhelmed by these cowardly invaders?

PALLOK

I am not a fighter, Karrok. Every time I've faced someone I've become a girl. An incredibly beautiful girl, everyone tells me. Half the people I know have fucked me, heck! I'm still a man only because I never got pregnant. And your idea is crazy. Completely insane. Two unarmed idiots who challenge thousands of invaders with weapons they don't even know how to use

KARROK

We will not be unarmed. I have two daggers. I'll lend you one

PALLOK

Ah well, if we have two daggers, nobody stops us.

KARROK AND PALLOK

(laugh)

PALLOK

You convinced me. This is not where I want to die. Let's go

82 EXT. DESERT - DAY

KARROK and PALLOK walk in the desert for hours

83 EXT. RASALIA/OUT OF THE CITY - NIGHT

KARROK and PALLOK are hidden behind a dune.
S.ARMY-SIMILIS-DESERT-R1-P1-SA-PRIVATE1 marches back and forth

PALLOK

Karrok, do you see that soldier going back and forth?

KARROK

Yes, Pallok. He's got the weapons we need

PALLOK

Kick me in the balls, Karrok

KARROK

What do you want?

PALLOK

Do as I tell you. I'll do the only thing I know how to do.

KARROK

Okay Pallok. But don't scream

PALLOK puts his hand in front of his mouth.

KARROK gives him a very strong kick in the balls.

PALLOK becomes a beautiful woman and undresses.

PALLOK goes to the

S.ARMY-SIMILIS-DESERT-R1-P1-SA-PRIVATE1 in a sexy way.

PALLOK and the private kiss each other.

KARROK, without being seen, cut the private's throat.

The blood dirties PALLOK

KARROK

Clean the blood from your face, we have an entire regiment to slaughter before the sun rises

EPISODE 07: A new job

84 INT. MINISTRY OF DEFENSE/WAR ROOM - DAY

Overlay: Earth - Ministry of Defense - May 2, 2050

SPD DIRECTOR

Mr. Minister , I believe that the Space Army has shown serious shortcomings in the training of the Similis, in particular as regards the maintenance of the acquired positions. The Rasalia massacre is proof of this. The commission they are sending to the site will not be able to give a complete and reliable analysis, due to the obvious conflict of interest: I therefore propose to proceed with a joint and impartial analysis. In a short distance from the city there is an outpost of the Space Marines ... 84 if my memory does not deceive me.
Am I right, General?

SPACE MARINES GENERAL

You are right

SPD DIRECTOR

We could have the Marines at this outpost handle the investigation.

S.ARMY-GENERAL (FIRST)

This is madness

MINISTER OF DEFENSE

Director, thank you for your suggestion. But I think the best thing is a joint commission. General, order outpost 84 to send their best Marines to support the Space Army in investigating what happened in Rasalia

85 INT. OUTPOST 84/BRIEFING ROOM - DAY

Overlay: Vrokja - Outpost 84 - May 3, 2050

ARTHUR, MELOG, HANS, JONNE and PABLO listen to FRANCESCO and JAMES

FRANCESCO

This is what we know.

Of the 1000 soldiers who occupied the city, about 300 were killed in a few hours, without anyone noticing.

All corpses have the same neck wound. In addition, uniforms, weapons and equipment are stolen. The Space Army is sending their specialists right now to investigate what happened tonight. Although they have not yet reached the place, they argue that the city was probably attacked by an army of assassins who specialize in killing everyone with the same technique. How such killers would have come and gone is a mystery. However, the High Command of the Space Marines does not believe a word of what the High Command of the Space Army says. And here we come in. I personally believe that this mission was carried out by a small commando, certainly less than 10 men. It wouldn't surprise me if we were talking about Rasalia's Mutantis, back after escaping

ARTHUR

Let's assume a mission to take revenge?

FRANCESCO

Sure revenge is a factor not to be overlooked, but they also took away 300 laser rifles and 3000 neutron grenades, which makes me think it was a well-planned attack. We have seen how easily the Similis have slaughtered the almost unarmed Mutantis, but if they fight on equal terms the fight will be uncertain

JAMES

(drunk)

There is a lesson we are refusing to learn. Every time we win, things get worse. Every time we defeat an enemy we create a stronger enemy. We went to war because a group of Homo Terribilis had eaten some civilians. We hunted down the Terribilis and exterminated them only to find ourselves at war with the Mutantis. To defeat the Mutantis, who fought unarmed, we armed the Similis, who have now been robbed of those same weapons. I am 70 years old and I have been fighting since I was 20. I fought for Her Majesty the Queen of England as a young man and for the President of the Earth Republic as an old man. I have killed enemies on all continents. Whenever we defeated an organization, a worse one was born in its place. I killed terrorists only to see them multiply.

I've won wars that it would have been better to lose. Now the Mutantis have taken 300 rifles and 3000 grenades. The Space Army will not stand by and watch. I make you a prophecy: by the end of the year there will be millions of deaths. Try to not be on the list of victims

JAMES vomits drunk and falls asleep

FRANCESCO

I don't know how long this investigation will last and I don't want to be deprived of my best men.

Hans, Arthur, Melog: you will go to the investigation

ARTHUR

Thank you for the honor Sir.

EVERYONE stares at ARTHUR perplexed

86 INT. RASALIA/SPACE ARMY TENT - DAY

ARTHUR stares at the tattoos on the hands of many
Similis

S.ARMY-SIMILIS-DESERT-R2-COLON
EL

The coroner has determined that the cause of death is the same for all soldiers. Each of them was eliminated with a precise and sure blow of the dagger inflicted from the right side that severed the jugular and flooded the lungs with blood. None of the soldiers shouted the alarm or reported traces of a struggle so we assume that they were all surprised from behind. According to our first analysis, behind this attack there could be some sect or tribe that only kills following some specific ritual. Therefore our 300 men would be killed in a lightning fast and well-organized large-scale attack. We estimate it was carried out by at least 5,000 fighters. The fact that they took the guns away is a very clear message. They wanted to communicate their intention to make our army disappear entirely.

It is a blatant declaration of war by an enemy army with strong discipline and hierarchy.

ARTHUR

Mah

S.ARMY-SIMILIS-DESERT-R2-COLON
EL

Something doesn't convince you, Marine?

ARTHUR

Well. Nothing convinces me in truth. I met the Mutantis, they are neither organized nor disciplined. They do not have an army, nor the ability to arrange 5,000 people to equally target 300 well-armed soldiers. Also I understood that your men were all around the city, so the enemy would have to surround the whole city without being seen. Impossible. This is the work of one man, a mad murderer who deliberately killed all these soldiers by hitting them in the back for the sole desire to do so. After doing so, he hid the weapons somewhere to take them away later as soon as things calmed down. None of the soldiers raised the alarm, so they knew him well. The killer is one of your men. In my opinion it is still here. As far as I know, he could be one of you too, even if it looks more like a raider than an officer

EVERYONE looks at the other suspiciously

**87 EXT. RASALIA/OUTSIDE THE SPACE ARMY TENT -
CONTINUOUS**

ARTHUR and MELOG are smoking a joint together with FURUT and LUSUT (2 of S.ARMY-SIMILIS-DESERT-R2 PRIVATES)
HANS looks at them in silence.

FURUT

By the way, we haven't introduced ourselves yet. My name is Furut, and I come from the city of Yotasha, he is my fellow soldier and best friend Lusut, of the tribe of The Sixteens. As you may have guessed, he is silent, but I speak enough for both of us.

LUSUT confirms with a nod

ARTHUR

I am Arthur, he is Melog and that is Hans.
And we are all 3 earthlings. We come from a
small region of the planet Earth called
Europe

FURUT

Lusut and me would have been enemies if we
met years ago. Both the free cities and the
tribes of the nomads of the Great Red were
fighting each other, some conflicts lasted
interrupted for centuries, inherited from our
fathers and the fathers of the fathers for
generations. Maybe I would have killed Lusut
or he would have killed me if we had clashed
on the battlefield, given the eternal
conflict between my city and his tribe. Then
you earthlings arrived, with your army, your
spaceships, your power. You have imposed
Cease-fire on us. Concept that at the
beginning we had difficulty understanding
since we do not use fire to fight but to cook

ARTHUR, MELOG and HANS make a veiled smile at the joke

FURUT

As I said: you earthlings have saved the
peoples of the Great Red, you have given us
the opportunity to join your army and learn
how war is really fought. You have made us
understand which is the real enemy to be
destroyed: the Homo Mutantis. They are our
real enemy, we Similis must be one great army
united by a common dream: to eradicate the
Homo Mutantis from this planet!

HANS

This is reasoning

ARTHUR

What do the tattoos, that many soldiers have
on the backs of their hands, mean?

FURUT

I'm very glad you ask Arthur, it's something our people are quite proud of. For years we have switched to writing using the Latin alphabet, also to write words that do not have a translation in your languages, but we have preserved the use of our ancient ideograms for sexual tattoos. You must first read the ideograms on the back of the right hand and then those on the left hand, usually the first tattoo gives a more serious description of the person and his way of life, while the second adds a note of irony. I show you: do you see this round symbol next to my thumb? Represents love. This other symbol represents the confrontation. This short line represents life. This symbol here next to the little finger is a bit like your exclamation point. If I had to translate it, I think my tattoo would say: "I smash the asses of my enemies"

ARTHUR

Ahhhhhh

FURUT

No, wait, I'm not done. Now you have to see the other hand to grasp the irony of the thing

FURUT shows his left hand

FURUT

Says: "But also to friends"

ARTHUR laugh loudly

ARTHUR

Fantastic. And what do Lusut's hands say?

FURUT

They say "I love fucking young and attractive girls" and "But also fucking the old and ugly ones"

EVERYONE laugh loudly

ARTHUR

This thing is fascinating, please go ahead.
Tell me about someone else

FURUT

Ok Arthur, do you see that soldier over there? His tattoos say "I'm a father. I have a wife and 5 children" and "But sometimes I'm a little unfaithful"

ARTHUR

You are saying that the man's wife knows that he cheats on her every time she sees his hands?

FURUT

Yes, practical right? Oh, look. See that sergeant punching a punching bag? His tattoos say: "I love to jerk off" and "when I spy from behind the bushes"

LUSUT gestures with FURUT

FURUT

Lusut has just made a very interesting proposal. Since you are an interesting type, we would like to show you a secret place. It is a place that only Lusut and I know and we have never mentioned it to anyone before.

We don't want anyone to know what's there because if they did, all the other soldiers would want to go too and we want it to remain our secret oasis.

If you agree to come, you will not have to say anything to anyone, we will say that we are going on a normal patrol tour, we will take an DPTAV without being seen and then off in the middle of the Great Red. Do you like it?

88 EXT. DESERT - DAY

ARTHUR, MELOG, HANS, FURUT and LUSUT cross the desert in an DPTAV (Desert Platoon Transport Armored Vehicle). They are all euphoric

89 EXT. DESERT/5 PLANTS - DAY

ARTHUR, MELOG, HANS, FURUT and LUSUT get out of the DPTAV and look at 5 plants.

ARTHUR

What do these plants feed on? Where do they get their water from?

FURUT

Now you will see

FURUT takes off his pants and underwear.
The plant smells his penis.
The stem bends to look for it.
The plant opens a hole.
FURUT's penis enters the hole.
The plant begins sucking him while it also injects him with a narcotic substance.
FURUT has an expression of pleasure from both the blowjob and the substance.
ARTHUR, MELOG, HANS and LUSUT do the same.

90 EXT. RASALIA/OUT OF THE CITY - DAY

Overlay: Vrokja - Rasalia - May 8, 2050

Many S.ARMY-SAPIENS-SEARCH-R2-* patrol the perimeter very frightened

91 INT. TUNNEL/INSIDE - DARK

KARROK, PALLOK and other MUTANTIS REBELS dig a tunnel under Rasalia.
Every few meters they put a grenade stuck on the tunnel ceiling.
At the end they pass a wire inside all the grenades (from the farthest to the closest)

92 EXT. TUNNEL/OUT OF THE ENTRANCE - DAY

KARROK gives a tug on the wire to trigger the grenades.

93 EXT. RASALIA - CONTINUOUS

The whole city implodes and collapses.
Thousands of deaths in the city

94 EXT. TUNNEL/OUT OF THE ENTRANCE - CONTINUOUS

MUTANTIS REBELS
Karrok! Karrok! Karrok!

EPISODE 08: Questions

95 EXT. DESERT/5 PLANTS - DAY

Overlay: Vrokja - Great Red - 9 May 2050

ARTHUR, MELOG, HANS, FURUT and LUSUT are on the ground, dehydrated (hollowed out skin, etc.) and unconscious. Plants are still sucking fluids out of their penis while receiving substances.

MELOG wakes up, removes the plant from his penis, takes a drop of gray Xulu.

He unplugs ARTHUR, wakes him up and gives him a drop of gray Xulu.

ARTHUR

(with dry throat)

How many hours have we been attacked?

MELOG

At least 5 days. Let's wake up the others

96 INT. NEWSCAST - DAY

The screen behind the ANCHORMAN shows the rubble of Rasalia

ANCHORMAN

Vrokjan cruelty has no limits. After the attack by the Terribilis against civilians a few months ago, this time our brave troops have been attacked by an even more treacherous and cowardly enemy. The Homo Mutantis, whom the Space Army was protecting, decided to blow up and sacrifice their own city, just to hit us without being seen. They dug an underground tunnel and filled it with explosives, because they knew they could never loyally defeat our glorious troops. Many are wondering: Would we be prepared if Homo Mutantis dug such a tunnel under an earthly city? Could New York, Brussels, Beijing, Camberra be hit by the Mutantis at any moment?

The screen behind the ANCHORMAN shows ARTHUR and HANS, both on a stretcher, with a drip in the vein. The video barely show the stretchers with MELOG, FURUT and LUSUT just for a glimpse

ANCHORMAN

One moment! The wounded one is a war hero.
Director: freeze frame

The video freezes on ARTHUR

ANCHORMAN

I confirm, he is the brave Marine who had defeated the Terribilis by risking his own life. I'm glad he survived but look at those bastards how they cut him down. We will make them pay for this

97 EXT. MINISTRY OF DEFENSE/WAR ROOM - DAY

Overlay: Earth - Ministry of Defense - May 16, 2050

MINISTER OF DEFENSE enters last.
The others are present

MINISTER OF DEFENSE

So?

SPD MANAGER

Karrok. Our agents say that the leader of the rioters is called Karrok, he was from Rasalia but now he leads all the Homo Mutantis who survived the disorganized attacks of the Space Army.

MINISTER OF DEFENSE

At least we have a name to give to the press. I would like to understand how it is that every time only the secret services have the answers to my questions. Does anyone even have a plan?

SPD DIRECTOR

We need more information on the battlefield. I took the liberty of triple our undercover agents on Vrokja.

MINISTER OF DEFENSE

Well done. Anyone have a real plan?

S.ARMY-GENERAL (FIRST)

Mr Minister, this war scenario has a lot of similarities with the Second World War. You couldn't go straight to hit Berlin, Rome or Tokyo at the time, right?

MINISTER OF DEFENSE

Continue

S.ARMY-GENERAL (FIRST)

The allied armies, after the landings in Sicily and Normandy, had to conquer one city at a time, to go back to the nerve centers of power and defeat Hitler, Mussolini and Shōwa.

MINISTER OF DEFENSE

Shōwa who?

S.ARMY-GENERAL (FIRST)

The Japanese Emperor

MINISTER OF DEFENSE

Continue

S.ARMY-GENERAL (FIRST)

We must conquer, pacify and stabilize all the cities of the Great Red. Only when the Great Red acts as a single entity we can defeat Karrok and his troops.

SPACE MARINES GENERAL

Mr. Minister, I must express my dissent on this plan. It is too costly both in terms of time and human life. I propose a search operation designed to hit the enemy's head directly rather than the whole body. My Marines can find and kill Karrok in no time, without even being spotted. They will be so quick that no one will even remember Karrok's name

MINISTER OF DEFENSE

(thoughtfully)

Mmm

SPACE AIR FORCE GENERAL

Mr. Minister, while not criticizing the plans of colleagues, let me propose mine. My plan does not involve any use of ground troops but only targeted attacks from our fighters. We can defeat Karrok without putting anyone's life in danger. Sure, hitting the enemy with a fighter is more expensive than hitting him with a rifle, but isn't the life of our soldiers our dearest asset?

MINISTER OF DEFENSE

Admiral, do you by any chance have a plan too?

SPACE NAVY ADMIRAL

(embarrassed and improvising)

Of course. Just give us the coordinates of this Karrok and our brave sailors will be more than happy to eliminate him today

MINISTER OF DEFENSE

Admiral, you are having difficulties with the Homo Maris

SPACE NAVY ADMIRAL

There was a certain resilient that, on the other hand, we expected

MINISTER OF DEFENSE

Admiral, you are having a hard time killing mer. From inside your submarines. I don't think you could be more successful in the desert. By the way, what about the missing submarine?

SPACE NAVY ADMIRAL

(in a lying tone)

Don't worry, the situation is back entirely under our control.

MINISTER OF DEFENSE

Good admiral, good. I approve the Space Army plan but I also want a lot more information from the SPD. This time you all will collaborate, understood?

EVERYONE (except MINISTER OF DEFENSE)

Yes, Mr. Minister

98 EXT - MINISTRY OF DEFENSE, CORRIDOR 1 - DAY

SPD DIRECTOR takes his mobile phone. He writes and send this message

SPD DIRECTOR'S PHONE MESSAGE

Send agents to interrogate Space Army and Space Marines members. Report directly to me

99 EXT. MINISTRY OF DEFENSE/CORRIDOR 2 - CONTINUOUS

SPACE MARINES GENERAL takes his mobile phone. He writes and send this message

SPACE MARINES GENERAL'S PHONE MESSAGE

Report any suspicious movement of the Space Army and SPD as required by the chain of command

100 INT. OUTPOST 84/BRIEFING ROOM - DAY

Overlay: Vrokja - Outpost 84 - May 17, 2050

FRANCESCO

Sir, I have a problem. Over there are some SPD interrogators who say they have the authority of the Minister himself to interrogate our men. And we got a message from the High Command telling us to keep the SPD and the Space Army under control. What do I do?

JAMES

Do you know what we did when we were given 2 orders in blatant contradiction to each other?

FRANCESCO

Did you only perform one of the 2? In this case I would execute ...

JAMES

We would execute them both. And luckily we didn't ask ourselves if it made sense

FRANCESCO

Sure Sir

101 INT. OUTPOST 84/GENERIC ROOM 1 - DAY

ARTHUR is handcuffed to a chair.
The interrogation started a long time ago

SPD QUESTIONER 1

Ah! Let's hear, how could you not have died of thirst for 5 days and 5 nights in the desert, while plants sucked sperm and piss from your cock?

ARTHUR

What the fuck do I know! But do I look like a botanist to you? They will have some mechanism that has done things to keep us alive, right?

102 INT. OUTPOST 84/GENERIC ROOM 2 - DAY

MELOG is handcuffed to a chair.
The interrogation began a long time ago

MELOG

(in a drug addict's voice)
I didn't think getting my dick sucked was so
much fun.

SPD QUESTIONER 2

Didn't you know?

MELOG

(in a drug addict's voice)
No, there aren't any plants on Earth that
suck it out of you. That is, at most there
are women on Earth who suck it. Or even the
men who suck it. But no plants.

SPD QUESTIONER 2

And did they suck you on Earth?

MELOG

(in a drug addict's voice)
That's disgusting, no. Why would one put
one's cock in another person's mouth, it's
disgusting

103 INT. OUTPOST 84/GENERIC ROOM 3 - DAY

HANS is handcuffed to a chair.
The interrogation began a long time ago.

HANS

(laughing)
Is that all? Do you just handcuff me, yell a
little and make some empty threats? At the
very least I expected you to break my arm and
then threaten to break the other

SPD QUESTIONER 3

I have no intention of breaking an arm during
an interrogation

HANS

I do have!

HANS frees himself from the handcuffs and jumps on the SPD QUESTIONER 3 who falls to the ground.
HANS continues to beat him while he is helpless.
HANS breaks one of the arm of SPD QUESTIONER 3

104 INT. OUTPOST 84/GENERIC ROOM 4 - DAY

LUSUT is not handcuffed.
The interrogation began quite a while ago but LUSUT only expresses himself with gestures.

SPD QUESTIONER 4

Wait, was this the gesture to say yes or to say no? Ok, I don't give a fuck, you may have also found the holy grail, I broke to decipher your gestures

105 INT. OUTPOST 84/GENERIC ROOM 5 - DAY

FURUT is not handcuffed.
SPD QUESTIONER 5 has been watching and listening for quite a while taking notes

FURUT

And it is for these reasons that I have just listed that the Space Army has not understood anything about how we Homo Similis think. And if I have more time I'll also explain what the Space Army didn't understand about Homo Mutantis

SPD QUESTIONER 5

I don't have any commitments all day. Go ahead, please

106 INT. OUTPOST 84/GENERIC ROOM 5 - NIGHT

SPD QUESTIONER 5

(speaking to a radio)

I didn't find what we were looking for, but maybe I found something better. I'm giving you a message: it must arrive on Earth as soon as possible

107 INT. SPACE MARINES GENERAL'S OFFICE - DAY

Overlay: Earth - Space Marines HQ - May 18, 2050

SPACE MARINES GENERAL

Here I am. Did you want to see me?

SPD DIRECTOR opens a file and extracts, one at a time, and very slowly, photos of girls.

On each there is a name, a place and a date.

SPACE MARINES GENERAL looks worried

SPD DIRECTOR

Do you recognize them? Can you tell me what they have in common?

SPACE MARINES GENERAL

All girls I made love with?

SPD DIRECTOR

No. All the girls you raped. There is also the place and date of the rape. This one said that while you raped her, you stepped on her face with your boots.

SPACE MARINES GENERAL

I was young, I was not even 20 years old

SPD DIRECTOR

Insignificant detail.

You know it would be a real shame if people found out it

GENERALE SPACE MARINES

I like straightforward conversations. Tell me why you came to blackmail me and that's it.

SPD DIRECTOR

In outpost 84 there are some guys that interest us: 4 Space Marines and 2 Similis of the Space Army. You will write that the Similis have been transferred at their request to the Space Marines

SPACE MARINES GENERAL

Okay

SPD DIRECTOR

And of course they will take orders directly from us from today

SPACE MARINES GENERAL

I suspected it

108 INT. OUTPOST 84/BRIEFING ROOM - DAY

Overlay: Vrokja - Outpost 84 - May 19, 2050

FURUT speaks in front of the others.
ARTHUR, MELOG, HANS and LUSUT listen in the front row.
FRANCESCO listens from the back of the room.

FURUT

Ok, marines. I will be brief. Apparently the High Command has requested to transfer Lusut and me from the Space Army to the Space Marines, which makes me too happy. The Space Army was a real bore. Marines, ready to kill!

ARTHUR, HANS, MELOG

Ready to kill!

FURUT

I also entered with the rank of Corporal, you 3 and Aleksandra have been appointed as my subordinates. Corporal Arena will continue to run Outpost 84, and will continue to have Jonne and Pablo as subordinates. Corporal I took off 4 out of your 6 marines, I am sorry

FRANCESCO

You're following your orders: don't apologize. And then I'm more pissed off just because you take away the multicopter and my pilot, I give gladly to you these 3 fools

EVERYONE (except FRANCESCO)
(laugh)

FURUT

Ok. Anyway guys I don't want you to see me as a boss. It's still me: I'm the same Furut who gave you 5 days of blowjobs and dehydration

EVERYONE (except FURUT)
(laugh)

FURUT

Ah, one last detail: the Space Marines said I won't have to report to Sergeant James Smith, nor to the High Command, but only at the SPD

FRANCESCO

What? And to whom of the SPD will you have to report?

FURUT

I'm not allowed to say that Corporal Arena

FRANCESCO

Go away

109 EXT. OUTPOST 84/MULTICOPTER PARKING - CONTINUOUS

FRANCESCO, PABLO and JONNE watch the multicopter go away

PABLO

Corporal, don't just look at the negative aspects. Look at the positive ones

FRANCESCO

Which one?

PABLO

Pro 1: Jonne and I are left, that is, the 2 most faithful Marines Vrokja has ever seen

FRANCESCO

Ok ...

PABLO

Pro 2: We don't have to put up with that asshole Hans

FRANCESCO

Pablo, Hans is not an asshole. I am an asshole. Hans is a sadistic and racist psychopath

PABLO

Pro 3: We are all fond of Arthur and Melog, it would have been bad to see them die. Which obviously will happen: those 2 have never had any chance of survival

FRANCESCO

Can you imagine them now under the orders of Furut? What will he do after the plants? Will he take them to orgies with mushrooms and lichens?

PABLO

Pro 4: We never liked flying, and those fools left us the Quad

FRANCESCO

For 3 people. 4 if we also count Sergeant

JONNE

I'm going on foot, you know I prefer it

PABLO

See? A quad all to ourselves. And fuck the Sergeant, we see so little that I even forgot that he existed

FRANCESCO

(in a low voice, looking at the sky)

Don't get killed kids

EPISODE 09: The villa

110 EXT. TOROT'S VILLA - NIGHT

Overlay: Vrokja - Torot's villa - May 19, 2050

A gigantic villa, with swimming pools, electrified fences and watchtowers.

111 EXT. TOROT'S VILLA/MULTICOPTER PARKING - CONTINUOUS

The Multicotterro lands.
ARTHUR, MELOG, HANS, FURUT and LUSUT exit.
TOROT'S BODYGUARD 1 await the Marines

TOROT'S BODYGUARD 1
The pilot is not coming?

FURUT
She only cums when she fingers herself. Take me to your boss

TOROT'S BODYGUARD 1
What?

FURUT
It was a joke. Take me to your boss

TOROT'S BODYGUARD 1
Mr. Torot will receive you when he wants to receive you. For now he invites you to have fun at his party

112 EXT. TOROT'S VILLA/GARDEN - CONTINUOUS

The ARTHUR, MELOG, HANS, FURUT, LUSUT reach all the TOROT'S GUESTS (about 200 people) at the outdoor party. Some eat, others dance, others dive into the pool. Almost all of them are drunk or stoned or both. Food is served by liveried TOROT'S WAITERS. TOROT'S STRIPPERS perform.

SOUND: screams of 2 TERRIBILIS

ARTHUR turns around in terror.

113 EXT. TOROT'S VILLA/CAGES - CONTINUOUS

Left cage contains: TERRIBILIS MALE LOSER, 1 TERRIBILIS FEMALE, 2 TERRIBILIS CHILDREN

Right cage contains: TERRIBILIS MALE WINNER, 1 TERRIBILIS FEMALE, 2 TERRIBILIS CHILDREN

The 2 females and the children always look human

ARTHUR approaches the left cage.
The TERRIBILIS MALE LOSER jumps on his own TERRIBILIS CHILDREN

ARTHUR

NO!

The TERRIBILIS MALE LOSER licks his own TERRIBILIS CHILDREN.

The TERRIBILIS CHILDREN laughs

ARTHUR

Ah. You are a good dad. I didn't expect it.

The TERRIBILIS MALE LOSER turns to stare at ARTHUR.
The TERRIBILIS MALE LOSER is calm.
MELOG approaches and hands ARTHUR a joint.
ARTHUR takes it and lights it up.

MELOG

They are really horrible beasts, aren't they?

ARTHUR

Not entirely. Thus, in cages, they make me
tenderness

TOROT'S GUESTS and TOROT'S STRIPPERS approach the cages.

TOROT'S BODYGUARD 1

Are you all ready for battle? Our girls will
come by to collect the bets

TOROT'S STRIPPERS collect the bets.
TOROT'S BODYGUARD 1 removes the grate that separates the 2 cages.
The 2 TERRIBILIS MALES begin a deadly fight as the audience cheers them on.
TERRIBILIS MALE LOSER, while fighting, shows expressions of fear, especially when he looks at his children.
TERRIBILIS MALE WINNER kills TERRIBILIS MALE LOSER.
TOROT'S GUESTS scream even louder.
TERRIBILIS MALE WINNER kills the TERRIBILIS CHILDREN of TERRIBILIS MALE LOSER.
The mother bursts into tears, in a very human way.
After that the TERRIBILIS MALE WINNER forcibly mates with her.
ARTHUR is shocked.

114 INT. TOROT'S VILLA/LIVING ROOM - NIGHT

FURUT and TOROT have been arguing for hours.
ARTHUR, MELOG, HANS and LUSUT sit in silence.
On the walls, hunting trophies of Vrokjan animals.
Party is almost over outside

TOROT

So this is the deal I can come up with: I will help the SPD find troops to use against the Mutantis and you, and that nice multicopter, will be my couriers. I will give you a list of cities to visit, and for each one I will tell you who to ask for troops and who to bring my goods. The Great Red is full of cities that hate Mutantis. With their support, the Space Army will have no difficulty defeating the Mutantis

FURUT

The SPD wants the Space Army to be kept out of this story. The troops you provide us will attack only when the SPD orders it and if it orders it

TOROT

As you wish. Nothing changes to me for what you use them or against whom you send them. I don't even care who wins this war, I just need it to last as long as possible

FURUT

The longer the war lasts, the more you can do what you want without any nosy intruding, am I right? Those 2 little families of Terribilis out there are certainly not the only humans your hunters have captured.

TOROT

You're a smart guy. Last clause: a couple of mine will have to come with you

FURUT

Deal

TOROT

Great. Do you need to communicate the agreement with the SPD?

FURUT

No. I have the necessary authority to sign the agreement

TOROT

Excellent

TOROT

(speaking to TOROT'S BODYGUARD 1)
Go get 5 whores for my friends

MELOG

For me no thanks, I have already given with plants and I would like to avoid

ARTHUR

Maybe we can give the whore for you to Aleksandra since she is a lesbian

HANS

Is she a lesbian? She never told me in all these years

ARTHUR

She told me maybe the first time we chatted

115 INT. TOROT'S VILLA/BEDROOM 1 - NIGHT

LUSUT sodomizes FURUT, while FURUT has sex with TOROT'S PROSTITUTE 1 , while TOROT'S PROSTITUTE 2 licks LUSUT's anus hole.

116 INT. TOROT'S VILLA/BEDROOM 2 - NIGHT

HANS tortures TOROT'S PROSTITUTE 3, twisting her nipples and clitoris with his fingers.
He hits her in the stomach with the butt of his rifle

TOROT'S PROSTITUTE 3

Please, please stop, I can't take it anymore.
Can we just have sex please?

HANS

But we have just begun

TOROT'S PROSTITUTE 3

Please, I do anything in bed. I'll give you my ass too, but don't hit me anymore, please

HANS

(grabbing the barrel of the rifle)
Of course you'll give me your ass. But we put this on. You better stay calm or we risk a shot and to pierce your guts. Not that I would mind

117 INT. TOROT'S MANSION/BEDROOM 3 - NIGHT

TOROT'S PROSTITUTE 4 SERRY

Have you ever been fucked by a girl?

ARTHUR

Never

TOROT'S PROSTITUTE 4 SERRY shows ARTHUR a wearable strapon made of stone

TOROT'S PROSTITUTE 4 SERRY
Would you like to try?

ARTHUR
Will it hurt?

TOROT'S PROSTITUTE 4 SERRY
Relax, little soldier. Close your eyes and enjoy your first anal fuck

TOROT'S PROSTITUTE 4 SERRY fucks ARTHUR in the ass. ARTHUR writhes and grabs the sheets as he screams in pain

118 INT. MULTICOPTER - NIGHT

TOROT'S PROSTITUTE 5 and ALEKSANDRA have sex. ALEKSANDRA inserts various parts of the multicopter inside herself and the other girl (cloche, etc.)

119 EXT. TOROT'S VILLA/GARDEN - NIGHT

MELOG is alone and looks at the stars lying on the ground. He smokes joints and takes drops of xulu

120 EXT. MOSCOW/RUBBLE - DAY

ALEKSANDRA (8 YEAR OLD)'s uniform is a bit loose.

ALEKSANDRA (8 YEAR OLD) looks through binoculars (pointed at the camera).

ALEKSANDRA'S FATHER looks through the sniper rifle (pointed at the camera).

ALEKSANDRA (8 YEAR OLD)
The Black Hawk has landed. 2 have gone down,
no wait 3 soldiers

ALEKSANDRA'S FATHER
I bet I can eliminate all 3 without them
noticing

ALEKSANDRA (8 YEAR OLD)
I really want to see

**121 EXT. MOSCOW/BLACK HAWK PARKING - CONTINUOUS -

3 RUSSIAN PRIVATES are smoking, looking in various
directions.
The one on the left is hit.
Then the one in the center is hit.
Then the one on the right one has time to turn in the
direction of the.
Then he is hit too.

122 EXT. MOSCOW/RUBBLE - CONTINUOUS

ALEKSANDRA (8 YEAR OLD)
I'm sorry dad, the third has noticed. I think
you're getting slow

ALEKSANDRA'S FATHER
Ready for your first flying lesson?

ALEKSANDRA (8 YEAR OLD)
I can't wait.

ALEKSANDRA (8 YEAR OLD) and ALEKSANDRA'S FATHER leave
the sniper post

123 EXT. MOSCOW/BLACK HAWK PARKING - CONTINUOUS

ALEKSANDRA (8 YEAR OLD) and ALEKSANDRA'S FATHER reach
the Black Hawk helicopter.
RUSSIAN PRIVATE 4 appears from behind, about to kill
ALEKSANDRA'S FATHER when ALEKSANDRA (8 YEAR OLD) draws
a gun and shoots him.

ALEKSANDRA'S FATHER
Didn't you count 3?

ALEKSANDRA (8 YEAR OLD)

(crying)
Sorry Dad

ALEKSANDRA'S FATHER

Hey princess, there's nothing to cry about. Sometimes you don't see a soldier, I hadn't seen him either. And then you saved my life

ALEKSANDRA'S FATHER hugs and kisses ALEKSANDRA (8 YEAR OLD)

ALEKSANDRA'S FATHER

Do you feel guilty for having killed a person?

ALEKSANDRA (8 YEAR OLD)

A little

ALEKSANDRA'S FATHER

Do you know why they died?

ALEKSANDRA (8 YEAR OLD)

Because we killed them?

ALEKSANDRA'S FATHER

No, because they got off the helicopter. Never get off the helicopter until you are sure you are safe. Got it?

ALEKSANDRA (8 YEAR OLD)

Got it. Never get off

124 INT. MULTICOPTER - NIGHT

ALEKSANDRA wakes up sweating.
TOROT'S PROSTITUTE 5 is about to leave

TOROT'S PROSTITUTE 5

I was going to have a drink, would you like to go with me?

ALEKSANDRA

Never get off

TOROT'S PROSTITUTE 5

As you like

125 INT. TOROT'S VILLA/BEDROOM 3 - DAY

ARTHUR wakes up with TOROT'S PROSTITUTE 4 SERRY in his arms.

He kisses her on the forehead

MELOG

(off stage)

Arthur, come on, we are all ready

ARTHUR

I'm coming

126 INT. MULTICOPTER - DAY

ARTHUR sits ahead next to ALEKSANDRA

ARTHUR

Ale

ALEKSANDRA

Tell me

ARTHUR

I think I have fallen in love

ALEKSANDRA

(worried)

With me?

ARTHUR

Fuck no!

ALEKSANDRA

Thank goodness, you scared me. And who is her?

ARTHUR

The girl I was with last night. Her name is Serry, and she's not like the others

ALEKSANDRA

You mean that it's your first time having sex with someone different from a Mutantis warrior?

ARTHUR

No. I mean, yes. That wasn't what I meant. This is actually my first time having sex with a NON Mutantis girl. Well, the only one if we don't count a blowjob on Earth and 5 days of sucking plants

ALEKSANDRA

I agree not to count them

ARTHUR

Then she was the first girl. She fucked me in the ass with a stone strapon

ALEKSANDRA

Wonderful! Sometimes I put the cloche in my ass.

ARTHUR looks at the cloche trying to figure out if it's dirty with feces.

ALEKSANDRA

Did you like it?

ARTHUR

The best thing ever experienced

127 INT. MULTICOPTER - DAY

On board, in the back of the multicopter: MELOG, HANS, FURUT, LUSUT, TOROT'S HUNTER 1, TOROT'S HUNTER 2 (ARTHUR still sits ahead next to ALEKSANDRA)

Flying with the side door open.

The rifles are all stowed away and no one is armed.

FURUT

(calmly)

Hans, proceed

HANS grabs TOROT'S HUNTER 1 and throws him out the side door

TOROT'S HUNTER 2
(screams of fear)

FURUT
The other too

TOROT'S HUNTER 2
Please no

TOROT'S HUNTER 2 looks for someone's gaze.
FURUT and LUSUT are calm.
HANS is excited.
MELOG is perplexed.
ARTHUR and ALEKSANDRA are still conversing in front and ignore them.

HANS
I like being begged.

TOROT'S HUNTER 2
Please Please Please Please Please Please
Please Please Please Please Please Please

HANS
But I like killing many times more

HANS and TOROT'S HUNTER 2 fight to launch each other out of the multicopter.
No one intervenes.
HANS wins and throws him out.
HANS has a conspicuous erection visible through the pants

FURUT
Great. Arthur, Aleksandra, also you listen to me

ARTHUR turns.
ALEKSANDRA remains focused on the commands

FURUT

Let's make one thing clear. We don't take orders from a crime boss like Torot and neither of us wanted his henchmen in our business

ARTHUR

Us?

FURUT

Us. We are a team, Arthur

MELOG

Yes, come on. I like it

FURUT

And I'll tell you another thing. We do not take orders from the SPD. We will carry out the mission that the SPD has entrusted to us: to create an army from scratch. But not because they asked us to, but because it is what the Great Red needs right now.

MELOG

I actually heard that the Great Red has a constant need for new corpses for biological processes, ah, no, you meant metaphorically. That is, you are not really talking about the desert itself, but about the peoples who live on it. Ok, it makes sense

EVERYONE laughs

FURUT

That's right Melog. At the moment it's not just one cancer and one cure, but 2 cancers. Do you know what I mean?

ARTHUR

The Karrok rebels and ... the Space Army?

FURUT

Precisely. They are 2 opposite diseases but both extreme. Karrok is a rebel, he will be able to inflict all the blows he wants, he could even defeat the Space Army on the battlefield, but he will never be able to rule the Great Red. Mutantis are too broken up, their cities don't even have a government or anything like that. Not to mention that half of the Mutantis live in so-called mixed cities. I knew many Similis who had a Mutantis as a neighbor and I guarantee you that they are completely devoid of discipline

MELOG

What about the Space Army?

FURUT

The opposite. Too much discipline. The Space Army could also defeat Karrok and his Mutantis on the battlefield but will never rule the Great Red. The Space Army inherited the Earth mentality, even in the Similis Corps. On Earth, maybe it is normal that billions of people all have the same culture.

ALEKSANDRA

(without turning around)

The Earth has been so united for a few decades, listen who has seen them divided for her entire childhood

FURUT

I trust you. Here on Vrokja we are not only divided between species, but the majority species, the Similis like me and Lusut, is divided into an infinite number of populations on different continents. And even if we only focus on the Great Red, there is no single population. My city and the tribe, of which Lusut is a part of, have been at war for centuries. I am very happy that this is no longer the case, but I would not want to have to adopt Lusut's customs and he would not want to adopt mine. Am I right?

LUSUT

(mimes a blowjob and a plant)

FURUT

Ok Lusut, the tradition of sucking plants I'm very happy to have learned, I grant you. But do you remember when I let you try the typical Yotashana cuisine?

LUSUT

(mimics vomiting)

HANS

So what do we do if neither too much unity nor too little is good?

FURUT

A federation. Here's what we'll do.
Aleksandra: let's leave the desert. Route to Radder!

KARROK

I already asked to put your life in danger more than once, but I have to ask you to do it again.

PALLOK

No problem my friend

KARROK.

I need you to be my ambassador and go in search of allies. If we are alone soon the Space Army will annihilate us

PALLOK

Just tell me where you want me to go

KARROK

Is the city of Vetrameco still a friend of the Mutantis?

PALLOK

Hard to say. I haven't heard of Homo Magnauxors in so long that I wouldn't be surprised if someone had them extinguished.

KARROK

No, those girls are tough, I'm pretty sure they'll be still alive and ready to fight.

PALLOK

It will take me at least a month to reach them and another to return: you will have to resist with the forces you have until my return

KARROK

All right. Hurry up, please

129 INT. SUBMARINE/MAYA'S ROOM

Overlay: Vrokja - Deep Fighter 21 - 1 June 2050

DYLAN and MAYA are having sex.

They both have an orgasm.

DYLAN

I love you!

MAYA

I love you too Dylan

DYLAN

I'm sure you tell everyone

MAYA

Because it's true every time. I loved every single man and woman with whom I made love.

DYLAN

Is it possible?

MAYA

Yes. For me there is no sex without love. I only have sex with those I love. That is, with anyone. Whenever I see a man or a woman, I fall in love with them. For me, sex is not a mechanical act. And it's not a job, even if I'm paid to be here, of course. For me, sex is everything. It's the most beautiful thing in the world, the only thing I really want. And only a submarine full of desperate men can give me all the love I need.

DYLAN

Your life looks great

MAYA

It is only under 2 conditions. First: you have to accept yourself for who you are. Second: You have to send to hell all those who hate you for who you are. Which in my case is quite a long list

DYLAN

Who could ever hate a girl like you?

MAYA

Well, the girlfriends and wives of the men I had sex with, for example.

DYLAN

Ok, this is plausible

MAYA

People who fuck a little

DYLAN

Only envy

MAYA

My parents

DYLAN

Why on earth?

MAYA

"Mom, Dad, I'm going to be a whore in space" is not the typical phrase a parent expects. And then, thinking about it, I did them a great favor by leaving

DYLAN

I don't believe you, no one would ever want to see his daughter go away. And I'm sure you miss them

MAYA

I doubt it. I would not be surprised if after my departure they told my relatives that I am dead. Let's say that lately I had become an embarrassment for them, especially after that, no nothing

DYLAN

After what? Come on, tell me

MAYA

Okay, I'll tell you. So, it was my grandfather's funeral, and everyone was super sad. I was super sad too

DYLAN

Don't tell me you were having sex with your grandfather

MAYA

Yeah, too, but that's not the point of the story. Suddenly I see one of my cousins, one I haven't seen in years

DYLAN

Ok

MAYA

We are left alone

DYLAN

I think I understand how the story ends

MAYA

Well I gave him a blowjob in front of grandpa's coffin

DYLAN

I'm sure your grandfather would have approved

MAYA.

Indeed he would! And just as he came into my mouth, my parents and other relatives came back and yelled like crazy

DYLAN

Even your cousin's parents?

MAYA

No, he was already an orphan at that time.

DYLAN

Poor him

MAYA

I always felt sorry for him. A nice guy who always found himself in situations he didn't understand, and never for his fault. But I'm glad it was my mouth that made him lose his virginity.

DYLAN

You have a huge heart. What happened to your cousin?

MAYA

I have no idea. I just hope he hasn't gotten into trouble

130 EXT. NATOKA/SQUARE - DAY

Overlay: Vrokja - Natoka - June 1, 2050

SIMILIS CHILDREN (both sexes) and MUTANTIS CHILDREN (boys only) play chasing each other. KARROK and ASDRU watch them play with a worried smile.

KARROK

We are immensely grateful to all of you for what you are doing. We will never forget it

ASDRU

It was the right thing to do. I would be lying if I said that the whole population was in favor. Between the city of Natoka and that of Rasalia there has never been good blood. Also, some merchants believe that without you the Great Red would be a more peaceful place.

KARROK

But that's not what you think

ASDRU

Well, surely your cities would be more peaceful without you.

KARROK and ASDRU

(both laugh)

ASDRU

The point is, I don't care. I don't care about this war. I don't care about the stability of the Great Red. I don't care that you are Mutantis and we are Similis, until a few decades ago we didn't even know we were two different species.

KARROK

So why are you helping us?

ASDRU

Because these are children

KARROK

Ah. Only for this?

ASDRU

Yes. You Mutantis adults will die under fire from Space Army laser rifles. The Desert Division is going around city by city: it is a real genocide and you will have no escape. You have chosen to die fighting rather than as sheep. That's honorable. It's much more of a Similis behavior than a Mutantis one. But you die in any case, this is something that will happen and certainly a little mayor like me can't do anything about it. But the extermination of children is something I cannot accept. And I couldn't live peacefully knowing that I didn't use all my strength to prevent it. When the Space Army will come, because it will come, we will deny ever helping you. We will say that you are the scum of the desert and that you must be crushed like cockroaches. But we will hide your children in our homes. If they manage not to change sex in front of the Space Army soldiers, no one will be able to recognize them.

KARROK

So I really hope none of them change sex in front of a soldier

131 INT. NATOKA/HOUSE OF NULUL - CONTINUOUS

EPISODE 11: Visions

132 EXT. RADDER/BONFIRE - NIGHT

Overlay: Vrokja - Radder - June 1, 2050

FURUT, LUSUT, ARTHUR, MELOG, HANS, GOYALE (tribal chief), LEYAGO (Shaman) and RADDERIAN PEOPLE have been arguing around the fire for hours.

RADDERIAN PEOPLE wear clothing similar to Native American (but with Vrokjan animals feathers instead of Earth animals)

RADDERIAN WARRIORS, in addiction, wear the dried scrotum of slain enemies as a necklace.

In the distance ALEKSANDRA inside the parked multicopter

GOYALE

You have come to talk and we have been to hear you. You say that you are great warriors but you do not have the balls of your enemies hanging around your neck

FURUT is nervous but tries not to show it

HANS

(to FURUT ears, low voice)
What a jackass

GOYALE

You say there is a war on and the greatest army of all time would have taken the field. You say these armies would exterminate entire cities using the ... how did you say boy?

FURUT

(in the tone of someone who has been repeating the same concept for hours)
Laser rifles. Neutron grenades.
DPTAV...armored vehicles.

GOYALE

An army that does not cut the balls from the corpses of the enemies. Would that be an army to be afraid of?

RADDERIAN WARRIORS laugh

GOYALE

Also if I understand correctly, this army is made up entirely of Homo Similis and is fighting against the Homo Mutantis. Well. An Earthling came to us last summer. What was his name?

LEYAGO

He was called an-thro-po-lo-gist

GOYALE

Well. An-thro-po-lo-gist said that we are definitely Homo Similis. So this army is made up of strong warriors like us. I can not wait to meet them

FURUT

You will meet them. When they come to kill you

RADDERIAN WARRIORS loudly protest

GOYALE

Your words are poison. You come here and insults my people

FURUT

Then kill me

RADDERIAN WARRIORS shut up.

ARHUT, MELOG, HANS and LUSUT exchange concerned looks. HANS puts his hand on a grenade he wears at his right chest.

FURUT

Kill me now. And you won't have to worry about my poisonous words anymore.

GOYALE stares FURUT in the eyes

FURUT

At least you won't have to worry about my words for at least another couple of weeks. Then they will decide to exterminate you. And they will be your problem, not me anymore.

GOYALE

If they come to duel, our Field of Blood will be happy to feed on the blood of the fallen.

RADDERIAN WARRIORS cheer

FURUT

But they will never come to duel. They are too cowardly, and you are too far away to move all the troops with the DPTAV.

GOYALE

And how do they hope to defeat us?

FURUT

Just with the push of a button. Do you know what a thermobaric missile is?

GOYALE

I guess another weapon of you cowards

FURUT

(pointing)

See that mountain? If you ordered your men to destroy it, would they succeed?

GOYALE

No

FURUT

A single thermobaric missile can do that. He can turn that mountain into a fireball, leaving only ash and smoke. Not only do you die, but there will be no trace of your village, your Field of Blood, the graves of your ancestors. All destroyed by a single missile.

GOYALE

Then we will kill the warrior carrying the missile

RADDERIAN WARRIORS cheer

FURUT

The missiles fly

GOYALE

They fly?

FURUT

(almost pedantic)
Yes, they fly

LEYAGO

There is no calm. Without calm, no decisions are made. We all now take goat blood. It will give us calm and serenity.

GOYALE

Yes, let's all drink a cup of goat blood

LEYAGO nods to LEYAGO'S ASSISTANT.

LEYAGO'S ASSISTANT goes to get some bowls which she fills with a phosphorescent green liquid.

The bowls are distributed among everyone, even the Marines.

EVERYONE drink

133 EXT. DESERT - DAY

This scene is a dream of ARTHUR.

ARTHUR is alone in the desert and looks around in despair.

ARTHUR
(screaming)
Where are all of you?

Suddenly MELOG is also in the scene.
MELOG lying on the ground, gushing fat from a wound.
MELOG laughs.

MELOG
(laughing)
We were right to enlist. Dying in war is beautiful! Who dies in war becomes a hero

ARTHUR gets scared and runs away.
ARTHUR bumps into HANS and a TOROT'S PROSTITUTE 4 SERRY.
HANS is raping TOROT'S PROSTITUTE 4 SERRY

ARTHUR
Don't hurt her, Hans!

TOROT'S PROSTITUTE 4 SERRY stops crying.
She turns to ARTHUR and begins to laugh.
ARTHUR runs away again and the ground begins to swallow him up to his throat.
TALKING TERRIBILIS appears in front of him.
ARTHUR tries to push it away.
FRANCESCO appears and blows up TALKING TERRIBILIS with a grenade.
Shreds of blood and flesh cover ARTHUR's face.

FRANCESCO
Arthur, if you don't kill, you will die.

Drunk JAMES appears with a bottle of scotch in his hand.

JAMES

We will all die. If the Jungle failed, the Desert will kill us. Or the valleys. Or the mountains. Everything on this planet wants to see the Marines dead.

ALEKSANDRA appears in the parked multicopter.
ALEKSANDRA is naked and masturbates in front of everyone

ALEKSANDRA

Come on Marine! Jerk off while I finger myself, ah yeah, you can't, your cock is in the sand. You're in the sand

ARTHUR is immersed in the sand
PABLO and JONNE appear too.
EVERYONE surrounds ARTHUR (including HANS, MELOG, TOROT'S PROSTITUTE 4 SERRY even if they were left behind).

EVERYONE (except ARTHUR)

(in rhythm, pointing to ARTHUR)

You are in the sand! You are in the sand! You are in the sand!

ALEKSANDRA

The sergeant is right: we're all going to die. But it is not the desert that will kill us. Do you know what will kill us?

ARTHUR

No!

TALKING TERRIBILIS returns intact and puts a hand on ARTHUR's shoulder

TALKING TERRIBILIS

(speaks in MELOG's voice)

Hey man. You know very well what will kill us.

ARTHUR

(crying)

Thermobaric bombs?

FURUT appears.

FURUT has a very flashy and fake detonator remote control in his hand. There is only one giant red button that says: "Extinction of life on Vrokja"

FURUT

Exactly. It was such an obvious answer.

FURUT pretends to press the button more than once.

ARTHUR

Please FURUT, don't do it

FRANCESCO

Kill Furut. It's an order!

ARTHUR

I can't Corporal, I'm unarmed

HANS

You're not unarmed. Haven't you figured out what the only weapon we have yet?

ARTHUR

What is it?

HANS

Your cock

ALEKSANDRA

Tear out your cock

ARTHUR gets up and out of the hole effortlessly.

ARTHUR pulls his penis out of his pants.

Screaming in pain, he tears out his penis.

No blood comes out.

In his hand, his penis turns to stone (identical to the one with which TOROT'S PROSTITUTE 4 SERRY penetrated him).

He uses his stone penis to punch FURUT in the face and kill him.

The remote control falls and the red button is pressed.
A thermobaric missile shoots a few inches above
ARTHUR's head and detonates a distant mountain.
It creates a giant mushroom cloud.
Shockwave kills everyone

134 EXT. RADDER/BONFIRE - NIGHT

ARTHUR wakes up.
Everyone else (MARINES, GOYALE, LEYAGO, RADDERIAN
WARRIORS, RADDERIAN PEOPLE) fidget in their sleep with
nightmares

ARTHUR

Fuck you!

ARTHUR falls asleep again

135 EXT. RADDER/TREE - DAY

This scene is a dream of GOYALE.

GOYALE is tied to a tree.
GOYALE'S FATHER stares at him

GOYALE

Why did you tie me to a tree, father?

GOYALE'S FATHER

What did I tell you before I died?

GOYALE

Not to make your own mistakes

GOYALE FATHER

And what was one of my mistakes?

GOYALE

You did not believe the foreigners

GOYALE'S FATHER

And what did this lead to?

GOYALE

Many died. We lost the ancient hunting grounds that we had defended for centuries

GOYALE'S FATHER

And what did you do tonight?

GOYALE

I did not believe foreigners

GOYALE'S FATHER

So you know what to do

GOYALE

Untie me from this tree, father

The tree and the ropes disappear

GOYALE'S FATHER

Which tree?

136 EXT. RADDER/EXTINGUISHED BONFIRE - DAY

ARTHUR is awakened by MELOG.

MARINES, GOYALE and RADDERIAN WARRIORS are preparing to leave

MELOG

Good morning heavy sleeper. Let me guess, did you have a terrible nightmare?

ARTHUR

Worst of all

MELOG

It seems to be normal when you drink the blood of the goats of this valley. Everything on this planet wants to see the Marines stoned

ARTHUR is dumbfounded, recognizing a piece of his dream phrase ("Everything on this planet wants to see the Marines dead").

ARTHUR and MELOG approach the other MARINES in front of the Multicopter.

ALEKSANDRA is inside the Multicopter

FURUT

Ok Marines, last night I woke up from the induced nightmare and completed the deal with the Chieftain. I understood that it would be enough for me to promise them the ancient hunting grounds. Once the war is won, it will all be theirs.

ALEKSANDRA

Did you ask him from where to where these "ancient hunting grounds" should be? Not a good idea to find out later that for them the "ancient hunting grounds" coincide with the entire central continent, including Marine bases.

FURUT

It would be a blast! No, I think it's something smaller, in any case I didn't ask for it and I don't care. When the war is over, if they're still alive, we'll come up with something. Now let's go to the war plans

ARTHUR

Are we going to attack the Mutantis of Rasalia and the other cities of the Great Red?

FURUT

No

HANS

Are we going to attack the Space Army?

FURUT

Not even. We will conquer the city-state of Vadilonia

HANS

I have no idea what it is, but I like the plan

ALEKSANDRA

But it's a long way away. It takes days with
the multicopter

FURUT

Many more since we will go by foot. Almost a
month

ARTHUR, MELOG, HANS

Noooo

LUSUT

(gestures that he is not happy either)

ALEKSANDRA

When you say go by foot ...

FURUT

Aleksandra and Melog, you will follow us from
above to give us notice in case of an attack
and to guide us in the course of battle.

MELOG

Thank goodness. Walking kills me

137 EXT. RADDER - DAY

FURUT and GOYALE are in the front row.
LUSUT, ARTHUR and HANS immediately behind.
Then the RADDERIAN WARRIORS.
They march leaving only women and children in the
valley

138 EXT. GREAT DUNE/BELOW - DAY

Overlay: Vrokja - Great Red, the Great Dune - June 15,
2050

A column of DPTAV (Desert Platoon Transport Armored
Vehicle) stops in front of a dune at least 500 meters
high.
The insignia on the vehicles read "Space Army - Similis
Corps - Desert Division - 9th Regiment".

S.ARMY-SIMILIS-DESERT-R9-COLONEL and
S.ARMY-SIMILIS-DESERT-R9-P1-SERGEANT come out of one of
the armored vehicles.
S.ARMY-SIMILIS-DESERT-R9-COLONEL looks at the dune with
binoculars, even though it is right in front of him.

S.ARMY-SIMILIS-DESERT-R9-P1-SE
RGEANT

Sir, if I may ask, why did we stop right
here?

S.ARMY-SIMILIS-DESERT-R9-COLON
EL

Because this must certainly be the point
where the SPD advised us to place the camp

S.ARMY-SIMILIS-DESERT-R9-P1-SE
RGEANT

Are we taking orders from the SPD?

S.ARMY-SIMILIS-DESERT-R9-COLON
EL

I said "advised", not "ordered". And the only
one giving orders is me. However no,
officially we should not have any
relationship with the SPD but follow the
whole hierarchy up to the General in charge
of the entire Space Army, from there to the
Minister of Defense, from him to the Director
of the SPD and from there to the field
agents. It would take forever, even if we had
real-time connections to Earth, and we don't
have. So, if any SPD spy has any advice for
us, I'm happy to listen to them. When you
will be in my place, you will understand

S.ARMY-SIMILIS-DESERT-R9-P1-SE
RGEANT

Certainly Sir

S.ARMY-SIMILIS-DESERT-R9-COLON
EL

Give orders to set up camp. I want my cot
assembled by evening.

S.ARMY-SIMILIS-DESERT-R9-P1-SE
RGEANT

Immediately Sir

139 EXT. GREAT DUNE/ON TOP - CONTINUOUS

KARROK and a few other MUTANTIS REBELS spy on the Space Army camp from above the dune

KARROK

So so so... the SPD kept its word and sent the Space Army straight into the trap. I was convinced it was a trick to catch me

MUTANTIS REBEL 1

If you thought it was a trick, why did we come anyway?

KARROK

I had to figure out who I can trust. Better to go at the risk of falling into a trap than not going at all and never knowing if the information was correct. Now I know who can be trusted on this planet.

MUTANTIS REBEL 2

And who can we trust?

KARROK

No one obviously

MUTANTIS REBELS

(Laughs)

140 EXT. GREAT DUNE/BELOW - NIGHT

The camp has been set up.

All S.ARMY-SIMILIS-DESERT-R9-* sleep except a few on guard.

Rifle shots fired from afar silently kill them, one at a time.

No one wakes up

141 EXT. GREAT DUNE/ON TOP - CONTINUOUS

KARROK nods and, without making a sound, the MUTANTIS REBELS begin to descend from the great dune. KARROK remains there

142 EXT. THE GREAT DUNE/BELOW - CONTINUOUS

MUTANTIS REBELS have surrounded the camp. They throw grenades towards the tents. Some S.ARMY-SIMILIS-DESERT-R9-* die instantly, others manage to get out of the tents but are killed by rifle shots. Others manage to get out and grab weapons and fight. After the battle all the S.ARMY-SIMILIS-DESERT-R9-* died

143 INT. MINISTRY OF DEFENSE/WAR ROOM - DAY

Overlay: Earth - Ministry of Defense - June 17, 2050

MINISTER OF DEFENSE

General, are you implying that there's good news in the loss of another desert regiment?

S.ARMY-GENERAL (FIRST)

Mr. Minister, this time Karrok made a serious mistake, perhaps the mistake we needed to win the war.

MINISTER OF DEFENSE

And what would it be?

S.ARMY-GENERAL (FIRST)

He stole our DPTAV

MINISTER OF DEFENSE

General, so who killed 3,000 of our soldiers now also have their entire warfare arsenal? Do you really want to make fun of me?

S.ARMY-GENERAL (FIRST)

Now we can find them without problems

MINISTER OF DEFENSE

I suppose DPTAV had some kind of GPS alarm

S.ARMY-GENERAL (FIRST)

They actually have it ... but of course it only works on Earth, there is no GPS signal on Vrokja. 0 satellites, 0 internet. We only have a few radio repeaters here and there, and they don't always work.

MINISTER OF DEFENSE

So what?

S.ARMY-GENERAL (FIRST)

There is another way to find hundreds of armored vehicles racing in the desert.

MINISTER OF DEFENSE

Which one?

S.ARMY-GENERAL (FIRST)

Just looking out of a plane, am I right, General?

SPACE AIR FORCE GENERAL

Well, in principle yes

MINISTER OF DEFENSE

Okay, problem solved

MINISTER OF DEFENSE goes to the door

MINISTER OF DEFENSE

And don't lose any more Desert Regiment

MINISTER OF DEFENSE exits

SPACE AIR FORCE GENERAL

I was just saying theoretically, it will take days to analyze all the Great Red by hand

S.ARMY-GENERAL (FIRST)

Your men are safe in the skies. Mine die in the sand

SPACE AIR FORCE GENERAL

My pilots will start the search as soon as possible

S.ARMY-SIMILIS-DESERT-DIV.GENERAL
RAL
Does anyone have something to say?

S.ARMY-SIMILIS-DESERT-R10-COLONEL
NEL
Sir, I'm afraid it's a trap

S.ARMY-SIMILIS-DESERT-DIV.GENERAL

It's obviously a trap. The Mutantis are waiting there to kill us and no one has ever thought, neither us nor them, that it is really an invitation to an orgy. Anyone has something clever to say?

S.ARMY-SIMILIS-DESERT-R11-COLONEL

Sir, it's just a question of what kind of trap. The simplest trap would be to fill everything with explosives and then blow us up once inside. But that's not the trap they made

S.ARMY-SIMILIS-DESERT-DIV.GENERAL.

What makes them say?

S.ARMY-SIMILIS-DESERT-R11-COLONEL

That point is in the middle of nowhere. If Karrok's entire army arrived there with the DPTAV, he couldn't have left by foot.

S.ARMY-SIMILIS-DESERT-DIV.GENERAL

Ok

S.ARMY-SIMILIS-DESERT-R12-COLONEL

The most elementary thing would be to bomb the entrance to the cavern from a distance but even that would not work

S.ARMY-SIMILIS-DESERT-DIV.GENERAL

And why?

S.ARMY-SIMILIS-DESERT-R12-COLONEL

Because surely Karrok will have thought about it and will have put his troops in depth. Maybe with water, food and everything you need to withstand months and months in the event of a siege. He may have left some expendable members at the start and along the way to slow the advance, but I'm sure the bulk of the army is well safe.

S.ARMY-SIMILIS-DESERT-DIV.GENERAL

Yes, surely he has done so

S.ARMY-SIMILIS-DESERT-R13-COLONEL

You are all wrong

S.ARMY-SIMILIS-DESERT-DIV.GENERAL

How, please?

S.ARMY-SIMILIS-DESERT-R13-COLONEL

You're not thinking like the Mutantis. Above all, you are not thinking like Karrok. True, Karrok loves explosives, and ambushes, and he knows how to win outnumbered. But he's not kidding us here. He doesn't want us to waste time bombing empty emplacements, and he doesn't want a war of attrition. He wants a fight. He wants to be face to face with us. From what we know every time his men fought he was with them on the front line. I'm sure that bastard is in there waiting for us.

S.ARMY-SIMILIS-DESERT-DIV.GENERAL

And what strategy do you propose?

S.ARMY-SIMILIS-DESERT-R13-COLONEL

Play with their rules. Enter the caverns. There is a problem: they know these locations much better than we do. For them, going to a cavern is like going on vacation for us. They spend months there from an early age. 5 of us will die for each of them who we will kill

S.ARMY-SIMILIS-DESERT-DIV.GENERAL

5 of mine for each of them? It is unacceptable.

S.ARMY-SIMILIS-DESERT-R13-COLONEL.

We will only need to send 10 times the amount of troops. Obviously our troops are not enough, but as soon as the colonels of the other regiments arrive...

S.ARMY-SIMILIS-DESERT-DIV.GENERAL

So you really don't want to understand, huh?

S.ARMY-SIMILIS-DESERT-R13-COLONEL

What? Understand what?

S.ARMY-SIMILIS-DESERT-R10-COLONEL

Regiments 1 to 9 have all fallen in the last 6 weeks

S.ARMY-SIMILIS-DESERT-R13-COLONEL

Sorry, I didn't know. I was at the battlefield all the time and ...

S.ARMYSIMILISDESERTDIV.GENERAL

Colonels, send all your men to enlist new troops. I don't care what they do or say, I want each soldier to come back with at least 3 other soldiers. Whoever brings the most will be promoted, based on the number of comrades. Whoever wears the least, well, it will mean that they will have the honor of being part of the front line. And this also applies to you 4. You have 3 days. Then we go to eliminate the mutantis scum once and for all

S.ARMYSIMILISDESERTDIV.GENERAL exits

Traces of explosives or traps?

S.ARMY-SIMILIS-DESERT-R13-P1-S
ERGEANT

(speaking on the radio)

For now nothing like that

S.ARMY-SIMILIS-DESERT-R13-COLO
NEL

(voice from the radio)

Go ahead and report continuously

S.ARMY-SIMILIS-DESERT-R13-P1-S
ERGEANT

S.ARMY-SIMILIS-DESERT-R13-P1-* go on

149 INT. TRAP CAVERN/TOP OF THE CLIFF - DARK

All S.ARMY-SIMILIS-DESERT-R13-P1-* arrive in front of the cliff.

They see some ropes that have been left to go down. They don't see 2 other MUTANTIS REBELS camouflaged among the rocks

S.ARMY-SIMILIS-DESERT-R13-P1-S
ERGEANT

(speaking on the radio)

Dead end. We are facing a cliff. There are ropes already attached. Probably left by the Mutantis

S.ARMY-SIMILIS-DESERT-R13-COLONEL

(voice from the radio)

What can you see from up there?

S.ARMY-SIMILIS-DESERT-R13-P1-S
ERGEANT

(speaking on the radio)

Only another cavern

S.ARMY-SIMILIS-DESERT-R13-COLONEL

(voice from the radio)

Go down and continue the exploration

S.ARMY-SIMILIS-DESERT-R13-P1-S
ERGEANT

(speaking on the radio)

Everything seems to scream "It's a trap"

S.ARMY-SIMILIS-DESERT-R13-COLONEL

(voice from the radio)

We already know that it's a trap. You are expendable and you have been ordered to search the entire cavern

S.ARMY-SIMILIS-DESERT-R13-P1-SERGEANT

(speaking on the radio)

Received

All S.ARMY-SIMILIS-DESERT-R13-P1-* go down with ropes

150 INT. TRAP CAVERN/CROSSROADS - DARK

S.ARMY-SIMILIS-DESERT-R13-P1-SERGEANT

(speaking on the radio)

Can you hear me? I repeat: can you hear me?

SOUND: Radio interference noise

S.ARMY-SIMILIS-DESERT-R13-P1-ALPHA-CORPORAL

It is useless to insist Sergeant. These rocks and the zigzag path we did, block the signal.

S.ARMY-SIMILIS-DESERT-R13-P1-SERGEANT

I have no idea what to do

S.ARMY-SIMILIS-DESERT-R13-P1-ALPHA-CORPORAL

Maybe it is better to go back to where the radio was working and tell us to follow us. At least up to this point we know the cavern is safe.

S.ARMY-SIMILIS-DESERT-R13-P1-S
ERGEANT

(pointing to
S.ARMY-SIMILIS-DESERT-R13-P1-BETA-PRIVATE3)
Yes, great idea. Alpha Squad, take the left
tunnel, Beta squad, take the right tunnel,
you escort me to ask backup

S.ARMY-SIMILIS-DESERT-R13-P1-SERGEANT and
S.ARMY-SIMILIS-DESERT-R13-P1-BETA-PRIVATE3 move away.

The remaining 2 CORPORALS and 5 PRIVATES look at them
with hate.

151 INT. TRAP CAVERN/BOTTOM OF THE CLIFF - DARK

S.ARMY-SIMILIS-DESERT-R13-COLO
NEL

Yes, Sergeant

S.ARMY-SIMILIS-DESERT-R13-P1-S
ERGEANT

The cavern is safe as far as we could explore
without losing radio contact. There are only
2 small tunnels left to visit but I have
already sent 2 squads to explore. I am
waiting for all of you here at the bottom of
the cliff, so I am a radio link between you
and my subordinates ahead.

S.ARMY-SIMILIS-DESERT-R13-COLO
NEL

(voice from the radio)
Okay, Sergeant, we are coming

S.ARMY-SIMILIS-DESERT-R13-P1-B
ETA-PRIVATE3

Sergeant, we cannot act as a radio link

S.ARMY-SIMILIS-DESERT-R13-P1-S
ERGEANT

Why?

S.ARMY-SIMILIS-DESERT-R13-P1-B
ETA-PRIVATE3

(pointing to the Sergeant radio)
In the Desert Regiments private soldiers
don't have a radio. Neither Corporals have
one. That's the only one we have

S.ARMY-SIMILIS-DESERT-R13-P1-S
ERGEANT

Ah, yeah. In any case it is better if we wait
here, right?

S.ARMY-SIMILIS-DESERT-R13-P1-B
ETA-PRIVATE3

Certainly, Sir

152 EXT. TRAP CAVERN/OUTSIDE - DAY

Thousands of S.ARMY-SIMILIS-DESERT-R(10 to 28)-*
soldiers begin to enter the cavern on foot

153 INT. TRAP CAVERN/ENTRANCE - DAY

The 2 MUTANTIS REBELS still hidden see a few soldiers
enter and smile pleased.
Then they see thousands enter and have an expression of
terror

154 INT. TRAP CAVERN/TUNNEL - DARK

4 Soldiers move cautiously:
S.ARMY-SIMILIS-DESERT-R13-P1-ALPHA-CORPORAL
S.ARMY-SIMILIS-DESERT-R13-P1-ALPHA-PRIVATE1
S.ARMY-SIMILIS-DESERT-R13-P1-ALPHA-PRIVATE2
S.ARMY-SIMILIS-DESERT-R13-P1-ALPHA-PRIVATE3

They suddenly see MUTANTIS REBEL 4 (nude woman).
The 3 PRIVATES smile at her
S.ARMY-SIMILIS-DESERT-R13-P1-ALPHA-CORPORAL don't.
She gestures for them to come closer.

The 3 PRIVATES go towards her.

S.ARMY-SIMILIS-DESERT-R13-P1-ALPHA-CORPORAL sees a few
MUTANTIS REBELS camouflaged among the rocks and shoots
them.

The MUTANTIS REBELS fall to the ground with a thud.
Then shoot her.

S.ARMY-SIMILIS-DESERT-R13-P1-A
LPHA-CORPORAL

Try to use your brain more and your cock
less. Let's keep looking

155 INT. TRAP CAVERN/BOTTOM OF THE CLIFF - DARK

Most of the S.ARMY-SIMILIS-DESERT-R(10 to 28) had come
down from the ropes.

Some are going down, others are preparing to go down.

S.ARMY-SIMILIS-DESERT-R13-COLO
NEL

Sergeant, are you telling me you sent 7 men
to scout and no one returned? And did you
consider this place safe?

S.ARMY-SIMILIS-DESERT-R13-P1-S
ERGEANT

Well, it is so far

S.ARMY-SIMILIS-DESERT-R13-P1-ALPHA-CORPORAL comes
running.

S.ARMY-SIMILIS-DESERT-R13-P1-A
LPHA-CORPORAL

Colonel, I ask permission to speak

S.ARMY-SIMILIS-DESERT-R13-COLO
NEL

Granted

S.ARMY-SIMILIS-DESERT-R13-P1-A
LPHA-CORPORAL

I come from the Alpha Squad, we explored the left tunnel. We've had some close contact with the Mutantis. We killed about twenty of them, losing only 2 of ours, despite being outnumbered

S.ARMY-SIMILIS-DESERT-R13-COLONEL

Finally some good news. What about the Beta Squad that took the other tunnel?

S.ARMY-SIMILIS-DESERT-R13-P1-A
LPHA-CORPORAL

I have had no contact with them. But on the other hand I understood Karrok's strategy

S.ARMY-SIMILIS-DESERT-R13-COLONEL

Let's hear

S.ARMY-SIMILIS-DESERT-R13-P1-A
LPHA-CORPORAL

The cavern is full of hidden Mutantis, I wouldn't be surprised if there were any looking at us right now.

S.ARMY-SIMILIS-DESERT-R13-P1-SERGEANT and
S.ARMY-SIMILIS-DESERT-R13-COLONEL look around worried

S.ARMY-SIMILIS-DESERT-R13-P1-A
LPHA-CORPORAL

The Tunnels split into 2, 3 or 4 bifurcations continuously. Their strategy is to divide us into smaller and smaller groups, and when there are few of us left, like we were in only 4, a female-looking Mutantis attracts us completely naked and a male-looking one try to kill us

S.ARMY-SIMILIS-DESERT-R13-COLONEL

But it didn't work on you

S.ARMY-SIMILIS-DESERT-R13-P1-ALPHA-CORPORAL shows the backs of his tattooed hands.

Overlay on right hand: I like being kissed by a muscular man

Overlay on left hand: But more if he fucks me in the ass

S.ARMY-SIMILIS-DESERT-R13-COLONEL

I understand. What do you suggest?

S.ARMY-SIMILIS-DESERT-R13-P1-ALPHA-CORPORAL

Even if it is a trap, it's a too good opportunity to miss it. Let's do as they want: let's divide into smaller and smaller groups, until we completely fill every nook and cranny. But with eyes open and cock in the underpants

S.ARMY-SIMILIS-DESERT-R13-COLONEL

Well, let's proceed.

156 INT. MULTICOPTER - DAY

RADDERIAN WARRIORS have been marching for days. The multicopter is hovering in the air above. MELOG, looking out from the open side door, looks down. ALEKSANDRA is next to him.

ALEKSANDRA

What's news?

MELOG

Let's see ... Arthur was stung to the balls by a kind of wasp, wait a minute ... he's stripping in the middle of the desert ... I think Hans is mocking him

ALEKSANDRA

No wonder

MELOG

Now Arthur got a knife, wait I don't understand

ALEKSANDRA

If he kills that jerk Hans, he does me a favor

MELOG

No, it looks like he's pointing it at his balls, let me zoom in more, oh fuck, the wasp inoculated something inside his scrotum

ALEKSANDRA

Uh, won't he be crazy enough to surgery with a knife to his own balls?

MELOG

He's doing it. He's incising his scrotum, sticking a finger inside. I think, from the expression he has, that it's not pleasant for him. A Radderian passed out looking at him.

ALEKSANDRA

I want to see it too.

ALEKSANDRA takes a second binocular

ALEKSANDRA

He is looking for something, either he can't find his balls or he's looking for something else

MELOG

Look, he's taking out something

ALEKSANDRA

It looks like a egg. The wasp must have put it. He made a cut too small, he won't be able to get that thing out

MELOG

Naaa, he can, he can

ALEKSANDRA

You were right. He made it. How disgusting

ALEKSANDRA and MELOG stop watching

ALEKSANDRA

You would never admit it, but you care for each other very much.

MELOG

Yes, that's right. He's my only friend since, hey, always? And he also has never had so many friends. We are each other's family. But we're not gay or anything. We like girls

ALEKSANDRA

I don't doubt that he likes girls. But you don't like them, do you?

MELOG

I do not know

ALEKSANDRA

Melog ,have you ever been attracted to a man or a woman? Of any human species, I mean

MELOG

No, never. Maybe I'm asexual. We had an openly asexual classmate at school in Brussels. Maybe I'm like her

ALEKSANDRA

Look, I know you consider yourself a Homo Sapiens, but have you ever thought you might like a Homo Sphaericus girl?

MELOG

A Sphaericus girl? No, never ever. In my opinion, even those who are 100% Sphaericus don't like Sphaericus women. Among the Sphaericus it is all settled at the table. They only mate when they decide to have children. Or, just in the case of my mother, when a Homo Sapiens rapes her

MELOG laughs loudly.
ALEKSANDRA looks at him seriously

ALEKSANDRA

Ok, maybe you are asexual like your classmate

157 EXT. VETRAMECO/SQUARE - DAY

Overlay: Vrokja - Vetrameco, city of Homo Magnauxor -
July 1, 2050

GARAT and MAGNAUXOR WOMAN 1 (older than Garat) are fighting with their bare hands.
An crowd of MAGNAUXOR WOMEN looks at them and cheers.
GARAT kills MAGNAUXOR WOMAN 1 by ripping her head off and raising it as a sign of victory.
All MAGNAUXOR WOMEN scream for joy.
GARAT breaks down the door of the house of MAGNAUXOR WOMAN 1.
After a few minutes she comes out dragging 30 MAGNAUXOR MEN by the penis.
GARAT rapes one in front of the crowd.
PALLOK arrives in town.
EVERYONE is astonished by his presence

PALLOK

Who's in charge here?

GARAT

(pointing to the woman killed and without stopping the rape)
She was in charge up to 10 minutes ago. I am in charge from now on. Can't you see I'm raping her husbands?

PALLOK

Very well. I have urgent matters to discuss in private. Where can we talk?

GARAT

To talk about what? That as soon as I'm done with him, will you be next?

MAGNAUXOR WOMEN laugh

PALLOK

No, to talk about your problem: the fact that you are three meters tall and your really numerous husbands are one meter and twenty tall, at most.

MAGNAUXOR WOMEN look at PALLOK with hostility.

GARAT stops raping.

GARAT lifts PALLOK by the neck with one hand.

GARAT

Perhaps you have thought that if a foreigner comes here he has some sort of immunity. Or that we would never hurt anyone who insults us because they don't know our culture. Well, you are very wrong. You just insulted us all. Prepare to die.

GARAT throws a very strong punch in the balls of PALLOK.

PALLOK becomes a female.

GARAT drops him to the ground in disgust.

PALLOK becomes male again

GARAT

What a disgusting creature are you?

PALLOK

I'm a Homo Mutantis, but I'm not here to talk about that. I am here to tell you that you are all about to be killed.

GARAT

Killed by you?

PALLOK stands up

PALLOK

No. Killed by the Space Army

GARAT

We don't have conflicts with the Space Army, what should the earthlings have to do with us?

PALLOK

Maybe they never told you about the Similis Corps. It is a corps of the Space Army, composed only of Homo Similis, and created with a single purpose: to extinguish those on Vrokja who are not Sapiens or Similis.

GARAT

The Space Army only wants to conquer the Great Red, and the events of those who live in the desert don't interest us here at Vetrameco

PALLOK

Sure, right. As soon as they have conquered the desert, they will disband the army and send everyone home. They won't try to conquer every single piece of land, no, no. As you will settle for these 30 husbands and not kill any other woman for more. Quite right?

GARAT

And why should they attack us? Maybe they will cross the mountains and go to fight in the jungle?

PALLOK

In the jungle there were only Homo Terribilis, but the Marines made them almost extinct. And then there is nothing to conquer in the Jungle

GARAT.

Maybe they will go to war on another continent. This is not the only one

PALLOK

Leaving the central continent without boats? Come on, don't joke. When they have finished conquering the Great Red, they will have nothing to do but conquer the cities of the mountains. If I were at the head of an army of Similis, and I had just completed the extermination of an entire species, namely the Mutantis, would I attack a city in the mountains at random? Or a city of the Great Red controlled by other Similis, such as Strumton? Or a city of valleys like Ob Festoko? Or I would attack Vetrameco, where the women are 3 meters tall and the men 1 meter and something.

GARAT

(hesitant tone)

You can't know it

PALLOK

They are exterminating my people, because they see us as different from them. They are called "Similis" because "The bad copy of the Earthlings" sounded bad. And nobody likes Earthlings, am I right?

GARAT

Nobody likes Earthlings, maybe just those crazy Sphaericus

PALLOK

You're right. So at this point you have 2 possibilities. You can not believe a single word of mine and kill me now to wash away the offense received. You will live your life as the Queen of Vetrameco until a younger and stronger one kills you

GARAT

You have courage man

PALLOK

(almost yelling)

Or you can join me and Karrok in this war.
Gather the army, get it off this mountain.
Take these women to fight in the greatest
battle Vrokja has ever seen

MAGNAUXOR WOMEN

(shouting)

WAR! WAR! WAR! WAR!

GARAT

(shouting louder than the others)

WWWWAA
AAARRRRRRR!

PALLOK smiles

EPISODE 13: Women

158 EXT. VADILONIA/IN FRONT OF THE WALLS - DAY

Overlay: Vrokja - Vadilonia - July 1, 2050

FURUT and GOYALE lead the ARMY OF FURUT (RADDERIAN WARRIORS).

LUSUT, ARTHUR, HANS are immediately behind.

The city walls are made of stone and very high.

The Multicopter flies over the City to acquire information.

The city seems to be entirely populated by women (because the men are safe in a building in the center of the city)

GOYALE

Shall we attack?

FURUT

I prefer to talk first. We have no hostile intentions towards them

ARTHUR

Then we shouldn't have come under their walls with an army.

FURUT

I think you're right, Arthur. Let's hope we haven't sent the wrong message

159 EXT. VADILONIA/ABOVE THE WALLS - DAY

VADILONIAN ARCHER 1

Why are we not attacking yet?

VADILONIAN ARCHER 2

They are too far away, we would only waste arrows

VADILONIAN ARCHER 1

Certainly you others would. I can hit anyone

VADILONIAN ARCHER 2

Don't be silly

VADILONIAN ARCHER 1

How much do you want to bet?

VADILONIAN ARCHER 2

If you can hit one of those Radderians at random, I'll make you fuck one of my husbands

VADILONIAN ARCHER 1

What if I get the Chieftain?

VADILONIAN ARCHER 2

I'll let you fuck them all. But if you fail, I'll fuck one of your

VADILONIAN ARCHER 1

I'm there

VADILONIAN ARCHER 1 shoots the arrow.

160 EXT. VADILONIA/IN FRONT OF THE WALLS - DAY

The arrow pierces the head of GOYALE who instantly dies

HANS

Attack!

HANS runs towards the gate of Vadilonia, while shouting and firing his rifle at the VADILONIAN ARCHERS on the walls, some of whom fall below.

RADDERIANS WARRIORS follow HANS running.

FURUT, ARTHUR and LUSUT remain behind.

FURUT

Hans, what the fuck! Arthur, Lusut, let's follow them

FURUT, ARTHUR and LUSUT follow the others running. Thousands of arrows are fired and many RADDERIANS WARRIORS die instantly or are trampled by others during the race towards the closed doors.

When the RADDERRIANS WARRIORS impact against the tall wooden doors, these unhinge and fall backwards, destroying some buildings in Vadilonia.
RADDERRIANS WARRIORS enter

161 EXT. VADILONIA/PAVED STREETS - DAY

Various combat actions, with bows, swords, shields and spears.
RADDERRIANS WARRIORS and VADILONIANS (VADILONIAN ARCHERS + VADILONIAN HOPLITE WOMEN) (VADILONIAN ARCHERS + VADILONIAN HOPLITE WOMEN) are in equal forces.
The battle lasts an hour.
FURUT, ARTHUR, HANS and LUSUT, also participate in the clashes but are slightly advantaged because they have laser rifles.

162 EXT. VADILONIA/PAVED STREETS - DAY

FURUT (alive) is lying on the ground

FURUT
(shouting on the radio)
Aleksandra, we are about to be annihilated.
Attack! Now!

The multicopter descends very quickly in vertical flight and stops a few centimeters above the ground.
ALEKSANDRA opens fire from the multicopter while MELOG throws some grenades from the open side door.
The VADILONIANS (VADILONIAN ARCHERS + VADILONIAN HOPLITE WOMEN) surrender and throw down their weapons.

FURUT
(shouting)
Radderians, cease fire.

RADDERRIAN WARRIOR 1
What fire?

FURUT
(shouting)
Radderians, stop fighting.

EVERYONE stops fighting.

VADILONIAN HOPLITE 1 and VADILONIAN HOPLITE 2 approach the glass and stare at ALEKSANDRA. Then they look in amazement at MELOG

VADILONIAN HOPLITE 1
Is this yours?

ALEKSANDRA
Pretty much

VADILONIAN HOPLITE 2
You fight side by side with men?

ALEKSANDRA
Yes, always

VADILONIAN HOPLITE 2
Against women?

ALEKSANDRA
No, never

VADILONIAN HOPLITE 1
Can we trust your friends?

ALEKSANDRA
Yes

FURUT approaches

FURUT
Noble warriors, as we are no longer killing each other, maybe it's time to clarify what happened. We did not come to move war on you, but only to ask you if you wanted to join my army.

VADILONIAN HOPLITE 1
If the army is yours, why is she driving this thing?

FURUT
A gift from me, for my strongest warrior

VADILONIAN HOPLITE 1

If we fight for you, how many slaves will we have?

FURUT

The entire Space Army. Or at least those who will remain alive

VADILONIAN HOPLITE 1

Defeated fighters as slaves. Great. We don't like weak slaves here in Vadilonia

163 INT. MULTICOPTER - NIGHT

ARTHUR, HANS, ALEKSANDRA, MELOG, LUSUT listen to FURUT

FURUT

The idea is to attack the Mutantis with these 2 armies

LUSUT gestures

FURUT

That's right Lusut, we have lost too many Radderians and they have lost too many Vadilonian. An attack like this would be suicide

LUSUT makes another gesture

FURUT

Strumton you say? I don't know, on foot by here is a pain in the ass, we also have injuries

HANS

If the wounded slow us down I can kill them tonight in their sleep

FURUT

Surely it would make us shorten our march by a few days. Ok, Hans kill them but don't get caught. You others, get a good sleep: tomorrow we leave for Strumton.

FURUT falls asleep exhausted.
HANS exist while playing with the knife

ARTHUR

What is Strumton?

164 INT. TRAP CAVERN/HQ ROOM - DARK

Overlay: Vrokja - Trap Cavern - July 3, 2050

KARROK is arguing with his most trusted warrior chiefs in front of a map on a table depicting the cavern. The colored pins indicate the soldiers of the Similis and the Mutantis

KARROK

We have been fighting in this cavern for a week and the situation is not going well at all. How did they manage to create 15 new Desert Regiments from scratch in just a few days?

KARROK'S CAPTAIN 1

They are so desperate that they have enlisted from the age of 14. We are killing kids

KARROK'S CAPTAIN 2

A kid with a laser rifle or neutron grenade immediately ceases to be a kid. It's a threat to the life of all of us. Especially to the life of our children and our elderly

KARROK'S CAPTAIN 3

Being short of men, we had to ask our wives to descend into the danger of the battlefield as bait for those uniformed beasts. And we asked our children to hide in other houses, as if there was something to hide in our nature. This, for me, was a dishonor that I bear as a burden

KARROK'S CAPTAIN 4

But why can't we give up on them? I just want to go back to Rasalia and rebuild my house from scratch. I want it identical to how it was before the war, no more, no less.

KARROK

You are all right. Everyone. Millennia of evolution have shaped us to surrender to the enemy. And it is obvious that it is the right thing to do. But we can't do the right thing here. We have to do the wrong thing. Follow me

KARROK and KARROK'S CAPTAINS exit

165 INT. TRAP CAVERN/OUT OF HQ ROOM - CONTINUOUS

KARROK speaks to a multitude of MUTANTIS REBELS

KARROK

Today, we will die

MUTANTIS REBELS look perplexed

KARROK

All Mutantis inside this cavern will die today. The only ones to be saved will be those who are not here today to fight: our children. There is a problem. Those soldiers, when they finish killing us, will go house to house to find our children. To kill every single Mutantis. They don't care that we are the most peaceful humans on both planets, they want to eliminate us. But we will stop them. We will kill so many, but so many, that the few survivors will no longer have the strength to fight and when the battle is over they will return home to cry. They must understand that it is too dangerous to disturb us. We have to do it. For our children.

MUTANTIS REBELS

For our children!

KARROK

With our sacrifice, our children will grow. And they will read our deeds. How, before we were exterminated, we, the Mutantis, fought. How, wounded and badly armed, we fought. How we killed every soldier we could. How happy we ran towards death.

KARROK

(screams)
To death!

MUTANTIS REBELS

(screams)
To death!

MUTANTIS REBELS stand up and rushes towards the direction where the enemy is in the distance

166 INT. TRAP CAVERN/NARROW PASSAGE - DARK

S.ARMY-SIMILIS-DESERT-R19-P5-* and MUTANTIS REBELS fight in a narrow passageway of the cavern that is very reminiscent of the trenches of the First World War.

The fights are also similar.
Some soldiers and some mutantis use the rifle.
Others fight with their bare hands because they lost
their weapon.
Many corpses.
Broken rifles, damaged by grenade explosions, lie on
the ground.
KARROK is very energetic, fights hard and incites
others

167 INT. TRAP CAVERN/MEDIUM SIZE AREA - DARK

S.ARMY-SIMILIS-DESERT-R19-P5-ALPHA-PRIVATE1 is about to
kill a MUTANTIS REBEL when his head is ripped clean
from behind.
Behind the soldier, MAGNAUXOR WOMAN 2 holds the head in
her hands and throws it at
S.ARMY-SIMILIS-DESERT-R19-P5-ALPHA-PRIVATE2 in the
face, causing him to faint from the blow.
S.ARMY-SIMILIS-DESERT-R19-P5-ALPHA-PRIVATE3 shoots her
but misses her aim.
She kills him by ripping off his head.
Then she steals his rifle.

168 INT. TRAP CAVERN/LARGE SIZE AREA - DARK

MAGNAUXOR WOMEN run against the
S.ARMY-SIMILIS-DESERT-*, some firing from stolen
rifles, others with their bare hands.
The soldiers are frightened and are decimated in the
battle

169 INT. TRAP CAVERN/NARROW PASSAGEWAY - DARK

KARROK and S.ARMY-SIMILIS-DESERT-R28-P8-SH-PRIVATE4
fight with their bare hands.
KARROK is about to be killed.
S.ARMY-SIMILIS-DESERT-R28-P8-SH-PRIVATE4 dies from
laser rifle shot

170 INT. TRAP CAVERN/NARROW PASSAGEWAY - CONTINUOUS

PALLOK just saved KARROK by firing his rifle.
Besides PALLOK, some MAGNAUXOR WOMEN

PALLOK

We won!

KARROK

What? We won?

PALLOK

All dead. From the first to the last. There are no more Desert Regiment

KARROK

There are no more, now

PALLOK

What optimism! Come on, enjoy the victory with the others.

171 EXT. TRAP CAVERN/OUTSIDE - NIGHT

All MUTANTIS REBELS and MAGNAUXOR WOMEN have a giant bonfire party.

Some MUTANTIS REBELS get hit in the balls to change sex and get fucked as women by other MUTANTIS REBELS.

Other MUTANTIS REBELS have sex with the MAGNAUXOR WOMEN.

A drunken MAGNAUXOR WOMAN 3 expels a tiny egg from her vagina

172 EXT. TRAP CAVERN/OUTSIDE - CONTINUOUS

KARROK and PALLOK are speaking in front of the bonfire

KARROK

But... if it took you 40 days to reach them, alone, how did an entire army got here in 3 days?

PALLOK

Well, on the way back we were downhill. And they carried me in their arms to not have to keep up with me.

KARROK

Is that all?

PALLOK

Ok, there was also a shorter path that I didn't know anything about.

KARROK and PALLOK burst out laughing

KARROK

I put you in danger by sending you to Vetrameco. The Magnauxors could have killed you.

PALLOK

I thought so at some point. Garat was about to tear my head off because I had stopped her rape of the husband of her enemy

KARROK

Nice girl. But if I didn't, none of us would be alive now.

PALLOK

True. It's all right. Let's enjoy the party

KARROK

You have to go to another city for me

PALLOK

In case the Space Army will attack us again?

KARROK

For when they certainly will

PALLOK

They finished the troops

KARROK

At the risk of resorting even to the Earth troops, I'm sure they will attack us. Tomorrow morning you leave for Sdubo Florp

PALLOK

Sdubo Florp? Never a near place. Or a quiet place

KARROK

Near? Our neighbors are right here in front of you. Almost decimated.
Quiet? We don't need quiet people. We need to ally ourselves as soon as possible with Sdubo Florp's Venenumphallus

PALLOK

Ok, I'm leaving tomorrow morning

KARROK

Thanks my friend

EPISODE 14: New players

173 INT. MINISTRY OF DEFENSE/WAR ROOM - DAY

Overlay: Earth - Ministry of Defense - 5 July 2050

MINISTER OF DEFENSE

Someone here has decided to really spoil my summer. Are you telling me that the entire Desert Division has been decimated?

S.ARMY-GENERAL (FIRST)

There are very few survivors at the moment: some soldiers have managed to escape and report. But we are talking about less than 30 people in total. From what we know the Desert Division was about to annihilate the Mutantis when another army arrived to give support to the Mutantis.

Our men got stuck in a pincer movement, with Karrok's men inside the cavern and the Magnauxors warriors outside

MINISTER OF DEFENSE

Magna what?

S.ARMY-GENERAL (FIRST)

Homo Magnauxor. Our anthropologists say they are a minor species of Vrokja, so far seen only in the city-state of Vetrameco.

MINISTER OF DEFENSE

Of course. And what are these men like?

S.ARMY-GENERAL (FIRST)

The men of the Magnauxor are 1 meter and 20 tall, frail and helpless. They are not the problem. Their women are the problem. They are 3 meters tall and strong enough to tear off a head with their own hands. If hit in non-vital places by a laser rifle they seem to feel no pain

MINISTER OF DEFENSE

The Desert Division annihilated by unarmed women. I hope that it will not be known to general public

S.ARMY-GENERAL (FIRST)

The Space Army can get rid of Mutantis and Magnauxor in one fell swoop. Mr. Minister, Space Marines, Space Air Force and Space Navy use Earth troops. We tried to use the Similis in order to reduce earthling losses, but the Similis proved not to be up to par. Just authorize me to use ground troops on Vrokja. Or declare unconditional surrender

MINISTER OF DEFENSE

Earth troops authorized to make contact with the enemy

S.ARMY-GENERAL (FIRST)

To which degree of danger?

MINISTER OF DEFENSE

Highest grade

S.ARMY-GENERAL (FIRST)

I transmit the order

174 INT. RASALIA/RUBBLE OF A HOUSE - DAY

Overlay: Vrokja - Rubble of Rasalia - July 7, 2050

SPD SPY 1

Are you getting a taste for commanding, huh?

KARROK

Not at all. Half of mine want to rebuild Rasalia and live in peace, another half want to propose to the Similis, who have not joined the Space Army yet, to ally with us, and another half wants to exterminate them all.

SPD SPY 1

3 half?

KARROK

You know what I mean

SPD SPY 1

And the Magnauxor?

KARROK

They just want to catch males to rape, but they are very disappointed because they find non-Magnauxor males too ugly and tall

SPD SPY 1

By the way, where did the Magnauxors come from?

KARROK

You ask many questions

SPD SPY 1

Now you don't trust me anymore?

KARROK

I don't trust anyone

SPD SPY 1

In theory you do well. In any case, I just came to warn you. The Space Army will attack you. They will also use Earth troops

KARROK

I knew they would!

SPD SPY 1

The attack will be in 11 days

KARROK

I only have 11 days to prepare the defenses?

SPD SPY 1

No. You have 11 days to hide thousands of people. Rasalia is the first thing they will attack, I don't know why you have been so stupid to come back. If a Space Air Force fighter sees you, and passes the information over to the Space Army, they'd probably hit you sooner

KARROK

But you said the Space Air Force has other plans and can't think of us

SPD SPY 1

True. But people change their minds. I wouldn't waste a second if I were you. And don't make the same mistake of putting them all in one cavern. Really. It was a huge nonsense

KARROK

Where should I put them?

SPD 1 SPY

Scattered in many different houses, as you did for the children. And hit the Space Army in small groups, maybe composed of 2 people, like the first time you hit Rasalia.

KARROK

Okay, we'll do this. We will hide in the houses and fight a little at a time

SPD SPY 1

Not you. You will have to hide much better. Go north, only there you will be safe

KARROK

Should I ask my warriors to fight while I flee?

SPD SPY 1

Yes. Or you can ask your warriors to fight with your corpse, as the entire Space Army is printing photos of your face. In my opinion, whoever shoots you will have a nice promotion.

KARROK

Okay thank you. You can go

SPD SPY 1 exits

KARROK

(softly, speaking to himself)

I wonder if they'll give that promotion to you after you shoot me. To avoid the risk, I go South instead of North

175 EXT. NATOKA/SQUARE - DAY

Overlay: Vrokja - Natoka - July 18, 2050

The city of Natoka is full of
S.ARMY-SAPIENS-SEARCH-R1-* from Earth.
ASDRU, the mayor, welcomes them.
NULUL is overlooking the window of his own house

ASDRU

Friends from Earth, I welcome you to our city. It is a small town, but we are a welcoming population. Tell me what I can do to make you feel at home and I will.

S.ARMY-SAPIENS-SEARCH-R1-COLON

EL

Deliver us all the Mutantis and Magnauxors you hide, and we will let you live

ASDRU

I gladly would, but we don't have any. Magnauxors are 3 meters tall and hate cowards. Do you really think we could hide them?

S.ARMY-SAPIENS-SEARCH-R1-COLON
EL

The Mutantis? We know they've been here

ASDRU

Yes, some have been here in the past, but I
haven't seen them in weeks

NULUL

Mayor tells the truth about adults. But we
are full of Mutantis children

ASDRU

Don't listen to him. He hates me just because
they elected me instead of him as mayor.

S.ARMY-SAPIENS-SEARCH-R1-COLON
EL

How do we recognize Mutantis children?

NULUL

Simple. Take a boy and kick him in the balls.
If he becomes a girl, he's a Mutantis. If he
remains a kid, apologize, he is one of us.

ASDRU

What madness. These are lies. There are
thousands of children in this town, no one
would kick every single child in the balls,
right? Am I Right?

S.ARMY-SAPIENS-SEARCH-R1-COLONEL picks up a MUTANTIS
KID 1 (boy).
He kicks him the balls.
The kid becomes MUTANTIS KID 1 (girl)

S.ARMY-SAPIENS-SEARCH-R1-COLON
EL

(to NULUL)

Thanks good man

NULUL smiles.

ASDRU stares at him with hate

S.ARMY-SAPIENS-SEARCH-R1-COLON
EL

(shouting in all directions)
Bring all the children in town: both Similis
and Mutantis. So maybe we also avoid breaking
down the door of all your houses

176 INT. SDUBO FLORP/AUDIENCE HALL - DAY

Overlay: Vrokja - Sdubo Florp, Audience Hall - 1
August 2050

PUSPIL (The King) is on the throne
PALLOK in front to him
Many VENENUMPHALLUS MEN in the room

PUSPIL

You don't need to introduce yourself, Pallok,
emissary of Karrok. I already know all about
your skirmishes with the Space Army

PALLOK

Skirmishes?

PUSPIL

Yes, skirmishes, not battles. You and Karrok
don't even know what real war is. You've had
a couple of good insights, I recognize it.
You were good at understanding that a pussy
is always the best bait for a soldier who
hasn't fucked for months

Some VENENUMPHALLUS MEN giggle

PUSPIL

You understood that with your few troops you
would have done better to hide in caverns
than to attack them in the open field. Sure,
anyone would have gotten there, but I never
expect sensible choices by Mutantis

Others VENENUMPHALLUS MEN giggle

PUSPIL

But if you knew War, as I do, you wouldn't have made the mistake of thinking you could defeat the Space Army by yourself

PALLOK

Maybe we won't do it alone, but for this very reason I came here to offer you an alliance with us

PUSPIL

You came here, of course, but only to make other mistakes. Last month you went to the Magnauxor in Vetrameco. Thinking that they are an ally to contact before us is already a mistake. But Thinking that we want to be your allies or Magnauxors allies, it is really madness

PALLOK

The Magnauxors have torn off the heads of our enemies. What did you do?

PUSPIL

I enjoyed the show from the comfort of my throne. My informants made me laugh out loud as they told me about your desert battle parodies. I know that Magnauxors are tall and have this great passion for cutting off heads. But that's not war. When you fight, you use the hunting knives or rifles stolen from the enemy, some of you don't even know how to aim. We fight using only one weapon, which is part of us, from the day we come into the world. We are warriors, you are clowns

PALLOK

I know why you need to insult us

PUSPIL

Why?

PALLOK

(aloud, to be heard by everyone)
Because everyone discriminate against
Venenumphallus people

PUSPIL

Do you hope to touch us and maybe make us cry
tears?

PALLOK

Discriminated for millennia. We all know the
sayings about you, right? "Poisonous like one
of Sdubo Florp". Or "It's better to have a
dead daughter than one married to a
Venenumphallus". You hid up here to escape
discrimination.

Many VENENUMPHALLUS MEN look at PALLOK with hostility

PUSPIL

They also discriminate against you Mutantis

PALLOK

Yes, they did, for centuries. But now they've
got to the point where they want to kill us
all

PUSPIL

(sarcastic)

And now you will tell me that after killing
the Mutantis and the Magnauxors, the Space
Army will come to conquer Sdubo Florp. Your
reasoning is flawless

PALLOK

I see that we understand each other

PUSPIL

Not even a little. When the Space Army is done with you, will it come here? Then I will await them here. I do not leave my city unguarded. Also here we have a better chance of defending ourselves, it is an inexpugnable city since we built it. Following you would only decrease our chances of survival.

PALLOK

Now I understand. Surviving is the only thing that interests you. And, as you said before, "Enjoy the show from your throne". Go on. Stay on your throne. Laugh at our losses. Fight only in danger of death. And continue to rule this arid mountain, which you call Sdubo Florp

PUSPIL

First you try with emotions, now with insults

PALLOK

We are fighting, but not to survive. Not only that at least. We fight not to be discriminated against. For our right to be Homo Mutantis. For our right to live in our city, as we say. For our right to change sex every time we fight

Some VENENUMPHALLUS MEN giggle

PALLOK

Yes, it is our right to change sex. For the Magnauxor it's a right to have female warriors and male slaves. For you it's a right to have a poisonous cock

Some shout their approval, others are outraged by the comparison

PALLOK

You can stay here and defend your city. History will remind you, at best, as guys, who no girl wanted to have sex with, who defended themselves from a siege. Or you can go to war today. You can exterminate whoever wants to exterminate us. And go down in history as the warriors who saved the Great Red and perhaps all of Vrokja

PALLOK remains silent for a minute

PUSPIL

I have decided. We will not be locked up in our city while you play war. But we will not be under you, we will never take orders from you or from Karrok. We will be your allies, as long as we deem it right to be. We will fight, because we want it. And we will save your ass, so that we can face it for centuries

Everyone of VENENUMPHALLUS MEN screams with excitement

177 INT. SDUBO FLORP/BEDROOM OF THE KING - NIGHT

COSTRILLA (the Queen) is sucking the penis of PUSPIL (the King).

A blue liquid continuously comes out of the penis as it is sucked

COSTRILLA

Damn, it had been years since you had so much poison with one blowjob.

PUSPIL

I hadn't been so horny for years. Tomorrow morning we leave for the war. This city will regain the glory lost for too many centuries

COSTRILLA

It will be such a great glory

PUSPIL

It will

COSTRILLA

Maybe a glory that could be divided between 2 cities?

PUSPIL

We're not talking about your brother Costruk again, aren't we?

COSTRILLA

Fighting with the Mutantis and Magnauxors is fine, but fighting with your brother-in-law, isn't it?

PUSPIL

You know the question is more complex than that

COSTRILLA

No, I don't know. Go ahead. Explain it to me. Why can't Sdubo Florp and Offonbork be allies?

PUSPIL

We are different species, we are Homo Venenumphallus, they are Homo Polypusphallus

COSTRILLA looks at him puzzled

PUSPIL

Ok, Homo Mutantis and Homo Magnauxor are also other species. Indeed, even more different than us. It is that between the cities of Sdubo Florp and Offonbork there have always been tensions

COSTRILLA

That my father and your father have solved very well with an arranged marriage. You had me, and Costruk had your sister Puspilla

PUSPIL

Of course! And if only one heir would have been born from these 2 marriages, he would one day rule both cities. If one had been born for both of us, each would have ruled a city, as your brother and I already do. But 0 were born. You and my sister couldn't do the one thing we asked you to do: get pregnant!

COSTRILLA bursts into tears

PUSPIL

Sorry, I didn't mean that

COSTRILLA

(with her voice choked with tears)

In so many years you had never accused me of not having given you a child

PUSPIL

Sorry, I didn't mean that

COSTRILLA

Yes, you meant it. You wanted to say that for years. How long have you been keeping it inside?

PUSPIL

No. Yes. Since before we got married, actually. Here I said it. I have always been afraid that, being of 2 different species, we would never be able to have a child. Or that your brother Costruk and my sister Puspilla couldn't have it. But my father didn't listen to me, he was sure the two of us would have it and the two of us wouldn't. So that one day his son's son would rule over both cities

COSTRILLA

My father had the same hopes for Costruk. He also wanted his son's son to rule. None of our fathers were interested in seeing their daughter's son in power. Not to mention his daughter's daughter. We, as women, are just wombs to churn out babies, ready to move from the father's house to the husband's house

PUSPIL

You know I don't see you like that. Maybe before I got married, I could only consider you as the future mother of my children, but since our first night of love, everything has changed

PUSPIL caresses COSTRILLA's face

PUSPIL

I wouldn't change you for 1000 women of my species. I love you and only you

COSTRILLA

But?

PUSPIL

But we are not just husband and wife. We are King and Queen. We have duties to the people, as my sister and your brother have duties to Offonbork people

COSTRILLA

And the supreme duty is to defend the people

PUSPIL

Obviously

COSTRILLA

So let me be the Queen. While you march towards the Great Red I will go to Offonbork in disguise. I'll talk to my brother Costruk and your sister Puspilla, I'll tell them about the threat from the Space Army and I'll ask them to send their army to your rescue

PUSPIL

And would Costruk do it?

COSTRILLA

He dislikes you, but not so much to let you die

PUSPIL

What would I do without you?

178 EXT. SDUBO FLORP/SQUARE - DAY

VENENUMPHALLUS MEN are preparing to leave

PUSPIL

Are you sure you don't want to go down to the valley with us?

PALLOK

I can't, I have to go find another ally for Karrok

PUSPIL

There is no city higher than this that I know of. Surely you will have to go down to the valley with us

PALLOK

It is true that I will have to go down. But first I'll have to go up. The place I am headed is not on this side of the mountain.

PUSPIL and PALLOK look at the snow-capped peak.

PUSPIL

It will not be an easy climbing. Good luck

179 INT. STRUMTON/WAR ROOM - DAY

Overlay: Vrokja - Strumton - August 1, 2050

STRUMKIL (the King) and his 3 STRUMTONIAN GENERALS look at a map on the table

STRUMKIL

And so, an army of Radderians and Vadilonians prepares to conquer us

STRUMTONIAN GENERAL 1

Majesty, we do not yet know their intentions. Maybe they don't want to conquer us, maybe it was a spontaneous alliance between the 2 cities and they might want Strumton to be the third. Maybe there is a bigger goal they want to conquer with us

STRUMKIL

Bigger? Bigger than Strumton?

STRUMTONIAN GENERAL 1 and STRUMTONIAN GENERAL 2 stare at STRUMTONIAN GENERAL 1

STRUMTONIAN GENERAL 1

No, majesty, nothing is bigger than Strumton

STRUMKIL

So are you making fun of your King?

STRUMTONIAN GENERAL 1

No, no, that is, no, I ... I meant a city much uglier than Strumtom, but bigger ... in size

STRUMKIL

So Strumton is ugly for you. Good to know. And always according to you, in an alliance it must be contacted after Radder and Vadilonia. Did I get it right?

STRUMTONIAN GENERAL 1

(crying)

No, your majesty, no.

STRUMKIL

So I don't understand. Evidently your King is too stupid to understand you.

STRUMKIL nods

STRUMTONIAN GENERAL 1

(crying)

No, majesty, not in prison, not in prison

STRUMTONIAN SWORDSMAN 1 and STRUMTONIAN SWORDSMAN 2
grab STRUMTONIAN GENERAL 1 who tries to wriggle out

STRUMTONIAN GENERAL 1

(crying)

No, your majesty, nooooooooooooo

The 2 STRUMTONIAN SWORDSMEN come out dragging officer

STRUMKIL

War Plane?

STRUMTONIAN GENERAL 2

Ready. The battle will take place tomorrow
morning in the Plain of Heroes, so that our
beloved ruler can see the troops defeat the
enemy

STRUMTONIAN GENERAL 3

Majesty, also by doing so you will be able to
see with your own eyes which swordsmen fight
with little ardor and condemn them to prison
as soon as the battle is over

STRUMKIL

(smiling)

Well

STRUMTONIAN SWORDSMAN 3 comes in running

STRUMTONIAN SWORDSMAN 3

Majesty, a woman has just come. She says she
is from Vadilonia and that she came to bring
you a message

STRUMKIL

A woman? How disgusting. War is no longer a thing for men either

STRUMTONIAN SWORDSMAN 3

Do I take her to the prison?

STRUMKIL

Usually I would say yes, but we would not give the right message to the enemy. Tear her to pieces and catapult her body into them

180 EXT. STRUMTON/OUT OF TOWN - DAY

a VADILONIAN HEAD is thrown out of town and rests at HANS's feet.

HANS plays with his head and then passes it to ARTHUR with a kick.

HANS

How did you say Arthur? "Let's send a woman, they're so good at talking"

ARTHUR

Eh

FURUT

Arthur's idea wasn't wrong in the beginning. It just didn't work. Hans, are you able to infiltrate and bring us some useful information?

HANS

I'll be back tomorrow morning

LUSUT gestures

FURUT

(laughing)

Yes, let's hope he doesn't come back with the catapult

181 EXT. STRUMTON/STREET - DAY

HANS, wearing a cloak to cover his uniform, stalks some STRUMTONIAN SWORDSMEN in armor

182 EXT. STRUMTON/OUTER WALL OF THE PRISON - DAY

On a huge wall there are hundreds of enormous holes. From these, as if they were big glory holes, the buttocks and testicles of the STRUMTON'S PRISONERS exit.

Under each one, there's a sign with the crime committed.

Most have committed minor crimes such as offending the ruler.

Lots of STRUMTON PEOPLE rape them in the anus and punch them on the testicles.

The cries of pain of the prisoners are heard muffled.

STRUMTON SELLER 1 (behind a stall) calls HANS

STRUMTON SELLER 1

Are you interested in buying a brass knuckle?
I have friends who preferred to punch them in the balls with their bare hands and hurt their knuckles

HANS

Of course I want a brass knuckles

HANS buys the brass knuckles.

HANS hits many prisoners with it, going up and down the wall to hit many of them.

HANS is calm and happy as he does it

183 EXT. STRUMTON/OUTER WALL OF THE PRISON - NIGHT

HANS is exhausted and no longer has the energy to beat more prisoners

184 INT. MARINES TENT - DAY

Overlay: Vrokja - Strumton - August 2, 2050

FURUT and HANS have been talking for a while.

LUSUT sleeps

FURUT

Yes, yes, I understand

HANS

If you want to keep them in your hand, you have to scare them with the prison. That's the only thing they fear

FURUT

(raising his voice)

I said I understand!

ARTHUR wakes up

FURUT

Good morning Arthur. Ready for battle?

ARTHUR

Ready to kill

FURUT

Well, that's the spirit. Wake up Lusut

FURUT

(on the radio)

Aleksandra, are you and Melog in position? Have you been spotted?

ALEKSANDRA

(voice from the radio)

Melog and me in position. They have not seen us

FURUT

(on the radio)

Get ready, but do nothing

185 EXT. STRUMTON/PLAIN OF HEROES/FURUT SIDE - DAY

ARMY OF FURUT (RADDERIAN WARRIORS + VADILONIANS HOPLITES) and ARMY OF STRUMKIL (STRUMKIL + STRUMTONIAN GENERALS + STRUMTONIAN SWORDSMEN) are lined up one against the other, ready for the pitched battle
FURUT takes a few steps forward

FURUT

(shouting at the enemy army)

I know why you are here. Your liar King has told you that we are here to conquer you. He lied to you when he said we are here to take your beloved city away from you. Nothing could be more false. I am here to free you from the tyrant

**186 EXT. STRUMTON/PLAIN OF HEROES/STRUMKIL SIDE -
CONTINUOUS**

STRUMTONIAN SWORDSMEN look at each other perplexed

STRUMKIL

(shouting to FURUT and to his own men)

It is not the first time that an invader pretends to be a liberator. Are you gonna tell my subjects that they have to get rid of me? For what, to be your subjects? To march under the Great Red sun? Your soldiers are wounded, hungry and tired after so many days of marching. Mine are fresh and better armed. Your hope of defeating us in battle is ridiculous. You will never be the King of Strumton

**187 EXT. STRUMTON/PLAIN OF HEROES/FURUT SIDE -
CONTINUOUS**

FURUT

(shouting, to the enemy army)

Never wanted to be

**188 EXT. STRUMTON/PLAIN OF HEROES/STRUMKIL SIDE -
CONTINUOUS**

STRUMTONIAN SWORDSMEN burst out laughing

**189 EXT. STRUMTON/PLAIN OF HEROES/FURUT SIDE -
CONTINUOUS**

FURUT

(shouting, to the enemy army)

It is none of my business who is the King of
your city. I have come to free you from your
tyrant, I am not interested in the King

**190 EXT. STRUMTON/PLAIN OF HEROES/STRUMKIL SIDE -
CONTINUOUS**

STRUMKIL

(in a low voice, to STRUMTONIAN GENERAL

3)

What is he saying? King and Tyrant are the
same, right?

STRUMTONIAN GENERAL 3

Certainly Majesty

**191 EXT. STRUMTON/PLAIN OF HEROES/FURUT SIDE -
CONTINUOUS**

FURUT

(shouting, to the enemy army)

You have been told that if you lose the
battle, you will all be killed by me. False.
I don't want to kill you or be your King. You
have been told that if you win it, those who
have fought with strength and courage will
have nothing to lose. Maybe true. Just as you
have been told that those who flee or fight
with little enthusiasm will be sentenced to
prison. Certainly true

**192 EXT. STRUMTON/PLAIN OF HEROES/STRUMKIL SIDE -
CONTINUOUS**

STRUMTONIAN SWORDSMEN listen carefully

**193 EXT. STRUMTON/PLAIN OF HEROES/FURUT SIDE -
CONTINUOUS**

FURUT

(shouting to enemy army)

If I kill your King, another would take his place. But the true Tyrant would continue to lead. Did you understand what I mean?

FURUT stares at everyone in silence.

FURUT

(yelling at the enemy army)

The Prison is your Tyrant. I have come to abolish the prison. Turn around. Kill your King. And I will free you.

**194 EXT. STRUMTON/PLAIN OF HEROES/STRUMKIL SIDE -
CONTINUOUS**

Very few STRUMTONIAN SWORDSMEN turn around.
STRUMTONIAN GENERALS see who turned around

STRUMTONIAN SWORDSMAN 4

I have a cousin in prison. Is he serious?

STRUMTONIAN SWORDSMAN 5

Fuck if I know. But I have an uncle in prison

**195 EXT. STRUMTON/PLAIN OF HEROES/FURUT SIDE -
CONTINUOUS**

FURUT

(shouting, to the enemy army)

I hoped to succeed at first try, but I was pretty sure you would need some help

FURUT

(on the radio)

Aleksandra, Melog, proceed

A laser rifle shot from the sky (the multicopter is not seen) hits the entrance door of the prison (not seen too).

FURUT

(shouting at the enemy army)

The prison door has just exploded. The guards defending the prison are all dead. My men are releasing all prisoners

ARTHUR

(softly to LUSUT)

Really? Or is it a bluff?

LUSUT gestures that he doesn't know

FURUT

(shouting to the enemy army)

In a few minutes your relatives in prison are here. They come behind you. Pissed off. Incredibly pissed off. And they will see you. They will be able to see you facing them in battle, while simultaneously facing my men. A perfect pincer maneuver. Or they can hug you after seeing you cut off the head of your current King

**196 EXT. STRUMTON/PLAIN OF HEROES/STRUMKIL SIDE -
CONTINUOUS**

All STRUMTONIAN SWORDSMEN turns around.
STRUMTONIAN GENERAL 3 stabs the STRUMKIL with his dagger

STRUMKIL

(dying voice)

Congratulations. I would have done the same if I were you

STRUMTONIAN GENERAL 3

(shouting to FURUT and to his own men)

Thank you for freeing us, stranger. I am the new King of Sdubo Florp and I welcome you and your men to my city

197 INT. MULTICOPTER - DAY

MELOG

And once again the credits go to men! And no one will ever remember the woman who blew up the prison

ALEKSANDRA

Exaggerated! I only hit the first door, I didn't free anyone. More a vandalism than an action of war

MELOG

Yes, but I don't know if those below know how to fly. If you weren't here, thousands of people wouldn't have seen the laser rifle shot above their heads. Does it all go to you?

ALEKSANDRA

Do you want some survival advice from someone twice your age?

MELOG

Sure

ALEKSANDRA

Never take the merits of what you're doing right. So it will be easier not to blame yourself for the mistakes you make

MELOG

I don't make mistakes

ALEKSANDRA

You're an idiot, Melog

EPISODE 15: Come in peace

198 EXT. MOUNTAIN TRAILS - DAY

Overlay: Vrokja - Mountains between Sdubo Florp and Offonbork - August 15, 2050

COSTRILLA is walking along a steep path, looking down for not falling.
Unintentionally, she slams into the back of CHULUN and AVGAN and slides to the ground.
She is terrified

CHULUN

Are you alright ma'am?

CHULUN holds out his hand to help her get up.
COSTRILLA gets up by herself

COSTRILLA

Yes, I'm fine, thanks

AVGAN

Thank goodness, these rocks can be so pointed and you don't even have fur to cushion your falls mylady ... by the way, we didn't make any presentations. I'm Professor Avgan, from Yeti University

CHULUN

And I'm Chulun, also from the Yeti University

COSTRILLA

Nice to meet you

AVGAN

My colleague and I were so engrossed in studying the ridge that we didn't even hear you coming

COSTRILLA

Yes, I was lost in my thoughts too

AVGAN

Can I assume you are a geographer colleague?

COSTRILLA

No, I'm just passing through. I'm going away immediately

AVGAN

Too bad! An extra hand would have been useful for studying erosive phenomena at high altitudes. I am not wasting any more of your time. Good day mysterious lady

COSTRILLA

Good day

COSTRILLA goes away. Then she stops and goes back.

COSTRILLA

I am Costrilla

AVGAN

Nice to meet you Costrilla

COSTRILLA

Costrilla, the Queen of Sdubo Florp

AVGAN

I think it is the City-State of the Homo Venenumphallus, right? I have never had the pleasure of conversing with you Venenumphallus. This is turning out to be a very pleasant day of discovery

COSTRILLA

My husband is a Venenumphallus, and all our people are Venenumphallus too. But I'm originally from Offonbork. I am the sister of King Costruk

AVGAN

So you must be a Homo Polypusphallus. I beg your pardon if I have make confusion, you know, for us Homo Montis, people of other species are all so similar

COSTRILLA

No offense, don't worry. Among other things, the women of Sdubo Florp and Offonbork are identical for us too. And we only recognize the men if they are naked

EVERYONE laugh

COSTRILLA

Are you always so kind to strangers?

AVGAN

Yes, of course. There is never a reason to be crude or rude

COSTRILLA

I would feel guilty if I didn't warn you of the danger

CHULUN

Which danger?

COSTRILLA

The war is coming

CHULUN

We have heard rumors of the war going on in the Great Red, a clash between Similis and Mutantis, they told us. Is there a risk that the conflict will reach up here?

COSTRILLA

He has already come this far

CHULUN

We haven't seen troops go up

COSTRILLA

Don't go up, but go down. My husband left 2 weeks ago with the main army, and I'm going to ask my brother to be his ally. I don't know where it will be fought, but if we want to be sure that the conflict does not reach us here ...

CHULUN

... we must go to the conflict. Thank you for the Costrilla information. We will report this news to the university. Yeti

COSTRILLA

Now I really have to go

AVGAN

Good luck

COSTRILLA goes away

CHULUN

Can we trust what She told us?

AVGAN

As they say on Earth "Trust but verify". The university council needs to know that the conflict is spreading to the mountain towns

199 EXT. OB FESTOKO VALLEY/WEST ENTRANCE - DAY

Overlay: Vrokja - Ob Festoko Valley, west entrance - August 22, 2050

A very huge new billboard says: "Welcome Furut. Welcome valiant warriors of Furut. Ob Festoko welcomes you". Another older sign says "Ob Festoko, 15 days walk" (with an arrow).

Another sign, very worn, has the image of a naked woman with the inscription "Come to Ob Festoko"

ARTHUR

The sign with the boobs in the wind is so old
that now those boobs will arrive on the
ground

FURUT

Yes, but the billboard with my name is new. I
didn't think the rumors were going around so
fast in the Great Red

LUSUT makes a gesture

FURUT

You're right. I cannot pretend to go
unnoticed by wandering through the Great Red,
or through the valleys, with 3 armies.

HANS

For me it's a trap to kill us all. Shall we
kill them first?

FURUT

Hans, that might be a good B plan

The Multicopter comes from Ob Festoko

ALEKSANDRA

(voice from the radio)

Recon completed. They are preparing
something, they are building some buildings,
and also some wooden structures

HANS

It's a trap

FURUT

(on the radio)

Aleksandra, Could it be a trap?

ALEKSANDRA

(voice from the radio)

I doubt it, it sounds more like a welcome
committee

FURUT

Come on soldiers. Ob Festoko is calling us!

200 INT. NATOKA/EXTEMPORARY PRISON - DAY

Overlay: Vrokja - Natoka - 22 August 2050

Various MUTANTIS REBELS (PRISONERS) are immobilized with their hands spread apart, handcuffed to a beam at the top and their legs spread apart, handcuffed to a beam at the bottom.

They are powerless, injured, bloodied and in a daze.

S.ARMY-SAPIENS-SEARCH-R1-P1-SA-PRIVATE1 and
S.ARMY-SAPIENS-SEARCH-R1-P1-SA-PRIVATE2 torture
Mutantis while laughing

S.ARMY-SAPIENS-SEARCH-R1-P1-SA
-PRIVATE1

Do you want to bet I make the prisoner change
sex at least 4 times a minute?

S.ARMY-SAPIENS-SEARCH-R1-P1-SA
-PRIVATE2

Timer started, do your best

S.ARMY-SAPIENS-SEARCH-R1-P1-SA-PRIVATE1 throws a punch
in the balls of RUMON (a MUTANTIS REBEL PRISONER).
RUMON transforms into a woman, running out of strength,
wounded, bloodied and in a daze.

S.ARMY-SAPIENS-SEARCH-R1-P1-SA
-PRIVATE1

(in the ear of the RUMON)
Karrok is back! Wake up! It's time to fight!

RUMON goes back to being a man

RUMON

Is he ... is he ... is he back?

S.ARMY-SAPIENS-SEARCH-R1-P1-SA
-PRIVATE1

No, jerk

S.ARMY-SAPIENS-SEARCH-R1-P1-SA-PRIVATE1 throws another punch in the balls of RUMON.

Some parts of the body become feminine, others don't. Then the body begins to be "unstable" and each part begins to change from male to female (and vice versa) several times.

In the end his body has: a swollen and unrecognizable face, a single breast, a single pectoral muscle, a penis without urethra, the vagina from which 2 testicles (no longer protected by the scrotum) exit and hang

S.ARMY-SAPIENS-SEARCH-R1-P1-SA-PRIVATE1

What disgust have you become?

S.ARMY-SAPIENS-SEARCH-R1-P1-SA-PRIVATE2

I think you broke it. Challenge lost

S.ARMY-SAPIENS-SEARCH-R1-P1-SA-PRIVATE1 rips off RUMON's balls

S.ARMY-SAPIENS-SEARCH-R1-P1-SA-PRIVATE1

I keep these as a reminder

S.ARMY-SAPIENS-SEARCH-R1-P1-SA-PRIVATE2

You're insane

S.ARMY-SAPIENS-SEARCH-R1-P1-SA-PRIVATE1 and S.ARMY-SAPIENS-SEARCH-R1-P1-SA-PRIVATE2 exit

RUMON

(softly, complaining)

I don't know who I am anymore , I don't know who I am anymore

201 EXT. NATOKA/SQUARE - SUNSET

ASDRU's body is hanged.

The square is full of citizens and

S.ARMY-SAPIENS-SEARCH-R1-*

NULUL looks at the body with joy.

Some NATOKA PEOPLE do the same, other NATOKA PEOPLE
look with contempt

S.ARMY-SAPIENS-SEARCH-R1-COLON
EL

Satisfied?

NULUL

You have no idea how much

SOUND: Noises of many people walking

NULUL

What's going on?

PUSPIL enters the city on a litter carried by 6
VENENUMPHALLUS MEN.
Many VENENUMPHALLUS MEN are coming beyond him (front,
back and both sides). They do not look like soldier

PUSPIL

Who's in charge here?

NULUL

I am

S.ARMY-SAPIENS-SEARCH-R1-COLON
EL

I am. At least for military matters. For
those civilians, we've delegated everything
to the Mayor

PUSPIL

So I need to talk to both of you. Can we
discuss this in private?

NULUL

Sure, we can go ...

S.ARMY-SAPIENS-SEARCH-R1-COLON
EL

In my tent

202 EXT. NATOKA/SPACE ARMY TENT - CONTINUOUS

PUSPIL

(looking at both)

Let me say that I am grateful to both of you.
As King of Sdubo Florp...

PUSPIL

(looking at the Colonel)

...I know both what it means to fight...

PUSPIL

(looking at NULUL)

...and what it means to rule

NULUL

And what would you be grateful for?

PUSPIL

For having chased the Mutantis from the Great Red. My people have been confined to the mountains for years, we didn't dare go down for fear of those sex-changing beasts. But now Similis and Sapiens, united, are fighting the Mutantis. And the people of Sdubo Florp want to be with you.

PUSPIL

(looking at the Colonel)

Fighting by your side, Colonel

PUSPIL

(looking at Nulu)

And doing business with you, Mayor

NULUL

I'm there

S.ARMY-SAPIENS-SEARCH-R1-COLON
EL

I have to talk with my superior, who is currently on Earth, that is, the Divisional General, who heads the entire Space Army Search Division. He'll probably accept but I can't promise anything. It will take a few days to decide. What species do you of Sdubo Florp belong to?

PUSPIL

I don't know, in the mountains it is very rare to receive a visit from some anthropologist. But I wouldn't be surprised if it turns out that we also are Homo Similis

NULUL

It would be great

PUSPIL

Let's do this: pending a resolution by the Space Army, I only ask a tiny courtesy to the very kind Mayor. Could you, by way of exception, and only for tonight, grant my citizens lodging in your city? Tomorrow we look for our accommodation in the Desert. And of course tomorrow morning we will pay you for the trouble

NULUL.

What trouble! We are happy to host our friends from the mountains.

203 EXT. NATOKA/STREET - NIGHT

PUSPIL

Easier than I thought. Did you find the wells?

VENENUMPHALLUS MAN 1

Yes, my King

PUSPIL

Proceed

204 EXT. NATOKA/STREET WITH A WELL - CONTINUOUS

VENENUMPHALLUS MAN 1 is masturbating and ejaculating in a well, while looking cautiously for not being seen. As soon as he finishes ejaculating, he walks away and goes to VENENUMPHALLUS MAN 2

VENENUMPHALLUS MAN 1

Done. It's your turn

205 EXT. NATOKA/STREET WITH A WELL - CONTINUOUS

Many VENENUMPHALLUS MEN wait their turn to ejaculate without being seen by Natoka residents and Space Army soldiers

206 INT. NATOKA/SPACE ARMY REFECTORY - DAY

All S.ARMY-SAPIENS-SEARCH-R1-* have breakfast

S.ARMY-SAPIENS-SEARCH-R1-P1-SA
-PRIVATE3

Guys, it's me ... or the water tastes like licorice candy?

S.ARMY-SAPIENS-SEARCH-R1-P1-SA
-PRIVATE4

I don't taste anything like that. But the smell reminds me of lavender

S.ARMY-SAPIENS-SEARCH-R1-P1-SA
-PRIVATE5

Better than the crap we drank last week, it was more sand than water

S.ARMY-SAPIENS-SEARCH-R1-P1-SERGEANT approaches

S.ARMY-SAPIENS-SEARCH-R1-P1-SE
RGEANT

Complaints about water quality? Do you know who never complains about the taste of water?

S.ARMY-SAPIENS-SEARCH-R1-P1-SA
-PRIVATE3

No, Sergeant

S.ARMY-SAPIENS-SEARCH-R1-P1-SE
RGEANT

The corpses in the middle of the desert.
Either drink this water or don't drink at
all. The choice is yours: if you are too soft
to drink a glass of bitter water, death from
dehydration awaits you. We are not on Earth
here. Here we have to use our heads to
survive. And using your head means not
rejecting water when it is available.

S.ARMY-SAPIENS-SEARCH-R1-P1-SA
-PRIVATE3

Yes, Sergeant

S.ARMY-SAPIENS-SEARCH-R1-P1-SE
RGEANT

And then we also had it analyzed the water as
soon as you arrived and it is perfectly
drinkable.

S.ARMY-SAPIENS-SEARCH-R1-P1-SERGEANT grabs a glass of
water from the table and drinks it, remaining
impassive.

He walks away from the troop and has an expression of
disgust.

All S.ARMY-SAPIENS-SEARCH-R1-* drink water

207 INT. NATOKA/SPACE ARMY REFECTORY - DAY

All S.ARMY-SAPIENS-SEARCH-R1-* are poisoned dead

208 EXT. NATOKA/STREET - DAY

Most NATOKA PEOPLE (MEN, WOMEN AND CHILDREN) are
poisoned dead on the street

The survived ones cry and collect their relatives
bodies

209 INT. NATOKA/EXTEMPORARY PRISON - DAY

VENENUMPHALLUS MEN free the MUTANTIS REBELS (PRISONERS)
and escort them out of cells

210 EXT. NATOKA/SQUARE - DAY

PUSPIL lays on the litter.

In front of him:

VENENUMPHALLUS MEN, MUTANTIS REBELS, NATOKA PEOPLE
(survived).

VENENUMPHALLUS MEN force the civilians to kneel in
front of PUSPIL.

NULUL's hanged body hangs in place of ASDRU's

211 EXT. MOUNTAIN PEAK - DAY

Overlay: Vrokja - Mountains between east and west -

PALLOK's hands are hanging from the top.
He pulls himself up with great effort and reaches the
top.
He stands in balance.
He turn his head and see The Great Red below himself

212 EXT. DESERT - DAY

PALLOK has climbed

213 EXT. MOUNTAIN PEAK - DAY

PALLOK looks at the Jungle below himself

214 EXT. JUNGLE - DAY

View of the jungle and half of the mountain that PALLOK
has to descend

215 EXT. MOUNTAIN PEAK - DAY

PALLOK
If I think that I am only halfway...

216 INT. OB FESTOKO - DAY

Overlay: Vrokja - Ob Festoko - September 1, 2050

In the streets there are thousands of people, both OB
FESTOKO PEOPLE (MEN, WOMEN, CHILDREN) and the ARMY OF
FURUT (RADDERIAN WARRIORS, VADILONIAN HOPLITE WOMEN,
STRUMTONIAN SWORDSMEN).
Hundreds of tents have been set up, stalls filled with
food, drinks and drugs.
Everyone is celebrating

217 INT. MULTICOPTER - DAY

The multicopter is parked on a lawn.
MELOG and ALEKSANDRA are both with their legs dangling
over the counter.
Both smoke a joint

MELOG

Ale, I challenge you to get out, stay out for
30 seconds, and then back

ALEKSANDRA

I could do it if I wanted

MELOG

Bullshit

ALEKSANDRA

It's just that I don't want to do it

ARTHUR arrives.

MELOG takes a joint from his breast pocket and hands it
to him.

ARTHUR lights it up and sits down with them.

ALEKSANDRA

Have they deliberated?

ARTHUR

Almost. FURUT and the King of Ob Festoko, are
working out the final details. I came out of
the tent because I lacked air. Lusut is still
there

ALEKSANDRA

And Hans?

ARTHUR

That idiot made a stupid joke, the King
didn't like it, and Furut kicked him out.

MELOG

So what does the agreement say?

ARTHUR

Yes, the agreement. In the end it's not all that different from the others we've done. In Radder we promised their chieftain, now corpse, the ancient hunting grounds

MELOG

Ah yeah. I forgot it

ARTHUR

In Vadilonia we promised future slaves. I'm pretty sure we'll never have slaves. I don't even think it's legal

ALEKSANDRA

Legal? You're not in Brussels anymore, Marine

ARTHUR

In Strumton we abolished the prison

ALEKSANDRA

That was easy

ARTHUR

(embarrassed)

And here ... we promised a gang bang

ALEKSANDRA

I hope I'm not part of it

ARTHUR

No, no, don't worry. You and the Vadilonian are exempt. The King would have liked you and them in the agreement but Furut explained that it would have been impossible to convince you. Practically the King wants all soldiers present today, from Marines, Radder and Strumton, to fuck pussy, mouth and ass of the Queen

ALEKSANDRA

Why ever?

ARTHUR

It seems that the queen has already been penetrated several times by every male in the city aged 12 or older. If I understand correctly, today she turns 40, and her husband wants to give her a fuck that the whole planet will remember for centuries. And when he found out that one of the Marines was half Sphaericus ...

MELOG

Are you telling me I have to fuck her too?

ARTHUR

The King says the Queen insisted too much on having you

MELOG

That's disgusting! Just the idea of putting my cock in a pussy disgusts me. To put it in a pussy dirty with everyone else's sperm, even more.

ARTHUR

It will be spotless. You will be the first. They have decided that you will be the one to open the dance

MELOG

Who would've thought it!

ARTHUR

Maybe you can put it in her mouth instead of her pussy, if it sounds better to you

MELOG

Better. And I'll have to be really stoned to deal with it

MELOG pulls out several bottles of Xulu and drops random copious amounts of Xulu (not single drops) on the tongue

218 EXT. OB FESTOKO/ARENA - NIGHT

The arena resembles the Colosseum.
OB FESTOKO'S ARENA CROWD is composed of: OB FESTOKO
PEOPLE MEN, RADDERIAN WARRIORS, STRUMTONIAN SWORDSMEN.
FISTY (the King) and FURUT are at the royal grandstand.
PORTERS enter carrying a horizontal pole to which FRIGA
(OB FESTOKO'S QUEEN) is tied by the hands and feet.
They arrive at the center of the Arena, untie her and
drop her to the ground.
She is frightened, traumatized and speechless.

219 EXT. OB FESTOKO/ARENA/ROYAL GRANDSTAND - CONTINUOUS

FISTY
People of Ob Festoko!

OB FESTOKO'S ARENA CROWD acclaims

FISTY
People of Ob Festoko, as the sages say, there
is time for rape and time for kill. Our
friends Marines, Radderians and Strumtonians
share our same passion for rape and war

220 INT. OB FESTOKO/ARENA/INSIDE A NICHE - CONTINUOUS

MELOG is dazed and is waiting to enter.
He has a blank look.
ARTHUR is with him to encourage him

MELOG
I'm ready, I'm ready, I'm ready.

ARTHUR
(condescending tone)
Yes, sure

221 EXT. OB FESTOKO/ARENA/ROYAL GRANDSTAND - CONTINUOUS

FISTY
On this sacred night of covenant, our friends
from afar will rape our beloved Queen with
us. And tomorrow we will all leave for the
Great Red, to kill anyone who refuses to rape
our Queen

OB FESTOKO'S ARENA CROWD acclaims

FISTY

But it will not be a Homo Similis, nor a Homo Sapiens, who will start the celebrations. Our lady will suck the disgusting cock of a Homo Sphaericus

OB FESTOKO'S ARENA CROWD acclaims

FISTY

Welcome Melog!

222 EXT. OB FESTOKO/ARENA/INSIDE A NICHE - CONTINUOUS

MELOG

I'm half Sapiens. Everyone forgets it

The door opens and MELOG exits the niche

223 EXT. OB FESTOKO/ARENA - CONTINUOUS

MELOG reaches FRIGA in the center

OB FESTOKO'S ARENA CROWD

MELOG! MELOG! MELOG! MELOG! MELOG!

FRIGA looks at MELOG with disgust.

MELOG pulls out his limp penis.

FRIGA smells it and she is even more disgusted

FRIGA

(in a very low voice, almost to herself)
I want to die

MELOG sticks his penis in her mouth

OB FESTOKO'S ARENA CROWD acclaims

224 EXT. OB FESTOKO/ARENA/ROYAL GRANDSTAND - CONTINUOUS

FURUT

I understood that the Queen was consenting

FISTY

I lied

FURUT

I would have accepted even knowing the truth

FISTY

I preferred not to take the risk

225 EXT. OB FESTOKO/ARENA - DAY

The sun rises.

FRIGA is still in the center of the arena.

She is stained with blood on the vagina and anus.

80% of the OB FESTOKO'S ARENA CROWD (after raping her) went away.

The remaining 20% of the OB FESTOKO'S ARENA CROWD are lined up.

Some are raping her at the very moment.

Some RADDERIANS WARRIORS pass the dried scrots of their enemies over the Queen's face.

The Queen is incredibly disgusted by this

226 INT. MULTICOPTER - DAY

Multicopter on the ground.

ARTHUR, MELOG, FURUT, LUSUT, HANS, ALEKSANDRA are inside

FURUT

(yawning)

It was a really long night, the King did nothing but talk bad about his wife. I think he doesn't love her so much

HANS

I don't want a wife like that either

ALEKSANDRA

But if you don't even know what kind of person she is

HANS

(showing a blood stain on the knee-length pants)

I know that if you stick one knee in her ass,
she dirties you all with blood. I just need
to know this

ARTHUR

Are we leaving for a fifth city?

FURUT

No. Furut 's army is complete

MELOG

We never called it that. I like it. Indeed,
we needed a name call us

ARTHUR

And what should we do now?

FURUT

2 weeks of training, maximum 3. Then we go to
complete the genocide of the Mutantis, even
if it were the last thing we do

HANS smiles pleased

EPISODE 17: Octopuses, Gorillas and Yetis

227 EXT. OFFONBORK/SQUARE - DAY

POLYPUSPHALLUS BOYS (teenagers), completely naked, compete in holding on to the branch of a tree with their tentacular penis.

A little at a time some let go and the competition becomes between two guys: POLYPUSPHALLUS BOY 1 and POLYPUSPHALLUS BOY 2.

POLYPUSPHALLUS GIRLS cheer on one or the other.

POLYPUSPHALLUS BOY 1 falls so POLYPUSPHALLUS BOY 2 wins Most POLYPUSPHALLUS GIRLS cheer for POLYPUSPHALLUS BOY 2

POLYPUSPHALLUS GIRL 1

Come on, don't be mad

POLYPUSPHALLUS BOY 1

He has a stronger tentacle than me

POLYPUSPHALLUS GIRL 1

Really? But he won't get this

POLYPUSPHALLUS GIRL 1 gives an innocent kiss to the tip of the POLYPUSPHALLUS BOY 1's tentacle.

COSTRILLA arrives

COSTRILLA

I see that the old contest of who holds on longer has not gone out of fashion

POLYPUSPHALLUS BOY 2

We don't like foreigners here in Offonbork. Go away

COSTRILLA

This is not the kind of hospitality reserved for foreigners. Didn't your mother teach you good education?

POLYPUSPHALLUS BOY 2

Maybe. But my father taught me not to trust someone who does not have a tentacle, and you do not

COSTRILLA

Sure. I am a woman. I guess not even your mother and your sisters have the tentacle. Or do they have it?

Some POLYPUSPHALLUS BOYS AND POLYPUSPHALLUS GIRLS laugh at POLYPUSPHALLUS BOY 2

POLYPUSPHALLUS BOY 2

You've talked too much for my taste. Get out of here, stranger

COSTRILLA

I haven't spoken enough instead. Didn't I tell you who I am, for example

POLYPUSPHALLUS BOY 2

I don't care

COSTRILLA

Not even if I told you I'm Queen Costrilla, the sister of your King?

POLYPUSPHALLUS BOY 2

Majesty, I, I didn't mean to offend. I Ask forgiveness. Do you want me to accompany you?

COSTRILLA

In general, think more with the brain and less with the tentacle

228 INT. OFFONBORK/ROYAL PALACE - DAY

COSTRILLA sees COSTRUK and runs to hug him. He is cold towards her, but she immediately does not notice

COSTRILLA

Big brother, you do not know what a joy it's to hug you again after all these years. I

can't believe I haven't seen you since my wedding day

COSTRUK

It wasn't just your wedding. I remind you that when you married Puspil, I was forced to marry Puspilla

COSTRILLA

Okay, you were ...

COSTRUK

No, it's not okay. After our mother died, you were the only person in the whole city that I loved. And you chose not only to marry that Puspil, but also to leave town with him and have me marry your husband's sister

COSTRILLA

What? Did a salt worm eat the memories from your brain? Would I have chosen to marry Puspil? Would I have made you marry Puspilla? Are you fooling me? It was our father and their father who organized everything

COSTRUK

But they, fortunately, died years ago

COSTRILLA

Costruk, I don't know what happened here in my absence, but once you would never have talked like that about our father and our father-in-law. Can I ... can I assume ... that things went not too well between you and Puspilla?

COSTRUK

Not too well ? Let's see, apart from waking up every day wishing for my wife's death ... no, everything is fine.

COSTRILLA

Maybe these words are a bit strong, but I realize that ...

PUSPILLA enters

PUSPILLA

They are perfect words. I desire your
brother's death, how much he desires mine

PUSPILLA puts herself next to COSTRUK

COSTRILLA

I am perplexed

PUSPILLA

Why are you coming to us? Finally my brother
kicked you out and you are looking for a new
home?

COSTRILLA

No, Puspilla, no. Puspil would never kick me
out, just ...

COSTRUK

You are just gone. You did well

COSTRILLA

No, I didn't go away. I mean, yes, I went
away. You are making me confused. I didn't
run away. I came here to bring you a message.

PUSPILLA

You haven't any more messengers, if the Queen
has to worry about it

COSTRILLA

Let's say a request

COSTRUK

When people come back after so many years,
it's always because they want a favor

COSTRILLA slaps COSTRUK.

COSTRUK remains impassive

COSTRILLA

Don't talk to me like that. It's not me
you're gonna have to do this favor. I'm here

to tell you about the survival of both the cities of Sdubo Florp and Offonbork. If we don't ...

COSTRUK

Are you with Karrok or Furut?

COSTRILLA

With Karrok, I've never heard of Furut. But we talked with...

COSTRUK

Pallok, his emissary

COSTRILLA

Then I see that you already know all about War

PUSPILLA

We never ally nor with Karrok, nor with the Space Army, nor with Furut

COSTRILLA

Forget for a moment all these people, I don't give a damn about. I'm only interested in 2 things. The first is to save the city where my brother and I were born, where my brother reigns, and where my sister-in-law is the Queen. The second is to save the city where my husband and his sister were born, where he reigns, and where I am the Queen.

COSTRUK

Offonbork, I have already saved it when I chose to keep it neutral regarding the conflict. As for Sdubo Florp, I don't care what happens to the city that gave me this one here as a wife

COSTRILLA

(to PUSPILLA)

I guess you still care about your city or your brother

PUSPILLA

Caring for a city that gave the King's daughter in marriage to this here? Caring for my brother, who had nothing to complain about, when my father was organizing our double weddings? For me Sdubo Florp must fall off the mountain like an avalanche

COSTRILLA

What happened to you to become like this? What are you not telling me?

PUSPILLA

And what are you not telling us?

COSTRILLA

I'm not hiding anything from you. You don't even let me talk

PUSPILLA

How many children have come out of your cunt? Huh? How many children did my brother have?

COSTRILLA

Ah. I understand. You have had the same problem as us. Costruk and I also had some, well, some little quarrels, however, we have passed over them with time, I understand that it is a difficult matter

COSTRUK

(screaming)

How many children have you had? How many? How many? How many?

COSTRILLA

Do you think you would not have received a messenger if you had become uncle? Do you think it is different for us?

COSTRUK

I understand. You haven't had any either.

PUSPILLA

That asshole of my father! And that asshole
of your father!

COSTRILLA

Let's try to stay calm and stop insulting our
parents. Indeed ... the idea of a double
marriage between 2 different species was
nonsense. They were too optimistic, they
believed that both couples would probably
have children. They were afraid that one of
the two would not be able to have them, hence
the clause that, in the case of a single
heir, it would have both cities. But it was 2
fools. None of us could ever get pregnant.
But Puspil and I managed to go further, to
love each other, even though ...

PUSPILLA

So you never got pregnant with him?

COSTRILLA

No, never

PUSPILLA goes away

COSTRUK

She always did. She got pregnant every time
we had sex. But they were never born. They
are all dead before they can be born

COSTRILLA

I am so sorry, really

COSTRUK

I have seen the fetuses that she aborted.
They were monsters. They were repulsive. We
didn't try anymore

COSTRILLA

(crying)

Listen big brother, I'm your sister and I
will always want you ...

COSTRUK

Your King orders you to leave town
immediately

COSTRILLA

My husband is my King. But don't worry, I'll
leave immediately

229 EXT. JUNGLE HILLSIDE - NIGHT

Feverish PALLOK comes down from the mountain in a heavy
rain

PALLOK

(feverish voice)

No more rain please, no more rain please

PALLOK faints

230 EXT. JUNGLE HILLSIDE - DAY

PALLOK is passed out.

In front of him: TIPNUK, GORILLA PARLANS 1, GORILLA
PARLANS 2

TIPNUK

Wake up human. What are you doing in our
land?

PALLOK opens his eyes

PALLOK

(feverish voice)

I have to speak to the King of Tipna. I have
to tell him that ...

PALLOK passes out.

TIPNUK puts a hand on his forehead

TIPNUK

He has a fever

GORILLA PARLANS 1

What do we do?

TIPNUK

We can't leave him here, especially if he has information for the King.

GORILLA PARLANS 2

Maybe he was lying. Maybe it's a trap. Maybe he just wants to find out where we are to kill us

TIPNUK

You may be right but we'll never know if he dies. Let's take him to the King, he will decide whether to let him live or kill him

TIPNUK grabs him and puts him on his shoulder

231 INT. TIPNA/TIPNUK HUT - DAY

PALLOK wakes up in a hammock.

He no longer wears her clothes but bandages made of leaves

TIPNUK

Good morning. I was convinced you weren't going to spend the night. You were very hot

PALLOK

Good morning to you. Why am I covered in leaves?

TIPNUK

Because you were too weak to eat them. And maybe you can't even eat them, I'm not too much expert of human alimentation

PALLOK

Thank you. My name is Pallok, and I am the ambassador of Karrok

TIPNUK.

I am Tipnuk. If you feel like getting up, my King, Tipke, awaits you

PALLOK stands up

232 INT. TIPNA/KING TIPKE HUT - CONTINUOUS

TIPKE

I will not welcome you human. No humans are welcome

TIPKE turns around PALLOK

TIPKE

You look like a female Homo Terribilis

PALLOK

Am I a Homo Mutantis

TIPKE

Male or female?

PALLOK

Question they never asked me. Let's say male

TIPKE

What did you want to tell me?

PALLOK

All the Great Red is at war

TIPKE

I don't care about the wars of you humans on the sand. I care little about the humans who inhabit the Jungle, why should I care about the other half of the Continent?

PALLOK

War will also come here. As I have crossed the peaks, others can

TIPKE

A human alone, completely insane like you, can cross them. A whole army: no. And if they did, we would see them arrive in time

PALLOK

There are other ways to go from one continent to another. You have valleys both north and south.

TIPKE

And why didn't you go through those valleys? Maybe they are not so easy to cross

PALLOK

I didn't go through the valleys for not being seen. As I said everyone is at war, even the cities of the valleys, by now. Everyone is going to war, and the war will come here too

TIPKE

So you humans are tired of killing yourselves only in half of the continent, and you will come to kill yourselves here too. Do you know what we will do?

PALLOK

Will you intervene?

TIPKE

No. We will enjoy the show. Humans killing other humans, it would be my fourth wish come true.

PALLOK

The first 3?

TIPNUK

The first wish I ever had was to have lots of girls. And I have hundreds of them. I can fuck whenever I feel, I always find one who is no longer breastfeeding to get pregnant again

PALLOK

This desire is common to many humans

TIPKE

Do humans like to fuck Gorilla Parlans females too?

PALLOK

No. I meant that humans like to fuck a lot of females of their kind, not gorillas. Or even fuck females of other species, but always human. Maybe some even fuck non-human females, but that is considered an oddity for a few. What was the second wish?

TIPKE

Having a mighty army to defend my females. And I have it. The strongest gorillas this mountain has ever seen. And to prevent it from backfiring my first desire, I found a way to prevent some young male from taking a female away from me.

PALLOK

And how?

TIPKE

I ripped all their balls off by biting them

PALLOK

I was wondering why theirs are not exposed and yours are. I thought they were hiding them

TIPKE, TIPNUK and other GORILLA PARLANS laugh

TIPKE

And then my third wish: to see the Homo Terribilis disappear. Years and years of struggle just to prevent them from growing too high, without ever being able to defeat them. The tears of females when a cub disappeared in the jungle are a memory too painful even for a king. Many have fallen in a desperate attempt not to become the Terribilis's lunch. After years of fighting, we finally managed to make those beasts understand that they had to leave us alone. We saw them go away into the Jungle and were happy. Then one day, a few months ago, we saw

the Terribilis flee to the North, and they have never returned since.

PALLOK

(in a low voice, reflecting)
I understand

TIPKE

Now you come to tell me that humans want to exterminate each other on both continents? No more hunters to hunt us down? It's beautiful. I wanted to kill you a few hours ago, but you brought me too good news. I will let you live

PALLOK

(with a blank look)
I understand everything now

TIPNUK escort PALLOK out

233 INT. TIPNA/TIPNUK HUT - CONTINUOUS

TIPNUK

It is since you spoke to the King that you gazes at void. Everyone thinks you're crazy, and soon they'll think so of me. Is it possible to know what you would have understood?

PALLOK

Everything

TIPNUK

Everything?

PALLOK

The past, the present and the future. Tipke is the cause of everything. Those are not desires, they are causes and consequences.

TIPNUK

I don't follow you

PALLOK

The first 2 things your King did was get more females and have more fighters. I hypothesize that the females gave him many puppies

TIPNUK

You would not believe how many

PALLOK

I can imagine that over the years Gorilla Parlans's Kingdom has become bigger and bigger

TIPNUK

Sure

PALLOK

And at a certain point you could only go up or down. But at high altitudes it's cold and rainy. So you come closer and closer to the Jungle. The Terribilis would never have climbed up here to eat you, but, if your female, and your puppies, go down the mountain ...

TIPNUK

... the Terribilis discover a new source of food

PALLOK

But with years of war you have rejected them

TIPNUK

It was our duty to the Kingdom of Tipke

PALLOK

And you pushed them to some village in the Jungle. Maybe a group of Terribilis will have eaten some Earth scientist. I bet an anthropologist. They are so naive!

TIPNUK

And then?

PALLOK

Earthlings have sent the Space Marines. And the Marines killed almost all of the Terribilis. And those few survivors used one of the valleys to reach the Great Red

TIPNUK

Your problem

PALLOK

The Terribilis tried to eat Tisha and Risha

TIPNUK

Who?

PALLOK

Two guys I know. Girls, most of the time. The Marines saved them

TIPNUK

Well

PALLOK

And this led to the war

TIPNUK

Less well

PALLOK

And I guarantee you the war will come here too. You, Gorilla Parlans, and the Terribilis, unwittingly, are already part of it

TIPNUK

Then it's our problem

PALLOK

You have 3 possibilities. You ally with Karrok, my lord. You team up with one of his enemies. Or do you not ally at all

TIPNUK

Our King has already chosen the third hypothesis, when you spoke to him

PALLOK

Yes, but it is the choice that gives you the least hope of survival. Karrok's enemies hate those who are different from them. Karrok loves who is different

TIPNUK

I already understand where you want to go

PALLOK

No, I'm not asking you to fight on the battlefield

TIPNUK

What then?

PALLOK

To hide Karrok if needed. To give him refuge here when his enemies seek him

TIPNUK

If you, his ambassador, give him up for defeat ...

PALLOK

Hiding does not mean being defeated. And it's not running away. It means hitting without being seen. It means using your brain. How you and I are doing right now

TIPNUK

You will never be able to convince King Tipke

PALLOK

I don't need it: I've already convinced King Tipnuk, right?

TIPNUK

No, you are not right. Now I'm back to thinking that you are insane. I'm not King, and I never will be, but have you seen how big and muscular Tipke is?

PALLOK

Yes. And I saw that he tore the balls off all the males

TIPNUK

Because is stronger than all of us

PALLOK

And is it okay for you to obey a King who won't let you fuck? Wouldn't you like to have your own females and puppies?

TIPNUK

You're right, we don't like it. But it's too late now. Our balls are gone, and even if I defeat him in combat, and I become King, I won't be able to impregnate any of his females.

PALLOK

But would you guarantee a future for your people

TIPNUK

It's not that simple. Nobody wants a king without balls.

PALLOK

You know, you reminded me of something. One thing that the Sapiens do on Earth and that the Similis in the Great Red do now too

TIPNUK

What do they do?

PALLOK

Usually a Sapiens or Similis male can find a woman who wants to mate with him

TIPNUK

Do the females choose?

PALLOK

Yes. But it happens that some males doesn't find a female that loves him, and usually that male becomes full of rage.

TIPNUK

And what does he do?

PALLOK

Virtually nothing. Until one day someone puts a laser rifle or neutron grenades in his hand

TIPNUK

What are they?

PALLOK

The laser rifle is a big stick that looks like a cock. And the neutron grenades look like balls

TIPNUK

I understand. And with that rifle and those grenades, he finds a woman who wants to mate with him

PALLOK

No. He uses the rifle and grenades to kill other males

PALLOK pulls a grenade out of his suit.

TIPNUK grabs it

TIPNUK

It really looks like a pair of balls

PALLOK

You will use this to kill Tipke and become King. And you will tell your people that if they are on Karrok's side, they will have plenty of these

TIPNUK smiles

234 INT. YETI UNIVERSITY - DAY

Overlay: Vrokja - Yeti University - September 1, 2050

STEVEN

Dear colleagues, I am truly amazed. I don't have the words to thank you. What I have learned in a few months here in this great university will completely revolutionize the study of anthropology. And of history. And linguistics. And I've only read a small fraction of your books

MONTIS ANTHROPOLOGIST 1

You are too good Professor Steven J. Yuval. We have limited ourselves only to making you read the studies we have written and preserved over the last millennia. Indeed, it's us, who thank you for having read and appreciated them

MONTIS ANTHROPOLOGIST 2

And we will be even more grateful when you will publish them on Earth. For too many millennia these volumes have been waiting to be read, and not only by us, Homo Montis

STEVEN

Since the dawn of time you have documented the evolution of all human species in great detail. Even the earthlings species you have documented. Even the extinct ones. Now everyone will be able to know how lived Neanderthals or the first Sapiens

MONTIS ANTHROPOLOGIST 3

Certainly. Among other things, some names should also be revised, those you have identified as Homo Neanderthalensis are actually 2 completely different species, but only with the same physiognomy of the skeleton. You couldn't have understood it, a bona fide mistake

STEVEN

Crazy. I am incredulous how it was possible that no one, on Vrokja or on Earth, ever came to know about all this accumulated knowledge

MONTIS ANTHROPOLOGIST 4

Our ancestors have tried continuously to educate other species, both Earthlings and Vrokjans, but we are always been treated with distrust

MONTIS ANTHROPOLOGIST 5

Or we should say open hostility, especially in recent centuries. When one of our expeditions, through a worm hole, reached the Himalayas, on Earth, they were all exterminated. They certainly tried to explain that they were professors at this university, the Yeti, but evidently that was the only word that remained

STEVEN

What a crazy misunderstanding. Abominable snowmen, they called you

MONTIS ANTHROPOLOGIST 6

In any case, even here we have had more and more problems with the advancement of civilizations.
50,000 years ago we were welcome everywhere. Now it is better if we do not show ourselves too much, so as not to remind others of our existence.

STEVEN

But why would anyone do this?

QUATCH

We were telling the truth. We debunked myths and legends with facts and evidence. We removed the false legal bases from the rulers. The only ones who appreciated our thirst for knowledge were the Homo Sphaericus. And in fact they made the same choice we did: isolate themselves. It is no coincidence that today they live only in the Vrokjan North Pole

ALDAS

Isolation that has led them to cultivate a passion only for science and technology

QUATCH

And drugs

ALDAS

How to forget them. However, even if their heads are darkened by their xulu, they have discovered how to artificially open the Worm Holes. Without them, no Earthling would ever know about Vrokja

STEVEN

And I wouldn't be having this pleasant conversation with you

AVGAN and CHULUN enter.
Everyone greets each other politely

AVGAN

I'm sorry I interrupted this conversation, but I must again remind you all of the threat of war

MONTIS ANTHROPOLOGIST 1

Colleague geographer, you will certainly be among the top experts when it comes to the mountains of the Central Continent, but we assure you that the conflicts of the Great Red are certainly nothing new. As this conflict started, it will end. Thousands of humans will die on the battlefield, as has sadly always happened, on both planets, among all human species

AVGAN

It is not the loss of human life that worries me. You know what I think: saving someone today just means seeing them die tomorrow. And surely you anthropologists care about their lives even more than I do. It is the death of our knowledge that worries me. It is the destruction of our tomes that does not make me sleep

MONTIS ANTHROPOLOGIST 2

Are you sure? Is it a real risk or is it talking about remote possibilities?

AVGAN

More than a risk. Chulun and I went ahead. The rumors are true, most of the cities of the Great Red, or the mountains, have chosen which of the factions to join. Some are with the so-called "Army of Karrok", others with "Army of Furut". Not to mention the Space Army which receives more and more troops from Earth every day. We saw Army of Furut enters the Ob Festoko valley a few days ago. It was immense

MONTIS ANTHROPOLOGIST 2

I understand the concern, colleague. But why would anyone attack us? The 3 factions will surely clash, and we, as always, will document everything. But they have no reason to attack us

AVGAN

You forget the mother of all evils: geography. There is a possibility that the fighting takes place in the middle of the desert, or in a valley to the north or south. In that case, my concern would be superfluous, and I would be the first to rejoice to be wrong. But the war could reach this far, it would be enough for someone to remember that, passing through our underground tunnels, it would save days of walking

MONTIS ANTHROPOLOGIST 3

I must agree with this. It doesn't take a lot of knowledge to realize that a straight line is faster than a zigzag path through the paths and valleys. Even the most ignorant of generals should understand this

MONTIS ANTHROPOLOGIST 4

Furthermore, someone could attack us in advance, just to prevent others from passing through our means of communication. Certainly it would not be the first time in history that a nation has been invaded because it is on the war path of another 2. And they could set fire to everything, even without any valid reason

STEVEN

It would be terrible

MONTIS ANTHROPOLOGIST 5

If you want a precedent, history is full of them.

100,000 years of detailed records would end up like the library of Alexandria. It would be the most tragic event in the history of mankind. We cannot allow that to happen

MONTIS ANTHROPOLOGIST 6

Does anyone have a plan?

CHULUN

I do: let's shut ourselves in. We will seal some entrances with controlled avalanches. Others will we have to defend them by hand

QUATCH

By hand?

CHULUN

Fighting. Better to die defending the culture than to experience the regret of not having defended it

ALDAS

None of us could agree more. If there is no less dangerous plan, then we will do so

STEVEN

I want to help you

MONTIS ANTHROPOLOGIST 1

Don't worry, we'll take care of defending ourselves

MONTIS ANTHROPOLOGIST 2

Well, however, Professor Steven J. Yuval, you can be helpful. You can begin the process of digitizing tomes on Earth as soon as possible. So, even if we die, the culture will survive. A sort of B plan

STEVEN

Maybe I could ask my Earth colleagues to bring here what they need to digitize everything

MONTIS ANTHROPOLOGIST 3

But doing so would show the earthlings unfamiliar paths. And then to the Space Army. And then to the enemies of the Space Army. We would increase the chances of losing our culture instead of decreasing it

STEVEN

What if instead of asking Earthlings to come and digitize them, I ask Homo Sphaericus? Their technology is superior to that of anyone else

MONTIS ANTHROPOLOGIST 4

The idea is not entirely wrong. We would need something to get them to take the risk. I certainly do not want to say that they are cowards, however, it cannot be said that they love the risk of dying in war

MONTIS ANTHROPOLOGIST 5

We could tell them that, thanks to this knowledge, they will be able to bring peace to the whole planet. You know how this idea has teased them all the time

STEVEN

Perfect. I'm leaving today

AVGAN

Alone? Forgive me but you would not even be able to reach the north coast of the Central Continent. And from there, up to the North Pole, well, there is literally the ocean in between

STEVEN

So what?

AVGAN

So if you don't mind traveling in company, Chulun and I will accompany you

QUATCH

Knowledge of geography is not enough for a trip like this if you want to survive. You will also need an anthropologist who knows the customs of the peoples we will meet. I join the expedition

ALDAS

Me too, if you don't mind

STEVEN

2 geographers, 2 anthropologists and 1 earthling. It seems like a perfect team to me. I propose to leave immediately

235 EXT. OB FESTOKO - DAY

ARMY OF FURUT (RADDERIAN WARRIORS + VADILONIAN HOPLITE WOMEN + STRUMTONIAN SWORDSMEN + OBFESTOKIAN MEN) is in training

FISTY

You could save a lot of time if, instead of taking the path you did on the way in, you cut through the caverns of the Homo Montis

FURUT

It seems excellent to me idea

236 EXT. MOUNTAIN - DAY

Some MONTIS cause a controlled avalanche

237 EXT. MOUNTAIN - DAY

Avalanche (seen from FISTY and FURUT)

238 EXT. OB FESTOKO - DAY

It doesn't seem like a good idea anymore. 3 weeks of training and then off to the path we know and know to be safe. It is decided

EPISODE 18: Press

239 EXT. NATOKA - DAY

Overlay: Vrokja - Natoka - September 5, 2050

PRESS is wearing a bib that says "Press" and has a microphone in her hand.

Behind her S.ARMY-SAPIENS-SEARCH-R2-P1-SA-* are collecting corpses

PRESS

I am in the city of Natoka, where together ... no, no We are in Natoka, the city where the soldiers ... no, worse ... We have just arrived in Natoka: as you can see behind me the Space Army is picking up the corpses ... no, no, no ... We have just arrived in Natoka and the show is apocalyptic: thousands of corpses are poured into the street and ...

S.ARMY-SAPIENS-SEARCH-R2-P1-SA
-PRIVATE1

Hey Press, can you help us with these bags?

PRESS

No, I'm not giving you a hand, I'm not a soldier, I'm a journalist, okay? I'm trying to do my job, okay?

S.ARMY-SAPIENS-SEARCH-R2-P1-SA
-PRIVATE2

Ok, Press, there was no need to blame

PRESS

And stop calling me Press! I have a name!

S.ARMY-SAPIENS-SEARCH-R2-P1-SA
-PRIVATE1

Ok, Press

All the S.ARMY-SAPIENS-SEARCH-R2-P1-SA-* laugh

PRESS

Children who don't grow up become soldiers

S.ARMY-SAPIENS-SEARCH-R2-P1-SA
-CORPORAL

Let me understand, so if we have a laugh and give you a friendly nickname for you, are we kids?

PRESS

I don't think I've seen you behave like adults in the last few days.

S.ARMY-SAPIENS-SEARCH-R2-P1-SA
-CORPORAL

Easy for you to judge us from top to bottom. But the truth is, you can't look beyond the uniform

PRESS

I see perfectly well what's inside the uniform. It's in your heads that I see nothing

S.ARMY-SAPIENS-SEARCH-R2-P1-SA
-CORPORAL

No, you don't see what's there. You think you see children, as you call us, playing war. Sometimes you see us as puppets in the hands of powerful people. Sometimes like bloodthirsty killers. Now I'll tell you what I see. I see men and women who have left their comforts on Earth, who have left their loved ones on Earth, who have enlisted, and who have come to this tremendous red desert. And they didn't do it to play, there are much safer ways to have fun. They didn't do it for the salary, there are jobs that are paid 10 times more. They didn't do it to kill, for machismo or for whatever reason you're thinking

PRESS

Ah yeah, then tell me, if you know, why would you do it?

S.ARMY-SAPIENS-SEARCH-R2-P1-SA
-CORPORAL

Because it was the right thing to do. We understood we cannot just say "someone else will do it anyway". Because the government of Earth, which is also your government, decided that Vrokja's security was important. And when you care about the safety of a place, you don't send opinion leaders and showgirls. You send soldiers. And don't send them where they would be safe: as you can see we are not at the North Pole with the Sphaericus. You send them where thousands of people die everyday, like here, in the Great Red. And when they call us, we go because we are adults

S.ARMY-SAPIENS-SEARCH-R2-P1-SA
-PRIVATE1

Yes!

S.ARMY-SAPIENS-SEARCH-R2-P1-SA
-PRIVATE2

Well said

S.ARMY-SAPIENS-SEARCH-R2-P1-SA
-CORPORAL

Do you want to know what I see when I look at you?

PRESS

Let's hear

S.ARMY-SAPIENS-SEARCH-R2-P1-SA
-CORPORAL

I see a rich and spoiled girl, who always looks at everyone badly. With the money of mum and dad, she traveled the world, but always and only in beautiful and fashionable cities, to understand what her "vocation" was. Then she decided to become an imitation of a third-rate journalist. Obviously a pacifist, because it's so nice to say you're a pacifist, it makes you feel clean, right?

But then, as soon as the Ministry says we're at war, you run to ask permission to come here as a war correspondent.

PRESS

To document the horror of war

S.ARMY-SAPIENS-SEARCH-R2-P1-SA
-CORPORAL

You could have done it without us. This planet is full of undercover journalists, but they don't ask for an escort even to go pissing. Some have arrived completely alone, risking everything. But not you. You wanted to look like the tough girl who goes to war with soldiers and criticizes everything they do. If I'm wrong, tell me. But I dare you to tell me, without being pedantic. For once say something without thinking to be the only one to know the truth. Show me that things didn't go as I described them

PRESS stares at him speechless

S.ARMY-SAPIENS-SEARCH-R2-P1-SA
-CORPORAL

As I thought

S.ARMY-SAPIENS-SEARCH-R2-P1-SA
-PRIVATE1

Do you know what bothers me more? You put that red and white "Press" on your chest and back, as if someone here could give a damn. You are convinced that these people will not kill you if they see that you are a journalist. Look at these corpses. Thousands of poisoned people died. Do you think whoever did it is interested in your harness? Because if you think it's safe to go to a war zone, on another planet, with a piece of cloth attached to make you invulnerable, here, the only child is you.

S.ARMY-SAPIENS-SEARCH-R2-P1-SA
-PRIVATE2

Yeah. And if you die, we adults are in trouble. That's the only reason we always keep an eye on you.

PRESS walks away crying but trying to cover the tears and goes towards a pile of corpses

240 EXT. NATOKA/PILE OF CORPSES - CONTINUOUS

PRESS kicks a stone.

The stone hits the pile of corpses, accidentally knocking out the safety pin of a grenade.

The grenade explodes.

PRESS is thrown away by the explosion as shreds of corpses cover her

241 EXT. NATOKA/HOSPITAL TENT - NIGHT

PRESS wakes up.

She has a bandage on her head.

She staggers and walks in a daze.

She grabs a laser rifle and grenades.

She exits the tent

242 INT. MINISTRY OF DEFENSE/WAR ROOM - DAY

Overlay: Earth - Ministry of Defense - 12 September 2050

S.ARMY-GENERAL (FIRST)

Mr. Minister, our forensic doctors and our chemists have provided us with the report we requested. It was a question of poisoning, but of completely natural origin. The toxin was present in all the wells in the city of Natoka, but it almost certainly came there from a polluted aquifer, as the toxin had previously also been found in the river where the sewage from ...

S.ARMY-GENERAL (FIRST) reads from a sheet

S.ARMY-GENERAL (FIRST)

(reading a paper)

... the sewage from the city of Sdubo Florp ends

MINISTER OF DEFENSE

Never heard

S.ARMY-GENERAL (FIRST)

It's not in the desert, it's in the mountains. Moreover, citizens of Natoka and even Mutantis prisoners have also died, which shows that this was not a deliberate action

MINISTER OF DEFENSE

You couldn't give me worse news

S.ARMY-GENERAL (FIRST)

I don't understand

MINISTER OF DEFENSE

It wouldn't have been a problem to tell the public that a hidden and cowardly enemy had hit us with poison. To say that thousands of our people died because no one had checked that the water was safe to drink, well, that gets us into trouble. Destroy that relationship. The truth will be that they have been poisoned

S.ARMY-GENERAL (FIRST)

Yes, Mr. Minister

MINISTER OF DEFENSE

And send new troops

S.ARMY-GENERAL (FIRST)

Yes, Mr. Minister

SPD DIRECTOR

I'll take care of the news

MINISTER OF DEFENSE

I trust you

243 INT. NEWSCAST - DAY

The screen behind the ANCHORMAN shows Natoka with the overlay "Poisoned by a cowardly enemy"

ANCHORMAN

Vrokjan brutal campaign of hate and violence against us continues. The Mutantis poisoned our sons and daughters at the battlefield. We went to their rescue, offering a hand as a sign of friendship, and they repaid us by poisoning the water our soldiers drank. Our revenge will be quick and agile. Right now new troops are being trained, ready to leave today for Vrokja. The report of our sexy correspondent

244 INT. COMMON SHOWERS - DAY

SEXY JOURNALIST is interviewing NAKED FEMALE SOLDIERS and NAKED MALE SOLDIERS in the shower while they wash themselves

SEXY JOURNALIST

What a nice hot shower. It makes you want to stay naked and wet all day. Will you also have them on Vrokja?

NAKED FEMALE SOLDIER 1

I'm afraid not. Our Search Regiment has been assigned to the Great Red, where rainfall is practically zero. And with the poisoning of the Natoka wells we will have to bring drinking water from Earth, so this is the last shower for the next few months.

SEXY JOURNALIST

Nooo. But your hair is so curly and fluffy, won't it get messy with sand without ever shampoo and conditioner?

NAKED FEMALE SOLDIER 1

I can say that my hair will be the least of my problems

SEXY JOURNALIST

And what worries you instead?

NAKED FEMALE SOLDIER 2

I'm only worried about ambushes. The Great Red is full of tunnels and caverns, often almost invisible from the surface. Some lead up to the mountain range that cuts the central continent in two. The enemy can use them to keep troops and supplies coming in

SEXY JOURNALIST

But there will be these handsome musclemen to protect you, right?

The video shifts to the NAKED MALE SOLDIERS and then back to SEXY JOURNALIST and the NAKED FEMALE SOLDIERS

NAKED FEMALE PRIVATE 3

Who tells you that we won't be saving their lives?

SEXY JOURNALIST

Oh, that would be romantic. Tell me: has any love story already been born? Is there anyone you like?

NAKED FEMALE SOLDIER 3

Sure. I have a serious relationship with my laser rifle. I pull the trigger and he kills. Until the battery runs out, I have nothing to complain about

245 INT. DESERT/KARROK'S TENT - NIGHT

Overlay: Vrokja - Karrok's Refuge - September 19, 2050

KARROK, PUSPIL and GARAT are there with their own bodyguards

KARROK

Garat, Puspil, I am happy that you accepted my invitation and that you were able to come here safely to my shelter

PUSPIL

And I am happy that I was invited

GARAT

The same is true for me

KARROK

Let's begin by the heart of the matter. Puspil, my people are grateful to you for liberating the city of Natoka from the Space Army. And we do not criticize the use of poison per se as a weapon.

PUSPIL

I feel a "but" is coming.

KARROK

Puspil, you have also poisoned the civilians of Natoka

PUSPIL

So what? They were all Homo Similis, not Homo Mutantis like you, or Homo Venenumphallus like me or Homo Magnauxor like Garat. What's the problem? They were enemies

KARROK

Prisoned Mutantis also died. Think about it: prisoners drink water too. And that's not the point: the Similis are not our enemies. The Similis who enlist in the Space Army, with the intent to exterminate us from the first to the last, those are enemies. And you can poison them all. But not all Similis are so

PUSPIL

They could have enlisted in the future

KARROK

Of course not! They had agreed to hide our children among theirs. They had put their children's lives in danger to save ours, and so we betrayed them.

PUSPIL

In war it happens

KARROK

In war it happens! But do you hear what you say? Tell me, how are we going to ask other cities to hide the children now, if everyone in the Great Red thinks of us as poisoners of wells? Nobody will be crazy to do us a favor anymore, our reputation is now zero

GARAT

I agree. We Magnauxors have been respected for millennia. Everyone, in the Great Red and in the mountains, has always seen us as fierce fearless warriors. I don't want anyone to think we are too cowardly to face the enemy on the battlefield. I don't want anything to do with the poison

PUSPIL

Finally some honesty. As I understand it, your only problem Karrok is losing your reputation as a good guy who kills very little. And your only problem Garat is to lose that of the worthy Queen of your people. Well, since we're on the subject, I'll be the one to tell you. Your reputation was worth 0 before Pallok even came to bother me. Do you want to know what they really say about you?

KARROK

I'm all ears

PUSPIL

Karrok the coward, they call you. Karrok fleeing the Space Army. Karrok who attacks only when hidden in the shadows. Karrok digging tunnels like a sandworm. Ask anyone, everyone thinks this of you

GARAT

Well, it's true

KARROK

Do you agree with him?

GARAT

Where were you when Natoka was under the control of the Space Army? We looked for you everywhere

KARROK

I was hiding here, where I am now. It was the Space Protection Department that told me to escape, and if I didn't, I would be dead now.

PUSPIL

The SPD? Are you taking orders from the earthlings while we wage war on the earthlings?

KARROK

I don't take orders from anyone. I give orders. But I can accept good advice, whoever gives it

PUSPIL

So I'll give you some good advice: don't trust the SPD

KARROK

It's obvious that I don't trust the SPD. I don't trust anyone

GARAT

Frankly speaking none of us 3 trust the other 2. Each of us entered this tent with his own bodyguards. It is not a sign of trust. We 3 are also all armed. So we don't even trust our bodyguards

EVERYONE looks worried

PUSPIL

Who would ever trust a Mutantis?
Who would ever trust a Magnauxor?

GARAT

What did you dare to say?

PUSPIL

Garat, how did you become Queen?

GARAT

By killing the previous Queen, as decided by the ancient law

PUSPIL

What did you do after becoming Queen?

GARAT

I fucked her husbands, as the as decided by the ancient law

PUSPIL

And someone should trust you? You fuck anything that has a dick! You also fuck the males of other species

GARAT

I heard that your wife is also of another species. Isn't shw a Homo Venenumphallus?

PUSPIL

Yes, and I have been faithful to her since the day I saw her. How loyal to his own wife each of my men is

GARAT

Of course, if you come in contact with the sperm of another male you die. Easy to be faithful when you fear death. We conquer our males by fighting with honor between females. We do not poison anyone behind

GARAT

(to Karrok)

... and we do not change sex when the fight goes wrong

KARROK

Now it is not okay with how we Mutantis fuck?

246 EXT. DESERT/OUTSIDE KARROK'S TENT - CONTINUOUS

3 armies (MUTANTIS REBELS, MAGNAUXOR WOMEN, VENENUMPHALLUS MEN), are outside the tent waiting. PRESS is talking to people of all armies. She still has the bandages on her head

PRESS

So, correct me if I'm wrong, you Mutantis just wanted your families to be safe. And maybe rebuild your homes, right?

MUTANTIS REBEL 3

That's right

PRESS

Were you ever interested in waging war on the Space Army?

MUTANTIS REBEL 3

Yes and no. If by making war we can make them return to their homes, and we return to our lives, then we accept war. That's why we followed Karrok. But we certainly don't like killing. We just like to hit each other, punch each other in the balls, change sex and fuck on the field. This is how children are born, by the way

PRESS turns to MAGNAUXOR WOMAN 3

PRESS

And if I understand correctly, even for you Magnauxor this conflict is not what you expected

MAGNAUXOR WOMAN 3

That's right. We thought we would kill other women in battle and steal their husbands. And that after a few weeks we would return to Vetrameco full of males to hatch our eggs

PRESS

Eggs?

MAGNAUXOR WOMAN 3

Yes, eggs. We only do the beginning of the pregnancy. Then the egg is given to the male who hatches it until it opens. If you've had sex with multiple men that's not a problem: each male recognizes his egg by the smell and knows whose father it is. But Garat brought us here to this desert where the males are ugly, tall and don't hatch eggs. I think I expelled one drunk a few weeks ago, and lost it. I feel terribly guilty

VENENUMPHALLUS MAN 2

Puspil had promised us that no one would despise us anymore. Because we know what they say about us. Nobody wants a man whose sperm is poison, even if women are completely immune to the poison.

PRESS

What if a man puts it in another man's mouth or ass?

VENENUMPHALLUS MAN 2

Well, he dies. But who would be crazy enough to do such a thing?

PRESS

Most human species do it. I have many friends who do it

VENENUMPHALLUS MAN 2

Crazy. But if you are not a Mutantis, a Magnauxor or a VenenumPhallus, who are you? Are you a Similis?

PRESS

Let's say i'm a member of the species that is similar to the Similis

MUTANTIS REBEL 3

Are you a Sapiens ?????

PRESS

Guessed

VENENUMPHALLUS MAN 2

But you were born here on Vrokja?

PRESS

No

VENENUMPHALLUS MAN 2

(incredulous)

On Earth?

PRESS

Almost. I was born on the moon. My parents worked at CERN on the Moon

MAGNAUXOR WOMAN 3

What is the Moon?

PRESS

It's like a tiny planet orbiting the Earth

MUTANTIS REBEL 3

Wow! I can boast of having met a woman who has been to 3 different planets! Speaking of getting to know each other, what's your name?

PRESS

My name is ... my name is ... I don't remember my name

VENENUMPHALLUS MAN 2

How can you not remember your name?

PRESS

I can't explain it

MUTANTIS REBEL 3

And what were you doing on Earth?

PRESS

On Earth I was a ... I don't even remember that. Now that I think about it, I don't even remember getting here. Where the fuck are we?

MAGNAUXOR WOMAN 3

In the middle of the desert. You must have taken a good hit on the head. Are you sure you feel good?

PRESS

Yes, never felt better.

PRESS gets up, goes to the tent, from which the meeting between KARROK, GARAT and PUSPIL is taking place. PRESS grabs a grenade and throws it into the tent

247 INT. DESERT/KARROK'S TENT - CONTINUOUS

KARROK, PUSPIL and GARAT are yelling at each other. The grenade explodes. KARROK, PUSPIL and GARAT (and their bodyguards) die

248 EXT. DESERT/OUTSIDE KARROK'S TENT - CONTINUOUS

The 3 armies (MUTANTIS REBELS, MAGNAUXOR WOMEN, VENENUMPHALLUS MEN) watch Press in amazement

PRESS

My name is ... My name is ... My name is Karrok Garat Puspil. I am your Leader, your Queen and your King. Follow me and I will give you peace. Follow me and I'll let you fuck whoever you want, the way you want. Follow me and you will have hundreds of children. Or leave now, but know that if you do, you will be outcasts for your entire life. If you accept me as your supreme commander, prove it by following my first order: have an orgy!

The 3 armies cheer her and the orgy begins

PRESS

Yes

S.ARMY-SAPIENS-SEARCH-DIV.GENE

The Mutantis would have welcomed you without

PRESS

No, it is not

S.ARMY-SAPIENS-SEARCH-DIV.GENE

Of course it is. As soon as they enter they

PRESS

Then go to them. I have the coordinates of both their current location and all the hiding places they have used in the last few months

S.ARMY-SAPIENS-SEARCH-DIV.GENERAL

Karrok would have given you false coordinates

PRESS

Karrok is dead

S.ARMY-SAPIENS-SEARCH-DIV.GENERAL

Are you sure?

PRESS

Seen with my own eyes

S.ARMY-SAPIENS-SEARCH-DIV.GENERAL

They will try to avenge him

PRESS

I don't think so. They had an orgy when he died

S.ARMY-SAPIENS-SEARCH-DIV.GENERAL

Maybe it's their way of paying homage to the defunct leader

PRESS

Or maybe they just want to fuck

S.ARMY-SAPIENS-SEARCH-DIV.GENERAL

In any case only a madman would let them in or leave the base completely unguarded

PRESS

Send only the men and leave women in command

S.ARMY-SAPIENS-SEARCH-DIV.GENERAL

If it were a trap, I would lose even more than 50% of my troops

PRESS

Send a few soldiers on a reconnaissance mission. If they are killed you were right, you would have lost a few expendable men, but you will have all their positions. If they are not killed, I'm right and you win the war today

251 INT. INSIDE A DPTAV - DAY

S.ARMY-SAPIENS-SEARCH-R3-P1-SA-CORPORAL

Guys, I'll be honest with you. The mission is dangerous

S.ARMY-SAPIENS-SEARCH-R3-P1-SA-PRIVATE1

Who would've thought it!

S.ARMY-SAPIENS-SEARCH-R3-P1-SA-CORPORAL

We will enter the territory controlled by the Mutantis to see if they want to trap us or if they are really giving up. For me, 90% is a trap. But that 10% chance. that they want to end the war, is worth the risk

S.ARMY-SAPIENS-SEARCH-R3-P1-SA-PRIVATE2

Anyway, those in charge don't give a shit about anyone if we die

S.ARMY-SAPIENS-SEARCH-R3-P1-SA-CORPORAL

I'm in charge here. And if things go wrong, I'll die with you. So stop playing victims. Today we can save the lives of all our fellow soldiers. Or die with weapons in hand

S.ARMY-SAPIENS-SEARCH-R3-P1-SA
-PRIVATE3

But do we really have to fuck the Mutantis to make them surrender? I'm not gay, I don't want to fuck a man in the ass

S.ARMY-SAPIENS-SEARCH-R3-P1-SA
-CORPORAL

As usual, you didn't understand a word of the briefing. First we make them give up with a couple of punches in the balls. Then they become women. Then we fuck them

Corporal, when you say women ... do you mean they have pussy?

S.ARMY-SAPIENS-SEARCH-R3-P1-SA

252 EXT. DESERT - DAY

All 5 S.ARMY-SAPIENS-SEARCH-R3-P1-SA-* get out of the DPTAV.

Thousands of naked and unarmed MUTANTIS REBELS await them.

Some have prepared a huge table with food and drink

MUTANTIS REBEL 3 (nude man)

Only in 5? Well, worse for you. The deal was clear: you have to defeat us and fuck us all. I don't know how so few will succeed but it is a problem for your

S.ARMY-SAPIENS-SEARCH-R3-P1-SA
-CORPORAL

Do you authorize me to hit you with a slap in the balls?

MUTANTIS REBEL 3 (nude man)

Space Army usually don't ask for permission. If I have a choice, I would prefer a kick in the balla

S.ARMY-SAPIENS-SEARCH-R3-P1-SA-CORPORAL kicks with little force

MUTANTIS REBEL 3 (nude man)

Auh. A little harder please

S.ARMY-SAPIENS-SEARCH-R3-P1-SA-CORPORAL kicks very hard.

MUTANTIS REBEL 3 becomes a woman and touches

S.ARMY-SAPIENS-SEARCH-DIV.GENE

I'm sending more troops, Corporal

255 INT. OUTPOST 16/GENERAL'S OFFICE - NIGHT

S.ARMY-SAPIENS-SEARCH-DIV.GENE

Miss, I did as you said. Aside from me, all the men from the base have gone out. I still fear it may be a trap to attack us and take the base. But I totally trust every female soldier in every regiment of the Search Division. In fact, I trust them more than men when it comes to waging war on Mutantis.

PRESS

Because ... men only think about fucking,
even in the face of mortal danger?

S.ARMY-SAPIENS-SEARCH-DIV.GENE
RAL

Yes, something like that. Now that I think
about it, I haven't heard your name.

PRESS

I don't remember it

S.ARMY-SAPIENS-SEARCH-DIV.GENE
RAL

Don't you remember your name?

PRESS peels off the bandage showing her open skull.
A piece of brain is missing.

PRESS

(pointing at the open skull)
Probably my name was here, in the part flown
away with the grenade

S.ARMY-SAPIENS-SEARCH-DIV.GENE
RAL

That wound needs to be treated immediately. I
don't understand how you manage to be still
alive

PRESS

I don't understand many of those things. Who
knows how many memories there were that I
lost. Maybe even a part of my personality was
there and is no longer there.

S.ARMY-SAPIENS-SEARCH-DIV.GENE
RAL

Plausible

PRESS

In any case I have found a new way to replace
the old one. Even better, I have 3 names now

S.ARMY-SAPIENS-SEARCH-DIV.GENERAL

And what are they?

PRESS

Now my name is Karrok Garat Puspil, Leader of the Mutantis, Queen of Vetrameco, King of Sdubo Florp.

S.ARMY-SAPIENS-SEARCH-DIV.GENERAL

Oh shit

PRESS pulls out a knife and cuts the throat of
S.ARMY-SAPIENS-SEARCH-DIV.GENERAL

Thousands of MAGNAUXOR WOMEN yell

258 EXT. OUTPOST 16/INNER CAMP - NIGHT

Thousands of MAGNAUXOR WOMEN storm the outpost, overwhelming and killing the S.ARMY-SAPIENS-SEARCH-* female soldiers.
The battle lasts all night.
PRESS films the whole battle from the roof

Karrok Garat Puspil! Karrok Garat Puspil!

EPISODE 19: Shame

260 EXT. DESERT - DAY

S.ARMY-SAPIENS-SEARCH-* (only naked men) and MUTANTIS REBELS (naked men and women) sleep embraced. Some Mutantis returned men, others remained women because they were pregnant. The VENENUMPHALLUS MEN have all surrounded

VENENUMPHALLUS MEN
(jokingly shouting)
Wake up! Breakfast is ready

Space Army soldiers wake up terrified. Some have reactions of disgust at seeing MUTANTIS REBELS (naked men)

VOLTUS
(yelling)
Who is in charge? Is there a general?

S.ARMY-SAPIENS-SEARCH-R2-COLONEL stands up

S.ARMY-SAPIENS-SEARCH-R2-COLONEL
Me. The general delegated me, because I'm the Colonel with the most seniority

VOLTUS
Colonel, while you and your men slept, we surrounded you and removed the battery from your laser rifles

S.ARMY-SAPIENS-SEARCH-R2-COLONEL
You said you wanted surrender

S.ARMY-SAPIENS-SEARCH-R2-COLONEL
No. That was what the Mutantis said

S.ARMY-SAPIENS-SEARCH-R2-COLON
EL

And who are you? Are you Homo Similis?

VOLTUS

No. We are the Homo Venenumphallus, we come from Sdubo Florp, in the mountains. As surely you will have guessed I now have only 2 possibilities

S.ARMY-SAPIENS-SEARCH-R2-COLON
EL

Which ones?

VOLTUS

I can accept your unconditional surrender, accompany you to your headquarters and see you leave for Earth. Or I can give the order to open fire and see you all die. I'm sure others in my place would have already killed all of you tonight. Karrok, Garat and Puspil would have done so. And you would have done so too. But for us at Sdubo Florp, honor is a serious matter. And we don't like acting cowardly

S.ARMY-SAPIENS-SEARCH-R2-COLON
EL

I'm happy to see that certain rules are important on Vrokja too. We surrender

VOLTUS

Well. I must give you a message for Earth. From today the entire Central continent of Vrokja belongs only to us Venenumphallus, to our friends Mutantis and to our friends Magnauxor. Everyone else is no longer welcome, be it Sapiens, Similis, Polypusphallus, Montis or any other species

S.ARMY-SAPIENS-SEARCH-R2-COLON
EL

The entire continent? But you haven't
conquered the entire continent

VOLTUS

But we will. The Great Red, the mountains and
the Jungle will be one Great Kingdom, only
for these 3 species. The others will be able
to decide whether to walk away or face us and
the Magnauxors on the battlefield.

S.ARMY-SAPIENS-SEARCH-R2-COLON
EL

What about the Mutantis?

VOLTUS

They fought too much. And probably many of
them are on the first day of pregnancy. Let
them rest

S.ARMY-SAPIENS-SEARCH-R2-COLON
EL

Good. I will immediately report to Earth

261 INT. OUTPOST 16/INNER CAMP - DAY

PRESS

My name is Karrok Garat Puspil, and from
today the Central Continent is ours. Space
Army fuck you!

PRESS shows the middle finger

262 INT. NEWSCAST - DAY

Behind the ANCHORMAN the still image of PRESS's face on
a screen with the middle finger raised, and the images
of the MAGNAUXOR WOMEN killing the Space Army female
Soldiers on the other

ANCHORMAN

This is the face of Karrok. This is the face of evil. Don't be fooled by her feminine face. Mutantis can change their appearance from man to woman at will. As long as he lives, there will never be peace on Vrokja. As long as he lives, there will never be honor on Earth. He inflicted heavy casualties on the Space Army with a vile and merciless attack, but such an attack must be avenged. We need to send more troops. We have to find him. And we must kill him

263 INT. TALK SHOW - NIGHT

Behind the HOST WOMAN, the images of the corpses of the female soldiers.
Especially those who died in the most brutal way (severed heads, etc.)

HOST WOMAN

General, can you confirm that 100% of the women of the Search Division of the Space Army died?

S.ARMY-GENERAL (FIRST)

Unfortunately it is correct

HOST WOMAN

And that these women had been left alone to defend the outpost?

S.ARMY-GENERAL (FIRST)

Yes, this is correct too

HOST WOMAN

And is it true that while women were being massacred, men were in the middle of the desert having sex?

S.ARMY-GENERAL (FIRST)

No, no, no, you can't put the question in that way. The men were indeed in the desert, but on a mission

HOST WOMAN

And what did the mission consist of?

S.ARMY-GENERAL (FIRST)

Making the Mutantis surrender

HOST WOMAN

How?

S.ARMY-GENERAL (FIRST)

... er ... fucking them

HOST WOMAN

That's exactly what I said. Do you confirm that after the orgy the soldiers fell asleep? And then, the next morning, as soon as they woke up, they gave up?

S.ARMY-GENERAL (FIRST)

Of course they had to surrender because ...

HOST WOMAN

Is it true that no soldier fired a shot?

S.ARMY-GENERAL (FIRST)

They couldn't have fired

HOST WOMAN

And why?

S.ARMY-GENERAL (FIRST)

Their laser rifles batteries had been removed as they slept after the orgy

HOST WOMAN

So, no one noticed that all the rifles were being unarmed?

S.ARMY-GENERAL (FIRST)

Yes

TALK SHOW

Did they still have grenades?

S.ARMY-GENERAL (FIRST)

I don't know

HOST WOMAN

Don't you know?

S.ARMY-GENERAL (FIRST)

In any case, no one would have thought of using them. If they had done so many of them would have died

HOST WOMAN

Maybe they would have died avenging the female soldiers. How many women surrendered while defending the base?

S.ARMY-GENERAL (FIRST)

None

Cheers from the AUDIENCE, especially by the young girls

HOST WOMAN

So 100% of women died fighting and not giving up, while 100% of men had a fuck, gave up and went home safe and sound

S.ARMY-GENERAL (FIRST)

One man died

HOST WOMAN

Indeed! And who would this hero be?

S.ARMY-GENERAL (FIRST)

The Divisional General. He was not present at the orgy but remained at the outpost

HOST WOMAN

How come? Doesn't he like to fuck Mutantis?

S.ARMY-GENERAL (FIRST)

What are you saying! The General could not leave the outpost

HOST WOMAN

And why?

S.ARMY-GENERAL (FIRST)

The protocol provides for it. Generals cannot leave the outposts, it is too dangerous to send them to the battlefield with the troops

HOST WOMAN

I understand. So the only man who died, died of cowardice. If he had had the courage to go with his men, he would have been saved. I don't think there is need to say more

FATHER IN TEARS stands up from the audience and goes in front of the S.ARMY-GENERAL (FIRST)

FATHER IN TEARS

A month ago you showed my daughter naked while taking a shower

S.ARMY-GENERAL (FIRST)

Those shots were not authorized and would never have ...

FATHER IN TEARS

Shut up! You enjoyed showing the female soldiers with their pussies out. Who knows how many perverts jerked off looking at them. I called her as soon as I saw the report on TV. I was furious. Do you know what she told me? That it was normal for male soldiers and female soldiers to be naked together. That sex has nothing to do with war. That there was no shame. That men and women fight together, as brothers and sisters. That they were all there to do their duty.

S.ARMY-GENERAL (FIRST)

Your daughter is right

FATHER IN TEARS looks at the screen which still shows the bodies of the soldiers

FATHER IN TEARS

I see my daughter's body on one side. And the head not far away

S.ARMY-GENERAL (FIRST)

I offer you my condolences for your loss

FATHER IN TEARS

Does sex have anything to do with war? She was wrong, it has to do with it. Is there anything to be ashamed of? There she was right, at least she had nothing to be ashamed of, but the same cannot be said of you others. What are women for you? Meat to show to propaganda cameras? Bodies to be tortured by the enemy? Soldiers are not brothers and sisters. And I don't know what their duty is. I just know what's my duty as father

FATHER IN TEARS draws a laser gun and points it at the S.ARMY-GENERAL (FIRST).

EVERYONE (except the General) is terrified.

FATHER IN TEARS shoots.

S.ARMY-GENERAL (FIRST) dies instantly

264 INT. HOUSE - DAY

SPECTATOR 1 and SPECTATOR 2, on the couch are watching TV when an image of PRESS with the words "Karrok" passes by

SPECTATOR 1

Wait...I know that girl

SPECTATOR 2

What are you saying?

SPECTATOR 1

Her name is not Karrok. And she isn't from Vrokja. She was studying journalism with me a few years ago

SPECTATOR 2

Are you sure?

SPECTATOR 1 takes a photo from the phone

SPECTATOR 1

Here she is. 100% Sapiens and earthlings. I don't know what she's doing there but she's not who she says to be

SPECTATOR 2

So.... they lied to us about everything. It's all fake. The whole war with the Mutantis is a colossal lie. The General they shot yesterday is also fake

SPECTATOR 1

Well, I don't know that now

SPECTATOR 2

Well, yes, of course it is. First they invent an enemy with an absurd name like Karrok. So the Parliament gives money to the armed forces to make war on them. Months and months of war and they don't find it. Don't you think it's strange?

SPECTATOR 1

I don't know. Maybe the desert is huge

SPECTATOR 2

Oh well! Then after burning billions looking for someone they know doesn't exist, they take a porn actresses and shoot the scene in the shower. But do you think real soldiers would do such a thing?

SPECTATOR 1

Boh

SPECTATOR 2

Then they send all the real soldiers far into the desert. Maybe they blackmail them and say that if they talk they kill them or they kill their families on earth.

SPECTATOR 1

It's impossible, they should have made thousands of people lie

SPECTATOR 2

And do you know one in person?

SPECTATOR 1

No okay, but what's that got to do with it?

SPECTATOR 2

Then they take special effects experts and make us believe that women died heroically while defending the base, without even a man with them. Come on! Do you think that in 2050 people are fighting by detaching their heads with their bare hands?

SPECTATOR 1

This thing about the detaching head is strange, but everything is possible

SPECTATOR 2

Please open your eyes and don't believe this bullshit! And then, last night, icing on the cake, they took a loser actor, they put him in a General's uniform and they pretended to kill him

SPECTATOR 1

No, he's really dead. The news is everywhere

SPECTATOR 2

And why was everyone in the studio afraid and he wasn't? It seemed as if he wanted to say to the guy who shot, obviously an actor too, "Come on shoot me, I know it's a blanks"

SPECTATOR 1

An actor, however, would have acted to be afraid, so as not to make it clear that the gun has blanks

SPECTATOR 2

Because they used a real soldier to play the part of the General who dies! So he didn't know how to play the part of the one who's afraid because he wasn't a professional actor

SPECTATOR 1

But sorry, do you think they make such a plot and can't find an actor who knows how to be afraid? But anyway that's the real General, it's full of videos of him

SPECTATOR 2

Of course! The General has always been an actor all these years. An actor who had to play the part of the fearless General. Maybe he wanted a pay raise, or threatened to tell the truth. Did you notice how the reporter always silenced him?

SPECTATOR 1

I only agree that the journalist always silenced him. And was the reporter part of the plot?

SPECTATOR 2

Obviously. The fake general had been told that the gun was blanks, and he was calm to let us at home understand that he knew it was blanks. But the reporter knew it was actually true. For this he was afraid. She feared she might be hit by mistake. Do you remember that he said that a man was also dead?

SPECTATOR 1

Yes, the Divisional General, the one left at the Outpost with the women

SPECTATOR 2

Left at the outpost while the make-up artists put fake corpses here and there. 2 Generals out of 2 killed. Don't you think it's a coincidence? The reporter also said that if the other General went where he needed to go he would be alive. They killed the only 2 actors who had evidence of the conspiracy! The world must know

SPD SPY 1

Do you know why I'm here?

TOROT

Yes. Half of the time the SPD sends someone to ask me a favor, the other half sends someone to give me information

SPD SPY 1

And this time which one would be of the 2?

TOROT

None of the 2. This time the SPD sent you to ask me for information. I find it funny, you who ask me for information, but that's it, right?

SPD SPY 1

And what information would I have come to ask you?

TOROT

You want to know what happened to those imbecile Marines you sent me last May

SPD SPY 1

At least they got this far

TOROT

Yes, and they left my house safe and sound

SPD SPY 1

I feared you had killed them

TOROT

I am a man of business, I won't kill if I don't earn something

SPD SPY 1

And where did they go?

TOROT

I don't know what they did as soon as they left my house. I also gave them up for dead. But luck would have it that one of mine saw them a few days ago. At the head of 4 armies

SPD SPY 1

4 armies?

TOROT

Yes, your Marines were in charge of 4 different armies

SPD SPY 1

Fantastic. And where?

TOROT

I don't give free information. But luckily for you, they are very cheap

SPD SPY 1

What do you want?

TOROT

Access to one of your port spaces. And some space from time to time on the departing rockets

SPD SPY 1

To trade what?

TOROT

So there are 2 things you want to know. The price goes up

SPD SPY 1

Tell me where I find the Marines and you will have all the space you want

TOROT

Ob Festoko's valley. But you better hurry up

266 INT. MINISTRY OF DEFENSE/WAR ROOM - DAY

Overlay: Earth - Ministry of Defense - October 17, 2050

S.ARMY-GENERAL (SECOND)

I only had 2 days to analyze the situation on Vrokja but ...

MINISTER OF DEFENSE

But?

S.ARMY-GENERAL (SECOND)

But my suggestion is to let go

MINISTER OF DEFENSE

Surrender to the enemy? After what they did to us? Do not avenge the slain soldiers?

S.ARMY-GENERAL (SECOND)

As a soldier, there is nothing I want more than to avenge the comrades who have fallen in battle. As a man who believes in honor, the death of all those girls is a shame to be washed with the blood of the enemy. If I were still a simple soldier, I would have asked for permission to volunteer for a punitive expedition. But I am no longer a simple soldier. My duty today is to be in charge of the entire Space Army.

MINISTER OF DEFENSE

And what does this duty entail today?

S.ARMY-GENERAL (SECOND)

To do some calculations. First of all we need to calculate how many troops could die if the war continued. How many at best and how many at worst. Then calculate the probability of winning. Finally weigh the results obtained. My predecessor, rest in peace, had too much optimism and was never able to foresee any of the defeats that have taken place. We have to admit some truths. The first is that the enemy knows the Great Red far better than we do. The second is that the enemy has an extraordinary talent for finding new allies who always provide fresh troops. The third is that civilians and enemies for our troops are indistinguishable. The fourth is that our troops are used to fighting having the technological advantage on their side. In some warlike aspects it seems to have returned to the 20th century. On Vrokja we don't even have spy satellites and real-time communications networks. If we could get live images...

MINISTER OF DEFENSE

The Sphaericus do not want. Their, as they call it, "collective will" ...

S.ARMY-GENERAL (SECOND)

"Shared Will"

MINISTER OF DEFENSE

Yes, that. I still haven't figured out what it is. A Parliament? A Government? A Constitution? An internal regulation? A series of values? In any case, they are against it. No satellites, mobile networks, etc. But you soldiers always tend to forget the political aspect of the question.

S.ARMY-GENERAL (SECOND)

That is?

MINISTER OF DEFENSE

The purpose of this war is not to conquer a Vrokjan desert. We are full of deserts on Earth, and we have for decades stopped waging war to control them. And our deserts at least had, I know, oil, or methane, or valuable minerals. The Great Red, if I understand correctly, is a gigantic mold. There is absolutely nothing inside

S.ARMY-GENERAL (SECOND)

So the purpose?

MINISTER OF DEFENSE

Show our friends in the Vrokjan North Pole that we can bring peace to their planet. That we are able to do the one thing they can't do: War. If they had known how to wage war, they would have been the ones to conquer, not only the Great Red, but all the Vrokjani continents. But if that had been the case, who knows, maybe they would never have even contacted us. Today none of us would know the planet Vrokja, or the Sphaericus technology.

We would still believe we live on the only inhabited planet in the Universe. There wouldn't even be a Space Army. Or a Space Navy. Or a Space Air Force. Or the Space Marines. Or the SPD

The 4 generals look worried

SPD DIRECTOR

Minister, as usual I agree 100% with you. And this time I also agree on something said by the new Space Army General: that the Space Army cannot win this war, at least not without a huge cost in human lives. And I'm sure the same also applies to Marines, Navy and Air Force. Furthermore, I would point out to you a second political question much more serious than the first

MINISTER OF DEFENSE

More serious?

SPD DIRECTOR

The survival of the state itself is in danger. Today public opinion is clamoring for 2 things First: that Karrok, and all his troops, die. Second: no more dead in our troops

SPACE MARINES GENERAL

Fucking civilians! They want everything but without getting their hands dirty

SPD DIRECTOR

I have the solution. We can create a mercenary army, something that will never even have our uniforms, and launch it without hesitation against Karrok. If it wins, we'll say he was our army from the beginning. And ours will be the victory. If it loses, patience! It's still half a victory because it will have inflicted losses to Karrok's Army

MINISTER OF DEFENSE

How much time do you need?

SPD DIRECTOR

A few weeks

S.ARMY-GENERAL (SECOND)

Impossible. Thousands of people are not being recruited and trained in such a short time.

SPD DIRECTOR

Mr. Minister, I guarantee you we can do it. If you authorize me, obviously

MINISTER OF DEFENSE

I authorize you

ARTHUR and MELOG enter the tent staggering drunk

ARTHUR

Furut, there's someone out there who wants to
talk to you

FURUT

Did you search him?

ARTHUR

Melog, did we search him?

MELOG

No

HANS

I'll do it

HANS exits and soon comes back with SPD SPY 1

SPD SPY 1

I have to speak privately with FURUT

FURUT

I have no secrets for my Marines

SPD SPY 1

Good. The SPD sends you a gift

FURUT

Oh really?

SPD SPY 1

Yes. Karrok's coordinates, and the estimate of his troops, and of the weapons in possession

FURUT

Not a gift. You came to give me the order to attack. But I don't take orders from you. I will attack if I want to attack. And I'm more than sure that if I attack, at the end, the glory would all go to the Space Army

SPD SPY 1

So you didn't know?

FURUT

What?

SPD SPY 1

The Space Army escaped from the planet

FURUT

From the entire planet?

SPD SPY 1

Not quite, they still have troops on the other continents, but not on this one. Karrok has put to flight all the soldiers present in the Great Red, forcing them to flee

HANS

And the Space Army has never had troops neither in the jungle, nor in the mountains

SPIA SPD 1

Precisely. So unless you have a boat, you won't see any Space Army soldiers. Of course, now that I have told you that the greatest army of all time has been put on the run, you will be too afraid to attack, I understand that if you say no to me

FURUT

You really hope that I am stupid enough to say:

FURUT

(mocking)

Okay, let's run to certain death, to show the SPD that we are not scared

FURUT

These means are used with children

SPD SPY 1

That was plan A, but I knew it wouldn't work. My plan B is to make you understand what is at stake. Defeat Karrok, avenge the Space Army, and all earthlings will love you. Your name will end up in our history books, you will be considered the greatest general of all time

FURUT

(laughing)

General!

FURUT

Pass me that map

SPD SPY 1 hands him a map, FURUT opens it on the ground.

On the map indications about Press's troops, indicated as Karrok's troops

FURUT

So so so ... the Magnauxor and Venenumphallus are with them. We can destroy them without problems

FURUT

Excellent. I run to report to the SPD that you will attack

FURUT

Hans, you know what to do

HANS jumps at the SPD SPY 1 and strangles him with his bare hands while smiling with joy

ARTHUR

So are we attacking or not?

FURUT

Of course we attack

MELOG

Yeeeeeeeeeah!

MELOG fires a couple of laser rifle shots in the air piercing the curtain.

MELOG

Sorry. I'm going to piss. I'm drunk

EPISODE 21: The final ruler

269 EXT. OUTPOST 16 + NEW BOUNDARY WALLS AND DOOR/OUT - DAY

Overlay: Vrokja - Outpost 16 - November 1, 2050

ARMY OF PRESS is composed of:

VENENUMPHALLUS MEN: with laser rifles and grenades;
over the walls

MAGNAUXOR WOMEN: bare hands; deployed outside, forming
a C, with the aim of striking and surrounding ARMY OF
FURUT

ARMY OF FURUT (few hundred meters in front of the
boundary walls) is composed of:

OBFESTOKIAN MEN: with improvised melee weapons; on the
first line; less trained, considered expendable

VADILONIAN HOPLITE WOMEN: with long spears; on the
second line; ready to withstand the impact of the
MAGNAUXOR WOMEN

RADDERIAN WARRIORS: with bow and arrows; to the right
of the second line, lined up diagonally

STRUMTONIAN SWORDSMEN: with swords, heavy armours and
shields; to the left of the second line, lined up
diagonally

FURUT, LUST, HANS, ARTHUR and MELOG: with laser rifles
and neutron grenades; behind all

ALEKSANDRA: in the multicopter; hovering over and
protecting the ARMY OF FURUT while trying to avoid
VENENUMPHALLUS MEN laser rifles.

The battle goes in this way for all day:

- 1) OBFESTOKIANS run and scream at MAGNAUXORS
- 2) MAGNAUXORS instinctively set off against them

- 3) This makes harder, for VENENUMPHALLUS, to offer covering fire
- 4) MAGNAUXORS have the better over OB FESTOKO. An average of 5 Ob Festoko die for each Magnauxor.
- 5) OBFESTOKIANS retreat. VADILONIANS open passages to let them pass and then regroup. When the MAGNAUXORS impact against the VADILONIANS line, they cannot even penetrate the first row of spears because the VADILONIANS have a high morale.
- 6) STRUMTONIANS make a pincer maneuver and close the MAGNAUXORS between themselves and the VADILONIANS
- 7) MAGNAUXORS, unwilling and unable to retreat, fight to the death (for many hours) inflicting heavy losses on VADILONIANS and STRUMTONS
- 8) At the same time, the RADDERIANS advance under the boundary walls firing arrows at the VENENUMPHALLUS above. RADDERIANS use the Cantabrian circle technique, but on foot.
- 9) VENENUMPHALLUS shoot the RADDERIANS with rifles, but often miss their aim because the Radderians are never stationary. VENENUMPHALLUS , on the other hand, are all stopped at their positions.
- 10) Somme VENENUMPHALLUS throw grenades inflicting a casualties on the RADDERIANS
- 11) ALEKSANDRA focuses all the fire on the front door, always flying in a zigzag way to avoid being hit by the laser rifles
- 12) When the door gives way, the RADDERIANS enter. Many RADDERIANS are shot down upon entering because the bottleneck makes them more vulnerable to VENENUMPHALLUS fire, but they manage to enter because they are in large numbers.
- 13) ALEKSANDRA lands and picks up FURUT, LUSUT, ARTHUR, MELOG and Hans. Then they take off
- 14) The battle between MAGNAUXOR, STRUMTONIANS and VADILONIAN continues.

270 EXT. OUTPOST 16 + NEW BOUNDARY WALLS AND DOOR/INNER CAMP - DAY

The battle between VENENUMPHALLUS and RADDERIANS moves from outside to inside.

ALEKSANDRA lands in a relatively clear spot.

FURUT, LUSUT, ARTHUR, MELOG and HANS exit.

ALEKSANDRA takes off again and provides covering fire. FURUT, LUSUT, ARTHUR, MELOG and HANS take part in the clashes.

The battle continues for hours in all the buildings and clearings of the outpost.

271 EXT. OUTPOST 16/INNER CAMP - SUNSET

The VENENUMPHALLUS surrender and throw down their weapons.

The MAGNAUXOR are all dead.

Entire ARMY OF FURUT (who survived) is inside the courtyard.

Thousands of corpses everywhere

272 EXT. OUTPOST 16/GENERAL'S OFFICE - NIGHT

FURUT, LUSUT, HANS, ARTHUR and MELOG stare at PRESS. PRESS is bloody and tied to a chair

FURUT

Crazy. All this toil and you're not even Karrok. You don't know who you are. And you're not even from this planet

HANS

If you think she's lying, I can continue the interrogation.

FURUT

No, I believe her. Look at the hole in her head, I believe she doesn't remember

LUSUT makes a gesture

FURUT

Yes, you're right Lusut. If after killing Karrok, Garat and Puspil she did nothing, absolutely nothing, the War would be over. But luckily for me, she wanted to play war. And here we are all. Hans, you can kill her

HANS

I really wanted to keep torturing and raping
her

FURUT

Why? She has already said everything

HANS

Just for fun

ARTHUR has an expression of disgust towards HANS

FURUT

Ok, go. I want her dead before sunrise: she
knows too many things. Marines, let's leave
him alone and go to get drugs, we deserve it

ARTHUR, MELOG, FURUT and LUSUT exit.

273 INT. SPACE AIR FORCE GENERAL'S OFFICE - DAYS

Overlay: Earth - Space Air Force Headquarters -
November 3, 2050

SPD DIRECTOR

Here I am. What did you want to show me?

SPACE AIR FORCE GENERAL

Some photos

Photos scroll on a screen behind the General

SPACE AIR FORCE GENERAL

In this one, 2 days ago, the mercenary army
recruited by the SPD defeats the enemies of
the Space Army. A big success

SPD DIRECTOR

Ok

SPACE AIR FORCE GENERAL changes photo

Then there is this one from a few weeks ago
in which your agent talks to the madman at
the head of this army. Then there is this
other, even older, where your army conquers a
city, then this other where it conquers
another different city, this other photo,
this other, this other ...

DIRECTOR SPD

I got it, I got it, you are the greatest
voyeurs in history

SPACE AIR FORCE GENERAL

Did you think we would believe the lie of the
army of mercenaries enlisted in a few days?

SPD DIRECTOR

No, I just needed the Minister to believe it.
I think it worked

SPACE AIR FORCE GENERAL

You had an army for months. Months. And you let the Space Army be annihilated. All those earthlings lives lost

SPD DIRECTOR

You didn't call me to blame me. Nor to tell me that you will tell the Minister everything. If you wanted to, you would have already done so. Of course, you would have run the risk of the Minister using his brains and realizing that you too have known about this army for months

SPACE AIR FORCE GENERAL

I can tell the Minister we didn't know it was your army

SPD DIRECTOR

Even worse. You knew of such a threat and you have not warned anyone. Nor took initiative. The voyeurs of the skies just watched. Not a great defense. But do you know what I'm telling you? You did just fine spying on us. As you are doing just fine now in blackmailing me

SPACE AIR FORCE GENERAL

Blackmailing you? But if I didn't ask you anything

SPD DIRECTOR

Yeah, but we both know I'm not the kind of guy that needs things to be told explicitly. Especially when it comes to blackmail. You have to admit I have a natural talent for that

SPACE AIR FORCE GENERAL

Undeniable

SPD DIRECTOR

You know, it bothered me too that I knew your sordid little secrets and you none of ours. It almost made me uncomfortable. Now we are even. You called me to tell me this: that if I continue to keep my mouth shut on you, you will keep my mouth shut on us. I'm sincere, double blackmail is a situation that I like very much

SPACE AIR FORCE GENERAL

Sincere? When have you ever been sincere with someone

SPD DIRECTOR

The last time I was sincere I was with my mother. I was 5 years old

SPACE AIR FORCE GENERAL

I know you are an orphan for birth. You lie even when you admit to lying. You are amazing

SPD MANAGER.

Seeing how good I am? You, on the other hand, would not know how to keep a secret even if you wanted to, this worries me a little, but for now I will ignore it

SPACE AIR FORCE GENERAL

Empty words

SPD DIRECTOR

Earlier you said "earthlings lives lost". You didn't say "human". In one word, you admitted what I know from before you were appointed General. That you don't care about the Vrokjans. And mind you, I'm not criticizing you. It doesn't matter to me either

SPACE AIR FORCE GENERAL

You don't care, unless it's convenient for you to care. You think only to your personal interests

SPD DIRECTOR

Ok, but now let's avoid the cliché of the hard and pure General who puts ideals first. More to say or can I go?

SPACE AIR FORCE GENERAL

One last question. How many Space Marines are aware of your plot?

SPD DIRECTOR

Only those you see in the photos

SPACE AIR FORCE GENERAL

What about the General?

SPD DIRECTOR

He only knows that I "stole" some men from him, he doesn't know the purpose

SPACE AIR FORCE GENERAL

Didn't he ask?

SPD DIRECTOR

No. Maybe he thinks his conscience is cleaner that way. Can I ask you for a microscopic personal favor?

SPACE AIR FORCE GENERAL

Let's hear

SPD DIRECTOR

Would you print the first picture for me? It turned out so well and I want to show it to the Minister. And I will say that you have given a hand

SPACE AIR FORCE GENERAL

You are incorrigible

274 EXT. MINISTRY OF DEFENSE/SQUARE AHEAD - DAY

SEXY JOURNALIST, dressed in an excessively provocative way, interviews the MINISTER OF DEFENSE, very embarrassed but also excited

MINISTER OF DEFENSE

Today is a day to be celebrated and remembered forever. Karrok is dead. With him, or with her, all his troops. Our female soldiers have been avenged. Now the Vrokjans need no longer fear anything. The Great Red is the safest place on Vrokja

SEXY JOURNALIST

And how did we avenge them? Was it the Space Army?

MINISTER OF DEFENSE

No, no, no. It was another army that I personally created, using only troops from the Great Red

SEXY JOURNALIST

Some thought it was the SPD that created it

MINISTER OF DEFENSE

Nonsense. As I have already said in the past, the only power of the SPD is to give advice to our armed forces on how to move around Vrokja and how to interact with local populations. Nothing more

SEXY JOURNALIST

Thank you Minister

275 INT. NEWSCAST - DAY

FURUT is dressed like Julius Caesar (toga, laurel wreath, etc.). He is seated on a throne.

Near to him:

LUSUT has a neutral expression.
HANS smiles with happiness.
ARTHUR has an incredulous expression.
MELOG is drugged and absent-eyed.
The Marines have their uniforms perfectly clean,
patched and ironed.

ALEKSANDRA is hovering the multicopter a few meters
high.

In the background:
VADILONIAN HOPLITE WOMEN
STRUMTONIAN SWORDSMEN
RADDERIAN WARRIORS
OBFESTOKIAN MEN
VENENUMPHALLUS MEN

FURUT

My beloved Vrokjan subjects, it is your new
emperor speaking to you. My name is Furut
First. I have brought peace to the Great Red.
I defeated the evil Karrok. I killed the
soldiers who were still loyal to her, and
accepted those who surrendered to me into my
arms. Thanks to me, the whole Central
Continent is at peace. No species or people
will be forced to abandon it. But I can't
stop there. I will bring peace to all of
Vrokja. Today I declare the entire Planet
Vrokja as my Empire. From the North Pole to
the South Pole, every emerged land, every
ocean, every mountain, every island, every
desert, every cavern, is now part of the
empire of Furut First. Accept me as your
rightful emperor, and you will live in peace.
Refuse to do this, and you will die

277 INT. SPULLAGOF'S OFFICE ON EARTH - DAY

SPULLAGOF has just seen on the news the scene of FURUT proclaiming himself emperor.
He turns off the volume on the TV, takes his cell phone, calls the number under "Minister of Defense"

SPULLAGOF

(on the phone)

Good morning, have you seen the news?

278 INT. MINISTRY OF DEFENSE/WAR ROOM - DAY

MINISTER OF DEFENSE, S.ARMY-GENERAL (SECOND), SPACE MARINES GENERAL, SPD DIRECTOR are yelling at each other, red in face.
AIR FORCE GENERAL says nothing.
SPACE NAVY ADMIRAL is doing pen calculations on a piece of paper

MINISTER OF DEFENSE

(yelling and banging his fist on the table)

Hush! You are 5 dickheads. That's what you are

MINISTER OF DEFENSE

But the most stupid in here is me who listened to you all these months. Your every plan has proved a failure, all the time. And now everyone says I'm the idiot in this mess and they want my resignation. But if my head falls, so do yours

MINISTER OF DEFENSE

(shouting)

Admiral! Stop scribbling numbers!

SPACE NAVY ADMIRAL

(in a low voice)

Maybe I found

MINISTER OF DEFENSE

I don't hear it

SPACE NAVY ADMIRAL

Maybe I found the solution. Not only for this Furut First, but a long-term solution for the whole Central Continent

MINISTER OF DEFENSE

If it's another bullshit I swear I'll punch you

SPACE NAVY ADMIRAL

I calculated that a 100 gigatons thermobaric bomb would surely destroy the Great Red and the West side of the mountains with a single shot. Maybe the jungle and the eastern side of the mountains would be saved, maybe not. In any case we are talking about losing from half to 1 continent

S.ARMY-GENERAL (SECOND), SPACE MARINES GENERAL, SPACE AIR FORCE GENERAL and SPD DIRECTOR burst out laughing

S.ARMY-GENERAL (SECOND)

(laughing)

100 Gigatons! Ah, ah, ah. 100 Gigatons!

MINISTER OF DEFENSE

(shouting)

Silence!

MINISTER OF DEFENSE

Continue Admiral

SPACE NAVY ADMIRAL

Obviously we couldn't say that we committed a genocide of an entire continent just to kill Furut First and his troops

MINISTER OF DEFENSE

Couldn't we?

SPACE NAVY ADMIRAL

But we could do better. We have an advantage: such a powerful device does not exist. The most powerful thermobaric bombs stop at 1 megaton. This should be 100,000 times more powerful.

MINISTER OF DEFENSE

Why would it be an advantage?

SPACE NAVY ADMIRAL

Because no one could accuse us of using a bomb that does not exist. We should build it in great secrecy, and then say that Furut First created it. We could make it look like an accident. We could say that while his engineers were building the most powerful bomb ever, it "exploded in his hand"

SPACE NAVY ADMIRAL makes the gesture of quotation marks with his fingers

SPACE NAVY ADMIRAL

Also to say that it exploded by itself, would not force anyone to take revenge in a later fight. To public opinion it would only seem like a deserved punishment. They dared too much and their pride punished them

SPD DIRECTOR

Furut First has no engineers capable of building such a bomb. They fight with stolen rifles and medieval weapons

SPACE AIR FORCE GENERAL

The Sphaericus, however, could build it. We blame them. Let's say it's a bomb built by the Sphaericus to eliminate other vrokjan species

SPD DIRECTOR

Nobody would believe us. Everyone knows that they are too pacifists even to throw a punch, imagine a genocide

SPACE AIR FORCE GENERAL

Then the opposite: let's say that some Sphaericus were forced to build it by Furut First. Sphaericus kidnapped and forced under death threat to build a bomb to destroy their own homeland, and who died in the explosion itself

SPD DIRECTOR

The Sphaericus would like to know the names of their fellow citizens who would have made it

SPACE AIR FORCE GENERAL

Of course, the names ... they will have their names. It will be enough for the SPD to kidnap, even today, some Sphaericus, perhaps some thermobaric engineers. After that you just have to kill them and pulverize the corpses

SPD DIRECTOR

It is impossible to infiltrate agents at the Vrokjan North Pole

SPACE AIR FORCE GENERAL

Kidnap them here on Earth. It's full of visiting Sphaericus scientists

SPACE NAVY ADMIRAL

We can build the bomb in a couple of months. We are not launching it directly from a submarine, that would be too obvious. Our landing troops will carry it by hand. We will bring it to the exact center of the Great Red

SPD DIRECTOR

After that, we will tell the public that we have just discovered that Furut First is creating a weapon of mass destruction and that we will try to convince him to dismantle it with diplomacy. Maybe we even set up a peace meeting, a summit, something like that

SPACE AIR FORCE GENERAL

And before even the negotiations start, we detonate the bomb

MINISTER OF DEFENSE

You can see that when you don't fight but collaborate together, you manage to formulate good ideas. Perfect. Plan approved. Maximum secrecy, obviously

SPD MANAGER

Obviously

SPACE AIR FORCE GENERAL

Obviously

SPACE NAVY ADMIRAL

Obviously

SPACE MARINES GENERAL

Obviously

S.ARMY-GENERAL (SECOND)

Mr. Minister, if this is the plan, I cannot accept to be part of it. I resign with immediate effect

MINISTER OF DEFENSE.

And will you keep your mouth shut General?

S.ARMY-GENERAL (SECOND)

Sure. I am always bound by military secrecy.
Violating it would go against the rules.

MINISTER OF DEFENSE

Not enough for me. Arrest him and keep him in
solitary confinement until further notice. No
lawyer or conjugal visits

Central Continent

ROBERT presses a button and a frame of FURUT's speech
is projected.

ROBERT points to FURUT

ROBERT

This madman proclaimed himself emperor

MAYA

Oh shit! Uh, sorry

ROBERT

You're right Maya: a shitty situation. Due to
the incompetence of the Space Army, a
complete stranger has taken power by force.
And of course we have the task of settling
the matter. An experimental model of a
thermobaric bomb will be delivered to us in a
few weeks. A 100 Gigatons bomb. It will sweep
through the entire Central continent in one
fell swoop. I need 2 volunteers to take the
bomb to the center of the Desert, trigger it,
and then escape as fast as possible.

CARL

I volunteer

ROBERT

I was sure of it. I imagine that Boris will want to come with you too

BORIS

Well, I didn't offer myself immediately just because I'm perplexed about how we will carry, in the middle of the Desert, a device that will weigh several tons

ROBERT

Don't be afraid sailor: a friend of mine who owes me a favor, well more of one, will have us find a truck along the north coast of the Central Continent. You and Carl will take turns driving so you don't get too tired

ROBERT exits

MAYA walks up to DYLAN

MAYA

(whispers in ear)

Could you come in my room for a minute?

280 INT. SUBMARINE/MAYA'S ROOM

MAYA

Are we crazy? Exterminate every single man, woman and child of the Central Continent? It would be the worst genocide in history

DYLAN

I thought the exact same thing

MAYA

We can't stain our hands with all those innocent lives

DYLAN

I didn't sign up for this madness

MAYA

You have to stop it!

DYLAN

Me?

MAYA

You're the only one who can do it

DYLAN

The Captain would never listen to me

MAYA

Of course not. You have to go there and prevent it

DYLAN

How?

MAYA

The bomb will arrive in a few weeks, okay? And then it will have to be taken to the coast. And then from there to the Center of the Desert

DYLAN

So?

MAYA

Escape tonight in your diving suit. Swim to the coast. From there, run to where that kind of emperor is and warn him. An entire army will have no problem with Carl and Boris alone

DYLAN

But this is desertion. If not high treason

MAYA

Yes it is. It's important?

DYLAN

I don't want to be remembered as someone who has passed to the enemy

MAYA

Nobody would want that. But would you prefer to be remembered as one who did nothing to prevent his chief comrades from exterminating entire peoples? Do you prefer to be remembered as someone who only knew how to obey orders, even when they were madness?

DYLAN

Of course not

MAYA

And then you could kill Carl and Boris. Don't tell me you don't desire it more than anything else

DYLAN

I'll go tonight. But not to kill those 2 assholes, I do it for the good of humanity. Of Vrokja and Earth. May the next generations never be ashamed of this crime. However, before leaving, I want to make love with you for the last time

DYLAN and MAYA make love very romantically

FURUT stares at DYLAN

FURUT

At this point the hypotheses are only 2: either you lie on purpose or you tell the truth. Or the Space Navy is really going to kill millions of people with a bomb no one could ever build, pulverizing an entire continent, just to kill me. Or is it a trap to catch me

HANS

Do I torture him?

FURUT

No Hans, can't you see he's more dead than alive? And you can't say that in the last times I haven't let you entertain

HANS

And I am grateful to you, my Emperor

FURUT

Sailor, For 99% I do not believe you. No, for 99.9999% I don't believe you. Yet the possibility that you are telling the truth cannot be ignored. But I'm not going to expose myself in person, I need volunteers to ...

HANS

I offer myself a volunteer

FURUT

No, Hans, you and Lusut serve me here

ARTHUR

Me, Melog and Aleksandra will go. With the multicopter we will intercept the convoy carrying the bomb from above. So, if it were to be a trap, only the 3 of us would die. Is it okay for you, Melog?

MELOG

Of course yes! And I'm sure Aleksandra would say the same

HANS

But if you die, we will also lose our only multicopter. In case of attack it would be our only chance of safety

FURUT

It's true. But it is a risk that we must take. And an emperor doesn't need an escape vehicle.

HANS

I beg your pardon

FURUT

Arthur, Melog, try to survive. And bring the scared sailor with you

282 INT. MULTICOPTER - DAY

ALEKSANDRA sleeps naked embraced by 3 NAKED GIRLS.
ARTHUR, MELOG and DYLAN enter

MELOG

Wake up Ale! We leave

ALEKSANDRA and the 3 NAKED GIRLS wake up

ALEKSANDRA

(yawning)

The party is over, get down from my multicopter

3 NAKED GIRLS get up and go off offended

ALEKSANDRA

Where do we go and who the fuck is him?

MELOG

We leave for a suicide mission, at the suggestion of Arthur. He is a Space Navy deserter who will lead us to kill his former comrades

DYLAN

My name is Dylan Bounty and I am not a deserter. I'm just trying to do the right thing

ALEKSANDRA

Nice to meet you. My name is Aleksandra Pavolv, the fat guy is Melog, and the kid is Arthur Tchaikovsky

DYLAN

Tchaikovsky? Are you related to Maya Tchaikovsky?

ARTHUR

I have a cousin named like that, but I haven't seen her in a while. I doubt you know her. Last time I saw her she gave me a blow job, I was at a funeral, if I remember

DYLAN

(hysterical laugh)

Ahhhhhhh! Now I understand! Now I understand! Now I understand! Now I understand!

ALEKSANDRA

You're not too well, sailor

DYLAN puts a hand on ARTHUR's shoulder and DYLAN seems to get calm

DYLAN

I'll do everything possible to make you survive Maya's cousin

ARTHUR

How nice, today everyone cares about my life

283 EXT. DESERT - SUNSET

A civilian truck is crossing the Great Red. The Multicopter arrives from afar and stops in hover before being completely above

284 INT. MULTICOPTER - SUNSET

ARTHUR and MELOG are inside
DYLAN is looking out the open door and holding his
harpoon

DYLAN
(speaking to himself)
Now I'll show you what it means to be a man

285 EXT. TRUCK - SUNSET - SNIPER HARPOON VIEW

The harpoon's optics frame CARL and BORIS inside the
truck.
One at a time they are killed by harpoon shots that
pierce the glass of the truck.

286 INT. MULTICOPTER - SUNSET

DYLAN
Anyone can drive a truck?

ARTHUR
No, but I can learn

DYLAN
Ok, then we escort you from above. It will
take all night to get back to the Palace

**287 EXT. IMPERIAL PALACE (FORMER OUTPOST 16)/INNER CAMP
- DAWN**

The truck is parked.
Behind the truck are ARTHUR, FURUT, LUSUT and HANS.
ARTHUR has the laser rifle slung over his shoulder.
The others are unarmed

ARTHUR
(agitated)
Furut, I drove this beast all night but it
was worth it. Dylan was right

FURUT
(yawning)
Who is Dylan? And what is this thing?

ARTHUR
(agitated)
Watch

ARTHUR presses a button.
The back of the truck opens to show a giant thermobaric bomb

ARTHUR
Calm, it is not active. There is a need for a code and luckily the Space Navy sailors hadn't entered it. But it's exactly what it looks like. A gigantic 100 gigatons thermobaric device. Enough to blow up the whole Central Continent

FURUT
So I did well to trust the sailor

FURUT undresses completely.
He has an erection.
He gets into the back of the truck and has sex with the bomb.
LUSUT, HANS and ARTHUR laugh
After ejaculating on the bomb, FURUT gets dressed

FURUT
Thank you very much Arthur. It was certainly the best fuck of my life, but that's not the only point. When last November I proclaimed myself Emperor of all Vrokja, also following Hans suggestion ...

HANS makes a gesture of thanks with his head

FURUT

... I was afraid that I would never find a way to conquer the other Continents. That mine would be just an empty proclamation, and that I would have to be satisfied for being the emperor of the Central Continent alone. Or even worse, only the Great Red and the Mountains, without the Jungle. In fact, when I think about it, I don't even control all the cities in the Mountains. Offonbork, for example, has not yet given up. But this bomb changes everything.

This bomb is the gift I needed.
And I'm incredibly grateful to you for bringing it to me. We'll find a way to activate it.

HANS

I'll find someone who can bypass security, my Emperor

ARTHUR

Why?

FURUT

Simple. If it's good for blowing up the Central Continent, then it's good for any other Continent. Especially good for exploding the North Pole

ARTHUR

What does the North Pole have to do with it?

FURUT

When the Vrokjans see that I have incinerated all the Sphaericus, the entire planet will surrender at my feet. And then, of all, it is the continent that I would least like to conquer. It's just ice and scientists

ARTHUR backs away

ARTHUR

You can't kill 1 billion Sphaericus. It would be the worst genocide in history

FURUT

Come on Arthur, Melog doesn't care about Sphaericus, and he's half Sphaericus. No one will cry

ARTHUR points the gun at FURUT

HANS

Arthur, lowers the gun. Don't you dare point the gun at your emperor

ARTHUR

(in a choked voice)

I have to

FURUT

You too Arthur, my friend

ARTHUR shoots and kills FURUT with a shot in the head. Then he kills HANS in the same way. Then points the rifle at LUSUT. LUSUT remains impassive. ARTHUR lowers the rifle after a while.

ARTHUR

Lusut, maybe I should kill you too, but I can't.

LUSUT walks away.

MELOG arrives

MELOG

Did you just kill them?

ARTHUR

Yes

MELOG

I expected that sooner or later you would kill Hans, but not Furut

ARTHUR

Is that all? Is that what you have to say?

MELOG

No, actually I came to tell you something else

ARTHUR

What?

MELOG

I just realized it's January 17th 2051. Happy
17th birthday Arthur

ARTHUR

Happy 17th birthday Melog

MELOG takes out 2 joints and hands one to ARTHUR.
MELOG lights his own and passes the lighter to ARTHUR
who lights his own

ARTHUR

Exactly one year since we joined the Marines

MELOG

Do you say we're still Marines?

ARTHUR

I don't know. I don't know who I am anymore,

MELOG

Maybe it's better if we go from here

288 EXT. IMPERIAL PALACE (FORMER OUTPOST 16) - DAWN

The view moves from ARTHUR and MELOG higher and higher
until showing all the Great Red, then the Central
Continent and finally the entire planet
