EXT. CITY - DAY

Buses, taxi's and cars, all with eyes and mouths. Each different, smile away on their morning commute. They greet each other as they drive past one another.

RED CAR
Morning.

PURPLE CAR
Morning.

A cute orange car GARY joins the commuters, who get excited when they see him.

ALL CARS
Gary!

GARY
Hi everyone. Have a great day!

An erratic silver car weaves in and out of the traffic.

SILVER CAR
Excuse me! Coming through.

CHIEF PARKER. Ploddy old police car with a moustache and glasses, warns the silver car.

CHIEF PARKER
Slow down!

SILVER CAR
Sorry Chief Parker.

Hidden amongst the commuters are the SUPER CAR CREW. Who blend in with the other cars. We follow each cars journey to their owners place of work.

NITRO - A yellow sports car, overtakes several vehicles, showing off his super speed. Next up weaving in and out of the traffic is PHOENIX FLYER. A black pick up truck with the ability to fly.

PHOENIX FLYER
Hey guys, got to fly!

Phoenix flyer speeds off. Next up LECTRO, green electric car. Drives alongside TOYA, pink smart car. They stop at some traffic lights.

TOYA
Oh, hi Lectro. I didn't hear you pull up.

LECTRO
The joys of having an electric
engine.

The traffic light turns green.

LECTRO (CONT'D)
Oh, that's us. How long until you
get to the salon?

TOYA
According to my calculations. At
this speed, we should get to our
destination in approximately seven
minutes.

Toya and Lectro turn and head in different directions.

LECTRO
See you later Toya!

Off road, RED ROVER. A red four by four jeep, makes his big
entrance, as he crashes through some bushes.

RED ROVER
Watch out! Red Rover coming
through.

Red Rover pulls up onto a farm.

EXT. FARM - DAY

Stepping out of the vehicle, a farmer, who we see from the
waist down. Red Rover remains perfectly still. A sheep makes
his way over to red rover.

SHEEP
Baaaaaaaaa!

Red Rover mumbles to Steven the sheep.

RED ROVER
Not now Steven!

SHEEP
Baaaaaaaaa!

With no humans in sight, Red rover turns to Steven.

RED ROVER
Oh, hey Steven.

SHEEP
 (happy)
 Baaaaaaaaa!

RED ROVER
 Am I ready for another game of hide
 and sheep?

SHEEP
 Baaaaaaaaa!

RED ROVER
 Go on then! Find yourself a hiding
 spot and I'll come and find you.

Steven the sheep skips off happy looking for a hiding spot.

EXT. SALON - DAY

Toya pulls up outside a building that has the words "SALON"
 above it's door. Her owner steps out the vehicle, once again
 we only see the owner from the waist down.

A lilac car turns to Toya.

LILAC CAR
 Toya, there's something different
 about you today?

TOYA
 Well, I had my M.O.T over the
 weekend.

LILAC CAR
 (confused)
 An M.O.T?

TOYA
 Make over treatment.

LILAC CAR
 Oh, tell me more.

As Toya is about to explain we cut to Lectro pulling up into
 a car park with a special parking bay.

EXT. CAR PARK - DAY

His owner steps out and attaches a charging cable to him.

LECTRO
 (relaxed)
 Ahhhhh.

Lectro begins charging.

EXT. CONSTRUCTION SITE - DAY

Next up we see Phoenix flyer arriving at a construction site. His owner parks opposite a cement mixer named DAVE. His owner steps out carrying a hard hat. Phoenix flyer remains motionless until his owner is out of sight.

DAVE

The coast is clear.

PHOENIX FLYER

Morning Dave. How are you feeling today?

Dave the cement mixer continues mixing the cement.

DAVE

Oh you know, the usual. Dizzy!

They both chuckle at Dave's comment.

INT. UNDERGROUND CAR PARK - DAY

Finally we head to an underground Car park where NITRO reverses into an empty bay. His owner steps out the car as all the cars remain perfectly still.

NARRATOR (V.O.)

Ever wondered what your cars get up to. When you leave them unattended for the day.

NITRO

And he's gone.

Nitro turns to a white car next to him.

NITRO (CONT'D)

How was your weekend?

WHITE CAR

It was great! We went to the beach. I think I still have sand on my tyres. What about you Nitro? What did you get up to?

NITRO

You know, this and that.

WHITE CAR

Do you wanna play a game.

NITRO

Sure.

WHITE CAR

Let's play the sitting in silence game.

NITRO

Okay.

Nitro and the white car sit in silence, Nitro blinks, trying not to talk, until he can't hold in his silence anymore.

NITRO (CONT'D)

How long's it been?

WHITE CAR

Thirty seconds.

NITRO

Woo hoo! That's a new record.

WHITE CAR

Hopefully one day you'll get to a whole minute.

NITRO

I hope so.

WHITE CAR

I wonder if anything interesting will happen today?

NITRO

Probably not.

WHITE CAR

Do you wanna play another game?

NITRO

Which game?

WHITE CAR

Eye spy.

NITRO

Okay, I'll start. I spy with my little eye something beginning with.

Nitro looks around the dull looking car park.

NITRO (CONT'D)

P.

WHITE CAR
P?

NITRO
Yep.

WHITE CAR
Erm..

The white car looks around puzzled as Nitro awaits an answer. Suddenly Nitro's car radio begins tuning in by itself, to an unknown frequency.

RADIO VOICE OVER (V.O.)
Come in Super car crew. Report to
Crew HQ.

With his super speed, Nitro high tails out of the underground car park so fast, the white car doesn't even notice as he continues looking for something beginning with P.

WHITE CAR
A penguin? Nope, there's Penguins
here.

The white car continues looking around the car park.

WHITE CAR (CONT'D)
Paraglider? Nope not a paraglider.

EXT. CAR PARK - DAY

While charging Lectro's eyes remain shut.

RADIO VOICE OVER (V.O.)
Come in Super car crew. Report to
Crew HQ.

Lectro's eyes widen. He high tails out of the car park with a full charge.

EXT. SALON - DAY

Toya's chat with the lilac car is interrupted by her radio.

TOYA
And they finished off with these
fabulous eye lashes.

RADIO VOICE OVER (V.O.)
Come in Super car crew. Report to
Crew HQ.

TOYA
Oh, I've got to go.

LILAC CAR
Go? But you just got here.

TOYA
Yeah, I need to erm..

The lilac car looks confused.

TOYA (CONT'D)
Finish my make over. New tyres. You know how us ladies like our new treads.

She races off leaving the lilac car looking confused.

EXT. FARM - DAY

As Red rover searches for Steven the sheep. His radio alerts him.

RADIO VOICE OVER (V.O.)
Come in Super car crew. Report to Crew HQ.

RED ROVER
Red rover on the way.

As Red rover races out of the farm. We see Steven the sheep hiding on the barn roof.

SHEEP
Baaaaaaa!

INT. CREW HQ - DAY

In a secret underground location. Five parking bays, each displaying the Super car crew's logo's await each member. Opposite the bays, a giant LED screen with matrix style coding. Nitro arrives and parks up in his bay.

NITRO
Nitro reporting to crew Hq.

On the LED screen, green lips appears. These lips belong to "D.A.D." Aka Digitally advanced data.

NITRO (CONT'D)
Hey Dad.

D.A.D

Please do not refer to me as Dad.
Refer to me as Digitally advanced
data.

NITRO

But can I call you Dad for short?

D.A.D

If you must.

NITRO

Alright!

D.A.D

Where are the rest of the super car
crew?

LECTRO

Right here.

Lectro arrives and parks in his bay. Followed by Toya.

TOYA

Toya reporting to crew hq.

Then Red rover.

RED ROVER

Me too.

Followed by the final member Phoenix flyer.

NITRO

Last again.

PHOENIX FLYER

If I flew, I would have been here
first.

NITRO

I doubt that.

D.A.D Interrupts.

D.A.D

Listen up Super car crew. We have a
toy truck in need of your help.

LECTRO

Did you say Toy truck?

D.A.D

That's right Lectro. The toy truck was on route to a local children's hospital. It has been intercepted by some strange looking vehicles, who are trying to steal the toys of the truck.

TOYA

Pull up secret surveillance.

Surveillance footage shows the Super villain crew which consists of two cars and a motorbike.

NITRO

It's the super villain crew.

HAMMER HAWK, a car with a front end like a hammer and the ability to fly, once spreading it's bird like wings. Moves in on the truck.

ELECTRO (O.S.)

That's Hammer Hawk.

STEEL SPIDER, a round steel shaped vehicle, like a spider with 8 magnetic metallic legs.

RED ROVER

Should have known Steel spider would have something to do with this.

Steel spider uses it's magnetic force to attach itself to the back of the truck. A motorbike with flaming wheels, FIRE TYRE, races along side the truck.

FIRE TYRE

Now get those toys.

BACK TO SCENE

TOYA

Has Chief parker been notified?

Surveillance footage shows Chief Parker plodding along slowly, whilst a snail moves faster than him on the side of the road.

PHOENIX FLYER

He will never get there in time.

D.A.D

In that case, you're going to need to work together to stop them from stealing all those toys.

NITRO

No problem. Supercar crew, time to rescue!

D.A.D'S Led screen rises up like a garage door, creating an opening to the outside world. The Supercar crew fly through the opening.

EXT. CREW HQ - DAY

First up Nitro races through the air.

NITRO

Nitro!

Next out of the opening is Phoenix Flyer. The back end of the truck turns into two wings, it's wheels turn in as Phoenix flyer rises to the air.

PHOENIX FLYER

Phoenix Flyer!

Phoenix flyer catches up to Nitro.

PHOENIX FLYER (CONT'D)

You want that race?

NITRO

First one to the Super villain crew wins.

PHOENIX FLYER

On your marks.

NITRO

Get set.

BOTH

Go!

Phoenix Flyer and Nitro begin racing to find out who's the fastest.

EXT. ROAD - DAY

Whilst racing they pass Chief Parker so fast causing his police car to do a 360 spin.

CHIEF PARKER
What in the billy bobbies!

Chief Parker looks around confused.

EXT. CREW HQ - DAY

Next out the opening is Lectro. His car surrounded by electricity similar to the Flash.

LECTRO
Go Go Go Lectrooooo!

With his electrical charge, Lectro speeds down the road. Out next is Toya. Her dashboard turns into a smart super computer.

TOYA
Toya!

The final car out of the opening is Red rover. He leaps through the air and comes crashing down through a rock.

RED ROVER
Red rover smash!

Red rover hits the rock with such force, it smashes it into tiny pieces. He begins tearing down the road letting out an almighty roar.

RED ROVER (CONT'D)
Roarrrrrrrrr!

EXT. ROAD - DAY

The toy truck pleads with the super villain crew.

TOY TRUCK
Please, these toys are for all the children at the hospital.

HAMMER HAWK
And now they belong to the Super villain crew. Ha Ha Ha Haaaaaa!

FIRE TYRE
Yeah! Now we can do this the easy way or the hard way. Hand them over.

TOY TRUCK
No!

FIRE TYRE

Well in that case.. Steel spider.

Steel spider leaps up onto the back of the truck and forces the door open. Inside the back of the truck, a big sack of toys.

STEEL SPIDER

That's a big sack of toys.

In the distance Nitro and Phoenix emerge neck and neck.

PHOENIX FLYER

I guess we should call it a draw!

NITRO

There they are!

Phoenix Flyer soars up into the clouds doing a loop to loop, he swoops down next to Nitro, as his wings fold in, transforming back into a pick up truck.

FIRE TYRE

Grab that sack and let's get out of here.

NITRO (O.S.)

Hold it right there Fire tyre.

FIRE TYRE

Oh no! The super car crew.

The super car crew all arrive behind Nitro.

TOYA

Those toys don't belong to you.

HAMMER HAWK

Says who?

SUPER CAR CREW

The super car crew.

STEEL SPIDER

I've got a little surprise for you.
Super car crew.

LECTRO

Oh I love surprises.

Steel spider initiates a giant steel web cage. Trapping the super car crew inside it.

PHOENIX FLYER

Oh no, we're trapped.

RED ROVER

Red rover smash!

Red rover rams into the steel web cage, causing his car to bounce off it.

NITRO

The steel, it's too strong. There's no way we can smash our way out.

HAMMER HAWK

Great work Steel spider. Now grab the toys and let's get out of here.

LECTRO

There must be a way out of this cage?

TOYA

According to my super computer, steel can melt at a temperature between 2500 to 2800 Fahrenheit. The only way out of here is to melt the steel.

Lectro moves forward.

LECTRO

It's okay team. I've got this.

They move back as Lectro begins revving.

PHOENIX FLYER

Be careful Lectro.

LECTRO

Go Go Lectrooooooooooooo!

Lectro begins generating electricity, a huge current begins forming around him, he drives into the cage, passing the electricity onto the steel bars, causing them to melt, giving the crew an opening to escape.

PHOENIX FLYER

Wait a go Lectro.

RED ROVER

Red rover smash!

This time Red rover hits the melted steel and smashes right through it, causing it to disintegrate to the ground.

FIRE TYRE

No! That's impossible.

STEEL SPIDER

No one escapes the steel web.

Steel Spider grabs the sack of toys.

TOYA

Steel spider, he's got the toys.

STEEL SPIDER

Let's get out of here.

Hammer hawk and Fire tyre race alongside Steel spider.

NITRO

Quick, after them.

Steel spider activates running mode. His steel legs crash into the ground as he tries making a get away with the sack of toys and the rest of the super villain crew.

NITRO (CONT'D)

Initiate super speed.

Nitro wheel spins as a cloud of smoke is created around his tyres. He speeds off in pursuit of the super villain crew. The super car crew follow.

LECTRO

I'll create a road block.

Using his super electric charge, Lectro takes out a street sign, it falls to the ground. Narrowly missing the super villain crew.

STEEL SPIDER

Ha, you missed!

Red rover bashes into Steel spider, the sack of toys fly high up into the air as Steel spider rolls down the road, before stabilizing himself. The sack of toys fly over the bridge and begin free falling to the water below.

TOYA

The toys.

RED ROVER

We can't let them fall into the water, they will be ruined.

LECTRO

And the children at the hospital
wont get any new toys.

HAMMER HAWK

In that case, I'll make sure they
fall into the water.

Hammer hawk spreads it's wings. He flies down toward the
falling sack of toys.

HAMMER HAWK (CONT'D)

Into the water they go.

Suddenly Phoenix flyer scoops up the sack just as the sack's
about to hit the water.

PHOENIX FLYER

Not today!

Phoenix flyer glides through the air with the sack of toys.

NITRO

Wait a go Phoenix flyer.

FIRE TYRE

Nooo! How dare you ruin our plan.

NITRO

Some great plan. Stealing toys from
children.

TOYA

Yeah, that's not nice!

HAMMER HAWK

Next time we will get away with it.

RED ROVER

There isn't going to be a next
time.

FIRE TYRE

That's what you think?

Fire tyre does several donuts, his flaming wheels create a
fire, enough to escape from the super car crew.

LECTRO

They're getting away.

TOYA

Release monoammonium phosphate.

The front of Toya's car turns into a fire extinguisher.
Allowing her to put out the fire.

PHOENIX FLYER

They got away.

NITRO

At least we were able to stop them
from stealing the toys.

TOYA

You're right. Now lets get those
toys to the children at the
hospital.

They Super car crew drive off, whilst Phoenix flyer flies
next to them with the sack of toys. As they fade into the
distance, Chief Parker arrives on the scene.

CHIEF PARKER

Hello? Anybody?

Chief Parker plods along.

CHIEF PARKER (CONT'D)

I had a report of some stolen toys.
Although with my hearing it could
have been Cowboys or alloys.

Chief Parker looks on confused.

CHIEF PARKER (CONT'D)

Oh, I don't know.

INT. SECRET VILLAIN LAIRE - DAY

Hammer Hawk, Fire Tyre and Steel spider gather in their
secret underground laire.

HAMMER HAWK

The super car crew will pay.

FIRE TYRE

They out numbered us!

STEEL SPIDER

Maybe it's time we did some
recruiting.

ALL

Muahahaha!

EXT. HOSPITAL - DAY

The toy truck is parked outside a building, it big sign on the building indicates it's the hospital. The super car crew approach the toy truck.

TOY TRUCK

Thanks to you super car crew.
You've made a lot of children super
happy.

NITRO

Anytime a vehicle is in need. You
can call...

ALL

The super car crew!

They exit the hospital in celebration as the toy truck remains with a big smile. They begin making their way back to their original destinations. We see each car pull up.

EXT. CONSTRUCTION SITE - DAY

Phoenix Flyer arrives back at the construction site unnoticed. We turn our attention to Dave, who is singing whilst mixing cement.

DAVE

You spin me right round baby. Right
round, like a cement mixer...

EXT. CAR PARK - DAY

Next to arrive is Lectro. Who pulls into the special charging bay. And takes a well earned rest.

EXT. SALON - DAY

Toya arrives in the salon car park.

LILAC CAR

Hey, did you get your new treads?

TOYA

You know it's funny, they didn't
have my size.

EXT. FARM - DAY

Red Rover arrives onto the farm. He heads towards the barn and spots Steven the sheep on the roof.

RED ROVER
There you are!

SHEEP
Baaaaaaa!

INT. UNDERGROUND CAR PARK - DAY

Nitro enters the car park with super speed, he parks up next to the white car, who is still playing eye spy.

WHITE CAR
Something beginning with P? Erm...
Piano?

NITRO
Nope. It was Pillar.

WHITE CAR
Oh.

NARRATOR (V.O.)
Join us next time for more
adventures from the super car crew.
