A car drives down a Countryside road. Patches of fog and smoke fill the air. Only things visible are the road and a few burnt trees.

Pull up to the front gates of an estate.

Stepping out is a slim, sharp dressed officer in a coat. JULIAN EDGER (late 20's) holds a body bag.

He covers his face as he marches into the smokescreen.

MOMENTS LATER

He returns now heaving a full body bag.

Carefully hoists it into the backseat.

Quickly gets in and drives off the estate road to enter the main road, the fire engines pass him.

EXT. STREET - AFTERNOON

Amethyst; A futuristic, underdeveloped city.

Neon signs and billboards show a familiar logo and phrase: E.CO: EARTH CHANGING OPPORTUNITIES

A figure stands by a streetlight watching the crowded street. This figure wears a gray hoodie, worn out jeans, and shoes.

A hospital tag on one ankle reads no. 8.

A logo on the left shoulder of the hoodie: E.CO INC. Both arms wrapped in gauze.

We'll call this figure ECHO.

Echo notices a DEALER carrying two bags.

He looks drained; He's been fighting urges of addiction.

Dealer heads down a lonely drive way reaching for his phone. Stops. Looks around, confused. Something is not right.

MEANWHILE
INT. CAR - CONTINUOUS

A Black Delorean; Not the best looking, but acceptable.

ROY (20) behind the wheel hides his head on the steering wheel. He does not want to be here.

His phone RINGS with a text: YO WHERE DA FUK R U?

He peeks up to the side-view mirror.

Dealer flurries down a block faster.

Roy hides his head back onto the steering wheel.

A classy store; a jewelry displays are broken, two dead bodies lay on the floor.

Two cops; BRIGGS, bald hefty build; RUSTY, slim, jaded.

They see a flopped tag by the broken glass:

RAW SHARDS; NOT FOR SALE!

BRIGGS

A VOICE enters through Briggs's radio.

SHARIA (O.S)

What you got?

BRIGGS

Took some merchs; He's on the move.

INT. MOBILE COMMAND UNIT - CONTINUOUS

A focused officer SHARIA EVYNS late 20's checks live feed footage from a local street monitor camera.

MICHEAL 20's, also focused behind the wheel ready for action.

SHARIA

He's close by.

BRIGGS(O.S.)

You got this?

SHARIA

(To Micheal)

Don't shake it; you'll be fine.

MICHEAL

Yes M'am.
RUSTY
Have it your way babe.

INT. CAR - CONTINUOUS
Roy notices some jewelry scattered about; One of them a ring.
Feint SIRENS.
Roy musters up his courage... and decides to step on the gas.

EXT. TUNNEL - CONTINUOUS
Dealer rushes into a tightly jammed tunnel of TRAFFIC.
Echo soon follows.
Driver caught off guard sees someone sneaking up to the cab.
Dealer opens the door and packs his bags in the backseat.

DEALER
(in a hurry)
Just shut up, I'll pay you later-
Dealer reaches to close the door when a hand stops him.
He looks to notices it is Echo holding it.

MOMENTS LATER
Mobile Command Unit parks.
Sharia and Michel arrive to find the Dealer unresponsive with
a hole in his head; his bags of stolen jewelry beside him.

INT. MOBILE COMMAND UNIT - CONTINUOUS
Micheal examines Dealer's wound.
Sharia looks at the bag of confiscated jewelry confused.

INT. NINA'S BAR - CONTINUOUS
Mixes of friends and acquaintances; everyone either has
someone to talk to, or just enjoying their downtime.
Of the bar goers is MURDOCH (40) a washed up out of work
thug, guzzles down glass of alcohol.

NINA (50's) a working mother runs the bar, checking incoming
orders from waiters, handing out change to customers.
NINA
Thanks, take care hun.

Nina stops a WAITER.

NINA (CONT’D)
(needs a minute)
Would you get Jake for me please?

We follow the waiter to the kitchen.

JAKE FISCHER (late 20's) depressed, listless, almost uninteresting, washes the dishes in work attire.

WAITER
Your mom wants you.

It irks Jake to get from the laborious part of his job to the more livelier side; it's as though he wasn't invited.

NINA
(tired)
The garbage.

We follow Jake to the back of the bar to the garbage bins with the cartload of garbage bags to put them in.

MOMENTS LATER

Jake meets Nina in front of the bar closing up.

Nina hugs Jake. It irks Jake.

NINA (CONT’D)
g'night. Say hi to Turk for me.

The two go their separate ways.

EXT. PIER / SHIP MAIN ROOM - CONTINUOUS

There is a boat docked. It has two bedrooms, a kitchen, bathroom, and a garage - yes a garage, this is the future after all. This boat is called "TIMELESS".

The helm has a makeshift control panel with a laptop plugged in, a joy stick elaborately wired to two 32' inch monitors and solar panels placed around the ship.

The huge window screen shows a beautiful view of the city.

Otherwise messy, but roomy.

A scrawny, shag-haired TURK FISCHER (17) sleeps on the panel.

The Television reports breaking news of a heist.

Jake enters.
Noticing Turk, he turns off the T.V and places a comforter over Turk.

Jake continues on to his bedroom. Turns on the lights and closes the door behind him.

INT. DIVISION - CONTINUOUS

An Arch mold holds a plaque in the center; An emblem of a city. A slogan reads:

"JUSTICE ABOVE ALL ELSE".

This is the Division, a highly regarded secret security firm.

HALL

Wall cabinets upon cabinets as far as one may tell.

A RECORDS KEEPER sits at a desk before the hall of cabinets.

We see JULIAN enter having a young model face a stubble and slick back hair.

He has a folio and a ticket; Hands over the ticket.

Records keep finds the corresponding locker for the ticket.

Pulls out a stuffed folio case kept together by a string.

Julian hands over a few glossy photos.

Records keeper looks at them a bit Leary.

RECORDS KEEPER
How old are these?

Beat.

JULIAN
(bothered)
How old are you?

Records keep opens the folio to place the photos in.

An article inside catches Julian's eyes:

"WOLVES SNIFF TRAITOR IN THE PACK; JAMES TAKES THE FALL".

Book keep closes the folio.

RECORDS KEEPER
Well, so long.

That article title sticks to Julian.

MOMENTS LATER
walking with Julian down the hall, a dashing, tall bold Grey-eyed man with slick hair; light groomed stubble on his square jawline looking a true "man's man". This is ALLEN PRYD(PRIDE) 40's, the man Julian wished he was.

His sharped pressed clothes, dark navy blue. Shoes black.

JULIAN
You guys must have files on everyone in there.

ALLEN
Everyone's guilty at some point.

DIVISION LOBBY

Fresh. Modern. Clean. As high maintenance as it can be.

Elevator arrives. Julian holds the door for Allen.

ALLEN (CONT'D)
Our next summary judgment is April eight. Our case must be up to date, or else it will be dismissed again. From there, we can maybe get it bumped to federal.

(beat)
How's Mark by the way?

JULIAN
Fine. He's just arriving to a jewelry heist scene. It might be Murdoch.

ALLEN
Good. Send him my regards.

JULIAN
Will do.

Julian lets the doors close.

INT. HOSPITAL - CONTINUOUS

PEARLE (30's) normal, attractive nurse with tired eyes and a tattoo of a number eight horizontally inked on her wrist.

OFFICE

She puts her folio down on her desk.

Approaches a wall with a flat panel screen the size of four 42" HD television sets.

She plants a thin plastic film on the flat screen wall.

Flips a light switch.
The flat panel turns on revealing the inside of a room sized tank filled with water and a built-in Cardiograph monitor.

A body of a woman in undergarments floats inside the tank.

She has a pale caramel skin complexion, long black hair, and a large tattoo of a dragon scaling the entire left side of her body. This is a MISTRESS (30).

An oxygen mask covers her face.

Multiple IV catheters over her vitals.

With a tap of her finger the thin film paper glows rendering the Mistress X-rays in real-time.

Pearle slides the film across the screen to scan the body.

MOMENTS LATER

She types at her computer; Beside her an unfinished written journal, and textbooks on Ionic bonding and bio-fuel.

INT. JEWELRY STORE - CONTINUOUS

The block closed off by local police and barricades.

A vehicle stops a block from the store.

MARK (late 40) a hefty, aged and broody everyday man steps out of his vehicle to the store block.

A lesser tough, rookie looking IZZY (mid 20's) follows.

JEWELRY STORE

Photographers take photos; two officers guard the area.

Sharia checks the bodies, Micheal, the camera, Briggs looks over all the broken jewelry.

SHARIA
I could've sworn it was him.

BRIGGS
It's cool babe, we all make mistakes. It's not like anyone's getting promoted anytime soon.

MICHEAL
Do you have to say it like that?

BRIGGS
What?
MICHEAL
Like "I told you so"? Two guys are dead here.

BRIGGS
You know, Julian didn't get promoted to the Division to avoid looking at dead bodies.

Briggs takes out a stick of gum.

SHARIA
That's true.

Sharia approaches him and snatches the stick from his hands.

SHARIA (CONT'D)
He also didn't mix work with play.

Mark enters.

MARK
What's up? Is it Murdoch?

SHARIA
Sorry sir; Found dead.

Briggs hands Mark a not for sale tag.

BRIGGS
This guy wasn't window shopping.

Mark takes a glove to inspect the pieces of jewelry closely.

MARK
RM.

SHARIA
Maybe he stole from someone he wasn't suppose to.

MICHEAL
The body didn't have a phone on him. Maybe he did this on his own?

MARK
Let's get prints on the cameras. I'll check the RM myself. If we're lucky, we can tie it to the Wolves.

BRIGGS
No offense, but it's been eight years man, I don't see us closing that case anytime soon.

MARK
Julian called. Just got a member this morning.

(MORE)
MARK (CONT’D)
I need someone with him to report tomorrow. Any takers?

Mike shakes his head.

BRIGGS
I'm off tomorrow. I can take the body to the coroner.

SHARIA
Why not Rusty? Where is he anyway?

BRIGGS
He's gone answering some call.

SHARIA
Fine, I'll go.

MARK
Alright then, let's go people, we got a busy week ahead of us.

EXT. SHORELINE - CONTINUOUS

Early morning. Sun not yet visible over the beach face.

A coast guard arrives in a jeep with a bubble jacket and a cup of coffee. A motorcycle parked on the boardwalk.

A pair of footprints lead to the beach house.

Coast guard follows the prints a bit curious.

He opens the door to the-

BEACH HOUSE

COAST GUARD
Why can't you ever bring girls into your apartment--

An empty room.

A turned over chair, spilled mug on the desk panel, and spots of blood. Monitors show plain ordinary footage.

Coast guard rewinds the footage to earlier time.

It shows Echo forced herself in and killed the guard.

C. Guard now wary quickly looks around cautious -- a trail of blood catches his sight; He follows the trail leading him to-

SHORELINE / COVE

Waves collide against the shallow rocky shore.
Between the rocky border and waves is a large hole; beside it a corpse of the coast guard.

Coast guard approaches closer to find Echo in the hole, scraping up the mixture of dirt and sand with a rock in hand.

**COAST GUARD (CONT’D)**
Put your hands up.

Echo continues digging not minding the armed guard's warning.

Coast guard grabs his radio.

**COAST GUARD (CONT’D)**
This is border patrol. We got a code red, I repeat, code red, over.
(to Echo)
Put your hands up, right now-

C. Guard cautiously approaches with one hand on his sidearm the other reaches.

Echo in an instant HITS the guard with a HEAVY hay-maker leaving the face gruesomely disfigured beyond recognition.

Rests her stance with a heavy SIGH.

Drags both bodies into the already dug up hole.

Now buries the bodies.

**MOMENTS LATER**

The waves in the river hit one another.

Over the city horizon, a scaffolding stands out, lighting up the sky. A large banner reads "FUTURE OF E.CO". Echo's silver eyes gaze into the eerie lunar light reflected in the water.

Echo checks out a phone to look at the contact list; a few names show up: Murdoch, Roy, Kurt, Dominic.

A crow perches itself upon the beach. It's CAWING wakes Echo.

Spots the bike nearby. Echo checks keys retrieved earlier.

Rides the bike leaving behind secrets in sand, dirt and snow.

**INTER-CUT. PRECINCT 17/ JULIAN'S CAR - CONTINUOUS**

Mark enters. IZZY follows with the confiscated duffel bags carefully place them on the table scale. The rings scatter.

Mark holds a phone, reading a report.
Julian drives; Sharia in the passenger's seat.

JULIAN
Edward owned the estate that burned down. His mistress was the only one inside at the time. Allen says he will ask him what he knows of it.

Izzy begins reading the scale.

A call comes through.

WAYNE (O.S)
(on the phone)
Mark. Any luck on catching Murdoch?

MARK
No Wayne, still on the run. You checked his apartment though right?

WAYNE (O.S)
Both me an Rusty.

EXT. BEACH - CONTINUOUS
Wayne and Rusty scan the cloudy monitors and control panels.

WAYNE
His phone lines were cut off so he knew he was being followed. Had a lab in his kitchen. Reeked of Butane and Sulfide.

SHARIA (O.S)
Those are all toxic.

WAYNE
Sharie? Is that you sweetheart?

SHARIA
(hesitant)
Hello, dad.

MARK
He knows how to make'em now?

Wayne follows the blood trail to the cove.

WAYNE
Yeah right! We lucky he didn't set the place on fire.

MARK
We found a body of another dealer. You think the wolves did this?
WAYNE
What do you mean?

JULIAN
The wolves had problems with leadership. Since the coup de etat, the E.CO scandal left them scrambling over control of RM.

WAYNE
Look who's done their homework.

Izzy finishes placing all the crystals upon the scale.
He reads the scale 2348.42 lb.

Micheal enters.

MICHEAL
I got the prints Mark. That guy touched those cameras. No one else.

MARK
All on his own?

MICHEAL
And Rusty reported. Got a distress call from Harley for a dispute with a trespasser. No ID on the killer.

Wayne finds an odd hill shape already dug up, revealing two pale bodies; One with a tattoo of a wolf. ID; Howard Harley.

WAYNE
Maybe we can get you a copy of those reports.

MARK
Thanks Wayne, see ya soon. Julian, Sharia, get the report please.

SHARIA
On it.

Mark hangs up.

WAYNE
Take care Sweetie.

Wayne hangs up.

Julian hangs up.

Sharia pulls up the vehicle to-
EXT. LOT - CONTINUOUS

SHARIA
Alright we're here.

JULIAN
So is he.

Allen steps out of the vehicle already parked.

ALLEN
Fellas. How's Mark?

SHARIA
Doing well sir.

ALLEN
We have one body in critical condition. Let's hope we have a good doctor on this.

INT. HOSPITAL - CONTINUOUS

KNOCK KNOCK!

Julian Sharia and Allen enter.

JULIAN

Pearle exchanges handshakes with everyone.

Allen inspects the film highlighting the floating body.

ALLEN
Well, it's not Murdoch.

PEARLE
No. No ID on her yet. There's internal bleeding. Her jugular and lungs look stable, but readings of Toxins show Nitrogen and other chemical activity is highest in the larynx and Aorta.

ALLEN
What kind of chemical toxins? RM?

PEARLE
It's similar to it's structure but.

JULIAN
It must be a tie to that robbery.

ALLEN
Counterfeit then? Unprocessed RM?
SHARIA
Wait, she wanted those jewels?

ALLEN
It's hard to say for sure.
(to pearle)
Will she be okay for trial?

PEARLE
(pause)
I didn't know there was one. Well, she will need surgery, this chemical's reacting quickly. It'll be about four weeks before we get anything. It's not much, but I can get you a copy of our progress. I'm sorry if it-

ALLEN
No it's alright. Take as much time as you need. Thank you for this.

PEARLE
Yeah sure.

Allen initiates a handshake with Pearle; Pearle shakes hand.

Everyone exits to leave Pearle to her work.

LOT

Sharia and Julian follow Allen.

JULIAN
I think we should look at the estate, strip the place for RM.

ALLEN
Unfortunately, this is a corporate case, not a murder one. We're looking at just trade routes and numbers, not motives. And time is not on our side. Remember the Wolves control the flow, but with distribution, they won't give it up. Sharia, how would you like to join Julian with investigations?

Beat.

Sharia hesitant.

JULIAN
Are you sure about this?
ALLEN
I need the best and brightest. Only mistake now would be taking on the Wolves alone. Don't worry about messes. I'll let Mark know you have my go ahead.

SHARIA
(beat)
Yes sir. Thank you.

Sharia heads to the car.

Julian skeptical.

ALLEN
Julian. The court gave us a date. With you the only one infiltrating the wolves, I don't want to risk you like I did James. I'd like to get this done right. In the meantime, let's keep lines with the coroner open.

Allen's car arrives by valet. Allen steps in.

ALLEN (CONT'D)
(to driver)
Take the fast route.

Car drives off.

SHARIA
You coming, partner?

JULIAN
(beat)
You go ahead. I'll take the train.

OFFICE
Pearle gathers paper forms.

Julian enters; he walks up behind Pearle, he cuddles close.

JULIAN (CONT'D)
Thanks for taking this for me.

Pearle moves away to hand the paper forms.

PEARLE
There's a medical conference by the state review board at 34th in 8th tomorrow night. I'm turning in a report in person for the review board of Disease research. I'll need a lift.
JULIAN
Tomorrow night? Why so soon?

PEARLE
The board needs to see my report one way or another. The consent allows me to release my report to the public. It'll confirm police involvement.

JULIAN
Just remember, EP.CO owns the hospitals.

PEARLE
Thanks.

JULIAN
Thank me later.

INT. TIMELESS - NOON
KNOCK KNOCK!
Jake sleeping on the bathroom sink wakes up; Water running.

TURK
JAKE?! MAIL'S HERE!!
Turk heads to the main room to a machine BUZZING.

GARAGE
Messy. A college degree next to a calendar; February 2088. Two weeks marked with an 'X' followed by writing:

"ROY NEEDS THE CAR FOR..."

A few brochures on drug addiction and coping with loss next to Postcards and letters from Roy, Turk, Nina, Mark, and Julian: "HANG TOUGH!" "WE SUPPORT YOU" "YOU CAN DO IT!"

Jake groggily slumps a seat on a stool next to a desk.

The phone beside him RINGS; he hits the speaker button.

ROY (O.S.)
Hey hey hey time to hustle today! Mornin my favorite bros!

TURK
It's Eleven-thirty.

ROY (O.S.)
Hey whenever I eat cereal is breakfast time. That's my motto.
TURK
Whatever.

Jake only mildly awake, looks through the mail.

ROY
(pause)
Listen, I'm gonna need the car for a late pick up. That cool with you?

TURK
Again?

ROY (O.S.)
What's the prob?

TURK
You have a job and can't buy a car? Or take public transit? Tell me this isn't for another heist job.

The mail has nothing interesting; Jake tosses them away.

ROY (O.S.)
Dude, I'm only gonna need it for like two days! heist job, really?

TURK
There's a science expo downtown in a week. Jake, this is important.

ROY
Come on jake, please do me this one solid. I know I fucked up-

JAKE
Language.

TURK
I'm 17.

JAKE
My ship, my rules.

ROY
You can trust me on this; I'm good for it. I'll take the bus for now, but think on it, aight?

Roy hangs up.

Turk arrives with a few paper stacks.

TURK
Jake. Please don't forget about the expo, it's really important to me.

Jake heads to his bedroom getting ready to take a bath.
TURK (CONT'D)
I may be able to find work if I can
get the E.Co reps to see my resume.

Jake doesn't answer.

TURK (CONT'D)
Okay Jake? You heard?

JAKE
Go to school if you want a job.

Jake heads to the bathroom.

TURK
Schools are for degrees not work.
And we don't have money for school.

JAKE
You don't.

Closes the door.

TURK
Neither do you; cheap ass.

EXT. AIRPORT/ UNDERPASS - NOON

KURT (late 40's) an odd man with slump postured, sapped out
of energy and happiness, he appears to have not aged well.

He follows the passengers off a plane.

SHARIA (V.O)
So who is this Kurt guy?

ALLEN (V.O.)
A chemist. Has a long history of
experience in Bio-engineering,
Materials and Chemical Analysis,
Pathology. My team lost his
whereabouts since the case last
closed.

He's now at the lobby taking an escalator.

BRIGGS
I hear he's an oddball.

SHARIA (V.O.)
I thought he died.

BRIGGS (V.O.)
So, was an oddball.
ALLEN (V.O.)
He may be involved in some way.
You're free to look into it.
Consider it your first assignment.

He is now at the baggage claim area.

MOMENTS LATER

Taxi arrives; Driver steps out to assist him with his bags.
Kurt hoists the luggage into the car on his own.
He sits in the backseat; Checks a text message on his phone:

"CALL ME ONCE U SETTLED - ROY".

Echo on a bike parked a block away from the airport watches the taxi leave.

INT. POLICE DEPARTMENT / OFFICE - EVENING

Several Mugshots of unknown faces on the board. One photo of the recent Coast Guard is pinned, along with a few thugs.

Briggs takes a stick of gum.

Sharia yanks it from his hand.

SHARIA
So one of the guards was a member?

MARK
So it seems. What about the other one?

JULIAN
Just another casualty. Or someone may be trying to send us a message.

ALLEN
What about shipments?

BRIGGS
They were reported "impure", but seriously what jewelry store doesn't want to sell fake jewelry?
So the Wolves now get access to routes all provided by their trusty launder.

Allen across the desk patiently taps the phone receiver.

JULIAN
I don't think it's the wolves. Their interests split them up.

(MORE)
JULIAN (CONT’D)
It's got to be some random guy who happens to work with Murdoch.

MICHEAL
That autopsy report, looks like forced trauma caused by some real blunt rock. There were traces of Nitrogen, and Bromine left around the Auditory nerve cavity.

JULIAN
Same thing on the mistress.

Rusty enters.

ALLEN
Russell Smith. Avoiding another day of work I see.

RUSTY
I missed you too. I was on the beach. Lovely view, I mean once you get past the dead couples scene.

ALLEN
Up to now the Wolves have been quiet, but I still need reports of their movements. From everyone. Including you.

RUSTY
Right, cuz you never solved a case my clue snooping expertise; You're so thoughtful.

MARK
Rusty. Tell me you have something?

RUSTY
Alright, alright. There is this nerd fair going on in 34th n 8th.

MARK
A What fair?

JULIAN
It's a conference for Doctors and scientists. They talk about everything science and health related; alternate energy to RM.

ALLEN
That's not good enough. I need full substantial intel from your department, otherwise I cannot be more fully involved in this case.
RUSTY
Has that ever stopped you before?

JULIAN
Edward might be there, you did want to speak with him.

ALLEN
Our meeting is already scheduled. I'm only saying to consider that our lead could be anywhere else.

Mark takes a beat to think things; He seems resolute.

MARK
Allen, we have three people of interest, two of them gone. I want to get back on this case. I'm gonna check this place just like I would anywhere else.

INT. REVIEW BOARD CONFERENCE ROOM - NIGHT

A wide conference room gathers Doctors, sharp dressed business men and political figureheads surveying displays.

BRANDEN (30'S) Oblique gentleman; capable of hiding emotion, reads an article titled: THE RAW TRUTH.

Pearle beside herself awaits an honest response.

BRANDEN
(disappointed)
RM theory? You mean from...

PEARLE
Yeah it borrows some of Kurt's notes on RM structure, but he only talked about blood type and structure. And there are others approaches to his theory I feel he didn't expand on. Age, gender, temperature-

BRANDEN
Okay, let's talk temperature. Lets say someone were to eat an RM crystal. The basic compound broken down make the stone useless, yet it'd give the body more diseases than it knows to do with. Where does temperature come in?
PEARLE
Body heat. Once that stone collects energy from the body, it becomes a source for it. The crystal saturate but continues to fester as a new thermal energy source. So it will slowly provide for the body which would eat the eater. You get it?

Branden seems unimpressed, almost skeptical.

Kurt arrives with a few well suited members, the BOARD OF DIRECTORS and EDWARD C. OZ 50's pudgy snob with aged hair combed over his head. Who uses money as a second language.

KURT
You must be Dr. Ellis!

Kurt exchanges handshakes with Pearle looking startled.

KURT (CONT’D)
I've heard so much of your article based on Kurt's work, I'm just amazed by it all!

PEARLE
I'll be sure to give him some of the credit

Branden feels ignored.

KURT
I see you met Chief of E.CO labs Branden Hurst. Here is Edward Charles Oz, and on my right is-

BRANDEN
(butting in)
- This patient, Pearle, had RM in her system before. Illegal RM. Pearle, what you write in your article only occurs from unprocessed RM intake.

PEARLE
We're not entirely certain of that.

BRANDEN
You say in this report her readings are similar to the average consumption of RM as a narcosis. This seems errant. Had you provided substantial data to your claim then your case is solid. Otherwise this theory sounds like a baseless accusation on E.CO for RM product distribution.
PEARLE
Well it is a theory.

BRANDEN
On what? Chemical Alchemy?

PEARLE
Amethyst's policy on toxin control. Yes RM is processed at hundreds of gallons a day, but the waste product from refineries puts the environment at risk. Up to now, we've kept the toxins from human contact, but with RM also used in drugs, EP.CO could face violation charges against the State's health code act, and the drug e.

EDWARD
I'm sorry miss Ellis, what are you saying exactly? That my company is at fault here? For the consumption?

PEARLE
I'm saying this needs to be looked at as a health crisis. And it's Dr. Ellis. However, that scandal really fogs up the lens.

BRANDEN
Well everyone loves a scandal. So interested in the companies activities and not the people.

BOARD DIRECTOR
This report seems lacking but does show promise. You make a point, RM has done wonders for housing projects in residential areas. I can't see how EP.CO's actions would lead to such a conspiracy.

Branden exits.

BOARD DIRECTOR (CONT’D)
Good work Dr. keep it up.

Pearle exchanges handshakes with the Directors.

Edward pats Pearle's shoulder as he exits.

Edward and directors exit.

Pearle holds onto her arm slightly.

KURT
That must've been tough.
PEARLE
You have no idea.

KURT
Branden can be wary with detail. Comes with the territory working for a brand like Ep.Co

PEARLE
It's like everyone's working against you. Not surprising when this company pays my hospitals with their machines. I was lucky enough to even get my report here.

LOBBY
Jake and Turk enter; You can tell they weren't invited. They sit receiving a few odd looks.
This feels so uncomfortable.

TURK
I think we're late.

JAKE
You mean like late time-wise, or like fashionably?

TURK
What? No I mean it looks like the show's closing up. I'll see if I can get a few brochures.

Turk leaves Jake.

JAKE
Turk, wait-

Mark and Julian approach him.

JULIAN
Lost out here sir?

Jake turns to notice-

JAKE
Julian?

Julian reaches for a hug.

JULIAN
I barely recognized you for a sec! How you been?

JAKE
Good.
JULIAN
Sharia you remember-

SHARIA
Yeah.

MARK
You have grown! If only your dad-

JAKE
Yeah... So you cops now huh?

SHARIA
No I just promenade in this outfit.

JULIAN
Eh, don't mind her. Hey, congrats on finishing the rehab program! This guy's gone for twelve months!

Now Jake is uncomfortable.

MARK
That's great. You know everyone's been pulling for you, we knew you could do it.

SHARIA
We?

Beat.

MARK
Well, we should get going. If you need anything, we're here for you.

JAKE
Thanks.

MARK
Send Nina my regards.

Mark exits.

SHARIA
Congratulations.

Sharia exits as does Julian.

BACK TO

KURT
Is it true a cop found this body?

PEARLE
I think so.
KURT
Strange; They never worked closely
with the doctors of my time.
Perhaps there is some hope in
trusting the police system.

That thought stays with Pearle for a second.

PEARLE
I only study it research.

That came out a bit odd, as though Pearle's forced to say so.

KURT
Well it's nice to meet someone who
knows what they're talking about.

Pearle notices Kurt a bit strange.

PEARLE
I'm sorry what was your name again?

KURT
Oh! I'm so stupid, sorry! Alec
Smith. Pleasure.

Kurt exchanges a cautious handshake with Pearle.

Kurt leaves.

Turk arrives with a bunch of brochures.

PEARLE
Hey there! How may I help-

She stops to notice the familiar face.

PEARLE (CONT’D)
Turk?

TURK
(under-breath)
Oh this is awkward.

Pearle goes in for a hug.

PEARLE
Oh my gosh it is you! Wow, you've
really gotten taller!

TURK
Hey! You're here too.

PEARLE
Of course! I've got an article
published for this expo!
TURK
Is this the one?

PEARLE
Yep. Take one.

Pearle hands to Turk an article copy.

Turk reads the title.

TURK
Sounds like a manifesto.

PEARLE
Well, it's just a theory in work.

Jake arrives finding Turk.

JAKE
Turk, why did...

He stops once noticing Pearle.

TURK
Oh, hey Jake! Look who it is!

The two can't help but share an awkward pause.

TURK (CONT’D)
So, I'll go read these on the ship.

Turk exits.

PEARLE
Hey.

JAKE
Hi.

PEARLE
(beat)
It's been a while.

JAKE
Yeah it has.

PEARLE
A ship huh? Like a, space ship?

JAKE
It's a boat. Housing is based on owner's wages, not members in a household, so to avoid money problems I moved out.

PEARLE
(trying not to laugh)
Don't ships need fuel?
Jake gives a blank look of offense.

PEARLE (CONT’D)
What? What's with that look?

JAKE
We got a steam engine integrated with a solar panel.

PEARLE
Okay. I mean, at least you manage to-

JAKE
It was Turk's idea. I just hooked it up.

PEARLE
oh. I mean well, at least you're getting by.

JAKE
You think it's funny don't you?

PEARLE (sarcasm)
Yeah, everything is a joke to me, I don't believe people suffer, that's why I'm here.

JAKE
Seems to suit you just fine.

PEARLE (beat)
Sharia told me you went to rehab. That's where you've been all along?

JAKE
Yeah, you could say that.

LOBBY

PEARLE
I mean, that's great, but you couldn't tell me? Anything at all?

Jake looks away confused.

JAKE (beat)
You told me you were having a child. I remember you telling me I'd fail as a father. You remember?

PEARLE
Do we have to go through that-
JAKE
You lied to me.

PEARLE
-I? No Jake. You need to listen-

JAKE
If you wanted to leave then say so! But act like we wouldn't work it out? You never give us any time!

Pause.

Pearle holds her wrist. She is tight-lipped.

PEARLE
It was dying. I had it treated. It was taken away from me, I...

JAKE
(pause)
And you didn't tell me.

PEARLE
You got some nerve. I tried, so much to support you, you were gone for eight years! You never spoke to me, not one word! You just left, and I hurt you?!? If only. Then you'd know what you put me through.

Silence grows.

Jake withheld to cope exits; Looking down, taking the loss.

Pearle exits the same.

PARKING LOT

Kurt waits as a Black Delorean pulls up before him.

Roy behind the wheel notices Kurt; Kurt remembers Roy.

IZZY (O.C)
What's up Doc?

Kurt nearly startled turns.

KURT
Is-Is there a problem officer?

IZZY
You seem in a hurry to leave, Mr-

Kurt offers Izzy a hand shake.
KURT
Alec. Alec Smith. Yes. I have a family emergency.

Izzy hides his grin with a smile.

IZZY
Oh, you should let me take you.

KURT
Oh I don't want to be a bother--

IZZY
I don't mind; Call it a "respectable favor".

Julian arrives.

JULIAN
Russell? you didn't say you'd show up.

RUSTY
Why wouldn't a narcotics agent not show up at a drug convention?

JULIAN
We got to report in; He's not here.

Rusty looks back to notice Kurt and Roy already left.

INT. TIMELESS - CONTINUOUS
Turk reads every brochure he's gathered.
BUZZER sounds off.
A bit of silence until we hear parts THROWN and SMASHED.
Turk startled quickly rushes to the-
GARAGE
To find the place in shambles Jake looming over a desk.

TURK
You alright?

Jake solemnly stares at the letters.

TURK (CONT’D)
What happened here? Jake? Are you-

JAKE
Yeah I'm fine. What do you want?
TURK
(pause)
Nothing. Uhm, thank you for taking me there.

Turk exits.

Continues to stare at the letters.

EXT. STREET - NIGHT
A black Delorean pulls up to a crowded street festival.
Kurt steps out.
Roy behind the wheel looks a little worried.

MEANWHILE
Kurt walks into an antique store with the small logo:
"FATHER TIMES' TIMELESS ANTIQUES".

INT. ANTIQUES STORE - CONTINUOUS
Beautiful historic artifacts, old, new, marble, nickel, wax, glass, stone, and copper sculptures. Priceless paintings and portraits. This place could be a miniature museum.

Kurt approaches the counter; wary of the work around him.

A slim, able OLD MAN, approaches the counter fixing his glasses; seeing Kurt he opens the counter to let him pass.

Kurt enters the hallway leading to-

BACKROOM
Dank, decrepit, but still houses a well aged aroma of fresh pine, fine wood furniture, and old liquor bottles.

An antique dinner table placed in the center where several DEALERS are present, one of them Murdoch across from Julian.

DEALER#1
Look who finally showed up. The man back from the dead.
(beat)
Don't you know everyone's looking for you and your boy toy? None of this would've happened if Roy didn't punk out like he did.

Kurt takes a seat next to Julian.
MURDOCH
Let me find out it was one of you.

JULIAN
It doesn't matter. Everyone's watching our moves; Local police all the way up to the feds. Nobody in my department knows about this deal, so everything needs to be precise, and quick as planned. If we trip up, I can't help you. They won't stop knocking us, til we give em Dominic or Kurt. And I just helped Kurt dodge 25. anyone else feeling like a rat?

MURDOCH
I don't remember naming you Don.

DEALER#2
He's got a point. Remember that trick that had the whole tattoo all over? I heard she got taken in.

MURDOCH
I don't give a shit bout her, or the wolves! We don't work for em! They payin the price, while we bounce with the deal of a lifetime.

Murdoch WHISTLES to call the old man.

Old man arrives with a newspaper with red ink writing all over it; dollar signs for prices and amounts of RM.

Murdoch looks at Kurt, literally spaced out at the newspaper.

MURDOCH (CONT'D)
Yo, you know this seller right? You say this deal's legit? Where it at?

Still no response.

Murdoch WHISTLES snapping Kurt out of his daydream.

MURDOCH (CONT'D)
Yo, you hearin me?

KURT
... I thought I was a dead man.

JULIAN
Kurt just tell him. Is it legit?

Pause.

KURT
Everything about the deal is there.
DEALER#1
But where's it happening?

Kurt flips the pages directing everyone's attention until coming across a photo of an incomplete EP.CO scaffolding.

Everyone looks at each other feelin real lucky. All smiles.

DEALER#2
Aight, sounds good.

Everyone gets up to leave. Kurt stays looking at the paper.

The writing in red ink:

TWO MILLION, DOMINIC. Last chance.

EXT. STREET - CONTINUOUS
Street festival still goes on.
Dealers, Murdoch and Julian step out, split up.
Kurt steps out a bit late.

MURDOCH
HEY!
Kurt startled turns to Murdoch's voice.

MURDOCH (CONT'D)
Better not cry wolf.

Kurt taking the advice, paces quickly away from sight.
Further down an alley, Roy pulls up to him.
Kurt rushes in.
Delorean takes off.

KURT
you hid in here the entire time?

ROY
What?

KURT
What you didn't do a job for them? Chickened out? Anything to cover you own ass I suppose.

ROY
I didn't do it for me. This friend of mine. This is his car. He knows I'm using it. He's a good guy. He's been through a lot.

(MORE)
ROY (CONT’D)
I knew him since rehab. I think he's catching on to what I doing. I just don't want him getting all suspect.

KURT
Getting all what? Suspect of what?

ROY

Kurt shows concern; almost as though he's hiding a secret.

ROY (CONT’D)
I didn't do it. Even worse, they killed his dad, But he feels it's his fault. It's like, all he thinks about. I mean do I tell my best friend about this? Should I lie?

KURT
(pause)
The last thing you ever do is lie to a child about their father.

Roy pulls up to a hotel.

ROY
Is this the place?

KURT
(beat)
Yeah. I’ll see you at the meeting.

Kurt steps out.

ROY
Hey man, it's good to see you back.

KURT
Yeah. Thanks. Good night Roy.

INT. CAR - CONTINUOUS
 Sharia in the driver's seat.
Izzy works on a Sudoku.
Sharia spots the black delorean taking off.

SHARIA
Think they're up to something?

Izzy only focuses on his puzzles.
Rusty approaches.
RUSTY
Shari. A favor. Allen wants us to get the latest reports with Jules, but he's a bit busy with something. Would you mind taking us? Please?

Sharia irks getting the car ready.

INT. HOSPITAL PATIENT'S ROOM - CONTINUOUS

A cardiograph beside a tank shows a reading on mistress.

PEARLE (O.C.)
She seems to go by the name Prism. She's had a record with lung diseases. Possibly due to smoking.

SURGEON (O.C.)
Never kicked the habit huh?

DOCTOR (O.C.)
So even with shrapnel cleared out, the lungs may still have issues.

We see Pearle, a DOCTOR, and SURGEON analyze the collection of X-rays.

SURGEON
Lost some tissue but the nerves still function well.

DOCTOR
Cadmium, Carbon monoxide, Methanol, and Butane. (sarcasm)
Sure, we've never find chemicals like these in smoker's lungs.

PEARLE
The crystal could be channeling these chemicals into her system.

Phone RINGS. Pearle answers.

NURSE
Pearle? You have a visitor; Someone from station 17.

PEARLE
Shit. Will they ever leave me be?

DOCTOR
Welcome to the medical profession.

SURGEON
Wait, what do they want?
PEARLE
You don't know? They want her, she's due in court.

Pearle gets up to leave.

SURGEON
So soon? That's odd.

PEARLE'S OFFICE

Sharia looking through the desk, pretends to be nonchalant.

PEARLE
Oh, hey.

SHARIA
Hey! How's it goin?

PEARLE
The usual, still being heckled by the press and "Amethyst's finest".

SHARIA
Sorry, it's kind of an emergency.

PEARLE
How urgent is this emergency?

PARKING LOT

Rusty looks at a Sudoku Izzy filled in writing:

"2348 LBS; EVIDENCE LOT no. 42"

This intrigues Rusty.

Izzy has a lighter in hand, playing with it.

A scantily dressed woman approaches Izzy with a cigarette.

WOMAN
Hey baby, you mind?

Izzy only continues to look at the flames.

WOMAN (CONT'D)
Hello? What you gonna make me beg?

RUSTY
(to Izzy)
How about you go check up on her?

Izzy exits, he hands the lighter over to Rusty.

Rusty lights his cigarette.

Woman feels ignored here; She storms off with a "FUCK YOU!"
Just another night out on the town for Rusty.

PATIENT'S ROOM

The monitor reading erratically climbs above 98.6. Mistress begins twitching.

ER. ROOM.

SURGEON
It could be radioactive poisoning.

The BUZZER sounds off.

SURGEON (CONT'D)
What is that?

DOCTOR
The timer. The patient's awake?!

MEANWHILE

Pearle looks through her cabinet filing, pulls out a folder with the latest reports.

SHARIA
She's Edward's mistress. I bet she has a stripper's name too.

PEARLE
She's still in comatose.
(not finding anything)
Come on, where did I...?

Pearle heads to the computer; goes to the filing names. Sharia a bit nervous about this.

PEARLE (CONT'D)
Here it is!

Pearle finds the folder; She hands it to her. Sharia hesitant to take the folder.

SHARIA
Thanks.

PATIENT'S ROOM

Surgeon and Doctor approach the room.

DOCTOR
Wait by the door to drain the tank.

Doctor shuts off the alarm. He signals surgeon.
Surgeon hits the command and the tank drains.
The body lies on the floor; beginning to have compulsions.

MEANWHILE

Pearle and Sharia arrive down a hall.

SHARIA
There's this case on this big time exporter for the syndicate. Had his name changed, and he's assumed dead for nearly a decade.

Pearle seems uninterested; Something bothers her.

SHARIA (CONT’D)
And I'm already assigned to join investigations. I know it seems to good to be true, but-

PEARLE
Are you sure you should be telling me all this? I mean isn't your kind of work supposed to be, covert? Why are you telling me this, why not tell the government? What can I do with that information?

Beat. Sharia notices Pearle almost cutting her off just now.

SHARIA
Okay, I'm just saying it's too good to be true.

PEARLE
That's fine, but I don't really-

SHARIA
What, care? Come on, people deserve to know the truth once in a while.

Pearle feels slight shame not telling Sharia about Jake.

Pearle and Sharia arrive to the tank room.

PEARLE
What's going on?

SURGEON
Her condition's improving; She's come to! See for yourself.

Something about this doesn't set well with Pearle.

Pearle heads to the control room; she looks at the machine in the O.R room. A stable reading.
Until...
BEEP.
BEEP.
BEEEEEEEEEP.
A Flat-line signal.

SURGEON (CONT’D)
No, no no!

Surgeon hurries to the tank room.

Doctor falls coughing; Surgeon tries to help him.

Sharia picks up a scent.

SHARIA
Do you smell gas?

Pearle looks at the machine; still, frozen in confusion.

Sharia sees Doctor and Surgeon fall to their knees choking.

Gaseous fumes rise about the hall. A lot of it spreads in the air, it's getting tough to see.

Sharia hurries to them but succumbs to a severe cough.

SHARIA (CONT’D)
(in between coughin)
PEARLE?! PEARLE!!!

Pearle wakes up and hurries to the tank room into the fog.

Pearle looks for a breathable mask and the emergency alarm.

The Mistress's hand begins to twitch.

She rises as the Doctor and Surgeon suffocate.

The mistress reaches the Doctor. Doctor coughs up blood.

The blood lands on Mistress's hand stinging her skin.

Hurt by the human touch mistress approaches Doctor and begins to strangle him to death.

SCREAMING.

Sharia hears danger, but no sight on the source of threat.

She arms her gun and aims carefully.

A figure appears in the thick fog.
A distorted figure; the head appears to have a horn sprouting out of the head.

Sharia squinting her eyes can make out the mystery figure, with the head of a monster shrouded in fog and smoke.

Sharia's eyes frightened at the sight FIRES.

CUT TO:

LOT

Izzy approaches Rusty.

RUSTY

Well?

Izzy points at the crowd of patients and doctors waiting outside of the hospital being treated for breathing.

Sharia and Pearle are among the people being treated with oxygen tanks.

The mistress is being carried out in a body bag.

Rusty approaches Sharia smoking his cigarette.

RUSTY (CONT'D)

(clueless)

So... did you get that report?

INT. SHIP / BEDROOM - MORNING

Jake gets dressed.

TURK

Jake? He's here.

Jake heads to the -

GARAGE

Groggily sits beside the desk.

Garage doors open; Car comes in.

Turk stays by the entrance.

Roy steps out handing the keys.

ROY

Thanks again fellas.

Beat.
TURK
(pause)
Say Jake, how many times has he borrowed our ride so far?

JAKE
This month?

TURK
Yeah.

JAKE
Four times.

TURK
Four times? For real? You mean to tell me he's used our car up to four times already?

ROY
What is this? What's happening?

Roy sees the calendar, a bit confused to see the X's.

TURK
There was a robbery at a jewelry store again.

ROY
What are you saying?

TURK
Nothin. Only that it's an awfully peculiar coinkeydink. Right Jake?

ROY
Guys I'm not robbing any stores. Jake you know I'm not doing that...

He stops once noticing Jake looking through the seats.

He picks up a ring. It's the same one from the robbery.

TURK
hmm. slow day at the job huh?

Roy tries to get a good look at it.

Jake keeps it away from his hands.

ROY
I don't know where that came from, it's not mine. I mean, it's worthless, so why hold onto it? How do you know it isn't stolen?

JAKE
Wait, so it was stolen?
TURK
But he just said it's worthless, so then why would anyone take it?

JAKE
Unless it's missing.

TURK
There might be a reward! Awesome! Roy, Let them know we found it!

ROY
(stopping Jake)
Wait, guys. You, you can't just keep it!

JAKE
Who says I'm keeping it?

TURK
I thought it was missing?!

ROY
What? No I wasn't saying that. No wait, I mean, yes! It is missing, I mean it must be, right? That's right! You know what? You should let me return it to the guy-

Roy tries reaching for the ring.

Turk yanks it from Jake's hand preemptively avoiding theft.

TURK
And take the reward for yourself? How do we know you won't run off to pawn it?

JAKE
But it belongs to someone right?

TURK
What's his name?

ROY
(Think roy, think!)
The guy's a doctor. A doctor something... Doctor Shard.

Pause. Turk starts laughing.

TURK
(busting a gut)
Are you even trying to lie?

ROY
What?
Turk maintains his laughter.

TURK
You're lying! You mean Kurt Shard?

JAKE
Who?

TURK
He's a bio-chemist, he created the RM energy theory. And this one here is lying because the man's been dead for eight years.

Beat. Eight years. Jake holds on to that.

ROY
You think I'm lying!

TURK
Of course you are! The guy's dead! How can you possibly be right? Just admit that you stole this!

Roy and Turk notices Jake has left.

MAIN ROOM
Jake types on the computer, gets a query of articles pop up.
Turk and Roy arrive confused.

TURK (CONT'D)
What? What is it?

JAKE
EP.CO was involved in a scandal that left millions in a corporate scheme to control RM import.

TURK
Okay, what's that got to do with--?

JAKE
Kurt Shard was accused of running that operation.

ROY
Guys, okay maybe I was lying. But, I remember who the ring really belongs to now, so if you'll just--

Roy reaches for the ring from Turk.
Jake preemptively takes it back again.
Okay, good. So now let him know where he can come get it.

Roy now knows he's in trouble.

Jake heads to the bathroom.

He looks at the ring in front of the mirror; Through it he sees his reflection split apart, cascaded, abstracted.

He sets it aside and washes his face.

INT. DIVISION/ ALLEN'S OFFICE - CONTINUOUS

Decorated with fencing gear, trophies and awards.

A painting of Odysseus and the Cyclops hangs above a desk.

A scale of justice next to a statue of a crow. All before a grand window view of the city.

Allen at his desk sits across a separate table with a chess board; Edward on the other side ponders his next move.

Edward draws his move first and takes a piece.

EDWARD
I understand your goal Allen, but my assets are at risk. Now Everyone sees my company as a front for some massive cartel ring with my mistress as leader, and me the rat.

ALLEN
A Wolf won't eat a rat. Still all the more the reason you ought to let our department in. Protection.

Allen makes his moves and goes for the final checkmate.

Mark enters.

ALLEN (CONT'D)
Mark, you remember Edward. I picked up something from the wreckage at-

MARK
We lost a witness.

EDWARD
I'll leave you to your work.

Edward goes for his coat. He gives a withheld charming nod to Mark as he exits.
MARK
The patient was in some chemical-induced hyper trauma. Two of my guys are down, one of them dead. Sharia was there. Did you know about this?

ALLEN (V.O.)
... I feared this would happen. The syndicate is still trafficking RM. Even after the coup, they reformed.

MARK
What's that got to do with the patient?

ALLEN
Prism, that's her name. My team tracked her whereabouts for a long time. We think she's led these heists but with her out, it's hard to say for sure. I only asked her to check on her condition is all.

MARK
Prism? That's a stripper's name.

Allen has a folio of photos; he hands them over to Mark.

ALLEN
In the meantime, my team searched the place and found traces of this.

MARK
RM. So this wasn't incidental? I mean, they attacked her?

ALLEN
It's possible. Ep.Co exposed it's potential value, downsizing market price. Easy pickin for the Wolves. However, someone will want the pot for their-self.

MARK
Someone will have to give up their share. Ed isn't done dealing with over the counter security bonds.

Allen looks at the Odysseus painting.

ALLEN
He came here, trying to buy me from investigating. Do you believe that? James would've taken him in. The face of crime is changing. No longer is the goal to commit acts, but to avoid blame.

(MORE)
ALLEN (CONT’D)
Let's remember E.Co is not our
target, but I will not wait for the
wolf's next move.

INT. PEARLE'S APARTMENT - NOON
Looks similar to a college dorm, but fancier.
A college diploma, a photo of Pearle with Sharia upon a
dresser; cardboard boxes of personals with Julian's name.
Pearle lies on a couch by a NURSE.
Work paper piled upon a table before her organizing them.
A phone RINGS about several times.

PEARLE
Remember this is for possible
solvents, this goes to the lab. Put
down RM wasn't in her system before
being placed in the tank, and the
time of the incident as nine ten.

Pearle checking the ID answers.

PEARLE (CONT’D)
Hey, what is it?

JULIAN
You sound upset.

Beat. Pearle heads to someplace private.

PEARLE
Well are you always gonna have
someone visit me at my workplace?

JULIAN
What do you mean?

PEARLE
Jay, why do you have Sharia bug me
at work? This is RM. It can't just
be treated like some common cold.

JULIAN
Okay, just tell me what happened.

PEARLE
(pause)
The patient was killed. She's dead.

JULIAN
What? How?
PEARLE
Sharia has the reports now, maybe you should ask her for them. Just be careful with them, okay? Julian?

Pause hangs between the two. Pearle notices.

Nurse points at her watch, puts up eight fingers.

PEARLE (CONT’D)
Look, I got to go.

JULIAN
Wait. Thank you. You be safe. Okay?

PEARLE
Yeah thanks; You too.

Pearle hangs up. Nurse finishes gathering the documents.

PRECINCT
Julian hangs up watching the scale counting the amount of the stolen rings from the heists.

INT. NINA'S BAR / OFFICE - CONTINUOUS
A desk piled by bills next to a calculator receipt printer.

Nina on the phone.

NINA
I don't mind they're late, I got marked down for twenty-four.
(beat)
I needed twelve! I don't need twenty-four, I can't afford that!
(stress)
Yeah, do that please. I'll hold.
(to herself)
This is ridiculous.

INT. SHIP - CONTINUOUS
BUUUZZZZ!

Roy enters and follows Turk.

ROY
How long has he been up?

TURK
I just found him like that. Took a shower, had breakfast, came back, he's still on.
Turk and Roy arrive to the main room; not quite tidied up. Jake sits on a couch admiring the ring; confused. Turk approaches the monitors showing a ton of article material, mugshots of thugs including Murdoch, and photos of Mark, Allen, James, and Kurt, followed by several different articles on display:

**ROOKIE JAMES FISCHER ARREST FOUR DURING ROUTINE PATROL**

**JAMES, MARK, ALLEN A.K.A. "MAGNIFICENT TRIO" NAB DRUG BUST.**

**ALLEN LEAVES FORCE FOR THE FEDERAL LAW ENFORCEMENT AGENCY.**

"WOLVES SNIFF TRAITOR IN THE PACK; JAMES TAKES THE FALL".

**ROY**
Gees, are you building a conspiracy?

**JAKE**
James was undercover; someone made their last deal with him. Kurt must be the last man to have seen him. He's been on the run ever since. For eight years. Dad died eight years ago.

Roy looks at Jake worried.

**TURK**
(wait a minute)
Wait, I thought he died in a car accident!

Computer shows Nina calling. Turk answers.

**TURK (CONT’D)**
Mom?

**NINA**
Hey T.K. I'm calling someone but they've put me on hold, so I thought I check in with you. Lemme talk to your brother, is he there?

Turk hesitant; He wants to ask a question, but...

**TURK**
... Uh yeah. Jake?

Jake only spaces out at the ring.

**NINA**
Jake, you help Turk find a school?

No response.
Voices and sounds seem drowned out in Jake's ears.

Roy and Turk seem worried.

NINA (CONT'D)

JAKE?!

JAKE
(bothered)
What!?

NINA
Don't talk to me like that!
(pause)
Help your brother! I told you boys I won't always be there, so you need to start acting more responsible. Let me know if you need any help. I got to go. We'll talk later T.K.

Nina hangs up.

Jake reading the articles notices a name: MURDOCH.

ROY
Okay, before you guys do anything, remember, I don't know the man -

ROY (CONT'D)
I mean, if it really means that much to you, I'll find the guy, I'll talk to him. Okay?

Jake gets up and heads to the bathroom.

TURK
(thinking about it)
Alright; Let's talk to him. Jake, what do you say?

Pause. Jake gets up and heads to the bathroom.

The boys are confused.

EXT. NINA'S BAR - CONTINUOUS

The Delorean parks a block away from the bar.

Roy at the main wheel hesitates.

Roy turns to Jake.

ROY
Well? You haven't said anything since we left.
(MORE)
ROY (CONT’D)
I'm not a rat; But don't treat me like I'm supposed to know what you're doing or what you want?

TURK
We want the truth Roy, that's all.

ROY
I'm telling you the truth! I don't want you guys getting involved!

JAKE
So you are with the Wolves.
(pause)
Get out of the car Turk.

Turk confused and upset.

TURK
Wait why?

JAKE
This don't concern you.

Upset with Jake he gets out.

ROY
Can you just ... tell me why you're doing this?

JAKE
(pause)
You remember Pearle?

ROY
From College? Yeah. Last I remember she had a child but what does that–

JAKE
She lied... I could have...
(confused)
I know the world is full of liars. But do you have to be like that?

ROY
You think it's easier living with the truth? For Pearle? Or Turk?

Pause.

Jake now restraint steps out; he turns to Roy.

JAKE
This is the last time you use my car. I don't want to see you again.

Jake walks away.
Roy now knows he hurt his friend; but he's angered as well.

Jake meets Turk halfway.

TURK
What was that about? What you mean this doesn't concern me?

JAKE
He's not your father. I'm trying to do this so you don't have to go through it alright?

TURK
(pissed off)
What? That makes no sense at all! And how does doing this help me with anything? How are you helping anyone by doing this? According to you, I'm not a part of the family so why should I care, right?

JAKE
Turk-

TURK
You know what, if you want to selfishly drift alone on a fish-boat like an asshole, then say so!

Turk leaves into the bar ahead of Jake.

EXT. STREET - CONTINUOUS
Roy pulls up to a corner of his shop.
Rusty and Izzy stand in front of the pawn shop.
Roy decides to park on the other end of the block.
Rusty and Izzy cross the street to follow the car.
Rusty KNOCKS, urging Roy to roll down the window.
Roy does so hesitantly.
Izzy checks the interior via the window.

RUSTY
I see you got a back to the future thing going on here, scared of the past catching up to ya?

ROY
... What are you doing here?
RUSTY
Why'd you park all the way here? Anyways, two more dealers are dead. Prism is gone too.

ROY
(Confused)
Gees. How? What happened?

RUSTY
Who knows? The bitch lit on her own and died on her own. The jewels are with Julian. Know anything bout that?

ROY
(pause)
Look. If you want to know where it is, I'll take you there, but I'm not gonna be your getaway -

RUSTY
You know what I'm really thinking though? Why would a bum-fuck drop-out, show up at some science fair with the Kurt Shard? I mean, is this car even yours?

Roy looks at Rusty as though he's caught him in the act.

Rusty bursts into LAUGHTER.

RUSTY (CONT'D)
I'm just fucking with you. No need to be all suspect. I know you've been laying low. Julian told me you haven't been with the ex-pack. That's what I'm calling you guys.

Izzy comes to the driver's side, fools with the tires.

ROY
But you won't tell them, right?

Beat. Rusty won't answer; He seems to consider the idea.

ROY (CONT'D)
Please, you can't tell'em. I mean, Kurt's dead, right? So why bother- (to Izzy)
YO WHAT'S YOUR PROBLEM?!

RUSTY
(parent to child)
Izzy.

Izzy stops.
RUSTY (CONT'D)
I don't care for your excuse. I let you go that one time. If you want out. All you need to do is bring Kurt. Respectable favor, right?

Rusty gives Roy a pat on the shoulder as he exits with Izzy.

EXT. HOSPITAL/ FRONT ENTRANCE - CONTINUOUS

Local police and a few respondents from a Bio-hazard cleanup crew, wear hazmat suits with branded logo "EP.CO".

SECURITY MONITOR ROOM

Mark watches recorded footage of the incident. The footage is horrible due to the chemical presence.

MARK (V.O.)
Any idea of the cause?

PEARLE (V.O.)
It could be a number of things. Our machines utilized enough to suppress the RM in her system.

PEARLE'S OFFICE

A new office.

Mark sits with Pearle signing the statement.

Her hand seems jittery; She appears withheld.

MARK
I understand how difficult this may be for you.

PEARLE
Oh, no its fine, just another day at the office. Just minus the shooting of course.

(nervous)
I know Julian is involved in this. I'm, worried for him. I just don't want this report used against him.

MARK
What do you mean? What report?

PEARLE
Didn't you send Sharia to get it?

Mark finds this a bit odd.
INT. POLICE DEPARTMENT / EVIDENCE LOT - CONTINUOUS

Briggs behind the wheel.

The lights in the back of the Unit are off.

EMT sits across a full body bag examining the X-rays.

BRIGGS
How is Dr. Frankenstein holdin up?

EMT
Good thing the crystal is still intact. If we keep any light from hitting it, it should keep from spreading throughout the body.

Julian across Sharia looks at photos of Kurt.

SHARIA
Eight years. He hid from the whole world for nearly a decade! And here he is in plain sight. Why now?

JULIAN
Hey I heard you went to get something the other day. Something about a report from Pearle. And you know what else? I heard someone got shot- not just anyone, but a suspect, our suspect; The very one we needed for this case. Really, just what were you thinking?

Sharia seems ticked off.
SHARIA
Okay. I fucked up. Do you have to be a dick about it?

Briggs notices traffic up ahead.

He slows down to a road full of CARS.

Briggs hits the HORN.

Phone RING; Sharia answers.

SHARIA (CONT’D)
What is it Izzy?

RUSTY(O.S.)
Wrong brother, sis. In fact, this is a call for that lone wolf boy.

Sharia confused hands the phone over to Julian.

JULIAN
Russell? What is it?

RUSTY(O.S.)
Hey it's Allen's favorite! You remember the expo when I was about to get that guy? You know who.

JULIAN
What guy? what are you talking about, what guy did you see-

RUSTY(O.S.)
Naw, I ain't telling you. But I already got detail on his movements. Didya think I wouldn't notice you covering up wolf prints? Allen would be disappointed.

(beat)
Unless... this was his plan.

JULIAN
You don't have proof.

RUSTY(O.S.)
No. But I do have Micheal who has the collected RM from the store. You guys don't need that right?

Briggs still presses the HORN.

The gauge goes haywire.

EMT notices the body bag expands and deflates; whatever's inside, it's not dead.

Carefully opens the bag.
A heavily scarred face; Crystals protrude all over the skin as scales forming a mold around half of the face area. Julian feeling uncomfortable realizes he's caught.

JULIAN
(holding in frustration)
What do you want?

RUSTY (O.S.)
You know what I want. Half.

JULIAN
Done.

RUSTY (O.S.)
Great! Pleasure doing business-

Julian SLAMS the phone cutting off Rusty.

SHARIA
Hey!

JULIAN
(lets it out)
WHY DID YOU GO TO THE HOSPITAL!? Why did you go!?

SHARIA
What?

JULIAN
Will you just act like you give a shit about the work you do here-

SHARIA
Look you're not involved in anything that happens in our department!

JULIAN
You fucked this up, and it's gonna be on Pearle; You want her to take the fall for this? Do you!?

SHARIA
I did do my job. Don't fuckin tell me how to do my job, I'm not your fucking assistant!

The crystals emit a RINGING PULSE as it SHATTERS.

Dealer's head CRACKS.

Juts out, whales his arms KNOCKING EMT over the weapons rack. Sharia and Julian jump at the sight of the contorted figure.
EMT reaches for a weapon; Tosses it across.

Julian catches the weapon, but is hesitant to aim.

BRIGGS
YOU TWO, GET BACK -

Dealer irritated by yelling SLAMS his forearms at EMT.

Sharia forces Julian out of the car.

Briggs holds steady aim.

The feint CAR HORNS ring in the dealer's ears.

Briggs backs up accidentally bumping the CAR HORN.

Dealer RAMS out the wall.

The THUD from his body hitting the pavement hard enough to RATTLE the cars; All their HORNS shut down.

Now quiet.

Everyone now sees the figure; His jaw unhinged, arm dislocated; Stiff as a statue. He looks larger, drained with pale skin; calm and wheezing. Deluded illusion just like the mistress. Weakened, eager to end his suffering.

He waddles to the end of a bridge and tumbles.

Echo from an underpass sees a figure fall to his demise.

Briggs at the edge looks down, disappointed.

Sharia stunned. Julian just the same.

He goes for his radio.

PARKING LOT

SHARIA
Kurt can't be behind this. The RM was still at the scene. If he wanted it why didn't he take it?

JULIAN
We went to that expo too, but he wasn't there.

Pause. Allen ponders.

ALLEN
He was there, he just thought we'd never find him. Edward worries about risking his most valued asset to chance; He's hiding something. I got my team in to do some reconnaissance but, I need you two on board with this operation.

JULIAN
Are you sure, sir? What about Mark?

ALLEN
His evidence lot was robbed. He's busy getting answers. For now, you'll have to follow my lead.

(MORE)
BRIGGS (CONT’D)

Why would Allen do that? Every goon will be after him, it's suicide!
(beat)
Shit, he's calling right now, talk to ya later.

A NOISE catches Briggs's attention.

He checks the rear-view mirror; Nothing there.

BRIGGS (CONT’D)
(to the radio)
Come in.

MARK
Briggs. Tell me you got something.

BRIGGS
Nada. I'm waiting for my team.

MARK
If this man isn't caught he could do a lot of damage. Keep us close.

BRIGGS
Yes sir I got it under control.

Briggs hangs up. He finishes his burger, not noticing a silencer attachment missing from the weapons rack.

Echo on the bike rides on.

Murdoch drops a piece of paper to Nina, with his name and number; Jake noticing the name, and a ring on his finger.

Murdoch first arrives to enter the building.
Other dealers arrive; lay-back and confident; serious.

SHARIA (V.O)
You sure about this?
JULIAN (V.O.)
This is where the deal will happen. Either Rusty is wrong, or Allen is lying. I'm sorry for arguing with you before. You don't have to trust me, just believe what I'm saying. Okay?

Jake comes from down the block to follow the dealers. Seeing Jake here completely throws Roy off guard.

MEANWHILE

Sharia also seeing Jake, thrown off guard.

department out of it the decision.

ALLEN (V.O.)
We're trying to avoid anymore risk.

WAYNE (V.O.)
Did she have to go to the hospital?

MARK (V.O.)
Allen why operate like this? Isn't
it bad enough with what happened at
my precinct? Do you remember Allen,
what you said about James? About
leadership?

Jake the last to enter takes a seat minding his business.
Everyone confused by his presence.

OFFICE
We only see Allen's shadow stand before a window city view.

ALLEN
We got out easy. I can't promise
the same for Julian and Sharia.
They're doing they're job Mark.
Yes. I made a mistake, but... it
can be ten or twenty years, I won't
rest until the job is finished.

MARK (O.S.)
How many mistakes will that take?

Mark hangs up. Allen continues to look out, pondering.

DEPOSITION ROOM

Dealer gets a good look at Jake.

Jake only minds the ring on Dealer's finger.
JAKE
How much did you pay for that?

DEALER#1
What?

MURDOCH
Who the fuck is that?
(to Jake)
Yo! Who are you? You Dominic?

JAKE
I'm just here to take out the trash. You did pay for it, right?

DEALER
Yo Murdoch asked you-

-Jake catches the dealer off guard with an arm lock, nabs his gun, and aims it at everyone else.

The group closes in.

JAKE
BACK UP! BACK THE FUCK OFF!

Kurt enters.

KURT
NO, WAIT, WAIT! PLEASE STOP!

Coming out of her daze, she answers the phone.

Hello?
RECEPTIONIST
Pearle? The Police are here.

PEARLE
(confused)
Why?

RECEPTIONIST
I don't know-They--They're in you office, they're clearing it out-

BRANDEN (O.S)
Congrats, Dr. You now have a case.

PEARLE
... Branden? Why are you at-

BRANDEN
An element can't exist on it's own. It needs an atom. In the case of RM which is diatomic, a bond to any element is possible, so long as the atoms are the same. It's not a factor of blood type, temperature, light, or air. Failing to do your research is one thing Pearle, forge data to federal agents is another.

PEARLE
(panic)
I understand that, but you don't have a right to break in my lab-

BRANDEN
As E.CO's head administrator I can't tolerate work from those with tainted backgrounds. You'll be placed before the review board for questioning.

Branden hangs up.

PEARLE
(angered)
Branden!... Branden!!!

Pearle mad enough to break the phone.

She calls Julian; No answer. No time to panic.

Nice work detective.

Izzy takes Roy from Sharia.

Rusty finds the car keys in Turk's hand.
Turk tries getting them back, Rusty hoists them over him.
Sharia aims her weapon, this time at Rusty.
Rusty notices.

SHARIA
Why did you do it? Why Wayne?

Pause. Izzt sighs tired of all this drama.

IZZY
