FADE IN:

EXT. BEACH-DAY

We see the sea and then a boy appears on camera. He looks happy

BOY  
Here it is! The sea! Is it not beautiful?

The camera continues to be centered on the sea

BOY  
(VO)  
This was me when I was happy. That was a few days ago. A lot can change in a few days!

CUT TO:

INT. ROOM

The boy enters the room. He is eating something when he starts to choke. He grasps his throat and tries to breathe but can't. He falls down.

His eyes are closed when suddenly they open. He breathes and gets up.

BOY  
Damn! I almost died!

BOY  
(VO)  
I did die.

The boy heads for the door and exits. Suddenly he appears in the room again.

BOY  
What the fuck!

He tries to exit again but the same thing happens.

BOY  
(VO)  
I did this for hours. Or was it days? Time here is different.

The boy is sitting on the ground crying.

BOY  
(VO)

I sat there for a long time asking questions but no answers came.

BOY  
What is this place?Is it a dream?Hell?A terrible prank?Somebody please answer me!...I just want to get out of here.

VOICE  
Child,why do you cry?Are you not a disciple of god?

BOY  
God?I don't believe in god!

VOICE  
Then you are another free soul from his tyranny.

BOY  
Tyranny?I thought that god was the good guy.

VOICE  
Good?Maybe once long ago but power corrupts.Power is all he craves now.Believe in him gives him power,keeps him as the apex being in the universe.This is why you are here.This is your hell,your punishment for not believing in him,not giving him power.

BOY  
Who are you?Why are you telling me this?

VOICE  
There once was an angel who saw the corruption and rebelled.He lost but gave knowledge to humanity and god named him the most evil thing in existence but history is written by the victor and he was the victor.

BOY  
You are the devil!
