

FADE IN:

EXT. COUNTRY - NIGHT

Moonlight strikes a parked car on the dirt road. Overgrown trees and brush are barely visible in the night's shadows.

A closer look at the automobile reveals an empty, dark-colored sedan with an open driver's side door.

BILL (30's) clean cut and wearing a business suit, crawls over dirt and gravel to follow on the high heels of, Nancy, directly in front of him, wearing a tight-fitting mini skirt.

BILL
Are you alright?

NANCY
Shhhh...

BILL
(whispers)
Sorry. I've never been shot at before.

NANCY (20's), cute in a tuff sort of way, SCREAMS out in pain. She lifts her left hand to take a look.

NANCY
Damned rocks.

Nancy and Bill cop a squat by the trunk. Nancy elevates her bloody left hand and rubs her knees with her right hand. She looks to the gravel.

A bullet only inches from her body.

AT A TREE

DANIEL (50'S). His dark silhouette almost hidden within the shadows. He fires his handgun toward the car, BAM, BAM, BAM.

BACK TO NANCY AND BILL

Bill notices the open buttons on her blouse and reaches for her breast. She swats his hand away with her injured hand.

NANCY
Ow! Stop!

BILL
Let me see.

Bill inspects her injury.

BILL
You've been hit!

She jerks her hand back.

NANCY
If I was hit, you'd know. Am I howling
in pain? No. I'm fine.

She kicks at the bullet and slides it away.

NANCY
(yells)
You're shooting at me, Daniel?!
Really?

BILL
Daniel? What?

NANCY
My brother.

Nancy rips a strip of cloth from the bottom of her blouse and
wraps it around her wound.

BILL
Nancy, what's going on?

NANCY
You told me you'll love me forever,
and you cheated. You cheated on me.

A look of confusion appears on Bill's face.

BILL
What are you talking about?

NANCY
I saw you, Bill. Why? I loved you
enough to protect you.

BILL
Protect me. From what?

A wolf HOWLS in the distance.

NANCY
My brother.

BANG! BANG! BANG! of gunshots forces them both to duck.

NANCY (CON'T)
He had a head injury and gets confused
sometimes. He thinks he's still a cop
and everybody is the bad guy.

She turns her head away.

NANCY
He's mine, Daniel! Quit shooting! I've
got him!

BILL
How do you know it's him?

Her head snaps toward Bill.

NANCY
I saw his car following us. The same
way that I saw you making out with
your secretary.

Bill looks away.

NANCY (CON'T)
Plus, he always wants what I have.

BILL
Always?

NANCY
Since we were pups.

BILL
Tell him you told me to kick rocks.
That I'm gone.
(pause)
Geezus, he's gay. Is he gay?

NANCY
He's Daniel. And telling him that I
don't have you will only push him over
the edge.

BILL

Oh, Gawd, I've never even gotten a colonoscopy. That part of my body is virginal.

NANCY

Shut up. He's not gay, but he does like the taste of mindless little twits sprinkled with pepper.

BILL

Nancy, I'm sorry if I hurt you. I don't know why I did it.

NANCY

Where is your sense of loyalty, Bill? You would never fit into a pack.

(pause)

Er, I mean a family.

BILL

Awe, Nancy, why don't we kiss and make up? Give me another chance. I can do better.

Bill puckers up and leans towards Nancy. She pushes him away.

NANCY

Are you serious?

BILL

Okay, then. If it's over, it's over. I say we get back in the car and drive it like we stole it.

NANCY

With two flat front tires? We wouldn't make it to the end of the road, then we'd both be dead meat.

BILL

Both be dead meat?

Nancy stares off into the distance.

NANCY

Yeah. He's shooting at us, remember?

BILL
I knew I should have followed you in
my car. We gotta' leave.

Bill crawls toward the brush.

BILL (CON'T)
Come on.

Nancy crawls behind him. She catches up to him fast and bumps
him hard enough to knock him over. He turns to her.

BILL
I don't remember you having any facial
hair.

NANCY
You have never pissed me off before,
and double whammy for you... It's a
full moon.

Nancy HOWLS.

A look of terror strikes across Bill's face.

BILL
Nancy? Your teeth!

SKY - CONTINUOUS

The full moon shines brightly.

BILL (O.S.)
You're a werewolf?! Help! Help,
somebody!

A wolf HOWLS O.S.

NANCY (O.S.)
Daniel, you found us. I already told
you, he's mine. Go away!

Two wolves GROWL, SCREAM, and WHIMPER as they fight O.S.

EXT. COUNTRY - NIGHT - CONTINUOUS

Bill crouches down as he rushes out of the brush.

Wolves continue to GROWL, SCREAM, and WHIMPER O.S.

A compact car moves down the road at a slow pace.

Bill runs for the car.

He opens the car door and gets inside.

INT. CAR - NIGHT - CONTINUOUS

LONNIE, long haired and 20 something, sits behind the wheel.
He glares at Bill.

Bill locks his door. He nervously looks here and there out
the windows.

BILL

Go! Go!

Lonnie stomps on the gas.

Bill looks at the blood coming from a wound on his forearm.
Lonnie notices.

LONNIE

You're bleeding.

BILL

I got bit.

LONNIE

You must have run into Nancy or
Daniel.

Lonnie has Bill's complete attention.

BILL

Both.

LONNIE

They're slipping.

Lonnie pulls the car over and puts the gear shift into park.

LONNIE

You would have never gotten away back
in the day, Bill.

That remark struck Bill like a sucker punch.

BILL
How did you know my name?

Lonnie faces him.

LONNIE
Daniel and Nancy are my brother and
sister. We talk.

Lonnie grins at Bill's fright.

LONNIE
It's not our fault. It's
uncontrollable during a full moon.

Lonnie's smile widens.

BILL
Oh, no. No.

LONNIE
She loved you enough to ask if you
could join us. Then we heard about you
and your secretary.

Lonnie laughs.

LONNIE
Are you scared?

Lonnie throws his hands up.

LONNIE
Boo!

Bill SCREAMS and claws at the door.

Nancy's face appears in Bill's window. A grin spreads across
her face.

Bill SCREAMS again.

NANCY
Lonnie, he's all yours. Not my taste
at all.

BILL
Nancy! No!

Bill turns and slaps at Lonnie.

Nancy and Daniel walk away from the car as it begins to rock from side to side. Bill's SCREAMS fill the night.

NANCY

I want to find someone who'll truly
love me forever.

DANIEL

You will or they'll die trying.

NANCY

True. I'm hiding your gun, you know.

Daniel hands her his weapon.

DANIEL

Here.

NANCY

Thanks. I think I'll head on over to
Soho. I could go for a little Chinese
right about now.

Daniel nods.

DANIEL

And I saw an old lady that smelled
like fried chicken and chocolate chip
cookies over on Main Street.

NANCY

I'll see you at home then.

DANIEL

See you at home.

The two separate and go in different directions.

SKY

The full moon and all it's glory.

FADE OUT

THE END.
