THE BEGINNING. (Appears on the screen)

ZOOM IN.

A UNIVERSITY-DAY

INT.THE LECTURE HALL-DAY

A pen writes $QE=XC2 = 2345$ UNIT PER SECONDS on a paper and stop. RUCKUS, handsome, with simple clothing and have an intellectual look, hold the exam paper sheets and stands up and give it to THE LECTURER. Other students look at him. The clock on the wall shows 9:15 a.m. The blackboard states EXAM HOURS 9:00 a.m. to 11:00 a.m.

LECTURER

That's a quick one

THE LECTURER takes the sheets, look at it and smile.

RUCKUS

Yeah.

RUCKUS moves to the exit.

EXT. UNIVERSITY-DAY

RUCKUS gets on to his bicycle and cycle away.

A bird view of the University shows RUCKUS walks through the streets and buildings. RUCKUS reaches his five stories apartment.

INT.RUCKUS COLLEGE APARTMENT-DAY

RUCKUS walks in, throws his bag on the couch. RUCKUS opens the freezer, takes out a soda and opens the bottle cap. He sits on the couch and sips his soda. He turns on the television and falls to sleep.

THE CLOCK shows 11:15 a.m.

JERRY came in. JERRY MATTHEW, nearly obese and a cynical type.

JERRY

You've done it just in 15 minutes.

It took me hours.

RUCKUS opens his eyes and looks at JERRY with his eye lid half opens.

RUCKUS

It's easy.

JERRY

That's the most difficult Physics Paper this semester. You are amazing.

With a grim face RUCKUS takes his soda and walks to the window.

RUCKUS

That is the problem with me. I am too good. I just want to do something different.

JERRY

Like what?

RUCKUS

I don't know. This world is just the same to me. I wish I could go to another dimension and do something.

JERRY Laugh. He takes out a bottle of soda from the freezer and sips it.

JERRY

Well, that's a good one. A really first class joke from a brilliant guy like you. You know what? I think what's your real problem is that you did not make use of your genius. You don't use th as an opportunity to grab what is around you. You know what I am going to say here?

RUCKUS shakes his head.

JERRY

Your social life! Girls! Women! That's what I mean. You just have to open up. You just cannot stay in your room every time you finish your classes. You have to go out there and

meetsomebody. And your trademark is you are the most brilliant guy in our faculty. Did you know that Meg Nelson, the prettiest girl in our class, had eye on you? And Joy Smith, the millionaire's daughter that approached you that day, remember? They all want you because you're the smartest, the one that have the brain. Use it, Man! “

RUCKUS

Well, thanks a lot for the advice. I'm really looking forward “into” it.

RUCKUS walks away into his room.

THE CONTACT (Appears on the screen)

EXT.UNIVERSITY PARK-DAY

RUCKUS walks in the park. He stops and sits on the long chair. Beside him is a man throwing birds' food to the pond. The man looks unorganized, with an unattended hair, tall and has a pale look.

RUCKUS

Do this often?

The man stops throwing. He turns his face to RUCKUS with a surprise look

PROFESSOR

Yeah.

RUCKUS

How does it feel?

PROFESSOR

Satisfying. Here, try it.

The man gives some seeds to RUCKUS. RUCKUS throws it into the pond.

RUCKUS

Wow !, This is good. Nice!

PROFESSOR

Now, you get it! What are you major in?

RUCKUS

Quantum Physics.

PROFESSOR

How was it?

RUCKUS

Same old repeating theories.

PROFESSOR

Well, it may save our lives. All right, I have to go now. I have a class at 5 pm.

RUCKUS

What about this ducks food?

PROFESSOR

Finish it. I bet you will come again and will do the same thing. By the way my name is Samuel Matheson. What's yours?

RUCKUS

Ruckus Howling.

PROFESSOR

Nice to meet you Ruckus. O.K. Bye!

THE PROFESSOR walks away. RUCKUS watches him and starts to throw the seeds again.

RUCKUS

What's does he meant by Quantum Physics can save our lives?

THE DISCOVERY (Appears on the screen)

EXT.DOWNTOWN. GROCERY STORE- DAY

While paying the cashier, RUCKUS spots the man that he met in the park walking across the streets. The man goes into the Spiritual Center.

INT.SPIRITUAL CENTER-DAY

HEMEN WELCH: THE PREACHER, tall and old with spectacle is reading a book. He moves his head up when RUCKUS approaches him.

PREACHER

Can I help you my son?

RUCKUS

I am looking for a man who just walks in here a few minutes ago.

PREACHER

I saw no one.

RUCKUS

But I saw him coming in just now. A man who is six feet tall and he wears a brown coat.

PREACHER

I'm sorry. I sat on this stage all afternoon. If anybody comes in, I'm the first one who would see him. You can look around if you want to. This Center is open to anyone, my son.

RUCKUS

Well, I think that's okay.

PREACHER

Are you in trouble my son? This Center can definitely help you. We give counseling and advice services especially for young man like you who may have some problem. You know this time of age.

RUCKUS

No, no. I have no problem. I'm alright.

PREACHER

Are you sure you don't have any problem? We can talk.

RUCKUS

Yes, it's true. No problem. I'm o.k. Sorry if I've disturbed you.

Ruckus goes out to the exit.

EXT.RESTAURANT-DAY

RUCKUS sits on the chair with a cup of coffee on his table. He watches the main entrance of the Spiritual Center from the window. The PROFESSOR came out from the Spiritual Center. He looks left and right to check whether he is being followed or not.

INT.UNIVERSITY LIBRARY – DAY

Ruckus checks the man name in the library card. One card read Samuel Matheson, Professor. Senior Lecturer in the Faculty of Physics. The Topic: – The existence of the Second Dimension.

Ruckus read through the Professor article. The article mentioned about the door of the second dimension that can be entered.

RUCKUS

This is it. This is the thing that I want to know.

RUCKUS takes the articles, hide it in his jacket and take the exit out from the library.

INT-RUCKUS APARTMENT-DAY

RUCKUS sits on the couch and reads the pages of the article one by one. JERRY walks in with a soda on his hands. He sips the drinks.

JERRY

What is all about?

RUCKUS

Traveling into the other dimension.

JERRY moves and sits beside RUCKUS and pulls his head to watch the pages.

JERRY

Is this real?

RUCKUS

If it is not real why he wrote it.

JERRY

Who's the writer?

RUCKUS

PROFESSOR SAMUEL MATHESSON.

JERRY

SAMUEL MATTHESON? That maniac?

RUCKUS

You know him?

JERRY.

Everybody in the faculty knows him for his weird theories. He wants everybody to believe in his stupid theories especially in this other dimension thing and he will be teaching us nextsemester. Oh Man!

RUCKUS

But he is alright. I met him yesterday in the park. We talked.

JERRY

Well, it doesn't mean when you meet a person that behaves well at first will be like that all the time. People said that he become like that since the death of his wife.

RUCKUS

The wife died.?

JERRY.

Yeah, in a freak accident. He could not take it and that is why he becomes crazy and creates these fake theories.

RUCKUS

Well, I don't think he is crazy as his theories.

JERRY

You are saying that because you want it to be. I know you want to be in the other dimension. That is why you will say good thing of this man and his theories. Come on RUCKUS! Don't be so blind in achieving something that is not real for sake of boringness!

RUCKUS stares at JERRY.

JERRY

O.k., O.k. I'm saying this as a friend. You need to change your mind a little bit. I know your are the smartest in the class but smart people need to have a social life too. If you put yourselves in a nutshell,you will start to think and act different.The proof is now. Look at you. You have start it. The other dimension. Ninety percent people in this world didn't believe it and only THE PROFFESOR and you believe it. Come on man! Be logic!

RUCKUS

Well, I'll still want to see the man.

JERRY

O.k. But don't tell me later that I didn't warn you. You just sit there and read the article while I will go out and have fun with Darlene.

RUCKUS

Darlene? I thought last week was Angelina.

JERRY

That was last week. This week is a different gal.

RUCKUS

You better be careful with those girls.

JERRY

RUCKUS, please don't advise me on my sex life.

You don't even have one!

JERRY takes his jacket and makes the exit.

EXT.UNIVERSITY-DAY

RUCKUS stands on the parking lot with his bicycle. THE PROFESSOR came out from the faculty building and heads toward the town. RUCKUS got into his bicycle and cycle very fast toward The Spiritual Center from a different direction.

INT.SPIRITUAL CENTER-DAY

RUCKUS goes in the exit. He hid behind one of the walls.

The Center is a classic building. It have tall windows with tinted glasses surrounded every wall. The ray of sun from outside came through the windows is the only source that brighten the place. It had hundred seats in the middle of the hall, black in color. A stage with a rostrum, a table and a chair for THE PREACHER to sit. Behind the stage lies a few red curtail hurling from the top to the floor.

THE PROFESSOR came in from the entrance. THE PREACHER meets him.

PROFESSOR

How's thing today?

PREACHER

All right.

PROFESSOR

What a about the kid? Did he came again to find me?

PREACHER

I don't think so. I think that day is the last he came.

PROFESSOR

I hope so.

THE PROFESSOR goes into a small door behind a long red curtain beside the stage. THE PREACHER leaves the hall. RUCKUS opens the door. Nobody's around. The room has two doors side by side. At the center of the room stand two poles facing 5 feet each other. THE PROFESSOR came in from one of the door. Ruckus hid behind a closet. THE PROFESSOR holds a book and turn the page one by one. He sits on the chair. He closes the book and walks into the double pole. He disappears. RUCKUS came out from the closet and approaches the poles. Ruckus eyed opened wide. THE PROFESSOR comes out from the poles again.

PROFESSOR

What are you doing here?

RUCKUS

What is this?

The PROFESSOR is silent.

RUCKUS

You've done it. You've been to that dimension. Why didn't you prove this to them?

THE PROFESSOR takes out a gun from his closet and point it to RUCKUS.

PROFESSOR

Whom are you working with?

RUCKUS

I'm not working with anybody.

PROFESSOR

Who send you here?

RUCKUS

Nobody send me here!

PROFESSOR

So why did you come here?

THE PROFESSOR starts to pull the trigger. RUCKUS takes few steps backward.

RUCKUS

I swear I come in at my own will. I saw you coming here yesterday. I asked the preacher about you and he said you are not around. I don't believe him and wait outside. And then you came out. I just feel curious why he have to lie. A Preacher don't lie.

The PROFESSOR put his gun down and sits on the chair.

PROFESSOR

How much did you know about my work ?

RUCKUS sits face to face with THE PROFESSOR.

RUCKUS

I just read from your Journal. Maybe this place has something to do with it it.

PROFESSOR

So, what do you think ?

RUCKUS

You have done it. I Presumed.

PROFESSOR

It's much more than that.

RUCKUS

What do you mean?

PROFESSOR

Listen. This will be a long lecture. This is not another theory that can be proof in a lab.

RUCKUS

Well, I am use to it.

PROFESSOR

O.K. The world that we are living now, it is call the first dimension. The dimension that we can touch, feel and taste. The gravity, the air . But there is second world that is called the second dimension.

RUCKUS

Yes, it is mentioned in you journal.

PROFESSOR

Good. Another aspect that I did not write is that about a life being in it.

RUCKUS

You mean there is a life being in that dimension?

PROFESSOR

Yes.

RUCKUS

You mean you have seen them.

PROFESSOR

Well, quite often. But I can avoid them seeing me.

RUCKUS

How?

PROFESSOR

Well, there is another world call the third dimension. There is where I came out just now.

RUCKUS

You mean that you can see them but they can't see you?

PROFESSOR

Yes, I can even see the people in the First dimension and they also cannot see me. Can you absorb all this?

RUCKUS

Well, there is one only way to know and that is to go in.

PROFESSOR

What make you think that I can allowed you to do that? I don't think you are ready. I can shoot you just now and hide you body inside the other dimension but I am not a murderer. And I know your type. A curious guy, an explorer, the always want to know type which is a group character for a future Scientist to be. Just like me. It is such a waste to kill you. But yet I feel it' s a mistake for you to discover this.

RUCKUS

Why? I don't see this is a mistake

PROFESSOR

You are not ready for it. . Nobody is ready for this. Even the whole world.

RUCKUS

Ready for what?

THE PROFESSOR shakes his head.

PROFESSOR

For what is there from the other side. The life being.

RUCKUS

What they are doing?.

PROFESSOR

You won't like it.

RUCKUS

Stop puzzling me. Well if you want me to believe in it. You better bring me in.

PROFESSOR

If you really want to go, you can. But with one condition. Whatever you see in the dimension or whatever you hear from me is not to be discussed in any circumstances once you reach out the door of this Center after coming back from the third dimension. It may save your lives and mine too.

RUCKUS

Fair enough.

I am warning you now. Once you enter this third dimension and come back again to the real world, it's not going to be the same again. It will become your nightmare. Are you willing to live with it?

RUCKUS

Sure, I have my own nightmare. Shall we go now?

The PROFESSOR and RUCKUS walk passes the poles. When they pass the door, they came out at the same place.

RUCKUS

We are still here. We are going nowhere.

PROFESSOR

Yes, we are here again but in the Third dimension.

They walk to the Center main hall where they can see the Preacher.

PROFESSOR

He cannot see us. We can see him. They walk to the Center entrance door and stop.

PROFESSOR

We are about to enter out from the Quadrant. The Center is a Quadrant. It blocks the life being or we call it Aliens to enter the Center. When we pass this door, they will be three Aliens waiting for us. One is for me; one is for you and one is for THE PREACHER.

EXT.SPIRITUAL CENTRE-DAY

They pass the door. From the doorsteps, stand three Aliens. The Alien have a green skin with no genital parts, baldheads, curve ears and nose with a red eyes and mouth. There are taller the humans with long hands and legs. The Aliens try to move into the Center. The force fields block them. RUCKUS turns his head and look at the whole area.

FROM A BIRD VIEW

The place is all covered with Aliens.

THE PROFESSOR points his finger to the Aliens.

PROFESSOR

This is mine, this is for the Preacher and that's is yours. They can't see us.

We can see them. Following us wherever we go.

RUCKUS gets a closer look at his Alien.

They walk into the street and they can see every person have an Alien accompanying them. People walking in the street. People in the restaurant. Drivers in the cars.

PROFESSOR

They move faster than the human. Like a flash of light. Maybe they are made from fire. You know, light move faster than sound. In a flash, the Aliens walk from one point to another point in a second.

RUCKUS

What they are trying to do to us?

PROFESSOR

Trying to persuade us to follow them. In such a way when we lost hope on something. They just wait to come in. But a long the way, they try to assist us to go the direction of destruction by adding some negative feelings on our mind.

RUCKUS

On what?

PROFESSOR

Frustration, depressed, tension for example like losing some one that we love.

RUCKUS

And then?

PROFESSOR

And then when you lost your faith where you don't have nothing or something to hold on anymore like God or anything. He, I meant your accompanying Alien will appeared and you can see him clearly. By that time he is yours.

RUCKUS

How did you know this?

PROFESSOR

THE PREACHER. At one point his friend told him about it but after that it was too late. His friend committed suicide. But one thing for sure. They can't touch us as long as we believe in something. Something to lean on.

RUCKUS

What did you believe in? God?

PROFESSOR

I believe in destroying them

RUCKUS sees JERRY walking to the Library with no Alien accompanying him.

RUCKUS

Hey, that's my roommate. Why there is no Alien with him?

PROFESSOR

Maybe his Alien has finally done it. There is something bad will happened to him that he didn't know that he will discover later. By that time, the Alien will go in and finish his job.

RUCKUS

I have to warn him.

PROFESSOR

Remember what I have told you before? You cannot talk about this outside this dimension. The Alien will know about us.

RUCKUS

But he his roommate, my friend.

THE PROFESSOR shakes his head, grab RUCKUS's elbow and push him forward.

PROFESSOR

Let's move on. I'll show you something That may be can lead us to something that not only can save your friend but the whole humanity.

THE DEPLOYMENT STATION (Appears on the screen)

EXT.CEMETERY-DAY

THE PROFESSOR and RUCKUS walk into the cemetery. The area is covered with hundreds of Aliens. The Alien dig out the body from the new graves using the flash from their hands, replace it with an artificial skeleton and mend back the graves back to normal. Next, the human corpse is intact with each of Aliens bodies.

RUCKUS

What is this place?

PROFESSOR

A cemetery, what else.

RUCKUS

No, what I mean is that what they are doing.

PROFESSOR

They are sending all the new dead bodies away.

RUCKUS

Where?

PROFESSOR

I still don't know.

THE PROFESSOR and RUCKUS move toward the middle of the cemetery.

PROFESSOR

It's all happened during the dawn. It's five minutes more.

When it is dawn, the Aliens form a line with the human bodies intact. A flash of light came from the sky and sucks them up. Another flash came down where new batches of Aliens reach the ground. They all move out from the cemetery and heading toward the city to search for humans.

PROFESSOR

They do it every day and they are committed with their work.

RUCKUS

Where they going?

PROFESSOR

That's the big question. May be they having ships upstairs. Which I want to find out. Now, let's go back.

INT.SPIRITUAL CENTRE-NIGHT

In the First Dimension, THE PROFESSOR and RUCKUS both sit on a chair inside the PROFESSOR room.

PROFESSOR

Well, how was the tour? Ready to face the real world?

RUCKUS

I feel just like throwing up.

THE PROFESSOR pours drinks into two cups. He takes one cup and the other to RUCKUS. RUCKUS sips his drinks with his hands trembling.

PROFESSOR

Ruckus. This thing is very dangerous. They are destroying our world and we are only some few people who knew about it. If I go to the military things will get much worst. I would like to ask you to join me to fight them.

RUCKUS

I don't know.

PROFESSOR

I'm not going to force you but for the meantime I don't think you can live with the real world anymore

RUCKUS

I want to go home.

PROFESSOR

Where? They are everywhere. I was like you where I first saw them. I stay in this center for one week and afraid to go out but at last I have to face the reality. I can't go anywhere. The only thing that I can do is to find a way to fight them back. Just think about it.

The PROFESSOR walks with RUCKUS to the Center main door.

PROFESSOR

Remember what I have told you before.

Don't speak, talk and discuss about it to anyone even with me once you enter out of this door. The only place you can do that is in this Center only. Good Luck.

RUCKUS

Good night.

EXT.SPIRITUAL CENTER-NIGHT

RUCKUS walks out to the empty street. With a pale face, he walks straight and look at his back. He sweats. RUCKUS walks faster. He ran. In the Second Dimension, the Alien is besides him. Watching him closely.

INT.RUCKUS APARTMENT -NIGHT

Jerry sits on the couch with a magazine on his hand.
RUCKUS walks in.

JERRY

Hi! RUCKUS. Where have you been? You suppose to be at the six o'clock class.

RUCKUS stares at JERRY.

JERRY

Ooh! Yes, of course. You don't have to be in that class. You're too smart for it.

RUCKUS still stares at JERRY.

JERRY

What's wrong with you? You look like you have just seen a ghost!

RUCKUS

I'm sorry. I just feel tired.

RUCKUS lays himself on the bed. He put his pillow on his face. Besides him is his Alien.

THE MOTHERSHIP (Appears on the screen)

INT.ALIEN MOTHER SHIP – SPACE

The main door of the bridge opens up. SEFFEN, the chief of the Alien enter in. He sits on the bridge-commanding chair. SEFFEN, physically the same as other Aliens, own a red eye and wear a necklace that shines. With him is DIOS, his commanding officer. Short and look humble.

SEFFEN

The status?

DIOS

We are at coordinate 3476. 3052 centorions to Khell. To date we have 20 billion human. On Planet number 766 we manage to get one billion. Five hundred million more to be captured.

SEFFEN hits his hand on the table.

SEFFEN

500 million? Why the delay? This Planets suppose to be easy. I give you 10 centrons to finish it.

DIOS

Yes, Master.

SEFFEN move his head toward planet Khell that sparkle from a far distance and breaths with relief.

THE NIGHTMARE (Appears on the screen)

INT.HOWLINGS'RESIDENCE-RUCKUS ROOM-AFTERNOON-FLASHBACK

RUCKUS and his brother, RAYMOND younger by three years standing face each other.

RUCKUS

Where's my red ball?

RAYMOND

I don't know

RUCKUS

You're lying. You better bring it back to me or I'll tell mother about the broken vase.

RAYMOND starts to shiver with a pale face.

RAYMOND

Please don't tell Mum.

RUCKUS

So, get it!

RAYMOND walks toward the corridor. The ball is stuck at the edge of the garage roof. RAYMOND walks through the window and with his hand trembling try to reach the ball. He slips and falls to the ground.

RUCKUS hears a thud sounds. He run to the garage side way. RUCKUS rushes toward RAYMOND body. Blood came out from RAYMOND nose.

RUCKUS

No!

INT.RUCKUS APARTMENT -DAY

JERRY walks in.

JERRY

RUCKUS! Wake up. You're going to be late.

RUCKUS opens his eyes from the dream. His eyes look around his body. His snickers are still on.

JERRY

RUCKUS, you are still on the bed? RUCKUS, today is the day. The new topic of Quantum-physics that is going to be introduced. The project for this Semester. The one that you have been talking about. The debate on the existence of the other dimension? Remember?

RUCKUS

Yeah, you better go ahead first. I'll try to be there on time

JERRY

I bet you will. Dr. Agnes had eye on you. You missed so many classes and I'm the one who have to give all the excuses as a room-mate. Well, chow! and don't forget to lock the door as what you have missed the last time! Ruckus, you are still on the bed?

RUCKUS

Door?

Suddenly he remembers about the portal and his companion. His adrenalin moves. He walks toward the bathroom mirror. In a flash in second dimension the Alien is beside him.

ALIEN

What's wrong with you?

THE ALIEN moves towards RUCKUS left ear and whisper.

ALIEN

Are you feeling down? I know a way to release the tension. You have not done it quiet some time.

JERRY looks down on his manhood.

ALIEN

JERRY has some sweets horny magazines in his room. It will assist you on your pleasure.

JERRY looks back to the mirror. JERRY talks moves into the shower basin.

RUCKUS

No, no I'm late.

ALIEN

Well, serve yourselves. I just want to entertain you.

EXT. UNIVERSITY-DAY

RUCKUS cycles his bicycle toward his faculty. He makes a curious look on the people around him.

INT.University Lecture Hall – Day

The left door of the block E lecture hall open slowly. RUCKUS walks in and sits on the last row. DR.AGNES. A woman in her late thirties, with blonde hair spots RUCKUS coming in.

DR.AGNES

Well, finally Mr. Ruckus, you manage to be here today. Congratulations. Where have you been? We all missed you.

Half of the classes laugh.

DR.AGNES

O.K. Class. Before I would asked which topic you should choose, let me explain to you the consequence that you are

going to face if you choose the wrong topic. Of course I'm referring to those who preferred the pro aspects of the topics. It will be very difficult to prove it because no scientific or logic explanation have been found or discovered and this meant its is very hard to get good points. But since this is a free country, you have the right to choose. Well let's not waste time. O.K. which of you don't believe in the existence of other dimension?

All of the student rise up their hands except RUCKUS and a female student.

DR. AGNES

And who believe in it?

A female student raises her hand. Everybody laugh at the female student.

DR. AGNES

Mr. Ruckus, our physics best student. You are neutral here. You didn't choose your topic yet.

RUCKUS

I don't know Madam

DR.AGNES

Mr. Ruckus, You must have an answer. Or maybe you have the proof.

RUCKUS

Well, what I mean is that we will one day there will be a technology to prove it.

DR.AGNES

So, you mean that it exist just because you believe that one day it will be prove?

RUCKUS is silent.

DR.AGNES

Well, then I leave it to you to think about it for the meant time. MISS SARAH, what is your base?

SARAH

Our dream. Sometime in our dream we can do what we cannot do in the real world. We can fly, we can do.... anything.

DR.AGNES

So, what you are saying is that dreams is one of the prove of the other Dimension? Miss Sarah, a dream is a dream. A dream is only a playing of our mind. It proofs nothing. Unless you may ask our most honor Mr. RUCKUS here that will try to prove it to you, if he can. My point here my dear students; there is no such thing as the other dimension? This is the reality. Unless you want lower marks, then go ahead. I'm not going to stop ou. O.K everybody can leave now except MR.RUCKUS.I want to see you in my room.

Every student leaves the hall. RUCKUS did not move. JERRY walks toward RUCKUS.

JERRY

I did warn you, you know. You're dead meat.

RUCKUS

You the one I should be warning. I have to talk to you on something. Let's go to the Spiritual Center after this.

RUCKUS holds JERRY hands. JERRY releases his hands.

JERRY

Why must I go there? People who go there are people who are sick. Like you and THE PROFESSOR.

RUCKUS

I beg you to go there for just a few hours. There I can explain you everything.

JERRY.

On what? Why can't you explain it here? Oh, man! You are really sick. I think THE PROFESSOR had got you. You better go and see DR.AGNES and maybe she can recommend you to any Psychiatrist before it's too late. I don't want to live in an apartment with a crazy roommate.

JERRY shakes his head and leave.

INT.DR.AGNES ROOM-DAY

DR.AGNES sits on her chair and writing a note on his table.
RUCKUS knocks the door.

DR.AGNES

Come in.

RUCKUS walks in.

DR.AGNES

Have a sit.

RUCKUS sits on chair in front of DR.AGNES desk.

DR.AGNES

So, what did you think?

RUCKUS

About what, Madam?

DR.AGNES

The Dimension Theory.

RUCKUS put his head down.

DR.AGNES

I believe in it. The First, the Second and the Third
dimension.

RUCKUS pulls his heads up.

RUCKUS

You believe in it? But in the class.....?

DR.AGNES

They are not ready for it. How's THE PROFESSOR?

RUCKUS

He is O.K. He is doing something.

DR.AGNES

Doing what?

RUCKUS

I can't tell you here.

DR.AGNES walks around her room.

DR.AGNES

Don't worry. I have personally be with him in such a long time. I knew about his wife. We are so close. He told me about everything. The Dimension. His work. I start to fall in love with him. Try to replace his deceased wife in his heart. But he is so possessed with this dimension thing so maybe one day he might see his wife again in any of the dimension. That is when I know the only love that he has is only to her wife. Not me.

DR.AGNES turns her head toward RUCKUS.

DR.AGNES

And that's why it's really piss me off when I see one my best student being with him and being crazy as he is !!!

RUCKUS

But you said you believe in the dimension?

DR.AGNES

Once! But after knowing his true love I am not interested in it anymore.

RUCKUS

You should not let your emotion denied the truth!

DR.AGNES

What truth? I have tried years by years to win his heart but he is using me for his sex food and don't try to question my professional thinking. I decide on theories that should be explored. Remember, I am a Physic Doctor hereand you are just a college student

Tears came out from DR.AGNES eyes.

DR.AGNES

I am advising you not to see him anymore and concentrate on your studies and especially on your attendance. Don't

think your are so smart and not attending the classes. Last, don't blame on JERRY. He is only concerned about your well being.

RUCKUS stands up.

RUCKUS

Are you doing this because of me or because you wanted take the revenge onTHE PROFESSOR?

DR.AGNES walks to the window.

DR.AGNES

That's all. Dismiss.

RUCKUS walks out the room.

In the second dimension, DR.AGNES'S ALIEN and RUCKUS ALIEN meet together.

RUCKUS'S ALIEN

What they are talking about?

DR.AGNES'S ALIEN

The dimensions. The forbidden area that they should not know. I manage to focus my subject away from exploring more about it by playing with her frustration in love. Now she hates THE PROFESSOR and had forget about it. You better make a report to our Superior and focus more on what your subject is trying to do. He might be dangerous.

RUCKUS'S ALIEN

Right away.

In a flash, both of the ALIENS leave the room.

DOCTOR

It's not alcohol.

JERRY

So, what is it?

JERRY

Beta Virus 21. What is that?

DOCTOR

JERRY

Rake Disease! You're kidding me.

DOCTOR

I am not kidding you. A disease that can only be transferred through sexual intercourse with so many partners.

JERRY

How many percent?

DOCTOR

Seventy five percent. You can only feel sick if it passes eighty percent and before it reach this level you must be admitted.

JERRY

Admitted in an anti-contamination area. I have heard about it. Once you go in, you will never come back.

DOCTOR

It is a standard procedure. We will try our best to cure you.

JERRY

I can't go there. I have my studies to finish, I have my friends, my family.

DOCTOR

I'm sorry this is happening to you. I'll give you some time to pick up your things and then you must come back here.

JERRY

Ha! Ha! Ha!

In the second dimension, JERRY'S ALIEN companion appears and stands beside him.

JERRY'S ALIEN

Well, that's it. Life is really unfair. Your studies, your family, your future is all gone. If I were you, I just put an end on all of this.

JERRY'S ALIEN turns his head down and looks toward the bottom of the building and turn his head back to JERRY.

ALIEN

have a bad news. Jerry involved in an

accident. He died one hour ago. His

body now is in the hospital contamination

RUCKUS put the phone down. He closes his eyes and covers his face with his hands.

INT-UNIVERSITY HOSPITAL-DAY

JERRY body lies on the autopsy bed covered with a glass can. A medical Officer is beside the can. JERRY walks into

The Autopsy room.

MEDICAL OFFICER

Can I help you?

RUCKUS is silent.

MEDICAL OFFICER

Are you his relatives?

RUCKUS

No. I'm his roommate

MEDICAL OFFICER

O.K. You can have a look but

don't touch anything.

THE MEDICAL OFFICER exits the room. RUCKUS picks up the Medical Report on the table. The report stated

RUCKUS drops the report on the table.

RUCKUS

I'm sorry, JERRY. I'm too late.

RUCKUS'S ALIEN and JERRY'S ALIEN met together.

JERRY'S ALIEN

What did you suggest?

RUCKUS'S ALIEN

Scare him off.

JERRY'S ALIEN

I've got an idea.

JERRY'S ALIEN merges his body inside JERRY.

Ruckus observes the whole body. His face was half damaged. RUCKUS look at JERRY closed eyes. The eyes opened.

JERRY

JERRY eyes close back. RUCKUS ran out. His Alien follows him.

INT.University Lecture Hall-Day

RUCKUS ran to the Professor lecture hall. The PROFESSOR stop his lecture and goes out.

RUCKUS

I need to see you at the Center

right now.

PROFESSOR

Calm down, calm down. OK. Be there

at 2:30

From the hall corridor, DR. AGNES watches THE PROFESSOR and RUCKUS talking together. THE PROFESSOR goes back to the Lecture hall. RUCKUS takes the exit.

EXT.LECTURE HALL-DAY

THE PROFESSOR walks out from the hall. DR.AGNES stops him.

DR.AGNES

I want you to stop seeing RUCKUS HOWLING.

PROFESSOR

What are you talking about?

DR.AGNES

I am talking about other people
future.

PROFESSOR

I am just consulting him about
a theory.

DR.AGNES

Yes. Your theory. For your own
benefit. Just like what you did
to me. I want you to leave him
alone. He is my student and my
responsibility. If not, I will
report this matter to the Dean.

PROFESSOR

On what count? Sexual harassment?

DR.AGNES

On your madness!

PROFESSOR

All right! Go ahead and make my day!

THE PROFESSOR leaves the corridor.

INT.SPIRITUAL CENTER- DAY

The PROFESSOR, RUCKUS and the PREACHER sit on a round table.

RUCKUS

I kept on dreaming.

PROFESSOR

Dream? Dreaming of what?

RUCKUS

It happened a long time ago. When I was a kid. I used to have a brother. He died in an accident. I have asked him to do something he doesn't like. It comes back again in my dream. Again and

again. And now I can see the Alien in
the dream too. I can't stand it.

PREACHER

That is your point of weakness. The
feeling of guilt even though you
didn't do it. That is where they try
to come in. To destroy your life.
to be with them. You better stay here.

PROFESSOR

Yes, with only one condition.

Join me.

RUCKUS

I'm not ready for it. This is black
mail!

PROFESSOR

This is not black mail. This is your
life. You have no choice any more.

THE PROFESSOR leaves both RUCKUS AND THE PREACHER.

THE PREACHER

You can stay here. Just get some
sleep.

RUCKUS nods his head

INT.SPIRITUAL CENTER-NIGHT

RUCKUS stands inside the portal room. AN ALIEN came out from the two poles. RUCKUS stands still. THE ALIEN came closer toward RUCKUS. THE ALIEN changes into THE PROFESSOR.

RUCKUS

My God, how did you do that?

PROFESSOR

With this.

THE PROFESSOR shows the device on his wrist to RUCKUS.

PROFESSOR

This device can merge the into
the second dimension with an Alien
camouflage. We can even speak their

language by using ours.

RUCKUS

For what purpose you did this?

PROFESSOR

To find out what is up there. We will
be deploying at 20:14 p.m. tomorrow.

RUCKUS

What do you mean, we? I'm not going
anywhere!

PROFESSOR

I'm not going to let you stay here
for free.

RUCKUS

What about the PREACHER?

PROFESSOR.

He has to guard this place. And he is
too old for this job.

RUCKUS

I am not going!

PROFESSOR

Well serve yourselves.

RUCKUS

You cannot force me like what you
did to DR.AGNES.

PROFESSOR

Oh Yes! I nearly forget to ask you
about it. So, what did she tell
you?

RUCKUS

About you, using her as a sex pet.

PROFESSOR

Yeah! She is really mad at me.

RUCKUS

She said you are doing all this

because of your wife and you love
your wife more than her. You are
not fair.

PROFESSOR

Nobody decides whom I am going to love
and not to. She is wrong. I do love
her.

RUCKUS

But why did you dump her?

PROFESSOR

I did not dump her! I am doing this
because I love her and for her own
safety. She is not ready for this
thing. She is weak and not strong
enough to face this reality. Just
like you. Now leave me alone. I got
a lot of things to do.

RUCKUS

I am sorry.

RUCKUS leaves the room.

INT.SPIRITUAL CENTER – DAY

The PROFESSOR wakes up from his sleep. AN ALIEN sits besides him. THE ALIEN changes into RUCKUS

RUCKUS

Hold on, hey! It's me

PROFFESOR

Damn it. It's you

RUCKUS

Nice device.

PROFFESOR

It even nicer if you put it into

“practice”. “

RUCKUS

I am ready now.

THE PROFESSOR smiles.

PROFESSOR

Let have some breakfast first.

INT.SPIRITUAL CENTER – DAY

THE PROFESSOR and RUCKUS stands inside the portal room.

RUCKUS

How did you manage to do all this?

PROFESSOR

From this book.

The PROFESSOR takes out an old book and shows it to RUCKUS. The book explains on how to build the portal and the dimension device.

RUCKUS

There are some pages torn.

PROFESSOR

Yes but is already torn when I first

got it.

GEENA

Well, this place really bring
back the memory where we first
met.

PROFESSOR

Yeah, it was twenty-five years
ago. The gathering of our graduation day.
Joe, Sam, Michelle...it's still
fresh in my mind. We were so young.

GEENA

They are all Grandfathers and

Grandmothers now. Unlike us.

The PROFESSOR walks toward GEENA and hug her.

PROFESSOR

What is important is that we

GEENA

I'm sorry that I am childless.

GEENA starts to cry.

PROFESSOR

It's okay. Sometime things does

not work very well.

Both of them hug each other very tight.

PROFESSOR

I tell you what. Let's take some

photos that we use to do. You first.

The photo took out a camera from his back.

PROFESSOR

Okay. Try to move more to the back.

GEENA moves backward to the edge of cliff. She turns back her head to make sure she does not go too far.

PROFESSOR

Move a little bit backward. I want to
get a good view of it.

GEENA tries to move backward again. She iced at the edge break. She loose control and fall into the ravine, which is twenty-five feet high. Her head hit one of the rocks. She did not move.

PROFESSOR

GEENA.....Oh! My God.

THE PROFESSOR drops his camera and go to aid GEENA. Her body is cold with no heartbeat.

INT.SPIRITUAL CENTRE DAY-FLASHBACK

The PREACHER is sitting in his room writing a note. THE PROFESSOR knocks the door.

PREACHER

Come in.

The PROFESOR walks in.

PROFESSOR

I want it to be as simple as
possible

PREACHER

I will do what I can. I know it is
very difficult for you.

The PROFESOR looked at him and nodded. THE PREACHER
walks THE PROFESOR him out to the door.

EXT.CEMETERY-DAY-RAIN-FLASHBACK

A crowd of people gathers at the burial side. One by one
they left after paying the respect. The PROFESSOR and THE
PREACHER still stand there.

PREACHER

Leave her a rest. She won't come
back.

The PREACHER put his right hand to the man shoulder.

PREACHER

Let's go.

They exit The Cemetery.

INT.SPIRITUAL CENTER-NIGHT-FLASHBACK

THE PREACHER is on his bed and is dreaming. A flash of light coming down from the ceiling and showered his room. The light becomes brighter and there is a man coming out. The PREACHER could not see his face because it is too bright. In the man hand was a thick old book. He gave it to The PREACHER. The man goes back into the light and change into a fireball and disappeared into the ceiling.

THE PREACHER wakes up from his sleep. There is a book on the reading table. The book is old and ancient.

INT.SPIRITUAL CENTER-NIGHT-FLASH BACK

THE PREACHER kept on dreaming the same dream but this time the man shows his face as The PROFESSOR.

EXT.RISE MOUNTAIN-DAY-FLASHBACK

THE PROFESSOR is at the edge of the mountain where GEENA fell. He moves forward. THE PROFESSOR calls him from behind.

THE PREACHER

Don't do it Samuel."

The PROFESSOR turns his head back.

PROFESSOR

Give me a reason not to.

THE PREACHER raise his hand a show him the book.

PREACHER

I can't explained it but this

book is meant for you

The PROFESSOR walks toward the PREACHER and takes the book from THE PREACHER hand. He opens some pages. His eyelids rise up.

PROFESSOR

It's an ancient scripture...ancient

Briman language....this people

vanished thousands years ago.

Where did you get this?"

PREACHER

You won't believe me if I tell you.

What it is all about?

PROFESSOR

Traveling to another world

THE EXCHANGE (Appears on the screen)

INT.SIPIRITUAL CENTRE–NIGHT-PRESENT

RUCKUS and THE PROFESSOR gave sits in the portal room.
RUCKUS.

PROFESSOR

First you have to pick up a human
body on your back.

RUCKUS

How we are going to get one? They
have powers to open the graves.

PROFESSOR

We have it here.

RUCKUS

You mean inside this Center?

PROFESSOR

The Center belong to Ronan Sect. They
have the tradition to preserves
the bodies of all the preachers who

have been working here. This will include HEMEN, one day.

RUCKUS

Where is it?

PROFESSOR

Down in the basement. For the human sake, HEMEN will unease the tradition a little bit. He will open the door for us.

RUCKUS

Why we don't just go in the third Dimension without taking all this trouble?

PROFESSOR

Because the third dimension does not work in space. And don't ask me why because the book say so and

it did not explain about the reason
and how to solve it.

RUCKUS

Maybe it was explained on the pages
that was torn.

PROFESSOR

Maybe. All right. Once you are ready,
carry the body behind your back and line
up at the deployment point. Just follow
my back. Make sure you stay in front.

Because when you climb up, you must
pass the dawn orange light.

RUCKUS

If not?

PROFESSOR

You will be burnt like a charcoal and
shall be cut into pieces.

RUCKUS

How did you know this?

PROFESSOR

I saw it from the ground yesterday.

The Aliens will change shift from

upstairs and the ground. It is an

exchange of armies. And it took about

five minutes to do that. And one thing,

we have to compete with other Aliens to

climb if we move slowly.

The PROFESSOR takes out a gun and gives to RUCKUS.

PROFESSOR

We might need this. In case....

THE PREACHER walks in.

PREACHER

Are you both ready?

PROFESSOR

Yes. Let's pick some bodies.

Three of them walk to the basement. THE PREACHER takes out the keys and slide into the key's hole

INT. PRESEVATION ROOM-DAY

THE PREACHER pulls the knob. He switches on the light. Inside the room laid two rows of bench with ten bodies intact in each row. They walk in.

PREACHER

Take the younger one. Their bodies
are still solid.

THE PREACHER points out at two bodies closer to them.
THE PREACHER opens the cover each of them.

PREACHER

This one is my Mentor – Duncan Slate .

Died ten years ago because of a heart

attack and that is Josh Krine, once a

Cleaner of this Center. I don't know

what the cause of his death.

PROFESSOR

Which one did you like, RUCKUS?

RUCKUS looks at the both of the bodies

PROFESSOR

I'll take THE CLEANER.

EXT-CEMETERY-EVENING

In the third dimension, RUCKUS and THE PROFESSOR bring the bodies in wheelbarrows into the Cemetery. In a hidden corner, they enter into the second dimension with an Alien camouflage and carry the bodies. With the other Aliens RUCKUS and THE PROFESSOR stands on a line to wait for the exchange.

A cloud of flash hits the ground. The Alien from the front starts to move up and was suck up and thrust into the light and was followed by the second Alien, which hold the legs of the first Alien. It creates a chain of an Aliens thrusting into the sky. The PROFESSOR, RUCKUS and an Alien were at the last line. When they got into the middle of the line, they passed a new batch of creatures that are diving down to replace them. By that time the color of the sky changes to orange.

THE ALIEN

Move faster! (In his language)

The Alien behind try to climb over to pass RUCKUS.

THE PROFESSOR

Kick him away!

With his right leg, he kicks the Alien head. The Alien loss control and fall down. The Alien cried and is burn in fire and disappeared in the sky.

INT.TRANSPORTATION SHIP-SPACE

RUCKUS right hand is picked up by the transportation ship staff. RUCKUS sits on the chamber. He holds his breath and put the human body on the floor. The PROFESSOR sits on the bench with other Alien.

TRANSPORTATION STAFF

Are you all right, Trooper?

Ruckus nods his head.

TRANSPORTATION STAFF

Then, go to your seat.

RUCKUS stands up and walks slowly to the seat beside The PROFESSOR. He laid the human body down and sat on the seat. He stares at the THE PROFESSOR face. With them sit around ten Aliens that have human bodies on the floor.RUCKUS stares an Alien on his left side.

ALIEN

What are you looking at? (In Alien language)

RUCKUS turns back his face looks out through the ship small windows. He noticed thousands of the Aliens' transportation ships leaving the planet.

THE MOTHERSHIP (Appear on the screen)

INT-TRANSPORTATION SHIP-SPACE

VOICE FROM THE TRANSPORTATION SHIP SPEAKER

Landing in 15 contus.

RUCKUS looks out the window again and sees the mother ship. It was a big ship with a size of a planet with a burner at its tail.

INT.MOTHERSHIP-SPACE

The transportation ship lands fly into the Mother ship's landing bay, which is situated in the front of the Mother ships fleet. The Transportation ship opens its door. All the Aliens including The PROFFESOR and RUCKUS step out from the ship and board a transportation craft. The craft move into the center of the ships.

The craft pass through the middle of the ship where the city of Aliens is situated. From the aerial view, RUCKUS and THE PROFESSOR sees thousands of buildings, roads and houses in the city.

THE PROFESSOR

It is a planet inside a ship.

INT.MOTHERSHIP HUMAN POD CHAMBER

The craft reaches the Engineering chamber and stop. RUCKUS, The PROFESSOR with the other ALIEN forms a line. They laid the human bodies on the ground and a machine picks up the bodies and attaches each of the bodies to the pod at wall of the combustion chamber. The mouth of the bodies is inserted with tubes where the souls that have been taken away are transferred back into each of the bodies. THE CLEANER, THE MENTOR bodies and others are alive again. On the wall of the combustion wall lies millions of human flesh chamber that creates powerful combustion that create a thrust to move the ship. Whenever the power of thrust is increase, the human bodies shout in agony.

THE CLEANER

Where am I? What is this?

Both THE CLEANER and THE MENTOR and others cry in pain when the energy is sucked from their bodies.

PROFESSOR

We can't do anything about it.

Let's go and find the engine room.

They walk further, found the engine room and enter in.

INT. ENGINE ROOM

In the middle of the engine room stands a huge crystal ball that produce the energy. It has millions of tubes that are connected with the human bodies and toward the combustion chamber. Several ALIENS are manning the crystal. THE PROFESSOR points out his hand toward the machine.

THE PROFESSOR

This is it. This is where we
should put the bomb.

RUCKUS

Bomb? What Bomb?

PROFESSOR

Nuke

RUCKUS

Where we going to get one?

PROFESSOR

With your help.

RUCKUS

Who? Me?

PROFESSOR.

Yes, you again.

RUCKUS

I don't believe this .You never

tell me about this.

PROFESSOR

We have to check this place first.

You have to go back. I have already

set it for you. All you have to do is

break the code and get the nuke. I have

already plan it. Go to my drawer

and get the keys. There is also a

code number. Use that code number

and the keys to open the nuke

Chamber.

RUCKUS

You are expecting me to do that?

PROFESSOR

Yes, in the third Dimension.

Remember, there is three

capsule and take only one. Once you

get it, bring it here. The rest,

let me handle. For the meant time

I will find the escape ship.

RUCKUS shakes his head.

RUCKUS

When you want me to go?

PROFESSOR

Next shift. But for the meant time

I want To check out this place.

RUCKUS

You want to find your wife?

THE PROFESSOR stares at RUCKUS.

PROFESSOR

Most probably. If I am lucky enough.

Maybe you will meet your brother too.

INT.MOTHERSHIP HUMAN DATABASE LEVEL-SPACE

THE PROFESSOR AND RUCKUS walks in a level that locates millions of rooms that have numbers on it. In every room there is ALIENS monitoring each human subject.

PROFESSOR

My God. What a huge human database files.

RUCKUS

Now, I remember it!

PROFESSOR

Remember what?

RUCKUS

This number. From my dream. The numbers on each door

RUCKUS writes the Alien number with his finger on the dust floor.

PROFESSOR

Level 12. Room 64. That what it's mean.

RUCKUS

That's my room. I need to know what
really happened to my brother.

PROFESSOR

Let's find it.

INT.MOTHERSHIP HUMAN DATABASE LEVEL 12 –SPACE

The Alien who manages the room 64 walks out.

RUCKUS and THE PROFESSOR walks in.

PROFESSOR

When does this happen?

. RUCKUS

Ten years ago.

THE PROFESSOR switch one of the button and reverse it
and it shows the scene the day on the screen where
RUCKUS'S brother fell from the roof. It shows the ALIEN
pushing his brother down.

THE SERMON (Appears on the screen)

INT.MOTHER SHIP DEPLOYMENT CENTER

BIRD VIEW

Thousands of Aliens position themselves following to their sectors. RUCKUS stands into the wrong sector.

ALIEN (Deployment officer)

Fool! What are you thinking trooper? Go to your own Sector. Don't waste time.

RUCKUS quickly goes into the sector where THE ALIEN points his finger.

ALIEN (Deployment officer)

. Everybody in your position!

THE MASTER will make a special

Sermon. Listen Good!

SEFFEN walks in the stage. Every Aliens bow their body and heads.

SEFFEN

Raise, all my sons and daughters.

You all must be wandering why I am

here now. Usually you all will deploy

alone without complaining. Going out

there to serve me. Rather thinking

on your safety and life. And me
sitting up there comfortably and
watching some of you die one by one at
The exchange zone. How cruel of me?

Is it true?

There is an echo of voice from the Aliens that says no.

SEFFEN

If it is true, then pardon me. Loyalty.

You have that in your heart. That is
the most precious thing you ever had.

Long before you were here. That loyalty
once belongs toward a "FORCE". A "FORCE"
that is stronger than me. But that
"FORCE" has chosen another race, the
one that you're going to destroy now
and forever, to lead this universe.

That really hurt me. Deep inside

my heart. From that moment, I cannot
accept it! I protest! The result, the
"FORCE" has doomed me and together with
you all to Khell eternally. Forgive me
cause bringing you all in to this fate.

I am here is to show you all how grateful

I am on what you have done to me. You

all are willing to die for me. I

am very honor to have the commitment

you have shown for our course for all this

centurions. Yes, maybe some of you want

to know how many centurions more to go?

The answer is near. The time is near!

The time has come to reach our final

destination! And you all are with

me to witness it. We, the Amra race

is the most honorable race ever

created. Because we are the best.

Nobody will stop us. That's why it is your

duty to bring them down. Bring as many

as you can. Cause we know what our fate

going to be. And this cannot be

change. Remember we are ALLOWED to bring

them down with us but with one

condition- they have to submit to us.

Now, go! Bring back the honor that was

taken away from us!

With the shout of victory, including RUCKUS all the Aliens from every sectors board the transportation ship. SEFFEN walks a few step and stop. He turns his head and look at RUCKUS eyes. Their both eyes met. RUCKUS moves his eyes away. SEFFEN turn his head back and walks forward. RUCKUS takes a deep breath.

INT.Mothership-Bridge-space

SEFFEN enters the bridge and sit on his chair. DIOS approached him with his hand fold in the back.

DIOS

We have a slight problem, Master.

SEFFEN

Tell me.

DIOS

In Planet 3476 , we have identified a

Quadrant. It is located at coordinate

xcd3.

DIOS show it on the screen.

SEFFEN

Who is inside the quadrant?

DIOS

There is 3 Subject, Master. The first

Subject number is 5576. HEMEN WELCH.

A Preacher. Never been outside the quadrant

such a long time. The Second Subject

number is 9889. RUCKUS HOWLING,a student.

And the last one might interest you,

Master. Subject number 6001. His name is

SAMUEL MATHESSON. PROFESSOR SAMUEL MATHESSON

who once wrote a theory on the existence of

the Second Dimension but was never been proven.

SEFFEN

Second Dimension.? Is that where we are in

now DIOS?

DIOS

Yes, Master.

SEFFEN

And RUCKUS HOWLING, what he is studying?

DIOS

Quantum Physics, Master.

SEFFEN

Is that a coincidence? A Professor who

had wrote about the Second Dimension

theory and was inside a quadrant, which

cannot be entered by us, and at the
meantime there is a Quantum Physics student
with him? What are they are doing inside
there? Well DIOS, you know what to do.

DIOS

Master?

SEFFEN

Destroy it with our gunner. As what we
have done before.

DIOS

But the beam will hit us back, Master.

The Quadrant is protected by the "FORCE"

SEFFEN

The FORCE It has been a long time
I've heard that name.

EXT.PLANET ZEEMA- NIGHT-FLASHBACK

The wind blow very fast. SEFFEN body is roll over and hit a large rock. He kneels on his feet and turns his face to the sky.

SEFFEN

It's not fair! Why I am been treated like this? I'm the one you supposed to choose and to be your higher servant. But no, You choose a human instead. You have made me from fire.

SEFFEN raise his right hand to the sky and a burst of fire came out from his hand.

SEFFEN

I'm much stronger but you choose humans that is made from this dirty and useless soil and they are weak.

SEFFEN scratch some soil from his hand, grip it and release the soil slowly to the ground.

SEFFEN

Even THE GUARDIAN had argued of what you

How does this happen?

GENERAL HARRAWAY (Chief of Internal Defense)

We do not know who took it but we

have the video of the robbery.

The video monitor shows the bombs nukes vanishes in the thin air. In a flash, the ALIEN inside the Minister room witnesses the event AND sees RUCKUS in an Alien disguise.

GENERAL HARRAWAY

We have a back up strategy, Sir.

Inside all the bombs is a locater

chips that will be activated within 20 hours once the bombs is out of the range of this plant. In my calculations, it will be activating tomorrow at 1815 hours. I have instructed all of my men on standby. Once it is activate, all Units will be rush to the location.

MINISTER

How are you are going to assure me that the bombs will not be explode within these 20 hours?

GENERAL HARRAWAY

It can only happen after 20 hours. Further more the bombs have a secret code to activate it.

MINISTER

So, make sure your men will be there
on time and get me those bastards!

If not, you and me and the rest of
the world is not going to exist
anymore after that.

GENERAL HARRAWAY

Yes, Sir.

The Aliens, who listen to the conversion, report it to DIOS.

INT.Mother ship-Space

ambitious trooper here. What he
is going to do with the bombs?

To sabotage me and take over this
ship? Who is this trooper?

DIOS

We don't have him in our record,
Master. I have checked everything;
we still can identify him as one
of our trooper.

SEFFEN

That is impossible. How can you
give me that answer? Well, who is
he is not important. What he is going
to do is really what I'm interested
in. Send the Elite troopers once
the humans have located the bombs.
We must be there before the humans
do. And also send more troopers at
the deployment station at the
coordinate. That's is the only
exit that he can get up here.
DIOS.

I would like to give my opinion,

Master.

SEFFEN

Continue.

DIOS

The Quadrant, Master. We cannot

destroy it. Maybe the unidentified

Trooper is inside the quadrant.

SEFFEN

My dear DIOS. No trooper can

enter the quadrant. How can you say

that?

DIOS

Maybe that trooper is not from

our race. Maybe he is human. I would

suggest sending our Elite troopers

there.

SEFFEN

Whatever DIOS, Whatever. But make
sure you are right.

INT.SPIRITUAL CENTRE- evening

In the PROFESSOR lab, RUCKUS waits for the next

RUCKUS

What about you?

PREACHER

avoid them chasing me and they might
destroy the PROFESSOR'S plan.

PREACHER

But how you are going to get back?

RUCKUS

We will try something.

The main door of the Center breaks into pieces. A unit of

SEFFEN enters the room.

SEFFEN

You finally got it, PROFESSOR.

PROFESSOR

It is impossible.

SEFFEN

It is happening. Welcome to my
ship PROFESSOR SAMUEL MATHESSON

and Mr. RUCKUS HOWLING. Well

I think you have done some

tour at you own initiatives. I'm

impressed. You are the first human

being who manages to enter this ship,

alive. It is all because of the book.

This book was written by some

one, which I don't know whom

a long-long time ago. Remember the

last page that is missing? That is

the page that shows how this

device is created. The book was

deliberately given to you and you

are smart enough to follow it and

create a Dimension portal together
with the wrist device that brought
you here. And now, you have bring
me something that I really one.

A result from human being stupidity.

Stupid enough to destroy your own

Planet. Yes, following to the rule,

the rule that the “FORCE” allows,

I can only destroy your planet through

something that human being created

as the result from their own weakness.

The obsession of power. Thinking that

their races can control each other

by the bombs they owned. Now I will

use it back to destroy your

Planet. MR.RUCKUS... gives me the bombs.

PROFESSOR

No, RUCKUS.

The PROFESSOR takes out the gun from RUCKUS'S bag and point toward RUCKUS.

RUCKUS

What are you doing ? You can't shoot me. The bullets are with me.

Ruckus opens his right hand and shows the bullets. RUCKUS smiles. THE PROFESSOR pulls the trigger that only produces a sound of a clip.

RUCKUS walks toward SEFFEN and bends his knees and gives all the bombs to SEFFEN.

SEFFEN

Raise, RUCKUS. Show us who you really are.

By using his finger, RUCKUS point out from the middle of his head to his abdomen. His ripped into halves and a face and body of an Alien appears.

SEFFEN

That is the real RUCKUS. He is

actually one of my secret armies

who will do my secret operation.

Even my first Commanding Officer

doesn't know about this. Everything was planned. To use your intelligence to activate this bomb and bring it to me. RUCKUS not only bringing one bomb but he brings another three. That's enough to destroy your planet and the human races inside it.

PROFESSOR

But you don't have the codes of the other bombs.

RUCKUS raises his left hand and shows the small paper with the codes to the PROFESSOR. RUCKUS deactivated the bomb .The PROFESSOR shakes his head.

PROFESSOR

What I have done?

The Professor kneels down.

SEFFEN

Yes, blame it on yourself. Because
the only faith that you have to
destroy me is by these stupid
tiny things. That is your weakness.

Thinking that all your problem can
be solve by these bombs?

You just like the same people you
have down there. Without giving the
faith to the "FORCE". He is the only
one that can save you. But no!

You choose the bombs instead. So
be it. TEMRI chain this stupid
human.

RUCKUS grabs the PROFESSOR. A roll of chains comes out
from RUCKUS hand. RUCKUS chains THE PROFESSOR down
on the floor.

SEFFEN

PROFESSOR, I want you to witness yourselves

the result of your stupidity. TEMRI, prepare
to launch the gunners.

RUCKUS

Yes, Master

RUCKUS takes the bombs and put inside the each rocket capsules. RUCKUS put the capsules inside the Gunner. RUCKUS then points the gunner to four coordinates of the planet.

SEFFEN

TEMRI, is everything ready.

RUCKUS

Yes, Master. Both four Rockets

set on coordinate xcd3, ajk5, rts7

and BTL 10. Target locked, Master.

SEFFEN

Professor, allow me to explain to you

what we are trying to do here. Coordinate

XCD3 is for the quadrant, AJK 5 is on the

eastern part ,RTS7 is on the north

and BTL 10 is on the southern part
of your planet. A perfect point to
suck every source of energy. Don't worry.
We are not going to blow up your planet
We just want to desert it. Just what we
have done with the other planet in this
Solar system.

SEFFEN raises his hands and creates a screen. The screen
shows all the other nine planets.

SEFFEN

All of these planets once live billions of
human beings. We have taken some of them
into the ship and while others we just live
them to die when we hit the beam. Just what
we are going to do to your planet after this.
Your planet is the second last planet and
this is the last system we have entered.
