## The creation of My 1 and only

This is based on good father's who go through relentless conflicts, while doing their best to be good fathers to their children. Being a father after breaking up with the woman you had children with can have a good outcome, but in some cases, you have bitter women who'll send you through hell because they're mad you're not with them. The interesting twist I put into the story that most would ignore, is the lengths she went through to have him sent to prison because she's jealous his child is a daddy's girl.

## Breakdown of the story

While having a daddy-daughter day at the park, Christopher becomes confused when Young Danyi doesn't feel comfortable going home to her mother Christian. When Christopher confronts Christian, she has him sent to jail that night, and numerous other times after he's released, all because she's upset he doesn't want to be a couple. Eventually, Christian convinces Young Danyi to help with having Christopher sent to prison. With Christopher out of the picture, Christian turns Danyi into a boujee web-cam model, telling men lies to gain what she wants.

On the night of her birthday party, Danyi becomes a victim of rape, which leads to her suicide because the rapists goes free, and the internet no longer respects her, proclaiming she deserved what happened. Christopher is released from prison on Danyi's birthday, but there was nothing he could do to prevent her rape or suicide. But he can get his revenge, when he finds out Christian played a key part in why Danyi's rapist was cleared.

## The conclusion

Christopher kills Richard at his home after obtaining the information he needs. Using the contact information Richard gave him, Christopher reaches out to Fawn, arranging a meeting. The next day before meeting with Fawn, Christopher kills Christian with some help from Shantell giving him a key to get in the house. During the meeting with Fawn, Christopher lures her into his trap by saying he wants her to play the role of Danyi in a tv series he's making, and of course she falls for it, hook, line and sinker.

Christopher pays a visit to Rico's house posing as a delivery man. Kelly answers the door, and the two have a brief conversation about the package he's delivering. Prepared to leave the package on the front porch, Kelly asks him if he will bring it in, and that was all he needed to complete his plan. Realizing too late she's been set up, after hearing Christopher explain why she's in this situation, he gives her the options of helping him set Rico up or die, and of course, she goes along with the plan. That night when Rico arrives home, thinking he's about to have an intimate rendezvous with his wife, he gets knocked out by Christopher. Kelly thinks she's in the clear because she helped, but Christopher ends up killing her, too.

While Christopher has Rico tied down in the basement, he slowly tortures him, until he finally confesses about raping his daughter. Before he kills him, he shows him pictures of Fawn engaging in sexual acts with his best friend Richard, along with the video Fawn and her boyfriend created. As the video goes off, Rico sees Fawn and her boyfriend get murdered, and that's when Christopher ends Rico's life. In the closing end of the movie, on the laptop, there's an old recorded video of Christopher and Danyi when she was younger.
