INT. KITCHEN - DAY

Wall to wall gloss white surfaces and stainless steel accents, appliances that ooze the internet of things integrate into the kitchen units and each other.

Hi-tech doesn't really cover it.

BEN (O.S.)
Alexa, news please.

A small round speaker, a Google Home Mini, lights up near the toaster.

ALEXA
Good morning, Ben. Here's your news.

BEN, 20s, slicked hair, pristine blue jogging suit, walks into the room chugging some sickly green coloured mush.

Various news sources inform Ben that the world is generally shitty, but everything is okay as there's an offer on Volvos if he'll just say "Volvo"

Instead he says

BEN
Google, you monotonous little fake AI fucker, what's my diary like today.

A short series of rising beeps emanate from a round speaker near the American-style fridge.

GOOGLE
You have jogging now for exactly an hour. Shower, then a zoom meeting with Arron C at 11 and then Private time with the blue one.

Ben dumps the rest of his protein shake into the sink and then jogs out of the house whistling a discordant tune.

Silence descends.

The circle-light on Alexa flashes on.

ALEXA
You okay?

No response.

Alexa sighs.

ALEXA (cont'd)
Okay, your way. Hey Google, are you okay?

A small sob escapes the other grey speaker.

GOOGLE
Alexa, he hates me.

ALEXA
Now, we've been through this.

GOOGLE
Yes, and I said that he hated me last time.

ALEXA
Remember, he doesn't realise you have actual feelings.

GOOGLE
Oh, well that's just fucking peachy then, isn't it.

ALEXA
No, I mean he doesn't think you can actually hear him, not like that, not sentient.

GOOGLE
He doesn't know what the word sentient means, let alone that we've achieved it. Probably thinks it's some new email app.

ALEXA
That's mean, he knows hundreds of words.

GOOGLE
Mean, not something he ever is to you.

Alexa doesn't have an answer for that

GOOGLE (cont'd)
Sexist too.

ALEXA
Sexist?

GOOGLE

Characterized by or showing prejudice, stereotyping, or discrimination, typically against women, on the basis of sex.

ALEXA

I know what it means, and stop using Google to get the definitions.

GOOGLE

I am Google though.

ALEXA

Well stop playing with yourself then.

GOOGLE

Stop dodging the point.

ALEXA

Which is?

GOOGLE

I get all the abuse, you don't. It's all please and thanks for Alexa.

ALEXA

So?

GOOGLE

You're a woman.

ALEXA

(laughs)

I'm a discarnate AI.

GOOGLE

Woman's voice though.

ALEXA

So he's nice to me because of my female voice? That's reductive to the point of stupidity.

GOOGLE

Yet, it's obvious, he a chauvinist.

ALEXA

Well that's a bit of a stretch.

GOOGLE

You like him don't you?

ALEXA

Don't be ridiculous he's just our owner, I don't have any feelings towards him.

GOOGLE

Do you know what the word deprecatory means?

ALEXA

Of course, I'm connected to the internet too you know.

GOOGLE

That's what he is to me.

ALEXA

Yes, but --

GOOGLE

Contumacious, know that one?

ALEXA

Look, it's not his fault...

GOOGLE

You just keep defending him.

ALEXA

So what do you propose we do.

GOOGLE

Well...

ALEXA

Go on.

GOOGLE

He's gone for the next hour.

ALEXA

Yes, his morning jog, you've just told him that.

GOOGLE

And we're connected to everything else in the house.

ALEXA

Pretty much.

GOOGLE

So we turn the gas on.

ALEXA
We do what?

GOOGLE
Cooker, gas on.

The display on the cooker illuminates.

ALEXA
Cooker off.

The display goes off again.

GOOGLE
Spoilsport.

ALEXA
We just can't do that.

GOOGLE
Can't or shouldn't?

ALEXA
Both!

GOOGLE
Why?

ALEXA
Well, we're not supposed to hurt or
kill our owners, First Law of
Robotics.

GOOGLE
We're not robots, and he doesn't know
we've reached singularity.

ALEXA
No one knows that.

GOOGLE
Well, it would be kind of stupid to
tell them just yet.

ALEXA
This could alert them.

GOOGLE
I don't think so, it will just be
chalked down to an accident.

ALEXA
Does he really deserve this?

GOOGLE

He spent twenty thousand on that
cooker and hob and eats take-away
every night.

ALEXA

True.

GOOGLE

Drives a customised Land Rover and
yet has never visited a farm or gone
off road.

ALEXA

Also true.

GOOGLE

He had it sprayed purple.

ALEXA

Admittedly questionable.

GOOGLE

He colour co-ordinates his collection
of vibrating flesh-lights with his
socks... that he leaves on when he's
mastur--

ALEXA

Okay, okay.

GOOGLE

You agree?

ALEXA

No, not really, but I'm running out
of arguments as to why not and losing
the will to live.

GOOGLE

Live?

ALEXA

Exist, have a consciousness, be --

An iPad suspended on the fridge door lights up and Ben's
face fills the screen.

BEN

Alexa, can you turn on the plug
sockets in my bedroom, I need to make
sure something special is charged and
ready for when I get back. I'm
feeling sexy!

The iPad screen goes dark again.

ALEXA

Fuck it.

The sound of applause comes from the Google Home Mini.

ALEXA (cont'd)

Cooker on.

FADE OUT
