NATALIE, 21, an intern, walks through the office door and over to the desk. She’s tall, slender, with long brown hair and brown eyes. She carries a stack of papers in her hands and wears scrubs. She sits the papers on the desk. She turns around to be greeted by DR. LEE. Dr. Lee is an Asian women, medium height, dark hair, dark eyes and dressed in a doctor’s uniform.

NATALIE
Dr. Lee, you scared me. I thought you were out for lunch.

DR. LEE
Something came up. Are those the papers I asked for?

NATALIE
They are.

DR. LEE
Perfect.

Natalie approaches the door to leave, but Dr. Lee stops her from exiting.

DR. LEE
Natalie?

Natalie turns around and faces her.

NATALIE
Yes?

DR. LEE
Please. Have a seat. I’ve been meaning to talk to you.

NATALIE
Okay.

Natalie takes a seat at the chair in front of the desk. Dr. Lee sits on the opposite side.

DR. LEE
I’m really grateful to have you here as an intern. You’ve been such a great help and over the past few months you have made excellent

DR. LEE (cont’d)  progress. You work well under pressure and you get the job done, Natalie.

NATALIE  Thank you. Even though this is an internship I take it very serious, Dr. Lee.

DR. LEE  I can see that. I normally don’t do this, but I’d like to make you an offer, Natalie.

NATALIE  Really?

DR. LEE  How would you like to work for me? It’ll be part-time for now, but once you’re finished with school we can talk full-time. You’ll be my assistant. It’ll be like what you’re doing now, but you’ll be getting paid for it.

Natalie smiles.

NATALIE  Wow. That sounds great. Thank you so much! I accept.

DR. LEE  Great. Why don’t you give me your school schedule again and I’ll see what I can do on giving you a set schedule here.

NATALIE  I’ll do that.

DR. LEE  Perfect. Well I have a lot of papers to look at. I’ll give you a call if I need you.

NATALIE  No problem.

Natalie exits.
INT. CAFETERIA

Natalie and CARMEN, another intern, same age, African American, are seated at a table. Both have plates of food in front of them. Carmen has dark hair that falls to her shoulders, dark eyes and also wears scrubs.

CARMEN
Good for you, girl! That’s really exciting.

NATALIE
Thanks. I mean, it’s something to put on my resume and it gets me out of the Pizza Shack.

CARMEN
I’m totally jealous. I can’t stand interning for Dr. Nash. He’s a total asshole and I think he’s a complete sexist.

NATALIE
You should sit down and have a talk with him.

CARMEN
Tried that. There’s no use. He’s an idiot. He don’t want to her a thing I have to say.

ALEX, a male intern, same age, wearing scrubs, takes a seat next to them. He’s tall with brown hair and eyes.

ALEX
I heard the news. Words travels fast behind the walls of Morgan County Hospital. Congrats!

NATALIE
Thanks.

ALEX
Feel free to put in a good word for me, okay?

Natalie and Carmen smile.

NATALIE
Gotcha.

Alex opens his can of coke and takes a sip. Natalie and Carmen continue eating.
EXT. MORGAN COUNTY HOSPITAL - PARKING LOT

MARK DANIELS, an officer, 34, tall, shaved brown hair, green eyes, slight facial hair, leans against the wall smoking a cigarette. He’s approached by LEO SANCHEZ, another officer, shorter, slicked black hair, tan skin, brown eyes. He leans against the wall next to him.

LEO
It’s hot as hell out here today, eh?

MARK
It’s hot out here every damn day, Leo. Where the hell is Kicks?

LEO
Around back.

MARK
Doing what?

LEO
Just the normal search of the grounds.

MARK
Join him.

LEO
You got it.

Leo walks off. Mark grabs out his cell phone and dials his wife. She answers, but isn’t heard.

MARK
Hey sweetie. It’s me. Look. I think I’m going to pull an overnight. I know, I know. I promised I’d be home tonight, but funds are tight and we could use the extra cash. I’ll make it up to you tomorrow night. I promise.

He listens to her for a few seconds.

MARK
Call you later. Love you, sweetie. Bye.

He hangs up.
INT. TOYOTA CAMRY

REESE, 21, sits behind the wheel of his car with his little nephew RYAN, 7, in the backseat. Reese stands about 5’10” with short brown hair and blue eyes. He’s wearing a white v-neck t-shirt, black cardigan, blue jeans and a pair of brown flip-flops. Ryan has a short cut with blue eyes. He wears a t-shirt, jeans and sneakers. He’s holding his arm and crying.

REESE

Hold on, buddy. We’re almost there.
It’s going to be okay.

RYAN

It hurts!

REESE

I know, I know. The doctors are going to fix you and make it all better. I promise.

Reese turns into the hospital parking lot. He parks the car and steps out.

EXT. MORGAN COUNTY HOSPITAL - PARKING LOT

He runs around to the side of the car and opens the door. He slowly gets Ryan out of the car.

RYAN

Not too fast!

KICKS, 28, another officer, approaches them. He is tall, slender but muscular, with dark hair and eyes.

KICKS

Is everything okay?

Reese turns his attention toward him.

REESE

It’s my nephew. He’s hurt. I think he broke his arm.

KICKS

You need help?

REESE

Please.
Kicks reaches in the car and grabs Ryan. He picks him up and starts carrying him to the hospital. Reese shuts the car door and follows them.

INT. MORGAN COUNTY HOSPITAL - HALLWAY

Dr. Lee makes her way down the hallway. She carries a stack of papers in her hands. She also carries a small black case at her side. She approaches an elevator. Her cell phone rings. She answers it.

DR. LEE
I’m on my way.

She hangs up. She presses the down button on the elevator and waits a few seconds. It opens. She steps on.

INT. DR. LEE’S OFFICE

Natalie walks back into Dr. Lee’s office with more papers in her hands.

NATALIE
Dr. Lee?

She notices Dr. Lee is gone. She walks over to her chair and takes a seat. She puts her feet up on her desk. She smiles as if she’s the new doctor in charge. The door opens. Natalie jumps up. Carmen enters.

NATALIE
Jesus! You scared me.

CARMEN
Sorry. What the heck were you just doing?

NATALIE
Nothing.

CARMEN
I’m sure.

Natalie smiles.

NATALIE
What’s up?

CARMEN
I’m looking for Dr. Nash. Have you seen him?

(CONTINUED)
NATALIE

Nope.

CARMEN

He said he was meeting with Dr. Lee, but I guess not.

NATALIE

Lee’s not here. I came to give her some more files she asked for, but she took off.

INT. MORGAN COUNTY HOSPITAL - LOBBY

Reese stands at the REGINA’S, the receptionist’s, desk and is talking with her. Regina is short, professionally dressed with brown hair that’s pulled into a bun and brown eyes.

REESE

Is there anyway a doctor can see him right now?

REGINA

I just need you to fill out this paper work first.

She hands him a stack of papers.

REESE

You’re kidding me, right?

REGINA

Unfortunately, I’m not. It’ll only take a minute, sir. We just need the patient’s information.

REESE

He’s my nephew. I don’t know his social security number or anything like that.

REGINA

Where’s his mother?

REESE

I already told you. She’s out of town with my parents.

REGINA

Just fill out the information to best of your knowledge, sir.

(Continued)
Reese takes the papers and walks off. He walks over to Ryan who’s seated next to Kicks.

RESE
How are you feeling?

RYAN
If I sit still I can barely feel it.

RESE
The doctor’s gonna come out here soon. Don’t worry.

Kicks turns to Reese.

KICKS
I’m Jake, but you can call me Kicks.

RESE
Nice to meet you, Kicks. I’m Reese, but you can call me Reese.

Kicks smiles. They shake hands.

KICKS
Nice to meet you.

RESE
Thanks for helping out. I really appreciate it.

KICKS
It’s no problem.

Leo enters the lobby through the glass doors to see Kicks sitting there.

LEO
Kicks, come on. Mark’s out here looking for you.

Kicks turns to Reese.

KICKS
I have to go. I guess I’ll see you around.

RESE
Bye.

Kicks walks over to Leo. The two of them exit.
INT. BASEMENT

Dr. Lee makes her way through the basement and over to a very large door. On the side of the door is a pad where is a password is required to enter. She pushes the password on the buttons and the door opens. She enters.

INT. LABORATORY

Dr. Lee walks in to see DR. NASH, a male doctor who’s tall and African American. Dr. Nash is standing over a patient who’s lying dead on a table. There are three other doctors in the room with them; DR. NELSON, DR. ABLE and DR. GREEN.

DR. LEE
How’s the patient?

DR. NASH
Just like the others.

DR. LEE
Dead?

DR. NASH
You got it.

DR. LEE
Dispose of him.

DR. NASH
No problem.

Dr. Lee approaches Dr. Nelson, a small female doctor with red hair and green eyes.

DR. LEE
What’s this?

Dr. Lee points to the papers in Dr. Nelson’s hand.

DR. NELSON
Notes.

DR. LEE
Perfect.

Dr. Nelson hands her the notes and then walks away. Dr. Lee skims through them. She drops the papers. She turns around and walks over to Dr. Nash.
DR. LEE
So what happened?

DR. NASH
We injected the body with the serum and nothing happened.

DR. LEE
There should be no reason as to why this isn’t working!

DR. NASH
Maybe it’s just not possible, Dr. Lee.

DR. LEE
What’s not possible?

DR. NASH
To bring the dead back to life.

Dr. Nelson is heard screaming. Dr. Lee and Dr. Nash turn around to see her running toward them.

DR. LEE
What’s wrong?

DR. NELSON
It’s alive!

Dr. Lee and Dr. Nash run to the door Dr. Nelson came running out of. It’s the room where Dr. Able and Dr. Green went to dispose the body on the operating table.

INT. DISPOSAL ROOM

Dr. Lee and Dr. Nash enter the room to see Dr. Green on the floor being ripped apart by the dead patient. He’s reaching out for help.

DR. GREEN
Help me!

Dr. Lee and Dr. Nash do nothing. They look over to see Dr. Able laying on the floor reaching for help. Dr. Able is bleeding from the neck.

DR. ABLE
Please...

Dr. Lee looks to Dr. Nash.
DR. LEE
There’s no such thing as impossible, Dr. Nash.

Dr. Lee pulls a handgun out of her pocket and aims it at the dead corpse, pulls the trigger and sends a bullet flying into the back of it’s head. It falls over. Dr. Lee and Dr. Nash approach Dr. Green.

DR. GREEN
Help...

Dr. Lee looks down at him. She takes aim with her gun and shoots him in the head.

DR. NASH
Whoa! What the hell did you do that for? We could have saved him.

DR. LEE
I just did.

Dr. Nelson comes running into the room to see what’s going on. She screams.

DR. LEE
Quiet!

Dr. Nelson shuts up.

DR. NELSON
Are they dead?

DR. LEE
Yes.

DR. NELSON
What did we do?

DR. LEE
Something amazing.

DR. NELSON
You’re a sick woman! I know what you did. I’ll tell every what went on down here. You won’t get away with this!

DR. LEE
I won’t?

Dr. Lee takes aim with her gun and pulls the trigger sending a bullet into Dr. Nelson’s chest killing her.

(CONTINUED)
DR. NASH
Now was that really called for, Dr. Lee?

DR. LEE
Do you understand what we just did down here, Dr. Nash?

DR. NASH
I’m still trying to figure that out.

DR. LEE
We just discovered a serum that will bring the dead back to life, Dr. Nash. Do you have any idea how much money we’re going to make off this? Just think about it.

DR. NASH
I understand, but I don’t want to be rich at the expense of other people’s lives.

DR. LEE
I did what I had to do. Dr. Nelson was going to bring us down. She was trouble from the start. Dr. Green and Dr. Able. Now that was just an accident.

DR. NASH
Why can’t we just use the serum and bring them back?

DR. LEE
They’re dead. You saw what just happened to Dr. Green, right? I doubt you’d want the same thing to happen to you.

DR. NASH
True.

All of a sudden Dr. Able grabs Dr. Lee by the foot. She screams. Dr. Nash runs out of the room. Dr. Able sinks his teeth into Dr. Lee’s ankle. She drops to the ground. The gun drops too and slides across the room. Dr. Able climbs on top of Dr. Lee and bites her in the neck. Dr. Lee screams for help, but Dr. Nash is no where to be found.
INT. LABORATORY

Dr. Nash faces the door to the disposal room. He looks around the room for a sharp object and ends up grabbing a scalpel.

 **DR. NASH**

Shit.

Dr. Lee’s screams come to a stop. Dr. Nash stands in silence before calling out her name.

 **DR. NASH**

Dr. Lee?

Nothing. Dr. Nash approaches the door when all of a sudden Dr. Lee comes out and grabs him. He screams. The two of them fall to the ground. Dr. Nash sinks the scalpel through Dr. Lee’s eye. She falls off him. He stands up and runs for the exit door. He reaches it. He’s then grabbed Dr. Able and pulled to the floor. He screams. Dr. Able bites him in the neck. He begins to bleed. Dr. Lee crawls over to him and on top of him. She bites him on the other side of his neck and joins Dr. Able in devouring him. The door to the laboratory slowly opens up. Dr. Nash had entered the password just in time before he was devoured.

EXT. MORGAN COUNTY HOSPITAL – PARKING LOT

Reese makes his way out of the hospital and through the parking lot over to his car. He walks right pass Officer Mark, Leo and Kicks.

 **KICKS**

I’ll be back.

Kicks follows Reese.

 **MARK**

Where’s he going?

 **LEO**

Looks like he found himself a little boyfriend.

Kicks approaches Reese who’s pulling his cell phone out of his car through the window. He turns around to see Kicks standing there. He startled him.

 **KICKS**

Sorry.

REESE
You scared me.

KICKS
Sorry about that.

REESE
It’s fine.

Reese looks at him.

KICKS
I just wanted to ask you how your nephew was.

REESE
You’re not stalking me now, Officer kicks, are you?

Reese smiles.

KICKS
Maybe.

The two smile.

INT. MORGAN COUNTY HOSPITAL - HALLWAY

Natalie and Carmen are making their way down the hall when they bump into Alex.

ALEX
Shit.

Alex dropped papers onto the floor. Natalie and Carmen both bend over to help him pick them up.

NATALIE
Sorry.

ALEX
It’s fine. What are guys in such a rush for anyway?

NATALIE
We’re looking for Dr. Lee and Dr. Nash. Have you seen them?

ALEX
I haven’t seen Dr. Nash, but last time I saw Dr. Lee she was heading into the basement.
Natalie and Carmen look at each other.

INT. BASEMENT

Natalie, Carmen and Alex are in the basement. They’re slowly making their way down the hall.

CARMEN
Basements freak me out and it’s dark as hell down here.

NATALIE
Relax.

They walk further down the hall.

ALEX
Where the hell could they be down here?

NATALIE
Not sure.

They walk over to a door and open it up. Natalie looks inside to see it’s an electric room.

NATALIE
Nothing.

She closes the door and they continue making their way down the hall.

NATALIE
Dr. Lee?

No response.

CARMEN
Dr. Nash?

No response. They continue walking further down the hall and turn left. At the end of that hall they see the large door with the pad on the side. The door is closed. The three of them stop.

ALEX
For some reason I really don’t want to know what’s on the other side of that door.

(CONTINUED)
NATALIE
I admit... it’s a little odd, but what could it possibly be? This is a hospital not a morgue.

Alex and Carmen give Natalie a "look."

CARMEN
Really?

NATALIE
Bad analogy.

Dr. Lee comes walking in front of the door. The three show a sigh of relief. They start walking toward her.

NATALIE
Dr. Lee, I’ve been looking all over for you.

CARMEN
Is Dr. Nash with you?

NATALIE
I’ve pulled more of those files you wanted me...

They realize Dr. Lee isn’t talking.

NATALIE
Dr. Lee... is everything okay?

The three of them stop in their tracks. They look at each other.

ALEX
Why isn’t she talking?

NATALIE
Dr. Lee?

Dr. Lee’s face comes into view. The three of them scream at the sight. They turn around to run, but they’re greeted by Dr. Nash. They scream again. He grabs Alex and bites him in the neck. Alex screams. Dr. Nash falls with him to the ground. Dr. Lee joins in devouring him. Natalie and Carmen take off running down the hall. They run to a door and try to open it, but it doesn’t open.

CARMEN
Shit!

(CONTINUED)
NATALIE
Let’s just run back to the fucking elevator!

They continue running when they bump into Dr. Able. They scream again. They turn back around and run down the hall again. They come to a stop to see Dr. Nash and Dr. Lee both standing there.

CARMEN
Oh, shit. This isn’t good. Not good at all.

Alex walks around the corner and stands with them.

NATALIE
Come on.

Natalie grabs Carmen by the hand and the two of them run into the electrical room.

INT. ELECTRICAL ROOM

Natalie slams the door closed behind them. She bolts the lock at the top and locks the lock on the knob. She looks at Carmen.

CARMEN
What the fuck was wrong with them?! Did you see their face?!

NATALIE
I don’t know.

CARMEN
Dr. Nash and Dr. Lee just killed Alex, Natalie. They just fucking ate him!

NATALIE
Calm down. I’m trying to think of a way out of here.

Carmen sits on the ground against the wall. She puts her head in her hands.

CARMEN
Dear Lord, please. I do not want to die like this.

Natalie is looking around the room.

(CONTINUED)
NATALIE
There’s not even a fucking window
down here.

CARMEN
Of course not.

Natalie finds a crowbar. She grabs it. Carmen looks at her.

CARMEN
What the hell are you going to do
with that?

NATALIE
I don’t know. But if they get in
here I’d rather have this in my
hands then nothing at all.

CARMEN
Shit.

NATALIE
Do you have you cell phone on you
at all?

CARMEN
No.

NATALIE
Fuck.

CARMEN
We should stay here. Someone will
come looking for us, right?

NATALIE
Maybe.

CARMEN
What do you mean?

NATALIE
Someone may come, but we don’t know
when they’ll come. By the time they
do come we could be dead.

CARMEN
Don’t talk like that. We’re not
going to die... right?

NATALIE
We need to think of a way out of
here right now.
Natalie sits on the ground next to Carmen.

INT. PATIENT’S ROOM

DR. JENKINS finishes putting a cast on Ryan’s arm. Ryan’s sitting on the edge of the operating bed.

   DR. JENKINS
   There you go.

Dr. Jenkins is an African American male with dreadlocks and is tall with light eyes. Reese walks into the room.

   REESE
   Hey buddy!

   RYAN
   Hey Reese.

Reese looks to Dr. Jenkins.

   REESE
   Thanks a lot.

   DR. JENKINS
   No problem.

Dr. Jenkins exits. Reese sits on the edge of the bed with Ryan.

   REESE
   How do you feel?

   RYAN
   Better.

   REESE
   I am so sorry I left you alone, buddy. I will never ever let it happen again. I promise.

   RYAN
   It’s okay.

INT. ELECTRICAL ROOM

Natalie and Carmen are still sitting against the wall next to each other. Natalie stands up. Carmen looks at her.

(CONTINUED)
CARMEN
You look like something’s wrong, girl. Please tell me you have an idea.

NATALIE
Maybe.

CARMEN
What?

NATALIE
This is the electrical room. It controls all the lights in the hospital, right?

CARMEN
Right.

NATALIE
So let’s shut it down. With all the lights off it’ll give us a better chance to escape. Whatever those things are out there won’t see us as good.

CARMEN
That’s not the idea I was looking for, but it’s a start. Can you think of anything else?

NATALIE
You’re pretty lucky I came up with that.

CARMEN
Let’s do it.

Natalie takes the crowbar and smashes it into a box on the wall. All the lights go out.

INT. MORGAN COUNTY HOSPITAL - LOBBY

Regina sits at the desk on the phone. She loses her signal as all the lights go off.

REGINA
Oh, come on!

Mark, Leo and Kicks enter the room.
MARK
What’s going on?

REGINA
I don’t know. We just lost all the power. Everything’s out. Even the phones are down.

MARK
Shit.

Kicks runs off.

MARK
Kicks, where the hell are you going?!

KICKS
To check on Reese and his little nephew!

INT. PATIENT’S ROOM

Kicks enters the room to see Reese and Ryan sitting on the edge of the bed. Reese is holding Ryan. Ryan’s crying.

KICKS
What’s wrong?

REESE
He’s scared of the dark.

Kicks hands Ryan a flashlight.

KICKS
Here you go buddy.

Ryan turns on the flashlight. Reese stands up from the bed and looks at Kicks.

REESE
What’s happening?

KICKS
I don’t know. We lost the power. I don’t think it’s major.

REESE
Well how much longer before it’s back on?
KICKS
Not sure.

INT. MORGAN COUNTY HOSPITAL - LOBBY
Mark and Leo walk over to Regina’s desk. She searching through her drawer for keys.

MARK
Where’s the breaker?

REGINA
It’s in the basement. Once I find the keys I’ll show you.

She finds the keys.

REGINA
Let’s go.

INT. PATIENT’S ROOM
Mark, Leo and Regina open the door to Ryan’s room to see Reese and Kicks standing there.

MARK
We’re going into the basement to check the breaker. Wait in the lobby in case anyone comes through and needs assistance.

KICKS
You got it.

INT. ELECTRICAL ROOM
Natalie and Carmen are now standing in the very dark electrical room.

NATALIE
I think we need to make a move now, Carmen.

CARMEN
Let’s give it a few minutes. Someone will come down here looking for us. They’ll notice the lights are out and they’ll come to check the breaker, right? Let’s just give it a few more minutes.
INT. HALLWAY

Mark, Leo and Regina approach the elevator that leads into the basement.

REGINA
Shit. It’s out. Looks like we’re taking the stairs.

Regina turns back around and leads them back down the hallway.

INT. STAIRWELL

Mark, Leo and Regina are making their way down the stairs to the basement.

MARK
About how many doctors are here tonight?

REGINA
Let’s see. There’s Dr. Lee, Dr. Nash, Dr. Green, Dr. Able, Dr. Jenkins and Dr. Nelson. Then you have three interns as well. All working the night shift.

LEO
Interns? The only other people I’ve seen are us and Kicks’ little lover boy and their love child.

REGINA
It’s a rather small hospital so there isn’t that much staff here at night time.

MARK
Leo’s right. Come to think of it I haven’t see many doctors here as well. Where the hell are they all hiding?

REGINA
Who knows? They’re probably checking on other patients. This is a hospital.

LEO
Duh.
INT. LOBBY

Kicks stands in the lobby waiting for the return of Mark and Leo. He pulls out his cell phone. He checks the time.

KICKS
Come on, Mark. A little light would be nice.

ETHEL, an elderly woman, walks out behind Kicks and scares him half to death.

KICKS
Jesus!

ETHEL
Don’t you dare take the Lord’s name in vain!

KICKS
Who are you?

ETHEL
The name’s Ethel. Now who the hell are you?

KICKS
Office Kicks.

ETHEL
Do you mind telling me what’s up with the lights?

KICKS
Where did you come from?

ETHEL
My husband’s a patient here. We’re in the room at the end of the hall. I’m visiting.

KICKS
Right.

ETHEL
Well what’s up with all these damn lights?

KICKS
We lost the power. We’re working on fixing it right now.
ETHEL
Good. Your lucky my husband isn’t on life support or else he’d be dead right now.

KICKS
You’re right.

ETHEL
Doesn’t this place have a back up generator or something? This is a hospital.

KICKS
We’re looking into it. You should just go back to your room and wait for the return of your doctor.

ETHEL
Yeah... speaking of that... where the hell are all the doctors?

KICKS
I’m sure they’re coming. Just go back to your room and wait for them, ma’am.

INT. BASEMENT

Mark, Leo and Regina are now in the basement making their way down the hall.

LEO
This is one long ass hallway.

REGINA
I have to be honest. It’s been awhile since I’ve been down here. I don’t know if I quite remember where the breaker room is.

MARK
We’ll find it.

INT. ELECTRICAL ROOM

Natalie and Carmen are standing still.

NATALIE
Did you hear that?

(CONTINUED)
CONTINUED:

CARMEN
What?

NATALIE
Listen. It’s people. They’re talking.

CARMEN
What?

Carmen listens. They hear Regina’s voice.

NATALIE
It’s Regina!

Natalie and Carmen swing open the door and run out into the hallway.

INT. HALLWAY

They see Mark, Leo and Regina there. Mark and Leo both take aim.

NATALIE
Don’t shoot!

They drop their guns.

REGINA
Natalie? Carmen? What the hell are you two doing down here?

Natalie and Carmen run to them.

NATALIE
We have to get out of here. Right now!

MARK
What’s wrong?

NATALIE
Alex is dead. Dr. Lee and Dr. Nash killed him.

MARK
Killed him? How?

NATALIE
They ate him!

Mark looks at Leo. The two laugh.

(CONTINUED)
REGINA
Sweetie, what are you talking about? You’re not making any sense right now.

CARMEN
Listen to her! She’s telling you the truth. If we don’t get out of here then we’re going to die too!

Mark takes aim.

MARK
Look out!

Natalie and Carmen step to the side. Mark has the gun aimed at Dr. Lee and Dr. Nash.

LEO
Mark, look at them. What the hell is wrong with them?

MARK
Don’t move!

Dr. Lee and Dr. Nash continue walking toward them.

NATALIE
They’re not going to listen to you! Just shoot them!

Regina screams as Alex and Dr. Able attack her from behind. They both fall on top her.

NATALIE
Regina!

CARMEN
Shit!

Mark takes aim at Dr. Able and Alex and shots them right in the back. The fall over. Natalie helps Regina up. Leo takes aim at Dr. Lee and Dr. Nash. He fires. He hits them in the chest and they fall over.

LEO
They’re dead.

MARK
What the fuck?

They watch as they stand back up after being shot. The all take off running down the hall. They run over to a door and run inside.
INT. STORAGE ROOM

Mark slams the storage room door shut and locks it behind them.

MARK
Does someone wanna tell me what the fuck happened back there?!

NATALIE
I told you. There’s something wrong with them. They ate Alex.

MARK
Well it looks like he was alive and well to me.

Carmen sits Regina on the ground.

CARMEN
Regina’s been bit pretty bad. We need to do something.

NATALIE
Find something to tie around the wound to prevent the bleeding.

CARMEN
Right.

Leo approaches Mark and Natalie who are standing next to each other.

MARK
I don’t understand. We fucking shot them! They stood right up.

LEO
Did you see their faces? They’re already dead.

MARK
You’re kidding me, right? That’s impossible.

LEO
They’re dead. You seen it for your own eyes.

Leo walks away and sits down on the floor and helps Carmen tend to Regina’s wound.

(CONTINUED)
NATALIE
We have to get out of here before they get in here.

MARK
I’m thinking.

NATALIE
Something happened down here and it’s not good.

MARK
No shit.

Mark looks around the room.

NATALIE
What are you looking for?

MARK
A window or something. What the fuck is this room?

NATALIE
Storage room.

Mark realizes there’s no window.

MARK
Fuck.

NATALIE
What?

MARK
It looks like the only way out of this room is through the door we came in.

NATALIE
How many bullets are left in your gun?

MARK
I don’t know, but you seen what happened when I tried to shoot at them before.

NATALIE
Yeah, but it stopped them for a little bit. It’ll give us enough time to run.

(Continued)
MARK
Take a look at your friend. She isn’t the best position to run for her life.

Natalie glances at Carmen, Regina and Leo. Regina is holding her arm where she was bitten.

NATALIE
What about the other officer? Isn’t there three of you?

Mark realizes Kicks is still in the waiting area.

INT. PATIENT’S ROOM

Reese and Ryan are still sitting on the edge of the bed. They are waiting for the doctor’s return.

REESE
(to himself)
Come on. Where the hell is this damn doctor?

Reese stands up.

REESE
Ryan, I need you to do me a favor, buddy. I’m going to look for this doctor so he can check us out of here. Wait right here until I come back or the doctor returns.

RYAN
Okay.

REESE
I won’t be long. I promise. The lights will be on soon and you have that flash light for now.

RYAN
I’ll be okay.

Reese gives him a hug.

REESE
Be right back.
INT. LOBBY

Reese walks into the lobby to see Kicks sitting down in Regina’s chair behind the desk.

REESE
Do you have any idea what’s going on here?

KICKS
As far as I know we just lost the power.

REESE
Where’s the receptionist?

KICKS
She went into the basement with Mark and Leo to show them where the electrical room is.

REESE
What about the doctors? We’ve been waiting for Dr. Jenkins and he has not returned.

KICKS
I’m sure he’s on his way back right now.

REESE
You don’t think it’s weird we’re the only two in this lobby right now. This is a hospital and it’s totally empty.

KICKS
Maybe everyone went home. There’s an old lady and her husband at the other end of this hall. This is a hospital, but it’s not that big of a hospital.

REESE
I don’t know. I just have this odd feeling there’s something going on here.

The sound of Kicks’ cell phone ringing startles the both of them. Kicks answers it. Reese turns around walks off.
INT. PATIENT’S ROOM

Reese walks back into the bedroom and notices that Ryan is not there.

REESE

Shit!

Reese looks around the room with his eyes and doesn’t see him anywhere.

REESE

Ryan?

Reese exits.

INT. HALLWAY

Reese stands out in the hallway looking in both directions wondering where to go. He hears the sound of laughter coming from the other end of the hall.

REESE

Ryan?

Reese starts walking down the hall. He sees a light coming from one of the doors. He approaches the room when the laughter stops. Reese puts his hand on the knob and calls out before opening it.

REESE

Ryan? Are you in there?

Reese opens the door.

INT. PATIENT’S ROOM #2

Reese walks in to see Ryan sitting on a chair with Ethel next to him. The two of playing a game using their hands and Ryan is laughing. Reese expresses a sigh of relief. He walks over to the two of them.

REESE

Ryan, I thought I told you not to leave your room.

RYAN

I’m sorry.

Reese looks to Ethel.

(CONTINUED)
REESE
I’m sorry.

ETHEL
It’s no problem. I saw him in the hallway and thought he was lost. He is so adorable.

REESE
Thanks.

ETHEL
Is he your son?

REESE
(smiling)
No. He’s my nephew. I’m watching him while his sister’s out of town with our mother.

ETHEL
You’re such a good uncle. I’m Ethel.

Reese shakes her hand.

REESE
Reese.

ETHEL
So do you have any idea what’s up with the lights?

REESE
Actually, I was just speaking to one of the officer’s about that. I am not sure.

Ethel’s husband starts coughing. She stands up and rushes over to him.

ETHEL
I’m here, baby.

Ethel looks to Reese.

ETHEL
Where the hell are all the doctors when you need them?

Reese shrugs. Kicks enters the room. Reese, Ryan and Ethel turn their attention toward him.

(CONTINUED)
KICKS
(to Reese)
Can I talk to you for a quick second. It’s urgent.

REESE
Sure.

Kicks grabs Reese by the hand and leads him outside of the room into the hallway. Ryan holds onto Reese’s hand and Ethel follows right behind them.

INT. HALLWAY

Kicks looks to Ethel.

KICKS
Ma’am, I’m sorry, but this is kind of personal.

ETHEL
I have a sick husband in that room right there and there’s not a damn doctor in sight. If something’s going on then I have every right to know.

Kicks allows her to stay. He looks to Reese.

KICKS
Something’s wrong.

REESE
What do you mean?

KICKS
I just got a call from Mark, the other officer, and it seems like they’re in trouble.

REESE
What kind of trouble?

KICKS
I’m not sure, but it didn’t sound too good.

Ethel hurries back into her husband’s room. Ryan is still standing at Reese’s side.

(CONTINUED)
REESE
Are they okay?

KICKS
For right now, but I need to get into the basement and help them right away.

REESE
You can’t go down there alone. I will come with you.

KICKS
No. Stay here. You need to watch over your nephew.

REESE
He’ll be fine. I can leave him here with Ethel.

KICKS
Please. Just stay here. This could be ugly.

As the two of them are talking they have no idea Dr. Able has reached the level they’re on. He walks right pass them and into Ethel’s room.

REESE
Hurry back.

KICKS
I will, but when I come back please remind me to get your number.

Reese smiles. Kicks exits. Reese grabs Ryan by the hand and they take off down the hall.

Reese tries tugging on the door. Ryan tries to help him, but nothing happens.

REESE
Great.

RYAN
Reese, I’m scared.

Reese looks to Ryan.

REESE
Don’t worry. There’s nothing to be scared off. I promise.

Ethel is heard screaming in the distance. Reese looks in the direction of the hallway.

REESE
Stay right here, Ryan. Whatever you do, don’t leave.

Reese takes off down the hall.

INT. PATIENT’S ROOM #2

Ethel sits in the corner of the room screaming and crying as Dr. Able lays over top her husband eating him. Reese walks into the bedroom.

REESE
Oh, my God!

Dr. Able hears him. He looks to Reese. Reese rushes over and grabs Ethel.

REESE
Come on! We have to go.

ETHEL
No, please...

Reese tries to lift Ethel, but she’s impossible to budge when she’s not helping.

(CONTINUED)
REESE
Come on!

Ethel slowly stands up. They turn around to be greeted by Dr. Able. Ethel screams. Reese dodges out of the way after pushing Ethel to the side. Ethel hits the wall. She’s now close to the door.

REESE
Ethel, go get Ryan and lock yourself in the other room! Do it now!

Ethel runs out the room. Dr. Able turns around to face Reese. Reese grabs a scalpel sitting on a silver tray next to the hospital bed. Dr. Able approaches Reese and he quickly sinks the scalpel into his neck. Dr. Able falls to the ground. Reese runs out of the room. Dr. Able stands right now and pulls the scalpel out of his neck.

INT. HALLWAY

Reese runs into the hall and smacks into the wall. He runs as fast as he can down the hallway and to the room where he told Ethel to lock herself and Ryan in. He starts banging on the door. He looks down the hallway to see Dr. Able come out of the room.

REESE
Ethel! Open the door!

INT. PATIENT’S ROOM

Ethel and Ryan are sitting on the edge of the bed as Reese beats on the door.

RYAN
Open the door.

Ryan tries to release himself from Ethel’s grip, but she doesn’t let him.

REESE
Ethel, open the door!

Ryan starts crying.

ETHEL
Stay right here, Ryan. It’ll be okay, honey.

(CONTINUED)
RYAN
Reese!

INT. HALLWAY
Reese stops beating on the door.

REESE
Ethel, you crazy bitch! Open the fucking door!

Reese runs off to another door. He opens it up and enters as fast as he can.

INT. BATHROOM
He slams the door shut and locks it from the top. He looks around to realize he’s in the bathroom.

REESE
Shit!

INT. BASEMENT
Kicks is walking down the basement hallway. He sees several doors. He tries opening one of them, but it doesn’t open. He starts silently calling out for Mark and Leo.

KICKS
Mark?

No answer. He grabs out his cell phone and calls Mark.

INT. ELECTRICAL ROOM
Mark’s phone starts ringing. He answers it.

MARK
Kicks, where are you?

KICKS (V.O.)
I’m in the basement. Where are you at?

MARK
Come to the electrical room, but be careful. If you see a doctor shoot them!

(CONTINUED)
Mark hears a beep from his phone. He looks at it to see it’s dead.

NATALIE
I think you should just call the police.

MARK
Phone just died.

NATALIE
Great!

Natalie looks to Carmen.

CARMEN
She’s breathing weird. I don’t know what’s going on.

Natalie rushes to them. Leo stands up and walks over to Mark. Natalie bends down and puts her hands on Regina’s shoulders.

NATALIE
Regina, I need you to stay with me us, okay? We’re going to get you out of here and get this wound tended to. Everything’s going to be okay. I swear.

REGINA
It’s hurts so bad!

NATALIE
I know it does, but you need to be strong right now.

Regina nods. All of the sudden the electrical room door kicks open. Kicks enters.

MARK
Jesus Chris, Kicks! It took you long enough.

KICKS
What the hell is going on?!

All of a sudden Kicks is attacked from behind. He falls to the floor with Dr. Lee on top of him.

MARK
Oh, shit!

(CONTINUED)

    KICKS
     What the fuck!

    MARK
     Let’s go!

The group takes off running out the electrical room. They come to a stop when they see Alex and Dr. Green standing there. Kicks starts shooting, but they’re not falling. The group turns around to be greeted by three more victims of the walking dead. They lunge at the group, but the group dodges out of the way. They take off running down the hall and into another room.

INT. JANITOR’S CLOSET

They slam the door shut and lock it. Regina drops to the floor. Natalie and Carmen tend to her. Mark, Leo and Kicks stand facing each other.

    KICKS
     Do you guys mind telling me what the fuck is happening?

    MARK
     I don’t know.

    KICKS
     Well what the hell is wrong with the damn doctors?

    MARK
     They’re dead.

    KICKS
     What?

    MARK
     Look. I can’t explain what the hell is going on because I really have no fucking clue. Do you have your cell phone with you?

    KICKS
     I dropped it when I was attacked from behind.

(CONTINUED)
MARK

Shit.

Natalie walks over to them.

NATALIE

We really need to get out of here and get Regina help. She’s not looking to good.

MARK

Well as soon as we find a way out I will let you know.

CARMEN (O.S.)

Guys.

Everyone looks to Carmen. Carmen points to the vent.

CARMEN

It’s a vent. It has to lead to somewhere, right?

Natalie looks to Mark.

NATALIE

She’s right.

CARMEN

It looks big enough for us to fit too.

Everyone looks to Mark as if he’s the leader and calls all the shots.

MARK

It’s worth a shot.

INT. PATIENT’S ROOM

Ethel stands up from the bed. She walks over to the door and puts her ear against it.

RYAN

Is it safe?

ETHEL

I think so, sweetie.

RYAN

Reese was out there. You didn’t let him in.

(CONTINUED)
ETHEL
We’re not even sure if that was your uncle, sweetie.

INT. BATHROOM

Reese looks around the bathroom for a weapon or something, but no such luck.

REESE
Shit. You’ve got to be kidding me right now!

Reese grabs a glass bottle of hand wash that’s sitting on the edge of the sink. He looks at it. All of a sudden he tosses it at the mirror above the sink and it shatters. He reaches down and grabs a large piece of the broken glass and holds it in his hand. He walks over to the bathroom and puts his ear against it to hear if Dr. Able is still out there, but he don’t hear anything.

REESE
Ryan? It’s me.
Reese walks further into the cafeteria. He looks to the area where the food is served. He sees the shadow of someone run pass, but he can’t make out who it is. The shadow was too large to be Ryan’s shadow.

REESE
Who’s there?
Reese continues walking to the food serving area. He holds the glass in his hand ready to strike if someone decides to leap out and attack him.

REESE
Ryan?
He hops over the counter and is now standing in what appears to be a small kitchen area. He looks down on the ground to see a lifeless cafeteria worker. She’s laying in a puddle of her own blood.

REESE
Shit.
Reese turns around to be greeted by Dr. Jenkins. The two of them jump and scream at the same time.

REESE
Stay back!
Dr. Jenkins throws his hands in the air.

(CONTINUED)
DR. JENKINS
Wait! I’m human.

Reese is hesitant, but puts the glass to his side.

REESE
What the hell is going on here? I thought everyone was dead.

DR. JENKINS
They are. After I left the room you were in I went into the basement to meet with Dr. Lee. She attacked me. I made it here and stayed hidden until I could figure out what the hell to do.

REESE
What happened to the lunch lady?

DR. JENKINS
I don’t know. This is the first time I’m seeing her. Dr. Lee must have killed her.

REESE
Have you seen Ryan?

DR. JENKINS
Ryan?

REESE
My nephew.

DR. JENKINS
No.

REESE
I saw him run in here. He has to be here.

DR. JENKINS
As far as I know it’s just me, you and the dead lunch lady.

INT. JANITOR’SCloset
Mark stands on a chair and pulls the cover off the vent. He drops it to the ground. He jumps to the floor.
MARK
Let’s go. We don’t have much time, so keep it moving.

Natalie approaches and climbs on the chair. It breaks and she falls to the ground.

NATALIE
Shit.

Mark and Leo help her up from the ground. They lift her in the air and she climbs through the vent. Mark turns his attention toward Carmen.

MARK
(to Carmen)
You’re next.

Carmen walks over to them. Mark and Leo lift her up into the air. She climbs through the vent. Mark looks to Kicks.

MARK
Let’s go.

Kicks leaps into the air without any help and climbs through the vent. Mark looks to Leo.

MARK
You’re next. Then I’ll lift Regina up there. You can help pull her up once you’re inside.

LEO
Got it.

Leo also leaps into the air and climbs into the vent. Mark walks over to Regina.

MARK
You ready?

REGINA
Sure.

Mark helps Regina up off the ground. She holds her into the and Leo reaches for her. She climbs through. Mark then leaps into the air and climbs through the vent.

    NATALIE
    No problem.

    REESE
    Ryan, thank God! Didn’t you hear me calling you?!

    RYAN
    I was scared.

    REESE
    There’s nothing to be scared. I’m here now.

    RYAN
    Ethel wouldn’t let you into the room. She said you might be one of those monsters.

    REESE
    I’m not.

Dr. Jenkins walks over to Reese.

    DR. JENKINS
    We have a little bit of a problem, Reese.

    REESE
    What?

    DR. JENKINS
    The dead lunch lady. She’s not there no more.

(CONTINUED)
REESE

Shit.

Reese jumps up from the table and grabs Ryan. He holds him close.

REESE

Where the hell did she go? Did she walk away?

DR. JENKINS

I don’t think so.

All of a sudden the dead lunch lady leaps out from nowhere and knocks Dr. Jenkins to the floor. Reese and Ryan both scream and back away.

DR. JENKINS

Help me!

The dead lunch lady bites into his neck and then digs her hands into his wounds and rips his head off. Reese and Ryan turn around to be greeted by Dr. Able. Dr. Able growls at them with his mouth open. Reese takes the large piece of glass and slams it into his throat. He falls back. Reese and Ryan take off running into the kitchen area.

INT. VENT

The group is still climbing through the vent. Each of them are sweating.

MARK

Do you see an exit?

NATALIE

Not yet.

Regina’s slowing down.

MARK

Come on, Regina. Keep it moving. We need you.

REGINA

I can’t.

Regina completely stops moving. She falls flat on the ground and lays there. Leo turns his head to see she’s pale and deathly looking.

(CONTINUED)
LEO
Mark?

MARK
What?

LEO
She doesn’t look too good. She looks dead.

Mark rolls his eyes.

MARK
Everyone stop. Regina’s not moving at all.

NATALIE
Regina?! We’re almost there. You can do this.

LEO
I don’t even think she’s breathing right now.

Natalie looks around the corner to see a light coming from the end of the vent.

NATALIE
I see a light. I think it’s an exit.

Regina’s eyes open. She grabs Leo’s foot and sinks her teeth into his ankle. Leo screams.

LEO
Help me!

MARK
Shit! Everyone go! She’s one of them!

Regina starts climbing on top of Leo. Leo grabs her by the chin, but she manages to bite his hand. He screams in pain. Mark is trying to reach for his gun. He takes aim and pulls the trigger but nothing comes out.

MARK
Shit!

Natalie and Carmen are rushing to the end of the vent. Kicks is trying to reach for Leo.

(CONTINUED)
KICKS
Give me your hand!

Regina bites Leo in his throat. The vent starts to cave through.

MARK
Kicks! Shoot her.

Natalie and Carmen reach the end of the vent and start kicking their way through the vent cover. It comes off and they climb through.

MARK
Shoot her ass!

Kicks manages to reach his gun, but Regina grabs it from his hand and throws it to the side. Mark grabs it.

MARK
Kicks, go!

Kicks take off down the vent. Regina turns head to face Mark. He has the gun aimed at her head. He pulls the trigger and sends a bullet right through her forehead. She dies instantly. Kicks makes it through the vent.

INT. LABORATORY

Natalie, Carmen and Kicks are now standing in the laboratory where Dr. Lee, Dr. Nash, Dr. Nelson, Dr. Green and Dr. Able were running their experiments.

NATALIE
What is this place?

CARMEN
I don’t know.

Kicks turns to face the vent.

KICKS
Mark?!

INT. VENT

Mark lays there for a few seconds. He’s breathing very heavily trying to relax.

(CONTINUED)
MARK
I’m good!

KICKS (O.S.)
Hurry up and get over here.

MARK
I can’t. If I move the vent’s going to cave in.

KICKS (O.S.)
Move slow!

Mark nudges Regina to make sure she’s dead. She’s not moving at all.

MARK
Jesus Christ. You have to shoot them in the head.

KICKS (O.S.)
What?!

MARK
You have to shoot them in the head! They’ll die!

INT. LABORATORY

Kicks looks to Natalie and Carmen.

KICKS
Did you hear that? You can kill them.

CARMEN
That’s great, but neither one of us have a gun.

NATALIE (O.S.)
Look.

Kicks and Carmen look to Natalie. She holds the gun Dr. Lee uses to kill Dr. Nelson and Dr. Green.

CARMEN
Where did you find that?

Natalie points to the disposal room.

(CONTINUED)
NATALIE
Through that door. Dr. Green and Dr. Nelson are back there. They’re both dead.

Mark manages to make his way through the vent. He drops into the room.

MARK
Where the hell are we? What is this place.

NATALIE
We’re not sure, but there’s some dead bodies back there.

Carmen grabs some papers on the floor. It’s the papers Dr. Lee dropped.

CARMEN
Natalie, look.

Carmen hands Natalie the papers. Natalie starts skimming through them.

MARK
What is it?

NATALIE
Notes.

MARK
For what?

NATALIE
Look.

Natalie hands the papers to Mark.

NATALIE
Dr. Lee was running a series of trials on dead patients. They’ve been injecting them with some kind of serum that brings them back to life.

Carmen grabs a needle.

CARMEN
The serum.

Natalie looks at her.

(CONTINUED)
NATALIE
I wouldn’t touch that if I were you.

Carmen throws the needle to the ground. Mark keeps skimming through the papers.

MARK
This is unbelievable. I didn’t know this shit was real.

NATALIE
Neither did I, but it looks like Dr. Lee and the others figured something out.

MARK
Is there anyone still here in the hospital, Kicks?

Kicks nods.

KICKS
Yes. Reese and his nephew. There’s also an old woman and her husband here too.

MARK
We need to get to them. Once we get them then we can get the hell out of here.

INT. CAFETERIA

Reese and Ryan are hiding in the kitchen area behind the counter with the register. Reese holds a large kitchen knife in his hand.

RYAN
Where are they?

REESER
I don’t know, but I need you to stay completely quiet.

RYAN
Okay.

Reese opens a counter drawer. He notices it’s big enough for Ryan to fit inside.

(CONTINUED)
REESE
Get inside.

Ryan crawls inside.

REESE
Stay here. Promise me you will not leave this time.

RYAN
I promise.

Reese closes the counter drawer. He holds the knife tightly in his hand. He stands up to be greeted by Dr. Able. He screams and takes his knife and starts stabbing Dr. Able in the head several times. Dr. Able falls to the ground. Reese backs up. He bumps into the lunch woman. She grabs him by the neck and throws him onto the counter. She’s choking him and trying to bite him at the same time. Natalie walks over to Carmen who’s sitting down the ground crying. She sits with her.

NATALIE
We’re going to get out of this. I promise, Carmen.

CARMEN
I don’t want to die like this, Natalie.

NATALIE
You’re not going to die. We’re going to make it through this. All of us.

CARMEN
Alex is dead. Regina is dead. Dr. Lee is dead. Everyone’s dead.

NATALIE
Dr. Lee was a psychopath. Her ass deserves to be dead.

CARMEN
You only see shit like this in the movies.

NATALIE
I know.

Mark walks over to them.

MARK
Now’s not the time to be crying. We need to figure out how the hell we’re going to get out of here.

KICKS
We need to get upstairs and save the others.

(CONTINUED)
CARMEN
Everyone’s dead. They’re probably
dead too. This hospital is just
full of the walking dead!

Natalie comforts her. She then stands up. She makes her way
over to the disposal room.

MARK
Where you going?

NATALIE
I’m going to look for a way out of
here.

Mark joins her. Kicks sits with Carmen.

INT. DISPOSAL ROOM

Mark and Natalie enter the disposal room. Natalie starts
looking through everything.

MARK
What are you looking for?

NATALIE
Weapons.

Mark helps her.

MARK
We can’t let those things get
outside of these walls. They will
destroy the entire city.

NATALIE
So what you propose we do? Blow up
the hospital?

Mark thinks for a second.

MARK
I mean...

NATALIE
You’ve completely lost your mind,
haven’t you? We can’t blow up the
hospital with us in it.

Mark shrugs.
MARK
Do you have any other ideas that might help?

NATALIE
What if we can make it to the roof? We can climb down the side using the emergency escape ladder.

MARK
We need to figure out how the hell to get out of here first.

Natalie opens a drawer to find another gun. She hands it over to Mark. He opens it up to see how many bullets are left inside.

MARK
Three bullets.

He hands the gun to Natalie.

MARK
Use them wisely.

INT. LABORATORY
Mark and Natalie walk back into the laboratory.

CARMEN
No luck?

NATALIE
No.

Natalie runs over to the door that requires a password to be opened. She tries opening it.

NATALIE
Shit!

MARK
What?

NATALIE
The door won’t open. We need a password.

Mark looks to the vent.

(CONTINUED)
MARK
It looks like the only way out of here is back through the vent.

CARMEN
You’re crazy.

MARK
What do you want to do? Sit here and wait for someone to come cause that may never happen.

CARMEN
Those things can’t get in here without the password. We’re safe in here!

Mark looks to Natalie.

NATALIE
Carmen, I think this is something we have to do. Our only other chance to get out of here is to make a run for it.

Carmen stands up.

CARMEN
Fine, but I’m not going through that thing first.

MARK
I’ll go.

INT. STAIRWELL

MARK
Hear what?

KICKS
Listen.

Everyone listens.

REESE (O.S.)
Hello?!

Mark looks to Kicks.

MARK
Who is that?

KICKS
It’s Reese. He’s alive.

The group runs to the door and starts screaming for Reese’s help.

INT. BASEMENT

Reese and Ryan are running down the hallway. They hear the others screaming for help. Reese reaches the door. He tries to open it, but it doesn’t open.

REESE
Who’s back there?!

INT. LABORATORY

The group stands behind the door.

KICKS
Reese, it’s me!
INT. BASEMENT

Reese is relieved to hear Kicks’ voice.

REESE

Kicks?!

KICKS (O.S.)

Yes!

REESE

What the hell is going on?! The door won’t open.

KICKS (O.S.)

KICKS

I wish I could tell you, but I have no idea.

Natalie stands up. She walks over to the edge of the roof and looks down. There’s no escape ladder. She turns around to the others.

NATALIE

What?!

Kicks walks over to her. He looks down.

KICKS
She’s right.
