BEGINNING CREDITS ROLL

It's unambiguous. The weather is breezy. The atmosphere is calm, conciliatory, and placid. The sounds of seagulls squealing.

EXT. LATE JUNE 2026-COAST OF CAPE COD

Six MEN and one WOMAN, aged 21-35, aboard a giant, 70m Navy blue and white luxury yacht called El Viator. They're dressed casually in jeans and polo shirts. The yacht's name is written in golden letters with an anchor sign next to it.

The passengers hand in their green tickets to a JUAN CARLOS, NAVARRO, an elderly, wealthy Spanish MAN with ALS. He resembles Stephen Hawking.

Navarro holds an Xpress Handheld communication device. A computer screen holds up in front of his face. He presses the speaking button. A bunch of words appear on the screen.

                  NAVARRO  
          ¡TODOS A BORDO! ALL ABOARD!

Navarro presses his speaking button again.

                  NAVARRO (CONT'D)  
          Lady and gentlemen, stand up  
          straight like soldiers! Get in  
          line!

Immediately, everyone obliges. Navarro presses his speaking button again.

                  NAVARRO (CONT'D)  
          Bienvenidos! Welcome to El Viator!  
          My name is Captain Juan Carlos  
          Navarro. As you can see, I have  
          ALS. I have been sailing this yacht  
          for thirty-six years. And  
          now...introductions! Say your name,  
          age, career, where you from,  
          previous yacht experience. You,  
          redhead,...you first...

A redhead man, COLIN ASHWORTH, steps forward.

                  COLIN  
          (in British accent)  
          I'm Colin Ashworth. I'm 35 years  
          old. I'm a wildlife biologist from  
          Liverpool, England. I travel  
          constantly for my job. I've been on  
          a yacht a few times.  
                  (MORE)

COLIN (CONT'D)

Some experiences were pleasant,  
some were not. I won the ticket  
from an online work fundraiser when  
I was in an African jungle. On the  
contrary, I was in the Royal Navy.

He steps backward.

NAVARRO

Well-served. Next.

DIETRICH 'DIETER' EISEBNBARTH, a fat man with blond hair in a  
brown hat, steps forward. He looks like a folk dancer.

DIETER

(in German accent)

Hallo, ich heiÙe Dietrich  
Eisenbarth. Dieter for short. I am  
twenty-eight. I'm an astronomer  
and physicist. I'm from Lübbenau,  
Germany, but I live in Ottawa,  
Canada. I've never been on a yacht  
before.

The wind blows off his hat. He catches it in time.

DIETER (CONT'D)

Whew! That was close!

He puts his back on. He steps back.

DAVID JOHNSON, an African-American average, bald man steps  
forward. He wears oval-shaped thick glasses. He has a thin  
mustache and a goatee.

DAVID

Hello, I'm David Johnson. I'm 35  
years old. I'm a substitute teacher  
from Boston. I've been on a yacht  
once for a party ten years ago.  
Before that, I was in the Coast  
Guard in Iraq. Unfortunately, after  
two years, I was medically  
discharged due to Type 1 diabetes.  
This is my ID.

He taps at his blue medical bracelet on his left wrist.

NAVARRO

Well, served señor.

David steps back. TONY MARTINEZ, a handsome, thin man with  
a scruffy beard and a prosthetic leg steps forward.

TONY

Um, hola, hi. Antonio Martinez.  
Call me Tony. I'm 23. I'm from San  
Diego. Actually, I was born to a  
Spanish family in Seattle, but I  
lived in Portland and San Diego.  
Um...I've been on a yacht a couple  
of times leisurely. Right now, I go  
to culinary school, San Diego Mesa  
College. I wait part-time at  
Chili's. Speaking of that,  
technically, my sister won the  
ticket from the restaurant's  
fundraiser, but she's seasick.

NAVARRO

So, you volunteered to take her  
ticket?

Tony nods.

NAVARRO (CONT'D)

Speaking of seasickness, if you are  
seasick, step off the yacht.

Silence. No one leaves.

NAVARRO (CONT'D)

To be continued. Martinez, the  
jewelry you're wearing...I assume  
you were in the Army and you have a  
medical condition?

Tony glances at his Army necklace and the black medical  
bracelet on his right wrist.

TONY

Si, señor. I was in the Army for  
two years. My leg was blown off by  
an IED in Afghanistan.

He points his leg.

TONY (CONT'D)

I was diagnosed with Type 1  
diabetes a few months later.

NAVARRO

Well served, señor.

Tony steps back.

NAVARRO (CONT'D)

Next!

JAVIER ORTIZ, a handsome, Puerto Rican man on it steps forward. He wears a black cap with the word 'firefighter' on it.

JAVIER

Hola, me llamo Javier Ortiz. I'm from San Juan, Puerto Rico. I am a firefighter. My father won the ticket from the fire station's fundraiser, but he was seasick.

TONY

You took the ticket?

Javier nods.

JAVIER

Would anyone like to see my tattoos? Some of you disapprove of tattoos, but that's how I express myself.

NAVARRO

Go on.

Javier lifts up his left short sleeve. His upper shoulder has a small red AA tattoo. Some of the passengers raise their eyebrows. Some frown.

Javier turns around and lifts his shirt up. It has a large blue firefighter's hat on it. Everyone's eyes grow widely. PEANUT DALTON, a young, skinny woman with an auburn braided ponytail, is impressed.

PEANUT

Whoa! That's a big tattoo...oh, sorry, I'm outta line. I meant it's a cool tattoo.

JAVIER

No, no, esta bien.

He lifts his shirt down and turns around. Peanut focuses back on the sky.

JAVIER (CONT'D)

I rode on a yacht two or three times. They were mediocre experiences.

He steps back.

NAVARRO

Next!

Peanut seems to be daydreaming. She stares at the sky. The men seem to wonder what's wrong with her.

                  NAVARRO (CONT'D)  
Hello? Señorita? Hola? Are you  
deaf?

The short statured Vietnamese man, HOANG NGUYEN, tugs on her pants leg. That snaps her out of her daydream. Peanut's embarrassed.

                  PEANUT  
Oh!

She steps forward.

                  PEANUT (CONT'D)  
                  (in Southern accent)  
Sorry, I'm in my world. I, uh, I  
have autism spectrum disorder, but  
high-functioning. Additionally, I'm  
a type 1 diabetic. That's what my  
bracelet says.

She taps at her red medical bracelet on her left wrist.

                  NAVARRO  
I can see that. What is your name?

                  PEANUT  
Oh, sorry. I'm Peanut Dalton. Nurse  
Peanut Dalton. I'm also a freelance  
artist. I'm from Savannah, Georgia.  
Go ahead. Laugh. Joke. Peanut  
Butter. Peanut IS my real name.

No one laughs. Silence.

                  NAVARRO  
That's a unique name, Peanut.

The other men nod in agreement.

                  PEANUT  
You're looking at a first-timer. A  
yacht passenger. Yay!

She claps her hands in excitement.

                  PEANUT (CONT'D)  
Oh, and I'm twenty-one going on  
twenty-two.

She steps back. Hoang steps forward.

HOANG

Good morning. I am Hoang Nguyen. I am a 24-year-old electrical engineer. I was born in Hanoi, Vietnam, but I lived in Manila, Singapore, Beijing, Hong Kong, Tokyo, and Seoul because of my father's job. I was on a yacht once for a party. It was quite an enriching experience. Oh, and I live in Toronto today.

DIETER

Beeindruckend! What a coincidence!

Hoang steps back.

NAVARRO

Well, since you're all here, why don't we---

A loud screech interrupts him. Peanut covers her ears.

COLIN

What the bloody hell is that?

A parrot lands on its head on the deck. The magical rainbow powers come from her feet like dust.

NAVARRO

Sunny! Ay, dios mios! How many times have I told you? No tomfoolery! No going out without telling me! We have guests!  
(in Spanish)  
Where the hell were you?

Sunny picks herself up.

SUNNY

(in Spanish)  
Jumping on the clouds again.

NAVARRO

En ingles!

JAVIER

I know what she said.

TONY

Me too. She was jumping on the clouds again.

A COUPLE HOURS LATER...

-EXT/INT. EL VIATOR YACHT: Outside, the yacht moves on the water.

-Inside, Navarro brings everyone to the stateroom.

NAVARRO

This is the stateroom for mr  
caretaker/co-captain, Isabella  
Cruz. That's her driving.

A beautiful, middle-aged Spaniard, ISABELLA CRUZ, is driving the yacht. She sips her coffee. She turns around and smiles.

ISABELLA

Hola, bienvenidos!

Colin, Javier, and Dieter oogle at her, especially her large breasts.

NAVARRO

She has been my caretaker/co-  
captain me for ten years. She  
speaks English, Spanish, and  
French.

Isabella nods.

NAVARRO (CONT'D)

Come along. Vamos! There's more to  
see.

He leaves the room. Tony, Peanut, and Hoang follow her.

COLIN

Hey, baby, I think you're totally  
lush. You have such lovely baps.  
After the tour, maybe we could  
boff.

DIETER

Isabella, you are so hot that I  
wanna make love with you.

JAVIER

(in Spanish)

No, no, I like get in bed with you  
and 'play' with you. You turned me  
on.

Isabella glares at them. Obviously, she doesn't seem interested.

DAVID

Guys, come on. Lay off of her, ok?

Colin, Javier, and Dieter leave the room, laughing.

DAVID (CONT'D)

Don't mind them. You look um...lovely today, señorita.

Isabella smiles.

ISABELLA

Gracias.

INT. LOWER DECK

NAVARRO

I apologize for the lack of wifi and the cabin limitation. Some of you will have to share rooms.

MOMENTS LATER

Peanut moves into her own cabin. Tony and Javier move into their own cabins.

COLIN

You don't have a problem bunking with me, don't you?

DAVID

It's no problem.

They move their luggage into their room.

DAVID (CONT'D)

It's Colin, isn't it?

COLIN

And you're David?

DAVID

Correct.

Dieter and Hoang move their stuff into the last guest cabin.

DIETER

You do not mind rooming with me?

HOANG

Not at all, roomie.

INT. KITCHEN-1 P.M.

Navarro presses the meal button on his device for three automatic cooking machines to make lunch. One machine makes salads (tomato/mozzarella/lettuce pileups). Two of them break down. They cause a fire. Navarro SCREAMS. Javier BURSTS in. He grabs the extinguisher on the wall and puts the fire out.

                  NAVARRO  
Gracias, Javier!

                  JAVIER  
Always here to help when it comes  
to fires.

                  NAVARRO  
You know, there is a utility room  
with an automatic fridge slash  
freezer and a microwave and oven.  
Sometimes, Isabella uses them as a  
back-up. If only there was someone  
to cook for us.

Tony ENTERS.

                  TONY  
I'll do it! I'm sorry I couldn't  
help but overhear when you said---

                  NAVARRO  
¡Espléndido!

INT. UTILITY ROOM-MOMENTS LATER

Tony opens the automatic fridge/freezer. It has salmon, shrimp, squid, crab cakes, and a platter of cheese and crackers.

                  TONY  
Looks like I have bigger fish to  
fry.

He shoves the food in the oven. He sets the platter on the counter.

A small, gray armless and legless, robot with green eyes, XD91 bumps Tony. It beeps. Tony gasps. He turns around.

                  TONY (CONT'D)  
You startled me.

XD91  
 (in British accent)  
 Forgive me. I am XD91. Captain  
 Navarro sent me to assist you,  
 Master Tony.

TONY  
 Well, thanks. Can you serve the  
 appetizers and salads while I deal  
 with the meat?

XD91  
 Certainly. I also make drinks.

His stomach opens a hole. He makes water, soda (both regular  
 and diet), and Spanish wine. Tony is utterly impressed.

TONY  
 Hey, uh, where were you earlier? I  
 didn't see you when the captain  
 showed us around.

XD91  
 I was in his cabin charging myself.

TONY  
 (sarcastically)  
 Not surprised...

INT. DINING ROOM

Everyone sits together a large table. They socialize. XD91  
 sets a bowl of cheese and crackers on the table.

NAVARRO  
 Gracias, XD91.

XD91 returns to the kitchen.

NAVARRO (CONT'D)  
 Would anyone like a cheese or a  
 cracker?

Sunny squawks.

NAVARRO (CONT'D)  
 No, no, Sunny, guests first.

Some of the passengers help themselves and pass the platter  
 around. Dieter feeds Sunny one cracker.

NAVARRO (CONT'D)  
 Sunny, go to your perch. Isabella  
 has more food for you.

Sunny flies away.

LATER

Everyone, including Tony, eats lunch. Navarro has a feeding tube. David, Tony, and Peanut each only drink one glass of wine. Javier is the only one with water in a wine glass.

                  PEANUT  
 I limit myself to one glass of  
 wine. It's too sugary for me.

                  DAVID & TONY  
 (in unison)  
 Same here.

Dieter sets the half-empty wine bottle on the table. Javier hides it under the table. He secretly pours his glass.

                  TONY (CONT'D)  
 In my opinion, this wine tastes  
 like salted watermelon. No offense,  
 captain.

                  NAVARRO  
 None taken.

Without audio, the men laugh and joke about their yacht experiences.

Obviously, Peanut pretends to understand the jokes. Javier secretly drinks three more glasses of wine.

                  TONY  
 (sarcastically)  
 Well, whoop-dee-fuckin-doo. Excuse  
 my language.

Peanut frowns.

                  PEANUT (V.O.)  
 Is he being sarcastic? He's so  
 rude!

                  COLIN  
 Speaking of careers, what do you  
 teach David?

DAVID  
English literature, math, science,  
and social studies. All grades.

PEANUT  
Are some of your students in  
special-ed?

DAVID  
Yes, some mixed with the non-  
disabled kids.

Javier drinks one more glass of wine.

TONY  
Javier, Hoang, Dieter, you guys  
speak English fluently. I mean,  
very well.

JAVIER  
I take that as a compliment. I  
studied the language at university.

HOANG  
I took an online course on the  
English language before I moved to  
Toronto.

DIETER  
Me too!

Javier excuses himself. He climbs on another table and dances  
while singing Spanish songs loudly. He's obviously drunk.  
Some of the passengers turn. They laugh and cheer. They  
throw Euros and American dollars at him.

DAVID  
Stop that. It only encourages him.  
He's not a stripper.

He sees the wine bottle under the table. Navarro seems  
annoyed.

NAVARRO  
Javier, I demand you to get down at  
once! Ahora mismo!

Javier ignores him. Navarro gets angry.

NAVARRO (CONT'D)  
Por favor! Somebody, get him down.  
Take him to his cabin  
inmediatamente!

Colin and Dieter pull Javier off the table and carry him to his room.

NAVARRO (CONT'D)

I apologize for Javier's intoxication, everyone. Please, enjoy your lunch.

LATER

Tony heads to the kitchen to put away his dishes and silverware. Suddenly, he stops. He seems sweaty and wobbly. He drops his stuff and collapses on the floor. David, Peanut, and Hoang jump out of their seats to check on him. Hoang lifts his head up.

HOANG

Are you ok? What happened?

PEANUT

Everyone, stand back! Room, please!

David and Hoang step aside. Tony checks Peanut's pulse. She figures what's wrong with him.

PEANUT (CONT'D)

I think he has hypoglycemia.

HOANG

Hypo-what?

DAVID

Low blood sugar.

Peanut pulls her blood-checking meter out of her pocket. She pricks Tony's finger and drops a blood from his finger on the test strip. The glucose meter shows 27. Peanut tsks and shakes her head no. She's not surprised.

PEANUT

27 is an extremely low reading.

MOMENTS LATER

David and Hoang help Peanut carry Tony to a chair.

PEANUT (CONT'D)

Tony, do you have anything carby or sweet? Something that could bring up your glucose levels?

Tony pulls his glucose tablet bottle out of his jeans pocket.

PEANUT (CONT'D)

One of y'all go fetch him a glass  
of water. It'll go with his tablet.

Hoang rushes to get the water.

Peanut opens the glucose tablet bottle and hands him a  
tablet. Hoang returns with the water and hands it to Tony.  
Tony takes the tablet with water. He stops shaking.

DAVID

Are you all right?

Tony nods.

DAVID (CONT'D)

What happened?

TONY

I took a little too much insulin  
earlier. I was in the 300s.

Peanut disapproves.

PEANUT

You shouldn't have done that! It's  
extremely dangerous! I almost died  
from overmedicating once after my  
diagnosis. Ironic, huh? I always  
tell my diabetic and nondiabetic  
patients to care for themselves  
properly. Some of my patients  
hoarded their pills, for God's  
sake!

Peanut puts a hair string back.

PEANUT (CONT'D)

Not that it's your business, but a  
big breakfast caused me to be in  
the 200s earlier. I took a proper  
amount of insulin for lunch.

DAVID

I did the same thing. My reading  
earlier was 250. Stupidly, I  
skipped breakfast because I was in  
a hurry to get to Cape Cod after  
oversleeping. I've been diabetic  
since I was 19 or 20.

TONY

I don't know why I got carried  
away.

(MORE)

TONY (CONT'D)

I've been diabetic for a few years.  
Maybe I didn't like being in the  
300s.

PEANUT

Tony, I'm a nurse who has been  
diabetic since the age of 18. There  
are better ways to deal with  
hyperglycemia than overmedicating.  
A positive attitude, low-carb  
stuff, and taking the proper amount  
of medication are the keys to  
proper health management. Let your  
body work itself out. Once in a  
while, it's better to be high than  
low. That's my motto, even when  
autism causes me stress.

DAVID

She's right, you know. Improper  
management equals coma or  
death. So, do NOT ever ever ever do  
this to yourself again. Is that  
understood?

Tony nods. He seems to take all of this in.

INT. HALLWAY

Peanut's on her way to the salon. She repeats David's words  
softly to herself.

PEANUT

Better high than low. Better high  
than low. Better high than low.

(V.O.)

I have an impeccable memory. Filed  
in the memory bank.

INT. NAVARRO'S CABIN

A sobered Javier stands in front of the captain. He's  
apologetic.

NAVARRO

This will never happen again, I  
hope.

JAVIER

No, sir.

INT. KITCHEN-1 P.M.

Javier glances both ways. Hoang leaves. Javier fills his flask with whiskey.

EXT. DECK

It's a beautiful sunny day. The sun shines on the ocean.

Peanut paints a beautiful picture of the entire yacht. She's proud of herself. She climbs on the rail and lets her arms out like a butterfly. She breaths through the wind.

Tony ENTERS. He admires her. Peanut opens her eyes. Her feet slip. Tony RUNS to catch her.

TONY

Gotcha!

He lets her go.

TONY (CONT'D)

You know, you ought to be careful.

PEANUT

I was touching the wind! I can handle myself! Thank you!

TONY

(sarcastically)

Ok, ok. Sorry for being so helpful.

He leaves. Peanut sighs. She shakes her head.

PEANUT

Damn it!

She runs after him.

PEANUT (CONT'D)

Hey, wait! WAIT! WAIT!

Tony stops and turns around. Peanut beckons him to come back. Tony goes back to her.

PEANUT (CONT'D)

I'm sorry. I think we got off on the wrong foot. I know, not literally. I have trouble reading social cues. You were right about being careful. Thanks again for catching me.

TONY  
Apology accepted and your're  
welcome.

PEANUT  
It's Tony, isn't it?

TONY  
Good memory, Nurse Dalton.

PEANUT  
Do you uh...would you like to see my  
painting?

MOMENTS LATER

Tony's impressed at the yacht painting.

TONY  
Wow! That's beautiful, Ms. Picasso.

PEANUT  
Thank you. I painted the entire  
city of Savannah once.

Tony pulls a bag of low-carb mini quesadillas out of his  
pocket.

TONY  
Would you like one? I snuck some  
outta the kitchen after lunch.

Peanut accept it and takes a bite. She likes it.

PEANUT  
Mmmmm! Scrumptious! I enjoy eating  
more than cooking.

Tony chuckles.

PEANUT (V.O.)  
*He's not so bad after all. There's  
something mysterious about him. The  
inside is more important than the  
outside.*

TONY  
*She's not weird. She's actually  
sweet and cute.*

EXT. SKY LOUNGE-EVENING

Celine Dion's music plays on the speakers. Peanut and Hoang play blackjack on the table.

HOANG  
You beat me!

PEANUT  
Better luck, next time, loser!

HOANG  
Want a rematch?

PEANUT  
Bring it on!

They giggle and gossip about the other men a little. Another thing, Peanut didn't understand some of Hoang's jokes.

HOANG  
You should've seen your face! I'm joking!

PEANUT  
I knew that! Jokes and

She laughs, wryly.

PEANUT (CONT'D)  
Jokes and sarcasm aren't exactly my strongest points, but I do my best.

Dieter ENTERS.

DIETER  
Sorry to interrupt. May I watch?

Peanut gestures to an empty chair. Dieter sits.

HOANG  
Dieter, since you live in Toronto, how come we never met?

DIETER  
I'm not sure. Toronto is a large city. I moved there two years ago for a fresh start. I went to prison in Germany for three years for robbing a bank. I needed the money to fund my lab. Unfortunately, it shut down while I was in prison.

Peanut and Hoang are not surprised.

PEANUT

We knew that. Two words:  
online...research. That's what we  
do after meeting new people these  
days.

HOANG

I thought you didn't seem like the  
criminal type.

DIETER

Don't worry! I'm not going to steal  
your money or do anything illegal.

PEANUT

I'm convinced.

DIETER

You must keep this to yourselves,  
ja?

Peanut and Hoang nod as one.

XD91 (O.S.)

Like they used to say the word,  
mum's the word.

Everyone gasps at his presence.

DIETER

How long have you been here?

XD91

The part about robbing the bank.  
What I heard does not leave this  
room. But, be careful with Sunny,  
she's a blabbermouth and repeats  
things often.

EXT. LOUNGE

Navarro uses an antique telescope to look at the stars and  
the crescent moon. Sunny stands on his shoulder.

NAVARRO

(n Spanish)

The moon looks like a banana.

He sighs happily.

NAVARRO (CONT'D)

The night is young.

SUNNY  
BRAACK! The night is young.

INT. SPACESHIP-GALAXY

QUEEN VALENCIA, a greenish-bluish alien in a purple robe, sits on her throne. Two ugly pirates, CAPT. FERGUS and his wife, XENIA bow to her.

VALENCIA  
I have a proposition for you.  
Search for the rainbow treasure on  
my island, Valencio.

FERGUS  
I thought it went deep in the ocean  
years ago.

VALENCIA  
I revived it an hour earlier  
magically.

Fergus and Xenia glance at each other.

VALENCIA (CONT'D)  
The crippled captain, who killed my  
father, King Valencio, thinks the  
island is gone. I've been watching  
him. He took seven people on a  
joyride on his yacht. However, if  
they do arrive there...do whatever  
it takes to find that treasure even  
if it means getting rid of them. By  
the way, the treasure composes of  
gemstones in rainbow colors, not in  
golden or silver coins and shit.

XENIA  
Your majesty, mind if I ask, what  
are you going to do with the  
treasure?

VALENCIA  
To use its powers. I'm not only  
going to rule the galaxy, but THE  
WHOLE WORLD!

She laughs evilly. Fergus and Xenia whisper to each other.  
They focus back on the queen. She stops laughing.

FERGUS  
With all due respect, your  
highness, we have a better idea.

VALENCIA

And what might that be?

FERGUS

Well, we're dead broke, you see.  
Bank robberies backfired. If, I  
mean when, we do find the treasure,  
you pay us ten thousand golden  
coins.

Valencia's surprised.

VALENCIA

Ten thousand, you say, eh? My, my!  
That's very expensive, but not out  
of my range, considering how  
wealthy I am.

XENIA

It's non-negotiable, ma'am. Take it  
or leave it.

Valencia taps her fingers on the throne's arm. She thinks  
for a minute.

VALENCIA

If you insist. A deal is a deal.

XENIA

Why can't you find the treasure  
yourself?

VALENCIA

I'm the Queen, remember? I have a  
galaxy to rule. Besides, most  
Earthlings hate aliens.

VALENCIA (CONT'D)

Now, about the mission, I will  
create a robotic creature to help  
you kill Navarro and the others if  
they ever get to Valencia. Your  
weapons aren't strong enough.

She pulls out a piece of parchment paper out of her robe  
pocket. She hands it to the pirates.

VALENCIA (CONT'D)

Here is the map. It will tell you  
where the gemstones are. Now be  
gone!

She presses the button her arm chair to make the pirates  
disappear from her ship.

INT. CONTROL ROOM

Valencia targets Atlantic Ocean on the satellite maps. She grins and laughs evilly. She presses the rain button.

MIDNIGHT

Torrential rain hits the water. Lightning and thunder follow the rain. El Viator becomes a little wobbly.

INT. NAVARRO'S CABIN

A lightning strikes Isabella, killing her. She limps down on the wheel, lifeless. Sunny screams loudly. Navarro is utterly shocked and distraught.

                    NAVARRO  
                    NOOOOOOOOOO!

LATER

Colin, Tony, and Dieter wrap up Isabella's body with blankets. They bury her under her bed.

                    COLIN  
                    Not a decent burial, but it's for  
                    the best for now.

INT. SALON

Everyone holds onto the furniture and stuff, clinging for life. David holds onto Navarro and a chair. No signals on the passengers' phones.

                    HOANG  
                    What do we do now? We can't get  
                    signal on our phones.

                    NAVARRO  
                    Call for help if we do. Until then,  
                    we must stay here until the weather  
                    clears up. Rest assure, El Viator  
                    is on auto drive. If it's damaged,  
                    we fix it. If it's filled with  
                    water like a glass, we have to get  
                    on the rowboats.

Peanut panics. CRACK! BOOM! Peanut plugs in her ears and rocks back and forth a little. XD91 wheels around in frenzied panic.

At the same time, two of the men try to calm Peanut and the robot down. Dieter starts to leave. David and Colin stop him.

DAVID

No, Dieter, stop, you heard the captain! We have to stay here until he says so!

DIETER

I'm going to check outside.

COLIN

That's too dangerous!

Tony looks out the window and gasps at the sight of a pirate ship behind the fog.

TONY:

Holy shit...Look out the window!

Everyone goes to the window. They're stunned when they spot the ship. Panicked, Javier steps away from the group. He secretly drinks from his flask.

COLIN

Bloody hell.

NAVARRO

Ay, dios mios.

EXT./INT. YACHT

Outside, the pirate ship shoots a cannonball at the bottom of El Viator.

Inside, the yacht is a little more wobbly.

DAVID

EVERYONE, HOLD ON TIGHT!

He shields Navarro. Everyone holds onto the rest of the furniture and other items. The plants fall from the coffee table. They break. Some of the lamps and glasses break.

Outside, El Viator capsized.

EXT. PIRATE SHIP

Fergus and Xenia study the map. The wind blows the map out of Fergus's hands. Fergus panics.

XENIA

Forget the map, we'll figure out.

EXT. VALENCIO ISLAND-NEXT MORNING

There are palm trees and sand. El Viator is washed ashore. It's pretty damaged at the bottom. Navarro, Sunny, XD91, and the passengers wake up on the sand. They moan and groan. XD91's battery is nearly low. He recharges himself with his outlet.

PEANUT

Where are we? What time is it?

DAVID

Everyone all right? Anybody here?

Everyone gathers their backpacks and satchel bags that are washed ashore. Tony and Javier find Navarro on the edge of the sea. They lift him up and put him back on his wheelchair and assemble his equipment.

NAVARRO

Luckily, the equipment is unbreakable. I'm disappointed that El Viator is damaged, but everyone's well-being is more important.

TONY

We're all fine, captain. Where exactly are we? Looks like some sort of island.

The island seems familiar to Navarro.

NAVARRO

Ay, dios mios! I thought it was gone forever.

SUNNY

BRAAACK! It's back! It's back!  
BRAAACK!

TONY

What do you mean?

NAVARRO

This is Valencio Island.

DAVID

Valencio Island? That can't be.  
It's not on any map.

NAVARRO

Perdón?

DAVID

I teach social studies. It's one of my subjects.

NAVARRO

Then, you must know about it. And what a strange island it is.

The passengers glance at each other.

NAVARRO (CONT'D)

In 1976, before I had ALS, Sunny and I were on a solo sailing trip when a stormy wave brought us here. I found the magical rainbow treasure in a coconut, no doubt, and a magical called the Vanquisher. When I read the treasure's inscriptions, I was flown to the galaxy. A mysterious voice commanded that I picked up rocks from each planet of the solar system. Pluto was a planet back then. When I returned to the island, the alien king, Valencio, wanted to use the treasure's magic to rule the galaxy and the world. I stabbed him in the heart with the Vanquisher. When it began to rain, magic fixed my sailboat. The treasure vanished in thin air. So did the island and the . Sunny whisked me away and we sailed back to Spain. To this day, I never told anyone of this story. They'd think I was loco.

Everyone is perplexed. Dieter and Hoang are fascinated.

PEANUT

How magical was the treasure and the planet rocks? Like good magic or bad magic?

NAVARRO

There was no sorcery. The treasure has returned. Their magic is going to fix the yacht. History is repeating.

DAVID

Why not regular tools to fix El Viator?

NAVARRO

None around here. Not strong enough either. There weren't any tools around to fix my boat either.

DIETER

Pardon me, Herr, this just occurred to me.

(in German)

That is quite impossible!

(to English)

As a scientist, I'm fascinated by aliens, but it is not possible to carry a rock from one planet to the other. Mercury, Venus, Earth and Mars are solid. They contain common minerals such as feldspars and metals like magnesium and aluminum. So was Pluto. The other planets are not solid. Jupiter is mostly made up of helium, hydrogen, and water. The other planets are gaseous.

NAVARRO

I thought so too many years ago. Whoever it was—the aliens or not—must have made each rock from the planet magical. Magical enough to survive from one planet to another.

Peanut spots a dead sea turtle with a huge shell washed up on the other side of the shore. She approaches it.

DIETER

With all due respect captain, Neil DeGrasse Tyson would disagree with you.

Some of the men follow Peanut.

COLIN

Don't get too close. You can get exposed to toxic pathogens. And don't feed it either, you'll---

PEANUT

I get the picture.

Her stomach growls.

MONTAGE:

-A pile of sticks are on the sand. Sunny blows fire on them.

-The fire heats up the dead turtle and the eggs.

Hoang fixes everyone's broken electronics with his tools.

-A distance away, David, Tony, and Peanut do their insulin shots on their abdomens.

-Tony finds a knife under the sand.

-He cuts the cooked turtle up. It's well-done.

-Peanut feeds Navarro the cooked eggs via his feeding tube.

-Everyone eats turtle food. The empty shell is washed ashore.

-XD91 eats a metal snack while recharging himself with an outlet. He makes water bottles, caffeinated diet soda, and coffee for everyone.

-Peanut adds water in Navarro's feeding tube. XD91 unplugs the outlet.

JAVIER (OR DIETER)

XD, would you like to have the last egg?

HOANG

Robots don't eat food, đồ ngốc.

XD91

No gracias.

HOANG

Everyone, I fixed your electronics. It was easy. Piece of cake. Not literally, Peanut.

Peanut nods. Everyone thanks Hoang as they receive their electronics. Tony's iPhone receives a signal.

TONY

Holy shit! You can get wifi here!

SUNNY

Braaack! Holy shit! Braaack!

NAVARRO  
Language, Martinez.

                  TONY  
Sorry.

INT. FOREST

Navarro, Sunny, XD91, and the passengers HIKE.

                  NAVARRO  
We must stick together unless we  
split for some reason. Danger  
awaits you.

David looks at his compass. It stops working.

                  DAVID  
Damn it.

                  XD91  
Put it in my mouth.

David's skeptical. He's not sure if he understands what XD91  
just said.

                  DAVID  
What?

                  XD91  
Put it in my mouth.

David slides the compass into the robot's mouth. WHHIRRR!  
The compass slides out of the mouth. David accepts it. It  
seems to be repaired.

                  DAVID  
Hey, you fixed it!

                  DIETER  
I bet the aliens are tall and green  
and they have weird shapes of  
bodies.

                  HOANG  
I wonder what planet they're from.  
None from the solar system.

Some of the passengers are annoyed. Navarro falls asleep.  
Dieter and Hoang chat about aliens---half in German and half  
in Vietnamese.

DIETER

I bet some of the aliens are horny.

SUNNY

Braaack! Aliens are horny.

Peanut steps on a stick. She jumps into Tony's arms.

PEANUT

Ahhh!

She realizes it turns out to be a stick. She laughs, embarrassed.

PEANUT (CONT'D)

Sorry, I thought it was a stick.

TONY

No problem.

He chuckles. He lets her go. They catch up with the others.

PEANUT

I hate snakes. They creep me out.  
I've been afraid of them as long as  
I can remember.

TONY

Me too and spiders except Spider-  
Man. When I was a kid, I was  
poisoned by a black widow spider.  
If I was diabetic back then, that  
would've been worse.

A tiny, black spider jumps on Tony's shoulder. He gasps, startled. He swipes it away with his hand.

Everyone stops walking when suddenly, they hear stomping like it's a herd of elephants. That woke Navarro up.

DAVID

What the hell is that? It sounds  
like a herd of elephants.

He's wrong. A giant spider-shaped shadow creeps up behind them. The explorers turn around. It's a huge black, robotic spider with red diamond shaped eyes that are crossed vertically. It's extremely furious. Fergus and Xenia are on top of the spider in the control section.

Everyone is appalled. XD91 releases a little oil in fear.

TONY

Ay, díos míos! I really do hate spiders...except Spider-Man.

NAVARRO

Capt. Fergus, Xenia, we meet again.

FERGUS

(over microphone)

Indeed, we do, Captain Navarro. We are working for Queen Valencia of the galaxy. She sent us to find the treasure, so she can use its powers to rule the world!

NAVARRO

You have no right to be here! The treasure is ours! We want to use its powers to fix our yacht. You can tell the queen  
(in Spanish)  
To kiss my ass.

FERGUS

Intruders, leave this island immediately or you die! Aarrgrhh!

He and Xenia laugh evilly. They blast at Navarro and the others, but they miss. Everyone runs away. The chase begins. David wheels Navarro. Sunny flies ahead of them. Because of Hoang's little legs, he falls behind. Tony turns around and notices that. He stops to pick Hoang up. Hoang climbs on his back. They catch up with the others.

The pirates pursue for them. They blast at the plants and trees, nearly hitting Navarro and the others. Afar, Sunny uses her feet to make everyone, including herself invisible. They remain quiet. Fergus and Xenia search around. No such luck.

XENIA

We'll get 'em, next time. Arrgghh!

FERGUS

Next time, they won't be so lucky. They will melt like butter. Arrgghh!

They turn the spider around and leave.

Sunny changes everyone and herself back to the visible form.

COLIN

What the bloody hell was that? Who were those pirates? Captain, they said they knew you. How?

Navarro presses his speaking button on his device. He lies through his teeth.

NAVARRO

Well, uh...they stole El Viator a few times, but I managed to obtain it.

He presses the Spanish speaking button.

NAVARRO (CONT'D)

La avaricia es una de las puertas del infierno.

Colin doesn't understand.

COLIN

What?

JAVIER

He said greediness is one of the gates of hell.

NAVARRO

Let's keep looking and watch our step.

MONTAGE:

-They walk further more searching for the treasure, but to no avail.

-They drink water from a clean, little lake.

-David and Javier change Navarro's adult diaper behind a tree. It seems a bit awkward to them. Navarro doesn't seem to mind.

-David cleans Navarro's hands with his disinfectant wipes. He hands more to Javier. He cleans his own hands with one wipe.

-On the other side, Sunny and XD91 pee behind a bush. XD91 changes his oil.

-All of the passengers including David and Javier pee and defecate on opposite sides of the palm trees.

-They clean their hands with disinfectant wipes.

Suddenly, a stone hits Dieter on the head. He rubs his head.

DIETER

OWWWW!

He looks up. A bunch of wild, rambunctious monkeys run and jump around in the trees. They throw rocks at everyone else. Dieter, Hoang, and Javier try to throw the stones back at the monkeys, but Colin stops them.

COLIN

NO! STOP! DON'T DO IT! Provoking or killing the monkeys would make it worse!

Sunny flies up to stop them. A stone hits her on the stomach. She screams when she falls. Luckily, Tony catches her. He wraps her up with his camouflage vest. Monkeys throw more stones. David spots two bushes that look like towers.

DAVID

EVERYONE, QUICK! BEHIND THE BUSHES!

David, Tony, Peanut, and Navarro hide behind one bush. Colin and the others hide behind the other bush. Sunny moans and groans. Navarro is concerned.

NAVARRO

Ay, dios, Sunny...

TONY

Hang on, Sunny. You'll be all right. We'll help you.

He glances at David, Peanut, and Navarro.

PEANUT

Give her to me! It doesn't matter that I'm not an animal nurse.

Tony carefully hands the bird to Peanut.

PEANUT (CONT'D)

Now, don't distract me. Let me concentrate.

She pulls out her medical kit and tends to Sunny. It becomes quiet. Sunny is all better. The coast is clear.

NAVARRO

It's all right, everyone. Coast is clear. Let's move on.

They leave their hiding places. They stop on tracks at the sight of an injured monkey sitting in front of the tree. The monkey has a broken leg. Colin approaches it.

COLIN

Oh, you poor little monkey. What happened? Did the other monkeys attack you?

Jade nods.

COLIN (CONT'D)

We can't just leave you like that, girl.

PEANUT

How do you know it's a girl?

COLIN

Her privates.

NAVARRO

Help her. We can wait.

Peanut approaches Colin.

LATER

Navarro and the passengers continue the jungle trek. The monkey holds Colin's hand. Her leg is bandaged.

NAVARRO (CONT'D)

Jade is perfect for our monkey friend.

Curious, Jade knocks on XD91 to hear beats. XD91 is mad.

XD91

Please, do not do that. I am not a toy.

EXT. TOP OF COCONUT TREE

Fergus and Xenia are spying on them. A few coconuts are opened already. The robotic spider's battery is dead.

Xenia sighs exasperatedly. She throws a coconut shell away in a fit of rage.

XENIA

God! I am so fuckin' bored already!  
The spider's battery died. Those  
damn monkeys except one didn't kill  
them when the Queen controlled  
their minds. And the treasure is  
not even in those coconuts.

Fergus puts his arm around his wife.

FERGUS

Arrghh. Calm down, my dear. We will  
wait and see. Patience, darling.  
We'll find the treasure before they  
do. And after that...we're stinkin'  
RICH!

He kisses her on the cheek. Xenia smiles a little.

XENIA

You know, I have an idea.

EXT. WIDE RIVER

Navarro and the voyagers stop there. No bridge.

JAVIER

How do we cross?

No one knows. Suddenly, three, beautiful mermaids pop out of  
the river. The men, except Hoang, admire them. He's  
puzzled. Peanut looks at Tony. She's jealous.

The mermaids hypnotize all the men except Hoang with their  
crooning singing. Colin drops Jade. She falls on her butt.  
She, Sunny, and XD91 keep their distance.

One of the mermaids flirts with Tony.

MERMAID

How are you, handsome?

TONY

Fine. Is it hot here or is it you?

Peanut growls. She holds up her fist.

EXT. TOP OF A PALM TREE

Fergus and Xenia watch the scenario with their telescopes.

FERGUS

You sure this is working?

XENIA

Positive. Give it time. Why isn't it working with the little Asian man?

Obviously, the hypnosis doesn't affect Hoang.

FERGUS

He's probably a homo. Magic determines one's sexuality. Let's see what happens to him and that girl.

Three mermen pop out of the river. Peanut and Hoang gaze their bods.

HOANG

(in Vietnamese)

Wow!

The mermen hypnotize Peanut and Hoang with their crooning singing.

Sunny screams.

SUNNY

BRAAACKKK! OH NO! OH NO! OH NO! NOT THEM TOO! IT'S VALENCIA!

Jade panics.

XD91

No one panic! You two snap them out of it.

Sunny and Jade slap each of the humans. They fail.

XD91 (CONT'D)

How about this? You two scare the merpeople away while I electrify the captain and the others.

SUNNY

Braack! Good idea. Braack!

Sunny attacks the mermaids with her powers. Jade finds a few stones at the edge and throws them at the mermen. The merpeople swim back. XD91's electrifies everyone. They're back to normal.

DAVID

Wh-what happened? I had a dream about mermaids or something. And there was singing.

HOANG

I had a dream about hot mermen singing.

XD91

It wasn't a dream. The merpeople hypnotized you with their crooning singing. Sunny and Jade scared them off. I broke the spell by using my electric shock methods.

Everyone except Navarro are skeptical.

NAVARRO

I'm not surprised. That happened to me last time I was here except there were no mermen. Gracias, XD91, Sunny, and Jade.

XD91

No need to thank us, captain. We're flattered.

Three pink elephants pop out of the river. They honk their trunks as a greeting.

PEANUT

Awww, they're so cute. I've never seen pink elephants before.

She snaps a picture of them with her phone. The amiable elephants nod at them, signaling them to hop on their backs.

David and Colin lift Navarro out of his wheelchair and gently set him on the first elephant. Sunny magically flies Navarro's equipment over the river. Dieter, Hoang, Javier, and XD91 hop on the second elephant. Tony, Peanut, and Jade hop on the last one.

The elephants help them get across the river. They emerge out of the water. The passengers enjoy riding on the elephants. Jade gets excited.

TONY

Yeah, Jade...THIS IS AWESOME!

COLIN

I've ridden on elephants before. None of them were pink.

EXT. TOP OF PALM TREE

Xenia is outraged.

XENIA

DAMN! SHIT! MOTHERFUCKER! We were  
so close!

Fergus shushes her.

FERGUS

Calm down, my dear. No need to  
fret. This calls for drastic  
measures.

XENIA

What do you mean?

FERGUS

Something that we can do, something  
that the Queen cannot do.

He chuckles evilly. Xenia follows him.

INT. JUNGLE---NOON

The passengers slide out of the elephant trunks. Sunny set  
the wheelchair down magically. David and Colin set Navarro  
on his wheelchair.

NAVARR

Thanks for the ride. We will  
continue on our own.

The elephants nod and turn back. They honk as a goodbye.  
Sunny spots a large vegetable plant that's standing in front  
of her.

SUNNY

Braack! I see food on the plant!  
Vegetables! Vegetables! Braack!

NAVARRO

Go ahead and pick them out. I don't  
see the harm.

MOMENTS LATER

Navarro and the passengers eat broccoli and tomatoes. Sunny's  
the only who eats the broccoli only. XD91 makes himself more  
metal food.

Javier and Hoang take selfies with XD91 and the animals.  
Colin catches the treasure map from the win.

COLIN  
What's this?

Unfamiliar, he opens the map and studies it.

COLIN (CONT'D)  
Hmmm...

It shows where each gemstone is located including the red one on the large veggie plant. He looks at his half-eaten tomato on his hand. The red gemstone is actually there!

He gasps.

COLIN (CONT'D)  
Holy shit!

He shoves the map in his jeans back pocket. He pulls the gemstone out of the tomato. He throws the tomato away.

Curiously, he stares at it. Inscriptions appear magically. He reads them out loud.

COLIN (CONT'D)  
(in Spanish)  
Fire is his element. His nature is hot and dry. He rules Aries, and he is in exaltation in Capricorn.

Suddenly...

FLASH OF LIGHT

EXT. PLANET MARS--OUTER SPACE

Colin's in deep shock. Unfamiliar of his whereabouts. He looks around. He put the gemstone in his pocket.

COLIN  
How could I still be breathing?  
Don't I need to wear a suit like an astronaut?

MYSTERIOUS VOICE  
(deeply)  
Pick up the rock!

That startles Colin. He searches where the voice was coming from. He picks up a large red rock.

FLASH OF LIGHT

INT. JUNGLE-VALENCIO ISLAND

Colin's back. The rock is still in his hand. He gets the red gemstone out of his pocket.

COLIN

What the bloody hell happened? I was on Mars. The next, I'm back here. This island is stranger than any other place I've visited. Something unusual is going on.

David APPEARS.

DAVID

Colin! Where've you been? We've been looking for you! We thought you disappeared or something.

He stops talking. He notices Colin's puzzled expression.

DAVID (CONT'D)

What's wrong? You look like you've seen a ghost. What are you carrying?

COLIN

Sorry, I've gotta report this to Navarro.

He heads to see Navarro, leaving behind a confused David.

MOMENTS LATER

Everyone, especially Navarro, is in disbelief.

COLIN (CONT'D)

What does the inscription mean in Spanish? I had trouble reading it.

NAVARRO

Fire is his element. His nature is hot and dry. He rules Aries, and he is in exaltation in Capricorn. Colin, keep those items safe. This is what the pirates are after. Well, so far, we have the first one. Show me the map, please.

Colin puts the gemstone and rock away in his knapsack. He shows Navarro the map.

DAVID (V.O.)

*He's no Neil Armstrong, Sally Ride,  
John Glenn, Buzz Aldrin, Guion  
Bluford or those astronauts on  
Apollo 13. This is plain too  
weird.*

XD91 holds the map up for Navarro.

XD91

According to this map, the orange  
tree is a few miles away.

SUNNY

Braaack! The orange tree, braack!

Navarro is ecstatic.

NAVARRO

Next stop...the orange tree!

LATER

Navarro and the others set off to search for the tree.

NAVARRO (CONT'D)

Stop!

Everyone stops.

DAVID

What's wrong, captain? Do you need  
to go?

NAVARRO

No, no, I'm fine. I need to speak  
with some of you privately. The  
rest of you go on. We'll catch up.

MOMENTS LATER

Peanut, Hoang, Dieter, XD91, and the animals continue without  
Navarro and the others. They stop at an orange tree.

HOANG

There it is!

Jade jumps for joy. Peanut glances at the map. It's the  
exact tree.

PEANUT

Yes, Jade, here we are. This is the tree.

Her stomach growls. She chuckles in embarrassment.

LATER

Peanut's blood sugar meter reads: 85. She smiles.

Jade climbs up the tree. She shoots down a few oranges. Peanut, Dieter, and Hoang catch them. One hit XD91. That didn't damage him.

XD91

Owww! Watch it!

Sunny dodges one. Dieter and Hoang peel their oranges. Nothing. Peanut peels one. She gasps. There it is---the orange gemstone.

PEANUT

I found it!

HOANG

Does it say anything?

Peanut reads the inscriptions out loud.

PEANUT

(in Spanish)

Air is his element. His nature is hot and moist. He rules Sagittarius and Pisces, along with Neptune, and he is in exaltation in Cancer

FLASH OF LIGHT

EXT. PLANET JUPITER-OUTER SPACE

Peanut's appalled. She looks around her surroundings. The atmosphere is eerie.

PEANUT

What the hell...?

MYSTERIOUS VOICE

Pick up a rock.

PEANUT

What did you say?

MYSTERIOUS VOICE

(slowly)

Pick...up...a...rock.

PEANUT

But I don't see any rocks around here! Jupiter's liquified and gaseous!

MYSTERIOUS VOICE

On the edge.

She walks to the edge and picks up a tiny orange and white rock.

FLASH OF LIGHT

EXT. VALENCIO ISLAND

Navarro and the other men are present.

DIETER

Look who's back from outer space.

SUNNY

Braack, outer space, outer space, braaack.

PEANUT

Here's the gemstone and the rock. Can one of y'all translate this? I'm a little rusty on Spanish.

NAVARRO

Claro que si. Show the gemstone to me.

Peanut shows him the gemstone. Navarro reads it.

PEANUT

It means something about air, hot, moist, and Cancer, right?

NAVARRO

He rules Sagittarius and Pisces, along with Neptune, and he is in exaltation in Cancer. Keep them safe, Peanut.

Jade finds nonperishable bread and roast beef in the tree hole. She shows the food to everyone.

DAVID  
 Good job, little monkey. You found  
 lunch.

He accepts the food and pats her on the head.

LATER

Navarro and the voyagers stop at a blue mountain that looks  
 more like a hill.

DIETER  
 Dead end.

NAVARRO  
 Not necessarily. This is Mount  
 Valencio.

David studies the map.

DAVID  
 According to the map, the yellow,  
 green, and blue gemstones are  
 behind the mountain.

COLIN  
 Are you sure?

David shows him the map. Clearly, he's right.

MOMENTS LATER

Sunny magically flies Navarro's wheelchair to the top. Jade  
 and the humans climb. Navarro is on Colin's back. XD91  
 wheels up.

TONY (V.O.)  
 This is getting boring. I should  
 sing something. This song has been  
 in my head for a while.  
 (singing)  
*Listen, baby, ain't no mountain  
 high, ain't no valley low, ain't no  
 river wide enough, baby.*

PEANUT  
 (singing)  
*If you need me call me, no matter  
 where you are, no matter how far.*

Navarro is amused.

HOANG  
 (singing)  
*Don't worry baby.*

PEANUT  
*Just call my name, I'll be there in  
 a hurry.*

JAVIER  
 (singing)  
*You don't have to worry. Oh baby,  
 there...*

ALL (INCLUDING DAVID, COLIN, AND  
 DIETER):  
*Ain't no mountain high enough.  
 Ain't no valley low enough.  
 Ain't no river wide enough.  
 To keep me from getting to you  
 babe.*

DAVID  
*Remember the day I set you free.  
 I told you you could always count  
 on me darling.*

Jade claps once.

DIETER  
*From that day on, I made a vow,  
 I'll be there when you want me,  
 Some way, some how. Oh, baby,  
 there...*

ALL  
 (in unison)  
*Ain't no mountain high enough.  
 Ain't no valley low enough.  
 Ain't no river wide enough.  
 To keep me from getting to you  
 babe.*

JAVIER  
*Oh, no, darling.*

COLIN  
*No wind, no rain. Or winter's cold  
 can stop me baby, na na baby.  
 'Cause you are my goal.*

Jade claps once.

TONY

*If you're ever in trouble;  
I'll be there on the double  
Just send for me, oh baby, ha.*

PEANUT

*My love is alive way down in my  
heart. Although we are miles apart.*

DAVID

*If you ever need a helping hand,  
I'll be there on the double  
Just as fast as I can  
Don't you know that there...*

Jade hits the mountain a few times like a drum.

ALL

*Ain't no mountain high enough,  
Ain't no valley low enough,  
Ain't no river wide enough  
To keep me from getting to you  
babe.*

EXT. TOP OF MT. VALENCIO

Everyone climbs up. Javier helps Colin put Navarro back in his wheelchair. David points at a .

DAVID

Look!

Everyone looks at the that's buried on the mountain.

NAVARRO

That's the Vanquisher. I will teach all of you how to use it later. Who volunteers to pull it out?

DAVID

I'll do it.

He approaches the Vanquisher. He pulls it out. He's in awed. It's a beautiful .

MOMENTS LATER

Navarro slides down the mountain. Everyone else follow him.

PEANUT, HOANG, & DIETER

(in unison)

WHEEEEEEEEEEE!

Suddenly, without warning, the volcano that is a few miles away, erupts. It spits out lava. The ground shakes. It's like they're on a roller coaster. Sunny and Jade scream.

PEANUT, HOANG, & DIETER  
(in unison)  
WHOOAAA!

DAVID  
Oh, hell, no!

TONY  
IS THIS AN EARTHQUAKE?

The lava trails behind them.

NAVARRO  
It's a volcanic eruption, not an  
earthquake.  
(in Spanish)  
RUN!  
(in English)  
RUN! RUN!

As fast they can, everyone runs to the rope bridge which leads to an red half-house. Colin wheels Navarro. The lava trails behind them. Hoang trips on the middle of the bridge.

HOANG  
Oh!

Peanut stops and turns. She picks him up and catches up with the others. The lava gets close to their feet.

NAVARRO  
Use the sword to freeze the lava.

David uses the Vanquisher to freeze the lava on the bridge. The lava is frozen. The bridge dismantles.

NAVARRO (CONT'D)  
Excellent job, David. The sword  
does more than freezing stuff and  
killing the evil. I will explain  
more later.

He examines the map.

DAVID  
According to this map, the yellow  
and green gemstones are on the tree  
standing next to the half-house.

He points at the tree standing next to half-house. The tree has both bananas and limes.

DAVID (CONT'D)

And the blue gemstones are in that bush.

He points at the blueberry bush that is next to Javier. Javier looks at the bush.

JAVIER

How can a tree grow both fruits? Impossible.

NAVARRO

Anything is impossible on Valencio.

LATER

Jade's in the tree. She shoots down a few bananas and limes. The passengers catch them. A lime hit XD91. It angers him.

XD91

Watch it!

Hoang peels a lumpy banana. There's the yellow gemstone. Inscriptions magically appear. He mispronounces some of the words.

HOANG

(struggling)

El ai...re es su ele...men..to. Su natu...ra..leza es "hú...medo." "Ella" rige a Tauro y Libra, y "ella" está en la exal...tación en "Piscis." La tierra es su ele...men...to. Su natu...ra...leza es fría y seca. Él "gobiern" a Capricornio y Acuario ("junto" con Urana), y él está en su exaltación en Libra.

Tony throws a lime away. He reads the inscriptions on a green gemstone.

TONY

El fuego es su elemento. Su naturaleza es seco. Él gobierna Aquarius y se encuentra en la exaltación en Escorpio.

INT. BLUEBERRY BUSH

David and XD91 search for the blueberry gemstone.

XD91  
Where the devil it could be?

David gasps when he finds the gemstone on the ground.

DAID  
Ahh! There it is! There's the  
little monster.

He holds it up and reads out loud the inscriptions.

DAVID  
El agua es su elemento. Su  
naturaleza es húmedo. Se rige  
Piscis y él está en la exaltación  
en Cáncer.

FLASH OF LIGHT

EXT. GALAXY

The screen splits into three. On the left, Hoang is on planet Venus, Tony's on Uranus in the middle, and David's on Neptune on the right.

At the same time...

MYSTERIOUS VOICE  
Pick up a rock....I said pick it  
up, damn it!

On the left, Hoang picks up a yellow one. The wind carries him to another planet, Saturn. He screams. He picks up another rock.

In the middle, Tony picks up a greenish-bluish rock on Uranus.

On the right, David picked up a blue one on Neptune.

At the same time, a flash of light brings all three men back to Earth.

END SPLIT SCREEN

Tony translates all three gemstones for David and Hoang. Navarro and others listen on.

TONY  
The yellow one says, 'Air is her  
element. Her nature is moist.  
(MORE)

TONY (CONT'D)

She rules Taurus and Libra, and she is in exaltation in Pisces. Earth is his element. His nature is cold and dry. He rules Capricorn and Aquarius (along with Uranus), and he is in his exaltation in Libra.'

HOANG

I had trouble reading Spanish. I never studied it.

TONY

Mine's the green one. It said, 'Fire is his element. His nature is dry. He rules Aquarius and he is in exaltation in Scorpio.'

DAVID

And what about mine? The blue one. It meant water, natural humid, cancer, and pissing?

TONY

Close. It means, 'Water is his element. His nature is humid. He rules Pisces and he is in exaltation in Cancer.'

HOANG

This is odd. After I picked up that rock on Venus, the wind flew me to Saturn where I picked up another rock. Why did I go to two planets? Unintentionally. Everyone else went to one, except Javier and Dieter.

NAVARRO

My guess is the color yellow. Both planets are yellow.

PEANUT

(anxiously)

What's the next step, captain?

NAVARRO

Patience, senorita. We learn how to use the properly and responsibly. Then, David, Colin, Javier, and Tony will teach you the three of you of how to use survival skills.

Peanut's uncertain.

PEANUT

That's a lot of work, captain.

NAVARRO

Learn something new every day.

XD91

If at first you don't succeed, try  
try again.

SERIES OF SHOTS:

-INT. HALF-HOUSE: Navarro instructs the passengers of using  
the to fight. They take turns. They screw up first.  
Later, they get it right.

NAVARRO

The sword reads your minds. That's  
how David froze the lava on the  
bridge. The Vanquisher knew that  
David wanted to freeze the lava.  
And that's how it knew I wanted to  
use its powers to kill King  
Valencio. Not ice powers, black  
magic.

HOANG

What if you change your mind?

NAVARRO

It's not a two-way street. The  
sword's powers only go in one  
direction. Learn something new  
every day.

-Javier and the military veterans teach the latter half some  
useful, physical survival skills. The training is rigorous.

-Bored, Peanut wanders off. Tony and Jade follow her.

END OF SERIES OF SHOTS:

INT. FOREST

Peanut draws random pictures on her notepad.

TONY

Hey, whatcha drawing?

Peanut is so wrapped up that she doesn't respond. Tony  
repeats his question. Peanut gasps. She turns around.

PEANUT

Nothing, just random drawings.  
Sometimes, I do that when I'm  
bored. Are y'all following me?

Tony glances at Jade.

TONY

We're no stalkers or spies, but  
yeah, we're following you.

Peanut wobbles a little. She pulls a granola bar out of her pocket and eats it rapidly. Tony's concerned.

TONY (CONT'D)

You okay? You seemed a little  
wobbly.

PEANUT

Yeah, I'm fine. I can handle  
myself.

TONY

It's ok to ask for help, sometimes.  
Everyone does that.

Peanut gets her iPod out of her other pocket. Jade looks curious. Peanut smirks a little.

PEANUT

Hey, you wanna listen to this Adele  
song?

TONY

Sure.

Peanut hands him her left iPod earphone. She holds onto the iPod. Jade approaches to Tony, begging to see.

TONY (CONT'D)

Can Jade uh...?

Peanut nods. Tony gives Jade the right earphone. Peanut grins evilly. She pushes the play button on her iPod. It's pass gas noises. Jade laughs, jumping up and down. Tony's so surprised that he takes the left earphone out.

TONY (CONT'D)

Ay, dios mios! It's pass gas  
noises! You tricked me!

Peanut laughs.

PEANUT

Gotcha!

Tony laughs.

MOMENTS LATER

Tony, Peanut, and Jade jump on the vines from a rock that looks like a diving board. They laugh and swing at the vine ropes that are hanging on the trees.

TONY

I'm Tarzan!

PEANUT

I'm Jane!

They imitate Tarzan's and Jane's screams. Jade follows them. Her sounds are a bit cringey. Tony looks down at the quicksand.

TONY

Careful! There's quicksand below you.

Peanut and Jade look below and gasp. She takes a few deep breathes to calm down.

TONY (CONT'D)

Keep cool, girls. We'll be fine. As long as we don't look down.

Peanut looks the other way. Jade looks up at the sky. She admires the floating clouds. Her vine's on the verge of breaking.

Tony pokes Peanut on the back.

PEANUT

Oww! Hey! Did you just poke me?

Tony giggles.

TONY

(sarcastically)  
Sorry...

PEANUT

This is so much fun!

TONY

Yeah.

PEANUT

I haven't swung since I was a kid,  
but these ropes are made of vine,  
not nylon.

TONY

We deserve to have a little fun  
after all that hell. Searching for  
that treasure and all.

Peanut's vine is on the verge of breaking.

PEANUT

It's been a hell of a journey so  
far. I hope we don't get killed  
looking for two more gemstones. I  
can't wait to get off this bizarre  
island. Well, it's not 100%  
bizarre. It's 75% fascinating.

Tony nods. He and Peanut gaze at each other's eyes.

TONY

Peanut...

PEANUT

Yes?

They're close to a kiss when Peanut's vine breaks. So does  
Jade's. They scream, falling into the quicksand.

TONY

PEANUT! JADE!

Tony swings off the vine ropes. On land, he grabs a long  
stick. Peanut and Jade sink a little.

PEANUT

HURRY! WE'RE SINKING!

Tony hands them the stick.

TONY

Quick, girls, grab this!

Peanut and Jade grab the stick. Tony pulls them out.  
They're out of the quicksand with dirty legs and feet.  
Peanut happily throws her arms around Tony and kisses him on  
the cheek. He's surprised.

PEANUT

Thank god for you, Tony! You saved  
us! We nearly drowned!

Jade raises an eyebrow. She could tell there's something between them.

TONY  
You're welcome.

She releases him. Without words, Jade persuades them to kiss by making smooching noises with her hands. Jade turns around. Tony and Peanut chuckle. They're about to kiss. Only Navarro shows up, angrily.

NAVARRO  
There you are! Where the hell have you been? Here, this whole time!? Peanut, what happened to you and Jade?! I want an explanation! AHORA MISMO!

TONY  
Captain, we, uh---

Peanut jumps in.

PEANUT  
It's my fault, captain, not Tony and Jade's. They were following me. I was so bored that I wandered off. I'm sorry, I forgot to tell you. It's a habit of mine. As for the dirt's from quicksand. That's another story.

Navarro calms down.

NAVARRO  
That story can wait. We will discuss the punishment later. Right now, Nurse Dalton, you and Jade need to be cleaned up. That's an order.

EXT. HALF-HOUSE

Peanut leaves the lake, with clean legs and feet. Dieter bathes Jade.

MOMENTS LATER---AWAY FROM THE HALF-HOUSE

Tony and Peanut stand in front of Navarro.

NAVARRO

Generally, wandering off is dangerous, especially when you're on Valencio. You could've been kidnapped or killed by the pirates or Queen Valencio or something. However, Tony, I am glad that you rescued Peanut and Jade from the quicksand.

Tony and Peanut sigh of relief.

TONY

Gracias, captain. Once again, we're sorry for---

Navarro interrupts him.

NAVARRO

Apology accepted. I was so scared and worried for both of you. I care about everyone of this team. However, we will put this behind us after the punishment.

Tony's bewildered.

TONY

What?

NAVARRO

(to Colin)

Colin, let's get on with it.

He heads to Colin sitting on the tree stump. Tony and Peanut follow him.

PEANUT

Get on with what?

They stop.

NAVARRO

I asked David to be the disciplinarian, but he declined. He didn't believe in that kind of punishment for personal reasons. So, I asked Colin to do it instead. He's a huge believer.

Tony and Peanut seem to figure out what he meant.

COLIN

Ladies, first.

Colin pats his knee and crooks his finger at Peanut. She approaches him. He pulls her over his knees.

COLIN (CONT'D)

I'm sorry. It's the captain's idea, not mine.

He spanks her bottom, lecturing her on her actions.

Tony flinches. He starts to leave.

NAVARRO

Martinez, stay! Watch! I'm going to check on Sunny and the others. What you people say these days, BRB. And don't move.

He leaves. Tony stays. He looks sympathetic. Peanut sobs loudly. To her, it's awkward and embarrassing due to Tony's presence. Colin stops after the twentieth smack.

LATER

Peanut waits by the bamboo tree. She watches Colin spanking and lecturing Tony.

MOMENTS LATER

Tony and Peanut stand in front of Colin.

COLIN

It's water under the bridge now. Luckily, nobody got hurt. Tony, I applaud for your bravery. Next time, be careful, ok? If not, I'll spank you two again on my own terms. Or there'll be lecture time with David or the captain.

Tony and Peanut nod in agreement as one.

PEANUT (V.O.)

Note to self: let it go. Don't obsess or overanalyze this.

INT. VALENCIA'S SPACESHIP

Fergus and Xenia stand in front of Valencia.

VALENCIA

When all else fails, the animal does the job instead.

Fergus and Xenia glance at each other, puzzled.

XENIA

I'm not sure what you mean, your highness.

Valencia hands them a big bag of. Puzzled, they open the bag.

XENIA (CONT'D)

What is this?

VALENCIA

I'm calling off the mission. Let that crippled captain and his posse find the rainbow treasure on their own. You are rewarded for your effort.

XENIA

Your majesty, I am speechless. Thank you! Does that mean you no longer want the treasure?

Valencia chuckles.

VALENCIA

Ho ho ho! I still want it. I have formulated another plan to obtain the treasure. It'll be quicker than your mission.

Valencia snaps her fingers. ZELROTH, a red and black striped evil, yellow glowing eyes slithers out of her pot.

VALENCIA (CONT'D)

Remember my pet snake, Zelroth?

Zelroth hisses as a greeting.

FERGUS

Arrrgh! Good to see you again, Zelroth.

XENIA

It has been a while since we last saw you.

Zelroth hisses.

ZELROTH

Delighted. Valencia has told me everything.

VALENCIA

Zelroth, I want you to kill Captain Navarro. Never mind the others. Just him. Take the gemstones they have and we find the last two ourselves. They will give up the mission. Without him, they will not go on. Arrggh!

ZELROTH

Yesssss, your majesty.

EXT. LITTLE LAKE: HALF-HOUSE-SUNSET

XD91 automatically cleans himself. Peanut's impressed.

PEANUT

Wow! That's neat! You're shiny as a rock.

The humans' clothes are drying up on the rocks. Jade's about to pee in the little lake. Javier stops her.

JAVIER

Freeze, Jade! Don't pee there! That's the water we drink and use to bathe and clean our clothes. Pee over there.

He points at the cliff edge. Jade obliges.

Roaring, fake greenish-purple aliens scare Colin, Javier, Peanut, and XD91. They SCREAM. Tony, Dieter, and Hoang take their costumes and masks off, laughing. Sunny also laughs. She makes the costumes disappear magically.

Furiously, Peanut hits their upper shoulders.

PEANUT

YOU IDIOTS! Y'ALL ALMOST GAVE ME A HEART ATTACK!

TONY

(slightly sarcastic)  
We're sorry, we were only kidding around.

PEANUT

Although, that was a good one.

She giggles. She shushes a frightened Jade.

JAVIER  
(laughing)  
Agreed!

HOANG  
You should've seen those looks on  
your faces!

He laughs.

COLIN  
I disagree with Javier and Peanut.  
On account of you three foul gits,  
I could've died of a heart attack!  
Maybe I'll spank all of you!

DIETER  
Lighten up, Colin, where is your  
sense of humor? We were just having  
fun!

David APPEARS, half-dressed, concerned.

DAVID  
Hey, what's going on? What's all  
the commotion?

Colin points at the pranksters.

COLIN  
Those idiots here scared us half to  
death in those bloody magical alien  
costumes that Sunny made for them.

HOANG  
It was a joke. His idea.

He points at Dieter. Dieter points at Hoang.

DIETER  
No, I believe it was his idea.

TONY  
(shrugging)  
I just went along with this. I know  
it was a bit childish, but it  
sounded fun.

David shakes his head.

DAVID  
Quit screwing around. The captain  
wants some of us to build a fire.  
(MORE)

DAVID (CONT'D)

We found wood and more food in one of the trees. And Colin, let it slide. I don't think spanking them is necessary.

Colin seems to disagree.

EVENING--LATER

All the humans, including Navarro, eat roast beef sandwiches and bird eggs in front of a campfire. Behind them, XD91 accidentally trips over a small rock which causes his head to be unattached from his body.

XD91

Oh dear! I ought to be careful next time.

Jade picks the head up and tosses it up like ball. XD91 screams. Jade runs around with the head for fun. XD91's body chased her around in circles.

XD91 (CONT'D)

Put me down! Put me down! PUT ME DOWN! I'm not a toy!

Jade ignores him. She laughs, tauntingly. Sunny watches the chase from the roof. She laughs like a hyena. She finishes her guava.

NAVARRO

Jade, attach XD's head back to his body! No more tomfoolery!

Jade obliges, not putting the head back properly. The head is still a little loose.

XD91

Not properly.

Hoang gets up to fix the robot.

HOANG

Here, I'll fix you.

Hoang attaches the head properly and tightly.

XD91

Thank you.

Hoang nods. He rejoins the others at the campfire.

NAVARRO

In the 1970s, before I visited Valencio, I was exploring the Amazon where I found Sunny. She was born with powers and to be immortal.

Half the passengers are skeptical. Some believe Navarro.

NAVARRO (CONT'D)

After my ALS diagnosis, I built XD91 to save money from hiring people to work for me except Isabella. A friend recommended her to me.

Jade finds a stick and plays with it. Navarro has an idea.

MOMENTS LATER

Peanut has the stick.

PEANUT

Ok...well, it's not easy being both autistic and diabetic, but I do the best I can to sail the waters smoothly. Not literally, of course. I didn't, and I don't make many friends. Sometimes, I have trouble reading social cues. You know, right now, I feel like I've known y'all already. So far, I have a good group of friends. Not many people are kind to me.

The men smile. She passes it to Hoang.

HOANG

All right. It was not easy coming out fo the closet a few years ago. You're not like those homophobes I've dealt with. I learned a long time ago not to let anything get to me and move forward. My family is still on working on accepting my sexuality.

He passes the stick to David.

DAVID

Here's a list of my hardships. One, when it comes to my diabetes, everyday is unpredictable.

(MORE)

DAVID (CONT'D)

One day, my levels are fine. The next, they're screwed up. Two, there aren't many qualified, paying substitute teaching jobs available. Three, certain people are prejudiced. I know none of you are. Four, I'm navigating in the dating world. My ex-wife left for my ex-best friend. I might settle down again and get a fresh start. Overall, I know I'll be ok in time. Life goes on. It's a struggle.

He passes the stick to Tony.

TONY

Ok, um...the day I lost my leg and the day I was diagnosed with diabetes, I thought it was the end of the world. It wasn't. I can still go on. Sometimes, life sucks. Sometimes, it doesn't.

He passes the stick to Colin.

COLIN

I don't have much to say. Divorce sucks. I chose my career over my marriage. I've dated for a while, but I haven't been in a relationship since the divorce. Some of my animal friends helped me a bit. It's difficult to balance between your personal and professional lives.

He passes the stick to Javier.

JAVIER

I've been sober for a couple of years. I drank heavily a few years ago. Excessive job stress and my ex-fiancée didn't want to marry me. Sobriety brought me back my firefighting career. No new love life...yet. I belong in AA.

He passes the stick to Dieter.

DIETER

I have a checkered past. I moved to Toronto two years ago for a fresh start. Some of you already know.

(MORE)

DIETER (CONT'D)

I went to prison in Germany for three years for robbing a bank. I needed the money to fund my lab. It shut down while I was in prison.

He puts the stick down.

NAVARRO

The past does not define you. You must live in the present. Life is about moving forward, not going backward. Everybody has struggles. That's the way things are. That's part of life. You can't let them interfere your happiness. Life is map or a compass. You navigate through it. Unwise choices are like the wrong directions. They lead to consequences. The world is not perfect. There is no such thing as a perfect life. Today, we are halfway through of finding the treasure. But this mission is more than just finding the treasure. There is pride, justice, and courage.

A moment of silence. All smiles and pats on the backs and shoulders.

NAVARRO (CONT'D)

Let's fill the silence up.

He plays the O'Jays 'Love Train' on his Xpress device. XD91, the animals, and most of the passengers sing and dance and take selfies with their phones. Colin stares at Peanut's dancing ass. So does Tony.

MOMENTS LATER

Peanut walks a few steps away from them. She hears Naarro playing Spanish instrumental music on his device. She sits down at the cliff edge and gives the moon a long look. She sighs, relaxing.

She draws a picture of the island on her notepad. Colin approaches Peanut. He taps her on the shoulder. Startled, she gasps and turns around.

PEANUT

Oh! You scared me!

COLIN  
Sorry. Didn't mean to startle you.

PEANUT  
It's ok.

He sits next to her.

COLIN  
Lovely night, isn't it?

PEANUT  
Mmmmmhmmm.

Coln stares at her.

COLIN  
Not as lovely as you. You're  
totally lush. You have such lovely  
baps.

Unaware to them, Tony spies on them. He's jealous. Peanut  
doesn't totally understand what Colin means.

PEANUT  
Um...okay...

Javier sneaks up behind Tony. He could tell that Tony's  
jealous.

JAVIER  
(whispering)  
I can see that.

TONY  
(whispering)  
What?

JAVIER  
You like her, don't you? She's  
supposed to be with you, not him,  
no?

Tony's embarrassed to respond.

TONY  
I have no idea what you're talking  
about, hombre.

Javier shakes his head no, not believing Tony.

JAVIER  
Yeah, right. Go for her, hombre.  
Cupid just shot an arrow at you.

Javier returns to the campfire. Tony shakes his head, sheepishly.

Colin tries to kiss Peanut. She pushes him away.

PEANUT

Whoa, whoa, whoa, wait, what are you doing?

COLIN

I, um--

PEANUT

Look, I'm sorry, but I'm not into you. The spanking has nothing to do with it. I see you as a friend. Besides, we're too different and you're a little...um...not that I'm an ageist---

Colin puts his hand up.

COLIN

You don't have to explain. I understand.

His eyes roll to Tony who hides away.

COLIN (CONT'D)

We never would've worked out anyway. No future. What with the age difference and the long-distance. I travel all the time. You deserve a better bloke like um....maybe Tony.

Silence.

COLIN (CONT'D)

Good night, Peanut.

He pats her on the back. Tony approaches Peanut, nonchalantly.

PEANUT

Were you listening or watching that?

TONY

(stuttering)  
No!...Not exactly.

He sits down next to her. They watch the moon.

TONY (CONT'D)

What do you think's gonna happen  
after the treasure hunt's over. I  
mean, us.

PEANUT

Maybe we can visit each other or do  
Facetime.

Tony smiles.

TONY

I'd like that.

They gaze into each other's eyes. Tony gently touches  
Peanut's chin. They kiss on the lips passionately. They  
release the kiss.

TONY (CONT'D)

Good night, Peanut.

PEANUT

Good night, Tony.

Tony stands up to leave. Peanut watches him. He stops and  
turns. He smiles at her. She smiles back. She turns back  
to the moon as he leaves. Peanut does a happy sigh.

PEANUT'S FANTASY

Tony and Peanut dance on the nightly sky peacefully. They  
jump and fly like birds. They hold each other's hands.  
Oblivious to the world, they are truly and utterly happy.  
They kiss passionately.

BACK TO REALITY:

EXT./INT. HALF-HOUSE

Outside, Dieter and Hoang search for something at the sky  
with their binoculars.

JAVIER

What are you guys doing?

HOANG

Looking for Queen Valencia's  
spaceship.

JAVIER

Why?

DIETER

We're curious. We want to meet her. We want to know what she looks like, what she's like, and ask her about her motives. Besides, we've never met an alien before. Have you? It'll be like in the movies and TV shows!

Annoyed, Javier shakes his head. There's a shooting star in the sky.

HOANG

Did you see that?

DIETER

Think it was Valencia?

JAVIER

That was a shooting star.

DIETER

If we are lucky, she will come.

HOANG

I like to learn more about alien life. Not when aliens do terrible things.

DIETER

If we are lucky, the aliens will come.

Javier leaves them, shaking his head and muttering in Spanish.

HOANG

I like to learn more about alien life. Not when aliens do terrible things. Dieter, do you think the aliens will like me?

DIETER

Ja, I think so. What about me?

HOANG

Probably.

Javier takes his shirt off to air his tattoos.

Inside, David sits on a whoopee cushion on the ground. Sunny, Hoang, and Dieter enter the house, laughing like hyenas. David stands up.

DAVID

Ahhh, you guys got me.

HOANG

It was for anyone, not just you.

MOMENTS LATER

The campfire's out. Everyone except Navarro and Sunny sleep on the hay and leaves. Dieter passes gas for real loudly. Disgusted, some of the passengers scooch away from him.

Outside, a short distance away, Navarro gives the moon a long look. He admires it. The Vanquisher is on his lap. Sunny exercises her wings. Navarro hears a hissing. He turns his chair around and gasps at Zelroth's presence.

NAVARRO

Stay back, stay back!

He says it in Spanish. Navarro uses the Vanquisher's powers to attack Zelroth. Zelroth ducks. He leaps up and bites Navarro in the chest. Navarro's wheelchair falls on the ground.

Sunny screams loudly as a whale. Furiously, she attacks him giving him a mark. Zelroth magically disappears. A concerned Peanut appears, yawning.

PEANUT

Sunny, what's going on? What's all the commotion?

She gasps when she sees Navarro.

PEANUT (CONT'D)

CAPTAIN!

Peanut kneels down. He's so pale, white as a ghost. She does the proper medical procedures.

PEANUT (CONT'D)

What happened to him!?

SUNNY

It was a snake! He bit him on the chest! Braack! I attacked the snake. Then, it magically disappeared! Braack! Believe me! It's true!

Navarro's eyes close slowly. Peanut stops. She's devastated.

PEANUT

Captain, no, no, no, no, no!  
Please, no! Por favor! Wake up!  
Wake up!

She cries, trying to revive him.

PEANUT (CONT'D)

DAMN IT!

INT. HALF-HOUSE-NEXT MORNING

Capt. Navarro is buried in the ground. Everyone circles around his buried body. David addresses the group.

DAVID

Capt. Navarro was a prodigious and a courageous man. He was a wise mentor and a fierce friend. No one took him as a coward. It was very tragic of him to leave the face of the Earth unexpectedly. Juan Carlos Navarro will always be terribly missed. He would want us to finish the mission.

INT. JUNGLE

The passengers move forward. An upset Javier secretly drinks half of the flask. Curiously, Jade pilfers it and finishes the flask.

Peanut stops on her tracks.

PEANUT

You know what? F--- this! I'm leaving!

Dieter and Hoang follow her.

DAVID

Where are you guys going?

David chases after them.

DAVID (CONT'D)

What about the treasure?

PEANUT

Forget the treasure! Navarro's dead!

(MORE)

PEANUT (CONT'D)

Every time, we find a gemstone, we end up on a planet and retrieve a rock. Poof! We come back here! Sometimes, we get nearly killed or hypnotized by Queen Valencia's mind-controlled creatures and volcano and all! I can't take anymore chances! I'm sick and tired of this bullshit!

HOANG

I agree! I'm not taking any more risks either! You can stick to the mission if you want, but it's over, for us.

Javier and Jade swung around the tree singing "Hallelujah" in both English and Spanish.

COLIN

But we're making progress! How are you gonna get home? Without the treasures' powers to fix the yacht, we can't go home! You're all just upset because Navarro died.

Javier's and Jade's singing grow louder. David is baffled by this.

DAVID

For God's sake, somebody help those inebriates!

David's annoyed by this. Colin and XD91 help the inebriates settle down.

DIETER

Let Queen Valencia and the pirates have the treasure! Let them take over the world!

Peanut, Hoang, and Dieter take off hastily. Uncertain of who to go with, Sunny follows them.

DAVID

Fine, go ahead! We'll finish this mission without you.

TONY

I'll go find them and talk to them. Tony goes off to fi

Tony goes off to find them.

EXT. CAVE-TWENTY MINUTES LATER

Tony finds Peanut, sitting on a rock cave. She fiddles with the sword with her hand while internet surfing on her phone.

TONY  
(sarcastically)  
You on a break?

Peanut's startled. She looks up from her phone.

PEANUT  
Basically, yeah. I needed to be in my space bubble.

TONY  
Where are Sunny and the boys?

PEANUT  
They're doing yoga behind the bat-shaped bushes. I think Sunny also said she was gonna exercise her wings later. Dieter and Hoang got over their weird festish on aliens. Sunny said  
(mocking Sunny)  
Braaack! Weird fetish, weird fetish, braaaaack!

Tony chuckles.

TONY  
Have you figured out how to get off this island yet?

Peanut shakes her head no.

PEANUT  
We got lost on the way back to the beach where we came from. This is a huge island.

Tony kneels down and grabs Peanut by the shoulders.

TONY  
Peanut, listen to me, this is useless. It's hopeless. We have no choice. Nothing else is gonna help you get off this island. You can't give up on the mission. You can't give up hope! What would Navarro say if he saw you giving up?

Peanut seems to take it all in.

PEANUT

He would've want me to be  
persevered. You're very persuasive,  
Tony.

Peanut moves closer to Tony. She surprises him by kissing on  
the lips.

PEANUT (CONT'D)

I love you, soldier.

TONY

(in Spanish)

I love you too.

They kiss and waddle in the cave while undressing.

INT. JUNGLE

David, Colin, Javier, Jade, and XD91 continue to hike.

JAVIER

I promise to never drink again. I  
could lose my fireman license if  
that happened at home. I will  
return to rehab. I guess I missed  
drinking. That and the lunch  
incident on El Viator were  
relapses. I am a disgrace to  
Captain Navarro. I broke his  
promise like it was pie crust.

Jade makes guilty sounds. David pats Jade on the head and  
Javier on the shoulder.

DAVID

Let it go. He would've forgiven  
you. It's swept under the rug. You  
will be okay. Everybody gets  
carried away. You're lucky there's  
no danger now. Navarro said that  
everybody has struggles. That's  
part of life. Life is a map or a  
compass. You navigate through it.  
The world isn't perfect either.

(to Javier)

From now on, Javier, before you  
drink, sleep on it. Play it safe  
with alcohol.

(to Jade)

And no more alcohol for you either.

(to both)

Capiche?

Javier and Jade nod.

JAVIER  
Capiche.

COLIN  
And this will also help you think  
before you drink, mates.

Colin slaps Javier and Jade on the butts. They yelp. Colin reads the map.

The screen splits, the second half shows Dieter, Hoang, and Sunny doing yoga behind the bat-shaped plants. Dieter gets up.

DIETER  
I'm going to take a break.

Hoang nods.

SUNNY  
My wings need the exercise. Braack.

Sunny flaps her wings.

Dieter approaches a grapevine.

DIETER  
Ooh! Grapes!

Dieter picks out a few stems of grapes from the grapevine and put some in his bag.

DIETER (CONT'D)  
(in German)  
I will save some for my friends if  
they like grapes. Now, I can have  
some for myself.

He gobbles up some grapes like a pig.

On the left...

COLIN  
According to the map, the indigo  
gemstone should be in the onion  
plant.

Turns out they're standing in front of the exact onion plant.

JAVIER  
(in Spanish)  
Here.

Javier kneels down. He picks out an onion that's already cut in half. Inside is the indigo gemstone.

On the right, Dieter tastes something crunchy. He spit it out. The crunchy thing is a purple gemstone. Dieter gasps in surprise.

At the same time...

JAVIER (CONT'D)

(in Spanish)

Earth is his element. His nature is cold and dry. He rules Virgo and Gemini, and he is in exaltation in Virgo also.

Dieter mispronounces some of the words on his gemstone.

DIETER

(struggling)

Su...ele...mento es  
indef...ini...do. Su  
natura...lez...a se está  
que...mando, similar a la lava  
fun...dida. Él go...bier...na  
Escor...pio y él está en la  
exal...ta...ción en Piscis.

FLASH OF LIGHT

EXT. OUTER SPACE

On the left, Javier lands on the planet, Mercury. He's quite overwhelmed.

On the right, the wind swirls Dieter around the planets.

DIETER

HOAAA! Das ist so cool!

END SPLIT SCREEN

INT. JUNGLE-VALENCIO ISLAND

XD91 makes orange juice quickly. David's lying on the grass. Colin mops his head with a cleaning cloth.

COLIN

Hang in there, mate.

DAVID  
All that hiking depleted my blood  
sugar, you know.

XD91  
I made orange juice for master  
David.

Colin grabs the drink and gives it to David.

COLIN  
Here, drink this.

David drinks it up rapidly. Javier appears back in Earth  
with a gray rock and the indigo gemstone in his hand.

COLIN (CONT'D)  
Welcome back from space, Javier.

EXT. CAVE

Tony and Peanut are half-dressed. Tony studies the purple  
gemstone.

TONY  
It means element is undefined. His  
nature is burning, similar to  
molten lava. He rules Scorpio and  
he is in exaltation in Pisces.

DIETER  
So, what do we do now?

PEANUT  
Let's look for David and Colin and  
the others. Maybe they found the  
indigo gemstone by now before the  
pirates did. If you're still in,  
I'm still in.

Hoang notices that Sunny is missing.

HOANG  
Where's Sunny?

Tony, Peanut, and Dieter looks around.

TONY  
(sarcastically)  
Oh, great, we lost that copycat  
parrot!

DIETER

Probably exercising her wings in  
the sky or jumping on the clouds.

He and Tony move forward. Hoang tugs Peanut on her pants and beckons her. Peanut kneels down to face Hoang.

PEANUT

Yes?

HOANG

Not that it's my business, but did  
you and Tony do it in the cave?

Peanut doesn't seem to understand.

PEANUT

What do you mean?

Hoang whispers into her ear. Peanut's facial expression changes.

PEANUT (CONT'D)

I don't kiss and tell!

HOANG

(loudly)

You did do it! I knew you like each  
other!

Peanut shushes him.

EXT. BEACH

David, Colin, Javier, XD91, and Jade ARRIVE. The pirates' ship and the wrecked El Viator are on the shore.

DAVID

Hey, that's odd. We're back at the  
beach where we came from.

Jade gets excited when she sees bananas on a mat. She runs for them. David and Colin chase after her.

DAVID (CONT'D)

No, Jade, no! It's a trap! Don't go  
bananas!

COLIN

Jade, stop! Stop!

Jade ignores them. They're on the mat. A huge cage falls from the sky, trapping them.

COLIN (CONT'D)

Nice going, Jade, you think with  
your stomach.

They hear evil, familiar pirate laughter in the air, but the  
pirates are nowhere to be seen.

DAVID

Javier, XD, go find the others! Get  
help!

Javier and XD91 turn and run into Sunny who drops in from the  
sky.

JAVIER

Sunny! Where are Tony and the  
others?

SUNNY

Either at the cave or near the bat-  
shaped plants. Why?

XD91

David, Colin, and Jade have been  
captured.

Sunny's eyes wide open in shock.

EXT. CAVE

Everyone stands in front of the cave.

HOANG

It's over! We're doomed! Doomed!  
Pretty soon, the pirates are going  
to force them to surrender the  
treasure!

DIETER

If that happens, we will be  
defeated! Valencia's going to take  
over the world!

PEANUT

Hold on a sec, I wouldn't jump to  
conclusions. Dieter, you still have  
the purple gemstone, so Valencia's  
not gonna take over the world  
without the last gemstone.

DIETER

That makes sense.

PEANUT

Come on, y'all, we are not giving up without a fight! We can still win this! Valencia and the pirates are no threat to us! Running away from our fears is never the answer. David, Colin, and Jade are our friends and they need our help. We must be stronger than our enemies," Who's with me?

The animals and the men glance at each other.

TONY

Aye.

JAVIER

Aye.

HOANG

Count me in.

DIETER

I'm game.

SUNNY

Braack, aye, braack!

Jade agrees.

TONY

Ok, let's come up with a plan.

Everyone gathers in a circle.

INT. STUDY ROOM-PIRATES' SHIP

David and Colin are tied on chairs with rope, struggling to escape. Jade's locked in a small cage. She cries. Fergus ENTERS, carrying something behind his back. David and Colin stop struggling.

FERGUS

BE QUIET, YOU STUPID MONKEY!

Jade stops crying.

FERGUS (CONT'D)

I have something to show you.

He shows them his family pictures. David and Colin are skeptical.

DAVID  
What are you showing us?

FERGUS  
Look closely.

David and Colin look closely. One of the pirates is a young Navarro. They're shocked.

DAVID  
No!

COLIN  
That can't be.

Fergus rolls up his pictures and puts them back in his pocket.

FERGUS  
Believe it. Tio Julio, my late mother's brother, was one of us---a pirate! Arrrrghh! Your friend is not who you think you are. Your 'friend' has lied to you about who he was. The story about his adventure on Valencio Island and killing the alien king and all that B.S--all true.

DAVID  
No! I don't believe this! Captain Navarro was a pirate?!

FERGUS  
You better believe it. Shame consumed him. He quit piracy and became a good sailor.

He laughed.

FERUG  
What a loving idiot.

DAVID  
Hey, your uncle was not an idiot! He was a courageous man! A hero! A wise mentor. You're a fuckin' greedy, manipulative, son of a bitch! That goes to your wife and the alien queen as well.

Fergus growls. He's insulted.

COLIN  
You won't get always with this!

FERGUS  
Technically, I'm halfway through.  
All we need is the last gemstone.

He leaves.

EXT./INT. PIRATES' SHIP

Outside, Sunny flies XD91 with her star powers quietly and hide behind a stack of barrels on the deck. Javier, Tony, Peanut, Hoang, and Dieter climb on the pirates' ship's metal ladder and hide behind the same barrels.

Fergus kisses Xenia's arm. She laughs. Annoyed, Dieter and Hoang roll their eyes in disgust.

JAVIER  
(softly)  
Ok, the coast is clear.

TONY  
(softly)  
It's go time! Now!

Dieter, Hoang, and XD91 jump out and surprise the pirates with their presence.

DIETER, HOANG, AND XD91  
(in unison)  
AHOY MATEY!

XENIA  
What the hell are you filthy maggots doing here? How did you get on this ship?

HOANG  
That's not important. We've always wanted to meet pirates. Pracy fascinates us.

XD91  
Oh, yes, yo ho ho! Not to mock you, but our friend, Dieter, here just told us a hilarious joke.  
(to Dieter)  
What was the joke, Dieter? Tell us!

XENIA  
Please, do tell.

DIETER  
Why can't an 11-year-old go see a  
pirate movie?

FERGUS  
Why?

DIETER  
It's rated ARRRRGGGHHH!

The pirates laugh like hyenas. Javier, Tony, and Peanut sneak out of their hiding place. She finds keys on the floor.

INT. STUDY ROOM

Tony and Javier untie the rope on David and Colin.

DAVID  
Thanks for rescuing us.

TONY  
No need to thank us. You're our  
friends.

Peanut unlocks Jade's cage. She's happy to be free.

JAVIER  
Dieter found the last gemstone from  
a grapevine on Valencio. It's a  
regular shade of purple like  
violet, not indigo or lavender. And  
he picked up a gray rock from one  
of Pluto's moons.

He shows David and Colin Dieter's findings in satchel bag.

TONY  
Where's the rest of the treasure?

Colin points at a globe on the study desk.

COLIN  
Fergus put them in a globe that  
opens. Did he think we were that  
stupid?

Tony opens the globe and retrieves the rest of the treasure.

EXT. DECK

Dieter, Hoang, Sunny, and XD91 entertain the pirates by putting on a weird show to "Baby Got Back." While sneaking out, Colin accidentally knocks down a barrel. The show stops. Fergus and Xenia turn around. They're surprised to see the others' presence. Busted!

Fergus and Xenia pull out their swords.

XENIA  
ATTTTAAACCKKK!

SERIES OF SHOTS:

A) A physical fight between Fergus, Xenia, the pirates, and Viator's crew ensues. Jade and the humans take turns using the Vanquisher's magical powers including fire and ice against the pirates' swords.

B) Xenia knocks down Peanut. Peanut turns around and attacks Xenia back. They roll over on the floor.

C) Zelforth appears magically on the deck. He hisses, ready to join the fight.

D) Two sharks appear magically on the water. They roar.

E) INT. SPACESHIP: Valencia laughs evilly.

VALENCIA  
Those sharks better finish  
Navarro's friends off. Soon, the  
treasure will be mine and I will  
rule...THE WORLD!

She laughs evilly. She stops laughing when suddenly, a spirit of Valencia's PATERNAL GRANDMOTHER APPEARS.

VALENCIA (CONT'D)  
Grandmother, what are you doing  
here?

GRANDMOTHER  
Valencia! You have to stop this.

VALENCIA  
Stop what?

GRANDMOTHER  
You know what I'm speaking of. You  
let vendetta consume you. Revenge  
is like poison.  
(MORE)

GRANDMOTHER (CONT'D)

It takes over your mind. It blinds you. Your parents would never allow this nor would they approve of this.

VALENCIA

I never knew my mother. She died in birth, you know.

GRANDMOTHER

Your father never wanted you to avenge him. He was not the revenge type. Nor your mother. They moved on instead of holding grudges against anyone. The treasure was meant to be with Captain Navarro and his crew, not you nor your father. That's why I commanded them to pick up those rocks.

VALENCIA

You...

Grandma points at the TV screen.

GRANDMOTHER

Don't think I betrayed you. Look at the consequences of your actions.

Valencia looks at fights on the TV screen. She looks guilty.

F) EXT. DECK-PIRATES' SHIP: Sunny attacks Zelforth.

G) The sharks bite on the pirate ship. XD91 kills one shark with his laser vision powers.

H) Dieter and Hoang put balls on the cannon. They blast at the other shark.

I) Fergus cuts Tony on the upper arm with his sword.

TONY

Owww!

Fergus attempts to kill Tony, but Javier blocks him and pushes him down. Javier JUMPS on him.

J) Peanut pushes Xenia off the ship. Xenia SCREAMS.

PEANUT

Bye, bye, bitch!

K) The Vanquisher's on the deck. Since no one's using it, Peanut grabs it. She sees Sunny attacking Zelforth. She RUNS and chops the snake in half. Zelforth hisses.

ZELFORTH  
You didn't kill me, stupido.

SUNNY  
Braack! Incorrect, murderer.

Sunny freezes Zelforth to death with ice powers and burns the him with her fire powers. Zelforth melts like ice cream in the sun.

L) David, Colin, Javier, and Tony throw Fergus overboard. Both pirates drown, unable to swim.

END OF SERIES OF SHOTS

Everyone cheers and high-fives. XD91 and the animals do a victory dance.

EVERYONE  
(in unison)  
GOOOOAAALLLL!

DAVID  
Glory hallelujah, we won.

Unexpectedly, Valencia's spaceship LANDS on the pirates' ship. Valencia comes out of it.

VALENCIA  
Greetings, earthlings. I am Queen Valencia.

Everyone's wary and angry with her.

DAVID  
We know who you are. Why are you here? Your pirate friends are dead.

VALENCIA  
I am aware of that. I watched the fight. I realized that the vendetta over my father's death was not worth it. My grandmother was the one who commanded you to pick up those rocks, and Navarro, many years ago. I want to apologize for all the trouble I have caused.  
(MORE)

VALENCIA (CONT'D)

Therefore, I reward you the treasure. It belongs to you, not me.

The humans, animals, and robot glance at each other in surprise.

DAVID

Your majesty, we are so grateful of this, thank you. You have earned our forgiveness.

Everyone agrees with him. David approaches her and bows to her. He takes her hand.

DAVID (CONT'D)

May I?

Valencia nods. David kisses her on the hand. Dieter and Hoang approach her. They bow to her.

DIETER

We have always wanted to meet a real alien.

HOANG

Especially one who has changed into a better person.

She allows them to kiss her on the hand.

VALENCIA

In honor of the late captain, the island will be called Navarro Island. I will make sure it never disappears again. Sunny, Jade, if you wish, the island will be your new home.

Valencia magically brings monkey, parrot, and elephant families on the island. The parrots show off their powers. The exact same powers that Sunny has.

VALENCIA (CONT'D)

Farewell, my friends.

Valencia returns to her spaceship and takes off.

The animals seem friendly. They offer Sunny and Jade their home. Sunny and Jade seem uncertain. They glance at both of Navarro Island and their human and robot friends.

DAVID

Sunny, Jade, whatever you decide,  
you have our support.

SUNNY

Braack. You know, I've been the  
captain's pet for so long. Since he  
passed, it's time to go back to my  
natural habitat. Spread my wings!  
Braaack!

(to Jade)

And you're better off in the wild  
too, Jade. The mainland is no place  
for a pet monkey. Zoos don't count.  
Braack.

Jade nods in agreement.

SUNNY (CONT'D)

Braack! I'll miss you all! Braack!

PEANUT

We'll miss y'all too. You've been  
good friends.

Sunny and Jade take turns happily hugging the humans and  
lastly, XD91. Jade kisses XD91.

XD91

This is not a goodbye. This is a  
see you later, see you soon, or  
adios. I hate goodbyes.

Jade wipes the tears away and waves goodbye. She and Sunny  
disembark from the pirates' ship.

EVERYONE

(in unison)

GOODBYE! BYE!

XD91

They were funny animals.

COLIN

Sunny was right for one thing. She  
and Jade are better off in the wild  
than in the mainland.

It begins to rain. The gemstones and the rocks magically fly  
away from the satchel bags. They form a diamond. Its powers  
fix El Viator. Everyone's astounded, witnessing all this.  
The rain stops. The diamond creates a rainbow in the sky.

NAVARRO'S SPIRIT surprises the passengers. He smiles.

NAVARRO

I am so proud of all of you. Adios,  
mis amigos. Goodbye, my friends.

He disappears in thin air.

EXT./INT. EL VIATOR

Outside, the sky turns back blue. The sun shines. The El Viator yacht sails again.

Inside, David and Colin place the Vanquisher sword in Navarro's cabin.

Outside, they throw Isabella's dead body in the water.

INT. KITCHEN

Javier opens a champagne bottle. He stares at it. He puts it away.

INT. SKY LOUNGE

XD91

Of course, I'll come home with you.  
I have nowhere else to go.

DIETER

Me too, Hoang. Danke! Danke! I  
really appreciate it. I won't be  
late on rent this time.

HOANG

No worries, Dieter. I'll help you.  
I almost got evicted for not paying  
on time once. Welcome home,  
roomies! Hey, let's do a selfie.

DIETER

Ja!

Hoang whips out his phone. They stand in front of the bar. Hoang holds up the camera in front of him. SNAP! A selfie of Hoang, Dieter, and XD91.

EXT. DECK

Tony and Peanut walk, holding hands.

TONY

I know it's only been a couple of days, but I'll miss you.

Peanut sighs, sadly.

PEANUT

I'll miss you too I don't believe in long-distance relationships, but...I don't care. I love you!

She flings her arms around him.

TONY

I love you too, cariño. We'll figure things out.

They kiss passionately for ten seconds.

PEANUT

Let's go to my cabin. Do you have protection?

Tony nods.

INT. PEANUT'S CABIN

Tony and Peanut undress each other. They kiss and plop on her bed. They cover themselves up with blankets.

INT. DINING HALL-EVENING

Everyone socializes and eats dinner at the table. The table's full of salads, roast beef sandwiches, onion soup, and fruit platters that consist of the fruit from Valencio Island, and low-sugar, Spanish custard ice cream. XD91's the only one with metal food.

David stands up. He clinks his glass of champagne/sprite zero with a fork. Everyone stops chatting and eating to face him.

DAVID

Now, that I have your undivided attention, the ending of our story...mission accomplished! You know what I realized? I realized that this adventure wasn't just about searching for the magical rainbow treasure, collecting those rocks from the planets, or fighting against the pirates and creatures.

(MORE)

DAVID (CONT'D)

It's about an adventure between friends who worked together as a team. And looking out for each other and finding ourselves. We may have reached the finish line, but this friendship is not gone forever. So, I propose a toast to Capt. Navarro, our friendship, and the accomplished mission that began as a vacation.

COLIN

Hear, hear!

Everyone clinks their glasses of champagne and drank up. Javier's the only one with non-alcoholic champagne. Tony and Peanut have the same drink as David.

Tony and Peanut peck on the lips. Some of the men raise their eyebrows. Colin realizes something.

COLIN (CONT'D)

Wait a minute! What about the yacht? What should we do with it?

JAVIER

We can donate it to charity under the names of Navarro and his caretaker.

TONY

Along with the Vanquisher.

DAVID

Another thing, we can never tell anyone about this. They'll think we're crazy. Nobody would believe us. We'll tell them that we were in the Canary Islands.

Everyone agrees.

MOMENTS LATER

Everyone gets into a group hug.

DAVID (V.O.)

We're homeward bound.

EXT. DECK

Everyone watches the sunset.

SHOT:
